Sid: Hello Sid Roth here, welcome to my world where it is naturally supernatural. Heaven, hell, these are natural things, they are not fantasy. But you decide for yourself, I want to introduce you to my guest, Mary Kathryn Baxter, because in April of 1976, at 2 a.m. in the morning you had a surprise guest, tell me what happened?

Mary: Well I was in prayer and Jesus Christ appeared to me in human form, there was a brilliant light that came into my bedroom, and when the light cleared up, there stood Jesus and he said I have appeared to you for a reason and a purpose, that I may take you on a journey and show you the depths, degrees, levels and torments of hell. He said it is for the whole world; it is not for a handful of people, and he explained to me how ahead of me would be horrors and sorrows and grief because I would actually talk to some of the dead in hell and I would have to record it.

Sid: Now when you visited hell was there a point where you experienced what people there are experiencing to a degree?

Mary: Yes I did.

Sid: Tell me about that.

Mary: Sid, I did that twice, it was like the twentieth night into hell, I went to hell every night, three hours a night for thirty nights.

Sid: Thirty nights?

You must have been wishing this thing was over.

Mary: Oh yes, yes.

Sid: Now we can treat it lightly now being it was back in 1976, however I have noticed that you really don't even like talking about it that much, do you?

Mary: No.

Sid: Why?

Mary: Because it bothers me, because of people that go to hell, they are lost and there is no more hope for them.

Sid: Okay, first of all, where is hell located?

Mary: In the middle of the earth, and it is in the shape of a human body that is on it's back, and there are different levels, different degrees, different fires of torment.

Sid: How does someone enter hell?

Mary: Through a gateway, there are gateways called tunnels, kind of like tunnels or tornados and they spin around and back again into the atmosphere and they are hooked to the earth. And they call them tunnels but Jesus calls them gateways to hell, and that is when they die and they have rejected God they actually descend down this gateway into hell.

Sid: Okay, now back to that original question  
I asked you about what it feels like to be in hell  
as a person that is separated from God.

Mary: Well it was on about the twentieth night  
and the Lord told me, he said,

"You may not see me but I am here."

He said there is something you have to go through for this  
revelation, because you have got to know that you know  
that you know that this is real, like John the Revelator said.  
And when he said that he was gone, I couldn't see him,  
and an evil presence, an evil demon, came over and they  
touched me and they said your Jesus has left you.

And when they did it was like a million  
razor blades went through my body.

And I was in a spirit form but I had all my senses,  
you know and my body was at home on the bed.

And I understood everything, I understood why people  
were in hell, the moans and the screams of the dead, and  
then another demon came up and they said we are going to  
put you in this compartment and Jesus has left you  
and they were laughing and mocking.

And I was put in an area where the fire was racing towards  
my feet in a jail cell, and Sid it burned, I could actually  
feel it burning me and I was in the spirit.

And it was burning my legs, it was burning up my legs and  
I was screaming and screaming, and I said Jesus where are  
you and I began to quote the word of the Lord.

And as I did that the demons would scream and they  
would back up, and I would say the blood of Jesus,  
I'm redeemed, I saved, what am I doing here because  
it was like I was a lost sinner, it really was.

Sid: Now from what you have told me,  
you were able to feel pain.

Mary: Oh my goodness yes.

Sid: What were you able to smell?

Mary: The smell and stench of sewers, the smell of  
burning, rotten flesh, the air was so thin you could hardly  
breathe, and the awful part was the cries of the dead,  
the moans and the groans of the regret because they  
missed Jesus, and demons remind them that they  
could have had Jesus, they could have been  
born again and saved from eternity damnation.

Sid: Could you tell me one person you spoke  
with there and what they said, or that Jesus  
spoke with and what they said.

Mary: Jesus spoke to many, but the main one that really  
was coming to mind was a woman, okay, she used to be a  
minister of God's word and her husband committed  
adultery, he fell from grace and so he went to her and told  
her that he had been tempted and did this sin, would she  
forgive him and she told him no.

And he went to the pastor and he asked the pastor  
and they all forgave him and prayed for him because  
he was tempted of the devil.

And the woman got very angry, she said here I am  
preaching God's word and I am so holy and he is so sinful.  
But what happened, she quit reading her Bible,

she quit praying and she eventually let Satan enter her heart with hatred and malice and she took a gun and she killed the other woman and she killed her husband and then she killed herself.

She ended up in hell.

And the affair had ended a long time ago but she had such bitterness that Jesus spoke to her, he said you should have lived what you preached, you should have forgiven, you should have understood, that's what Jesus told her. And he said instead you yielded to the devil and sin entered into your heart, hatred and sin.

That's what he told her.

Sid: Let me ask you this, when he was escorting you through hell, did some of the people try to talk to him and tell me some of that dialogue.

Mary: Okay, many of them would, and they were in different nations okay, different languages, but he understood all of them.

And when people go to hell Sid, it is a, whatever lifetime of sin they committed, they were liars, they are put with liars, if they were murderers...

Sid: So it is like categories of people.

Mary: Yeah, like in the Galatians, we go to Galatians, the seventeen works of the flesh, if they were murderers they were put with murderers.

And as Christ would walk they would reach their bony hands up, because they were skeletons, full of dead mans bones, they didn't have hair, flesh, blood or organs, but they could talk, they could turn, and they would scream, and they would say put the fires out, don't let us burn anymore. And they would cry for repentance some of the, but some of them would curse the Lord, some would scream at him and say why didn't my neighbor warn me, why didn't they take me to church, and you would hear the cries of the multitudes.

Sid: Is there any reversal, I mean with someone that is committed to hell, can they ever get out of hell?

Mary: Absolutely not.

Sid: We'll be back in a moment, this is fascinating because when people die they go to one of two places, they go to heaven or they go to hell.

Mary Kathryn Baxter went to both places, so you will have a little preview of what to expect, don't go away, we'll be right back.

Sid: Hello, Sid Roth here with Mary Kathryn Baxter,  
and Mary Kathryn, you had an encounter that Jesus put  
you through for a reason.  
You went to hell for thirty nights.  
Why did he do this?

Mary: For the purpose to win the lost and to let them  
know and prepare them for the coming of the Lord.

Sid: Most people don't believe a literal hell anymore.

Mary: Oh, I know, yes.

Sid: Tell me some of the worst things you saw in hell?

Mary: Some of the worst things, there were two very, very  
dramatic, there were the vats of fire, there was fire like on  
the fifteenth night the angel of the Lord even was in the  
presence there, but Jesus was with me and there was a  
place where people's souls that had just died on earth  
came, and they were thrown into liquid, boiling fire mixed  
with hot lava, and this was the judgment of God upon the  
abominables, people that had taught false doctrine to  
people, people that lied and deliberately blasphemed God,  
that knew better, and then the other one...

Sid: So there are different degrees of punishment even.

Mary: Yes, and then there was a river that flowed all  
through the beginning of my journey, it was like maybe six  
feet wide and so deep, flames came up like ten feet and in it  
was chained together skeletons by the thousands, and the  
word of God was written in the fires, lovers of their own  
flesh more than God's commandments, men loving men  
and women loving women, and all through the fire...

Sid: Were they, just out of curiosity,  
were there special sections then for people  
who were lesbians or homosexuals?

Mary: It was in this area in the fires, they were chained  
with a black chain Sid; they went through the current of  
fire all through hell, and like 60 to 80 miles an hour.

Sid: How painful do you think this was?

Mary: Well their bones were charred red, and they would  
scream and scream, saying no man cares for my soul.  
And they would say warn the people not to come here.  
And most of the people in hell would scream that.

Tell my family not to come to hell, tell them to accept the Messiah as their Savior, that's what they would say. They would cry and no one cares you know, and they curse each other, it's horrible. And there is another section of the heart of hell that is bad. The heart of hell is for hypocrites and backbiters. It is a real heart, big as a football field and it has got snakeskin on it, and it beats like a real heart. And in it is put people that are hypocrites, backbiters, that really hurt the churches, hurt the pastors, and hurt programs that are real, like yours. And they get warnings and warnings and warnings on the earth but they don't stop.

Sid: Well the greatest warning in the world is to repent because if they don't repent then it is too late.

The best thing in the world is for someone to be warned of sin, and then repent from that sin.

What we are talking about isn't fantasy.

You know you grew up most of your life watching television and you just think all these things are fantasy.

Mary Kathryn Baxter, will you look in the camera and tell people how real hell is?

Mary: Hell is very, very real.

There is no escape once you get there, there is a - you are turned over to your tormentors.

While you are on the earth you need to repent and turn to God, but when you are down there that you cry for mercy, there is no mercy, there are demons in hell that are so evil and they will even touch you like I said before like thousands of razor blades go through your body and also there are worms that bore on your bones, and that is out of Ezekiel about the worms.

And the cries of the dead Sid, are so awful, they moan, they regret wishing they had listened to a preacher, wishing they had read their Bibles, wishing they had given their life to the Lord Jesus so they would not be in this place, and there is no more hope, no more destiny, and then they know it, they know the minute they descend into these gateways down to hell that they missed God, and they became like one preacher said, they become a believer, they believe then the Bible.

Sid: Tell me some real people that you heard their story.

Mary: Okay, there were quite a few talking to Jesus.

They always talk to Jesus, and there was a man, he was really tall, his skeleton was tall, and he had a make-believe Bible in his hand and it was on fire, and he was preaching the word of the Lord in hell and demons were stabbing him and telling him to shut up that Satan was their God and all of that, and I began to listen to him and I turned to Jesus, and Jesus was in the human form Sid, by the way, he was always in the human form, he actually cried in hell, tears would come down his face.

Sid: Because from my understanding from reading scripture hell was not designed for humans.

It was designed for demons and the devil.

Mary: That's right, that's right.

Sid: And so you are saying, you know they say

God can do anything, but once someone has ended up in hell he can't get them out.

Mary: Well that's why Christ was crying; he said I shed my blood that they would not come here. And you know God is a righteous God, and he has to judge righteously.

Sid: So what did you hear them say?

Mary: This man was talking, okay, preaching and Christ said to him, peace be still old man. And he turned his whole carcass towards the Lord, and he said Lord I repent now to you, I will do the right thing now Lord, if you will just let me, he called him Lord, out of hell and give me back my body, he said I know you can do this, he said I won't be prejudice anymore, he said I won't lie anymore, he said I won't steal from the church anymore and he said I was a preacher of your word and sin entered into my heart and I yielded my life to the devil and I compromised, he said I compromised you and I did wicked things and he said Lord I have been here many years and I cannot die. He was very - and he was judged and burning in hell.

Sid: Tell me another person.

Mary: Okay, there was another person, there was like on one side of the belly of hell, you know the belly of hell was three miles around, seventeen miles high, there were a whole bunch of people back there moaning and groaning and screaming, their skeleton, and one man in particular was screaming and we went over to him and Christ said, peace be still, he was in hell and he had a skeleton form he had real blood on his hands, and Jesus said the blood of many is upon your hands because he used to serve the Lord, and he used to teach about the Holy Spirit, he had the Holy Spirit, and then he quit teaching and the Holy Spirit left him, and because of his sin Sid, the man began to sin against God, serving God. He was serving God, that is in Ezekiel, you know the righteous, but you know if you see the sword coming you have to warn the people, but he wouldn't do that, he would compromise, he wanted money more than God's commandments, and he told God, they talked, he and Jesus talked, and he said that when you began to open seminars against the Holy Spirit is when the judgment came upon you.

He said if you had judged yourself you would not be here. If you had repented, it is always about repentance.

Sid: The good news is you are still alive and you can decide where you are going to spend forever.

Don't go away, I want to find about her ten-day trip to heaven, we'll be right back.

We now return to, "It's Supernatural."

Sid: Hello, Sid Roth here with Mary Kathryn Baxter and we are talking about her thirty nights, each night Jesus took her on a guided tour of hell, and one of the things I find fascinating is the whole subject about the blood of Messiah, but this was brought up in hell, tell me about it.

Mary: Jesus would stress about his blood to these souls that was lost, he would say if you had only believed the gospel, if you would have only believed that my blood was shed to wash away any sin you ever committed, I would have done it, if you had only repented and called upon me, he stressed that all through hell.

And he means just what he says, that it was his blood that was shed on Calvary, if we would believe that he was the Son of God and he came to wash away our sins, and he would stress that.

He said you wouldn't be in hell if you had only believed.

Sid: Unfortunately most people if they have not ended their life that are listening to me right now don't understand how powerful the blood of the King of the Jews, the Messiah of Israel is, Yeshua, Jesus the Messiah, and you that are mocking right now, you are not going to get the last laugh, you are not going to, don't you mock.

Mary Kathryn Baxter, tell me an exact example of when you have pleaded the blood, or tell me something about the blood of Jesus.

Mary: I was praying for this person that was choking, actually choking, and I went and laid hands upon them and began to plead the blood of Jesus, and I believe in the covenant of Jesus Christ.

As we began to pray all of that immediately left because it was a spirit that had attacked them. And another where a child had a high fever, we covered them with prayer and the blood of Jesus and the Spirit, the power of God came on me and I rebuked it and it instantly broke through the blood of Jesus.

Sid: If we could just see in the invisible world that when we plead the blood, everything that the blood has accomplished, when you say it actually happens, what do you mean?

Mary: Okay, we were in a church Sid, where angels were standing as we were singing the song, "The Bloodline." As we sang it, I saw a line of angels standing and holding a large line of the blood, it was called the bloodline, all around the church, all around the people, and at times when we would plead the blood I would actually see a shield of red come down over that person and they begin to get healed, they begin to get delivered, and if there is a

cancer in their body, sometimes God lets me see it, the red goes on the dark spot and burns out the cancer.

Sid: Now I promised you we would find out about heaven, so for thirty nights she went to hell, but the next ten nights she went to heaven, I have to ask you a question, do young people stay young, like little infants when they get to heaven, or do they grow up?

Mary: They grow up.

Sid: Give me an example.

Mary: Okay, children grow up in heaven to the age of maturity, they are called the innocent, okay.

And the other scripture Sid, is when "suffer the little children to come unto me for such is the kingdom of God." And they go to school in heaven, they are taught by the redeemed, and they are taught by angels.

Sid: Did you see any children in heaven?

Mary: Oh yeah.

Sid: That you knew?

Mary: No, I didn't know them but I saw many children.

Sid: Okay, what about adults, they are say, ninety when they die and go to heaven, do they, are they kind of decrepit, or are they walking around with canes?

Mary: Oh no, Sid, God gives them a glorified body, a brand new body, and they usually look about 33 years old. If they die at a hundred, when the angels get done with them and take them before God they look 33 years old.

Sid: What was the music like in heaven?

Mary: It was different praises, different types, levels of music, there was a piano forty feet across, there was a trumpet thirty-five feet long, and different types, different types of music now.

Like we had the Italian band in the Bible, actually I saw people dancing and spinning to it sounded like Italian music.

There was Jewish music too in heaven, all kinds of music.

Sid: Really?

Mary: Yeah.

Sid: Okay, let me ask you this, you saw, envisioned, went to heaven, these books, in this golden room, tell me about that.

Mary: Okay, there are archives in heaven, rooms of books.

Okay the first, I saw several rooms, but one room in particular I feel like sharing, was where God has books he wants to bring down and give to people to write, books from heaven, yes, he wants to give them revelation knowledge, and then there were other books of prophecy, there were books of prayer.

Sid: Well that reminds me of someone I interviewed that heard songs in heaven, and then many years later heard those same songs being released for the first time on earth. So you are saying with books, it is the same way; there are books to be released from heaven.

Mary: Yes, and there are also anointing oils to be released.

Sid: What does that mean?

Mary: There are like vials of oil up

there in a certain room.

Sid: For healing and miracles?

Mary: It is, certain ministers too,  
God will send angels to anoint us more sometimes.

Sid: You were telling me in some of these books  
they had records of the prayers, explain.

Mary: Yes, and prophecies, and also there was a group of  
angels that God sends, and he calls them the northern  
army, and Sid, they are very big, big angels, thirty foot  
high, they have huge wings, they have a face like you wouldn't  
believe of determination, and they have a sword  
on their side bigger than a man with flames comes out of  
it, the stallions that they are on are so high and four foot  
across the back, when the prayers of the saints come up to  
God, come in, go to the record room, then they come  
before the throne, the Lord opens up the prayer book and  
smoke comes out of it and perfume, and the Lord speaks  
and his voice is like may waters, he tells them go to  
earth and answer her prayers, go to earth and answer her  
prayers, and when the book is opened pages come out  
and go into the riders hands and they gallop to earth to  
answer our prayers, they do warfare for us.

Sid: You know, I wish I had seen heaven while I am  
still here, and I don't want to see hell ever,  
but in a way I almost feel I want to, because  
I want to have that same compassion you have.  
When you see someone that rejects Jesus,  
what do you feel?

Mary: it hurts, but most, I tell you the truth Sid,  
most places I go, everywhere I go they hear this story and  
they want to be saved, they want Christ in their heart, and  
once you get to really talk, their little hearts just melt  
because they really don't want to go to this place, so I  
rarely meet anybody that doesn't want to be saved, rarely.

Sid: What about you?

The Jewish prophet Daniel says in the 12th chapter  
of the Book of Daniel, those that are buried in the dust,  
some shall rise to everlasting life.

Mary Kathryn, that is the heaven.

Mary: Right, yes.

Sid: Everlasting means no chance of reversal;  
some shall rise to everlasting life, and some to  
everlasting condemnation.

So in effect, once someone dies they can't change their  
mind because of that word everlasting that is there.  
So some people say hah, this earth right here, this is hell.  
No, if you think this earth is hell, compared to hell this  
earth is heaven, would you agree Mary Kathryn?

Mary: I agree.

Sid: So choose, because you don't know  
when your end is going to come, choose right now.  
Everlasting life or everlasting condemnation, heaven or  
hell, life with God, life separated from God forever.  
The only chance of reversal is now. Why do I say now?  
Because you don't know how long you are going to live.  
Choose life, why will you die oh house of Israel, believe  
that Jesus died in your place, for your sins, ask him to

forgive him and then make him your Lord by saying,  
"Jesus I make you my Lord."  
Or, "Jesus help!"  
That will do.
