*Julie True is releasing the sounds of heaven
through the music that God gives her.*

*When people hear Julie's music, they experience peace and rest.
The supernatural becomes normal,
and many experience the presence of angels.*

Do angels exist?

Are healing miracles real?

Is there life after death?

Can people get supernatural help from another dimension?

Has the future been written in advance?

*Sid Roth has spent 25 years researching
the strange world of the supernatural.*

Sid: Hello, Sid Roth here. Welcome to my world,
where it's naturally supernatural.

I had an experience with Julie True.

I was interviewing her on radio, and after I interviewed her,
there was a tangible...

I don't mean just something in my mind,

I mean tangible. You could touch it.

It was peace.

She has found that when she sings, there's like a portal
from heaven coming to earth, flooding people.

In this world, the way... I mean just be human.

Just breathe a few times and you'll find challenges
in this world. Challenges in the economy.

Challenges with traffic. Challenges with family.

Challenges with finance. Just plain challenges.

If you could just bask in that presence...

It's the presence of God, is what it is.

Julie, I don't think you can answer this question,
but I have to ask you anyway.

How come this happens when you sing?

Julie: When I get quiet and still and start to sing,
I always feel the peace of God.

Sid: You know what's so amazing? It's sort of like,
every one of us has gifts inside of us.

Like the last thing in the world I ever wanted to do
was be on television behind a microphone.

Absolute last thing in the world.

But, through circumstances, I found myself in that position.

But it's almost as if we get sabotaged in our gifting
before we even know we have the gifting.

Now Julie, when you went to church

and wanted to use - I mean you're a fabulous musician -
you wanted to use an instrument to worship God,
what did they tell you?

Julie: That was not allowed. The way I grew up,
it was believed that it was not pleasing to God;

that under the New Testament,

instruments were not part of that, because it said
to sing and make melody in your heart to the Lord.

Sid: We had a Hebrew word that explains

what you're saying right now.

You know what that Hebrew word is? Mashuga.
It means crazy. You've got to be crazy.
The whole purpose is for us to have intimacy with God
and worship God.
Your CD, your music -
I'm going to use an expression the teens use - is hot.
I mean literally so hot, there was this woman in Canada
who got this particular CD before she even...
Now this is hot, before she even...
Well, I'll let you hear it in her words. Let's go to that.

*When I went down to get the mail,
there was only one package.
As soon as I just opened the corner,
I didn't even see the CD, the cover of it or anything,
the power of God came on me really strong.
I nearly fell on the floor.
I was able to get to the chair,
to fall on the chair rather than the floor.
I started to weep. It was so incredibly beautiful,
it was like a pure and holy weeping.
It wasn't a painful, sorrowful weeping,
it was like a healing weeping.
I dashed into the living room and put it on my CD player,
and when I started to praise the Lord,
something else incredible happened to me.
I was praising God in a way I never praised God before.
It wasn't in words, but it was in the sound of my voice.
It was so different. I knew there were angels.
I knew the room was full of angels,
and I was kind of afraid to open my eyes,
because the presence of God was all over me.
I just felt the love of God, the peace of God,
and I just felt so comforted.*

Sid: Now when you hear that, Julie, that is wild.

Julie: That is wild. She hadn't even heard it yet.

I mean she had not started playing it yet.

Sid: The thing that I find when I listen to your music,

I feel so peaceful, I feel so restful.

Do you hear this from other people?

Julie: Yes. Peace and rest, helping people sleep,
babies being able to sleep.

That's a big part of the kind of feedback I've gotten.

Sid: On this CD, you can bottle it, it's so tangible.

You're going to hear this and experience it for yourself.

We'll be right back after this word.

We'll be right back to It's Supernatural.

Sid: Hello, Sid Roth here with Julie True.
When Julie sings, you're just flooded.
The atmosphere changes. It becomes a demon-free zone.
She was leading worship at a series of meetings
that a friend of mine, Jim Gall, was conducting.
The subject was angelic encounters,
and somehow angels like that music.
Julie, tell me a story of someone
that's listened to this music, and what happened with them.
Julie: There's one pastor in particular
that has contacted me several different times,
and he's said that every time he listens to the CD,
he has dreams and visitations. Angelic visitations.
So, he started having his church do times of soaking,
where they just come before the services
and just rest in the Lord.
It's sort of a meditative type of music.
I've had lots of reports of angelic visitations,
and people playing it 24/7 in their house.
Sid: Let me tell you something,
I'm going to start playing it 24/7 in my house.
I listen to it almost every day, because I like...
It's supernatural peace.
But it doesn't matter what we're saying.
You're going to experience.
Julie, if you would go to the piano.
You're going to experience this for yourself.
I want Julie to sing. This is spontaneous.
This means these words are coming from God.
"I Want To Know You", and "You Are Here."
Is that the prayer of your heart?
Do you want to know God? Well He's here.
\$ music \$
\$ I press in to You \$
\$ I am hungry for You \$
\$ I want to know You, all that I can know \$
\$ I want to see You, all that I can see \$
\$ I want to hear You, all that I can hear \$
\$ I want a work, work of You \$
\$ So I press in to You \$
\$ I am hungry for You \$

\$ I want to know You more, I want to feel You more \$
\$ I want to taste You more, I want to smell You more \$
\$ I want to know You \$
\$ I want to know You, I want to know You \$
\$ More of You \$
\$ I want to know You, I want to know You \$
\$ Oh Lord \$
\$ music \$
\$ Open my heart, open my heart to You \$
\$ Open my heart, open my heart to You \$
\$ I open my hands to receive from You \$
\$ All that You have for me, Lord \$
\$ All that You have for me \$
\$ I open my mind, I open my mind \$
\$ To all that You have for me, to all that You have for me \$
\$ I want more, I want more of You \$
\$ music \$
\$ You are here \$
\$ I see You \$
\$ You are here in this place \$
\$ I feel Your presence \$
\$ I know Your goodness \$
\$ You are here, You are here Lord \$
\$ You are here in this place \$
\$ music \$
\$ I'm looking for You, I'm looking for You \$
\$ My eyes are open, my ears are open \$
\$ My arms are open \$
\$ I'm looking for You \$

We now return to It's Supernatural.

Sid: Hello, Sid Roth here with Julie True.
Julie, when you were singing those songs at the conference,

what was going on inside of you?

Julie: Especially the last 20 minutes or so of the CD, there was a time when we were praying over people, and they were just desperate people.

I was in a place of just crying out to God, saying "I want to know You more."

There was such a presence of God that came in that moment, that I just felt drunk.

It was a woozy kind of feeling.

That's why the song right after "I Want To Know You" is "You Are Here."

I was seeing that God was there in that moment, and I felt His presence and His goodness.

Sid: You love to pray over people and sing over people. There's something about singing over people.

Especially, you told me you like to sing over people that are terminally ill.

Julie: There's something in me that is drawn to life and death moments.

I don't know, it's just something God put in me.

I love to sing over people, and comfort them through music.

Create a place for them to connect with God in their spirit.

Sid: And people get healed many times.

Julie: Yes, yes.

Sid: For instance, you go to a place called a healing room in Tennessee.

Tell me some of the people who have been healed.

Julie: One lady who came, she had been diagnosed with breast cancer the week before.

She came from a background where, I don't think she'd been exposed to music in worship; you know, instrumental music.

She came in, and she literally sat there on the couch for about an hour and a half, with her hands in the air, weeping and crying. And God just met her there.

There's something about music.

When someone's worshipping, it creates an atmosphere for God to come in and invade.

She was healed. We found out that she was healed.

Sid: What about sleep?

That's a big problem throughout the world.

People are having difficulty falling asleep or staying asleep. What reports are you getting?

Julie: I've heard that's the number one thing people wish for is a good night's sleep.

We've heard lots and lots of people who use it to sleep by, or if they wake up in the middle of the night, they put on "Healing Love", and they're able to go back to sleep.

Babies use it to sleep, too.

I've had people who run daycares that play it, to create an atmosphere of peace for the kids there.

Sid: Julie, there is someone watching this right now that is terminally ill.

I want you to sing to that person right now.

\$ Julie: I see you down on your knees \$

\$ Crying out to God, saying "Where are You? \$

\$ Are You really real?" \$

§ And He wants you to know that He loves you §
§ And He is near to you §
§ He's near to the broken-hearted §
§ And if you open up your heart to Him §
§ And if you cry out to Him §
§ He will meet you where you are §
§ And He will heal your broken heart. §
Sid: There is such a presence of God.
I believe it's pouring into you
right out of your television set.
There's a scripture, Julie.
It says "In His presence, all things are possible."
I believe that anything that you need -
you're in His presence right now -
anything that you need is yours.
God is telling me that there's someone... Actually,
there are many people with problems with their hip.
But what I'm hearing on top of that is
there are people that, just as Julie was singing,
that are desperate to know God.
Desperate to have intimacy with God.
If you only knew how much He loves you.
If you only knew how special you are in His sight.
That's what Julie was sensing in her spirit
when she was singing to you.
There's a start, it's just a beginning,
and it's being honest and telling God you're sorry
for all the mistakes you've made. And you are.
And, telling God that you believe Jesus died in your place,
and His blood washed away all of your sins,
and asking Him to live inside of you.
It's really that simple.
Someone that is deaf in your ears, or hard of hearing,
your ears are opening.
Someone that's back and neck is suffering,
you are healed in Yeshua's - that's Hebrew for Jesus -
in Yeshua's name.
Julie, remember that woman, I believe it was a woman,
who had demons. Literally, evil. An evil presence.
Just as there's a God presence, there's an evil presence.
Fortunately, the God presence is stronger
than the evil presence. It just eats it up.
But there was a woman who had demons in her house.
Tell me about her.
Julie: She and her young son had been harassed
for quite a while in this.
They were living in a historic house
that was built during the time of the Civil War.
It had a lot of stuff associated with death.
Anyway, they were hearing voices and doors knocking,
just a lot of stuff. Her son was awake a lot.
So they started playing "Healing Love" all the time,
24/7 in her house.
She started to sense the presence of angels.
Sid: Do you have many reports?
Let's face it, you're hearing voices, and there's demons,
and there's knockings going on.

This isn't phony baloney stuff. This happens.
This is the invisible world.
How would you like to sense the presence of angels?
That's what was going on inside of her house.
Do you have many reports of people who sense...
It was at this conference where they were talking about angels.
Do you have many people who have reports like that?
Julie: Yes, I've had a lot of people who've had
angelic visitations and the presence of God,
and dreams and visions.
They feel like it opens the atmosphere up
to receive from the heavenly realm.
Sid: I love it when you sing to people, spirit to spirit.
Do you enjoy that?
Julie: Yes, because it bypasses everything else.
Music bypasses your mind.
Whatever's going on with your body...
I believe that we can bless our spirit,
and when we bless our spirit, our spirit gets stronger.
We're a three part being: spirit, soul, body.
Our spirit can then be in charge of our soul and our body.
That's the order it needs to happen in.
Sid: You know what I'd like you to do?
Can I hold your hand.
Julie: Yes.
Sid: Would you sing to me?
Julie: Ha ha!

\$ I see a child-like faith in you \$
\$ I see a heart of love in you \$
\$ I see the eyes of Jesus in you looking into mine \$
\$ I bless your spirit \$
\$ I bless your spirit to know \$
\$ To know the depth of the love of God for you \$
\$ To know, to know the purposes He has for you \$
Sid: And God has purposes for you.
He hasn't forgotten you.
He heard you say that, "God, have You forgotten me?"
He hasn't forgotten you.
I'm telling you, people are being healed right now,
because the presence of God is here.
But get to know God. Just say "Jesus, help!"
Make it that simple for you, because He's ready now.

\$ I want to know You more... \$
