

*On "It's Supernatural," a glory cloud descends upon people who need healing; a young boy receives two new teeth, a woman loses 65 pounds instantly, another woman receives a brand new eardrum, and a man gets feeling in his leg for the first time in 34 years.*

*Do angels exist?*

*Are healing miracles real?*

*Is there life after death?*

*Can people get supernatural help from another dimension?*

*Has the future been written in advance?*

*Sid Roth had spent twenty-five years researching the strange world of the supernatural.*

*Join Sid on this edition of "It's Supernatural."*

Sid: Sixty-five pounds, it is impossible to instantly lose sixty-five pounds.

My guest walks in what is known as the atmosphere of heaven, 24/7, and he says it is possible for all of us to walk in that rarified air of heaven.

His name, Ryan Wyatt, Ryan come on now, that is a stretch, I mean she actually, her pants were stretched wouldn't you, tell me what happened about this woman that lost sixty-five pounds instantly.

Ryan: Yeah Sid, it was incredible, I was preaching and the glory cloud of God moved in, literally a purple glory cloud, a little bit bigger than a human hand, four of them rolled into the meeting.

Sid: Did you see this?

Ryan: Yes, in the back there were several others.

Sid: Did anyone else see this?

Ryan: Yes, oh yeah, all of the people in that area of the congregation that were sitting there saw the glory cloud, it came and settled over four people, this lady was one of them, and the testimony was electricity was going through her body and I believe she had a thyroid problem, and she, the fire of God was in her body, after the cloud had left thirty minutes later she stood up and her pants began to fall because of all the weight that instantly came off.

Another boy was there, the glory cloud came over his head, the dentist had accidentally removed two permanent teeth, adult teeth, thinking they were baby teeth, so he had two gaping holes there, and when the cloud lifted from him he stuck his tongue in those two holes and he had two brand new teeth in a moment in the glory of God.

Sid: Now I am hearing what you are saying and I am visualizing what he looked like as a teenager, I mean you had, did you literally have a purple Mohawk that was twelve inches coming up in the air?

Ryan: Yes.

Sid: And you wore a leather jacket with spikes, boots, I mean the whole deal, why?

Ryan: That was the crowd of friends that I slipped into as a young teenager, I had the black leather jacket, the punk rocker, the spikes and the patches and the combat boots and the Mohawk and I was a wild man, very extreme.

Sid: But you were with a youth group one day and you heard for the first time I believe in your life the audible voice of God, tell me about that.

Ryan: Absolutely Sid, I was sixteen years old in the mountains between Colorado and Wyoming, the Big Horn Mountains, and I got separated from the group, it was a God set up, I grew up in the mountains, I knew how not to get lost, but I did, and I was out there for hours, they went down to get Red Cross, Red Cross said there is a storm coming he will never make it, you know we will come get his body tomorrow, they said there is no hope, and we were at an elevation even in the month of June where a massive snow storm was about to hit.

Sid: Did you realize what danger you were in?

Ryan: I had no idea, at one point I had fallen into the river and got so cold I began to -

Sid: How does someone fall into the, how do you fall into a river?

Ryan: There was a river that was like a snake through the mountains, winding through, I thought I had gotten around one of those curves, I had taken a short cut, and I fell in and it was ice cold, I began to lose feeling in my hands and in my feet, I began to enter into the early stages of hypothermia, and I finally got to the point where I realized I am not going to make it out of here alive, and I was in a luke-warm state with God, I was away from God, I had a salvation experience but I had drawn away from Him and I finally, out of my mouth as I broke in tears in the mountains, out of my mouth came, "Fine, God if you will save me I will give my life to you in fulltime ministry." And suddenly -

Sid: Was that a preconceived thought about that fulltime ministry thing?

Ryan: No, in fact it scared me, it came out of my mouth and I thought oh my goodness what did I just say? And audibly in the mountains I heard the Lord say, In this tone he said, "Okay." Just like that Supernaturally the Lord spoke to the youth group and told them where to go, they had been looking all night they had given up, they were all in tears, they thought they had lost me and when that moment come when I surrendered to the Lord in the ministry call on my life, they found me supernaturally, they got me back to the fire at the camp, when we woke just two, three hours later there was over a foot of snow on the ground, I surely would have died, never would have made it down.

Sid: And since that time you have had, not a normal Christian walk, not a religious Christian walk, it is closer to the New Testament than what we call religion, why you, why are you walking in this realm and most other people are walking in religion?

Ryan: Because I am so hungry Sid, I mean I was served the religious meal but I can't worship the plastic Jesus. I believe there is a real Jesus and I began to search with all my heart, I read the stories of the miracles, of the signs and wonders in the Bible, about the angelic encounters, about the intimate encounters that the men of God, the women of

God would have with God in the Bible, and I thought why can I not have that today, if Jesus is the same yesterday, today and forever, and I just began to stir up that hunger, that desperate hunger for God, I never became disillusioned with the church, I never left the church, I believe God loves the church, but in my own private life I just said, God I have got to have you.

Sid: There has got to be something more.

Ryan: There has got to be something more and I am as extreme now as I was when I had the Mohawk, you know but now it is for God.

Sid: Well you know as I read the Bible all of these people had encounters with God and as a result of these encounters with God, they were what the world calls radical, but what the Bible calls normal.

Let me ask you this question, have you seen angels?

Ryan: Oh yes.

Sid: Have you had visions?

Ryan: Oh yes.

Sid: Have you experienced the presence of God?

Ryan: Absolutely.

Sid: And is this available for everyone or just some superstar like you?

Ryan: Listen, I am nobody.

I mean God can raise up anybody in a moment, every single person that is hungry for him, they come to the waters and drink, they cry out for God, it is available for everyone.

Sid: That means you, you are an everyone.

I want you to get normal; don't go away because there is a presence on Ryan Wyatt that is going to go right through the screen right now, don't go away, we'll be right back.

*We'll be right back to, "It's Supernatural."*

*Heaven is invading planet earth.*

*Don't miss out on getting Ryan Wyatt's teaching series on four audio CD's,*

*"How to Bring Heaven to Earth in Your Life."*

*We now return to, "It's Supernatural."*

Sid: Hello, Sid Roth here, welcome to my world where it is naturally supernatural. I'm with Ryan Wyatt, and Ryan sounds exceptional, but according to the Bible he is normal, and he says everyone, he is on a campaign to make every one normal. There was a very unusual normal event that happened to you in a hotel room in Seattle, you got very, very hot. Explain.

Ryan: Yeah, it is an event that changed my life, I was preparing for a meeting like any other day, was going to go in and minister to people, and I said Lord what do you want to do? And suddenly the temperature in the room changed within a second, it got very, very warm. I went to the thermostat to check it, it wasn't even on. And I began to feel the presence of the Lord coming but it was like an awe, like oh my goodness this is different from past encounters I have had before in the past. Suddenly from around the corner in my room Jesus Christ walked into my hotel room, he was dripping with oil from head to toe, I saw him in the natural, tangible.

Sid: This wasn't a vision?

Ryan: This was not a vision.

I have had visions and encounters with Jesus in the visionary realm before, this was in the natural, and he was dripping with oil from head to toe. And he came up toward me and stood next to me and Sid, the glory of God was so intense I could barely have the strength to stay in my chair, I was vibrating, you know, from the inside out, I was weeping uncontrollably, and the Lord spoke to me and he said Ryan, I am pouring out the oil of the overcomers in this hour for those who will position themselves in intimacy with me. And he said two things to me that have really kind of set the tone for our whole ministry, and this is why I have a call to raise up a supernatural generation that are living in this, he said Ryan I am desperately hungry that I would have a people who lay hold of their full inheritance. He took me to Ezekiel 44:28 where God was speaking to the priesthood and he said, "I and I alone am to be your inheritance, you are to have no other possession in Israel for I am to be your possession."

God wants to possess a generation.

And the second thing he said was Ryan I am desperately hungry that I would have my full inheritance in my people. And he took me to Ephesians three, verse ten, it was the first time I ever realized that Jesus Christ's inheritance is completely tied up in his sons and daughters on the earth. And it says in Ephesians 3:10 that through the church the manifold wisdom of God, all of who he is, his power, his glory, his character, his love, the supernatural realm of all of who God is, is to be put on display through the church to the principalities and powers of the air, and this is not for when we die and go to heaven, this is for now. When Jesus came to his disciples and said the kingdom of heaven is at hand, it didn't leave

when Jesus left, it's at hand now, these encounters are available for an entire generation.

Sid: I have your CD series called "How to Bring Heaven to Earth" in your life, as opposed to superstars life.

Aren't you interested in having heaven on earth in your life?

When you were teaching this, tell me about the person with that ear drum.

Ryan: I was talking about how the atmosphere of heaven is at hand right now, just like there are hundreds of movies playing in the room, hundreds of radio stations, we just have to tune in to the right receiver.

I was telling them in the same way the kingdom of heaven is at hand, right now, you have to tune in by your belief, by your faith, your miracle is in the room, angels are in the room right now, the presence of God is here right now, and that woman as I was preaching she took that, she took that word and took it by faith, she had no eardrum, she had a radical mastoidectomy where they cut behind your ear and take out all the inner ear bones, the eardrums, she had an empty ear canal, and it began to pop.

In the atmosphere she would feel this popping and when it would pop she would hear something for a few seconds and by the end of the meeting it popped several times and God gave her a brand new eardrum right out of the realm of heaven that was in the room, the realm of the impossible moved in on her body and gave her a brand new eardrum right in that moment.

Sid: Tell me one other miracle that happened at that time that you were teaching on this.

Ryan: I was teaching on "How to Bring Heaven to Earth" series and there was a man that was there, the doctors told him he had a disease of his spine that was, his spine was turning in to a fossil.

He had had it for twelve years, so much so that he had two little girls that he had never been able to stand up and hold because of severe pain in his back.

They said you are going to be in a wheelchair eventually and probably on a bed and you will never walk again within another couple of years.

And in the atmosphere, I was talking about the power of the Lord is present to heal, and he believed it like that woman, he took it by faith and his spin from his neck all the way down to his tail bone he said it went snap crackle pop all the way down, he felt something leave his body. For the first time in twelve years all the pain left him, he went out in the hallway and wept as he held his two girls for the first time in their life he stood up and held them.

Sid: Now you told me that when Jesus came to you that he wants his people to position themselves for their full inheritance, what does that mean?

Ryan: We are created as multi-dimensional people, every human being has a spirit, we are created to live in two realms at one time, and every believer, you can either be like an Elisha or a Gehezi.

Elisha looked at the Syrian army and he said there are

more with us than there are with them, he saw the army of heaven in-between.

Gehezi was ruled by fear; he lived only in the natural realm.

When we begin to position ourselves as believers and get out of the mind, not losing our mind, but focus our mind on Jesus and on his Spirit we position ourselves in that place, our spiritual senses begin to be awakened, we have spiritual senses the same way we have seeing, hearing, smelling, touching tasting.

In the spirit God will awaken those senses and we can experience the kingdom of Heaven and the realm of Jesus that is in the room even right now but yet most believers never experience it, they never tap into it, yet a real mature son or daughter of God is someone who experiences the supernatural realm the same way they do the natural.

You know when you walk into a room you don't have to tell yourself to smell, you don't have to tell yourself to see, you do it naturally, in the same way when we walk into a room you know there are words of knowledge in the air, there is information about people, there is prophetic ministry, God will give you insight in what is going on in the room, what is going on in the heavenly realm right now that co-exists with us right now in the natural realm.

Sid: It is time for you to get out of the audience.

Aren't you bored with the same old same old?

That's because you are being called to be on stage.

This is your moment.

This is a mentoring tool to equip you.

When we come back miracles are going to erupt.

Don't go away.

*We'll be right back to, "It's Supernatural."*

*We now return to, "It's Supernatural."*

Sid: Hello, Sid Roth here with Ryan Wyatt, and Ryan you are doing what the Bible says you are supposed to do.

I'm Jewish and you are provoking me to jealousy.

Oh is he provoking me.

He told me about a period where for months the presence of God was so strong when you would go into restaurants, I mean and you weren't doing this on purpose, in fact this was probably the last thing you wanted.

Ryan: Right.

Sid: Explain about the glory of God that was

on you and what was happening.

Ryan: I'll tell you we have got to become so hungry for God that we don't care what man thinks.

And I began to cry out for the glory of God, I was in a restaurant one day, and I was talking to someone, very nice upscale restaurant Sid, and literally the cloud of God's glory rolled in to the restaurant, came over my head, my eyes began to get heavy, I couldn't hardly lift my arms, it was the weighty, thick presence of the Lord, like when the priest could not stand to minister in the Temple because of the weighty glory.

My speech began to slur, my words weren't making sense, I was just under this heavy glory, I was able to make it up to walk out of the restaurant that night thank God, but for two months the Lord destroyed my dignity, he destroyed my pride, he wrecked me for Jesus forever.

People try to give me the religious thing, I tell you Sid, I have experienced so much of God now.

For those watching, there is a glory that is available I lived in for two months, it launched our ministry, it was my induction to the glory of God.

For two months every day I would wake up and I would just say Jesus and his presence would come so heavy. I would have heavenly encounters every day; I was carried out of restaurant after restaurant after restaurant.

Sid: You told me that your dignity was destroyed.

Ryan: Destroyed.

Sid: You weren't kidding?

Ryan: Totally destroyed.

Sid: And let me ask you something, you would say, "Oh, I'd never like that to happen to me!"

But how would you like this to happen to you?

Tell me about that person with what you called a twig leg.

Ryan: Yeah, I was ministering just recently, this was just in the last few weeks and I was doing a miracle meeting and I had released an atmosphere of healing wave, and we were about forty-five minutes into testimonies, we had had dozens and dozens of miracles.

Sid: What is an atmosphere of healing waves?

Ryan: Well you know there is, you could lay hands on people and they can be healed that way but then there was a time when Jesus was ministering where the scripture said, "the power of the Lord was present to heal."

It was in the atmosphere.

And so I simply decree, make decrees, release words of knowledge and ask the Holy Spirit to be released corporately and people are healed in the crowd with no one touching them.

And there was a man in the back with his wife, they had come from England and thirty-four, thirty-seven years ago, in that realm, he had got a surgery on his back and the surgeons accidentally snipped the nerve to his leg, completely killed his leg.

Now thirty-four years later all the muscle had atrophied, all the muscle had just disappeared, it was a twig leg, maybe three inches.

Sid: So it was nothing medical science could do?

Ryan: Nothing.

Sid: Now that the leg had atrophied it really was messed up.

Ryan: It was cold to the touch; it would just dangle there, it was a dead leg.

And I said to the people, I said the miracles are in the room right now, the Holy Spirit is in the room right now, take it by faith, the Kingdom of Heaven is at hand, it is right here, and as I said that I heard his wife scream in the crowd, and they brought him forward and the testimony was without anyone touching him that muscle began to explode in his leg, brand new muscle to where his leg grew almost to the size of his good leg, feeling came back into his leg for the first time in thirty-four years. He had no feeling, no movement whatsoever in the leg for thirty-four years and he walked up to the front.

I couldn't tell Sid, that there had been anything wrong with him, he was completely made whole, stomping on the ground with that leg, walking around, creative miracle right in the atmosphere.

Sid: Are there creative miracles in the atmosphere right now?

Ryan: Absolutely.

Sid: Would you pray for them?

Ryan: Absolutely I will.

For those of you that are watching like I said earlier, you know if you have the right receiver you can watch movies, you can listen to the radio, they are going through the airwaves all the time.

In the same way right now the Kingdom of Heaven is at hand, it is in the room, your miracles, the realm of the impossible; it is in the room right now.

And Jesus said to the woman, he said,

"Did I not say to you if you would only believe I would show you the very glory of God."

Right now I want you to believe, the Kingdom of Heaven is right here, I feel the glory of God right here in this studio, and I believe that as I pray it will go right through that camera lens, it will go right in to your home as you are watching.

In fact right now Holy Spirit I ask you to come, I know you are already here but I just release by faith right now the Holy Spirit through that TV camera, through that lens in to your home, I release creative miracles right now. Touch your television as you are watching, let the healing power of God come into your body, I decree creative miracles coming right now through that television, bones popping back in place, those of you that are scheduled, I see people that are scheduled for surgeries right now, you are on the books and God is going to use you as a testimony of miracles, you are on the books for surgery, you might need new cartilage in your knees, you might need a heart transplant, new organs in your body, some of you, you know you are totally deaf, you are blind, whatever it is, creative miracles being released right now, I decree it in the Name of Jesus, bones popping back in place, new bones being formed, being mended, cartilage

coming into your body, brand new organs coming right now, I see someone with glaucoma or cataracts in the eyes, right now blindness coming off your eyes, I take authority over every spirit of infirmity, over every spirit of addiction and bondage that is coming against you, I break the power of it right now in Jesus Name, let the Holy Spirit come upon you, some of you are going to feel fire, you are going to feel heat, you are going to feel electricity, some of you may feel nothing but begin to move your body, Jesus is touching you.

Sid: Ryan, when you look at someone in a wheelchair at a meeting, do you sometimes say Oh God I hope they don't come forward for me to pray because I don't have the faith for them to be whole, do you ever think that, or what do you think?

Ryan: Sure in the natural I think everybody does, but you know what I believe about the nine gifts of the Spirit is the Holy Spirit is the gift.

And if you are in an intimate relationship with the Holy Spirit, at any given moment he can give you one of those gifts, and there have been times in meetings where if you will just step out in faith God will add his faith to your faith.

Sid: So you find you don't have it until you make that step forward?

Ryan: You got to step out, you got to believe.

Sid: Isn't that the same thing for you as the person praying, but the person receiving I have noticed that people aren't healed and they walk forward to testify that maybe they felt a presence of God and as they are walking forward they are healed, why is that?

Ryan: Because they are tapping into the reality of the supernatural that is in the room, the faith that is coming, and people that are listening to this series, "How to Bring Heaven to Earth," it is the same thing, when people begin to realize their miracle is in the room, that the realm of the impossible that Jesus carried is still here, when they begin to realize that then they open themselves up to the supernatural power of God to move in.

Sid: What I think is so wonderful about this series is there is a supernatural presence of God that causes people to hunger for God, and isn't that the bottom line?

Ryan: The greatest gift God could ever give, listen you can ask God for gifts of the Spirit, for power, but the greatest gift I have ever asked God for is when I said God, give me a supernatural gift of hunger.

Because if I am hungry enough for God, and you can only be so hungry so you can only stir up so much hunger in yourself, but when God gives you a gift of hunger, there is no end to what he can deliver to your life.

Sid: Well that's what you should do right now.

In other words you have not because you ask not. You haven't asked.

Or if you haven't asked the faith level is so strong, right now Ryan very quickly pray a prayer for people to have hunger for God.

Ryan: Yeah, I am telling you there is nothing like Jesus

Christ, the Father, the Holy Spirit, and he is here right now  
And I just ask Father right now that you would release a  
sovereign gift of hunger right through that television  
screen right now, Holy Spirit that you would come and  
tangibly touch every person that is watching, let sovereign  
hunger come upon them, I ask God that you would wreck  
and ruin, like Isaiah 6, every person that is watching,  
that they would never be able to go back to normal  
Christianity, that they would be supernatural believers.  
In Jesus Name.

Sid: and by the way, there is a Hebrew word that is the  
only way you can have the door to enter the presence of  
God, so for hunger the word is Yeshua, in English,  
that is Jesus, he is the way, the only way, the only life,  
he is the only way to God.

If you will tell God you are sorry for your sins and believe  
that the blood of Jesus paid the price for your sins and  
washed them away, then open yourself and say, Yeshua or  
Jesus, come inside right now, I don't want to ever be  
alone, I need you God, I hunger for you Jesus.
