Sid: Hello, Sid Roth, welcome to my world where it is naturally supernatural. There is the atmosphere of heaven on this set and if the atmosphere of heaven is on this set it is going to invade wherever you are right now. My guest, David Jones, taught for six months on something that was so significant that the most unusual miracles started erupting, feathers, all different colors, angel feathers started materializing and very amazing, amazing ways, precious gemstones started, stones from heaven started materializing, we will find out what jewelers had to say about, diamonds started materializing cut better than the finest jeweler ever. We are going to find out what he taught because I believe what he taught is mandatory for miracles to take place. And I believe that this is a moment in history in which everyone that knows God will walk in the miraculous. David, you were sabotaged from the beginning, your father, I mean it is hard for me to comprehend this, but your father used to fight with you, explain. David: Oh yes, he was a boxer, he was a fighter actually and he wanted me to be a tough guy so he would always challenge me, punch me in my chest, knock me down, get up, get your best hook, try me, come on show me what you got, and I resented it. Number one, I loved my father, and I just resented trying to retaliate against him so when I got in fights in nightclubs and dancehalls, I didn't hold back nothing, I sad no one is going to hurt me any more, and no one is going to tell me what to do. Sid: And you left home at an early age. David: Thirteen years of age. Sid: But what you just said a lot of people are saying, no one is going to tell me what to do, one of you listening to me right now that is what you have just recently said, "No one is going to tell me what to do." You went into the Marines? David: Went into the United States Marine Corp. Sid: What did they equip you for? David: A killing machine, killing machine. Sid: Really? David: Yeah, they said you have a strong backbone and

you can think when you are at battle or at war so I became an 03-11 rifleman, the first to hit the beaches. They used me as a killing machine, that's what it was for.

Sid: And then when you got out of the marines what was your life like?

David: Oh it was even worse you know, I still resented authority, I didn't want to have nothing to do with people trying to control me or tell me anything, I was walking in pride and didn't even know it. One thing I found about walking in pride is that you are so blind that you are ignorant to the fact of it; that you are walking in a prideful attitude that is so detrimental to you and everyone around you.

Sid: And you know, amazing in that situation God gave you a revelation of the end of time, what did you see?

David: Oh man it was incredible, it was just like me sitting here watching you, I was seventeen years of age, and I was at home at night and I had the radio on and I was turning the channels and I heard a woman scream, and it wasn't like it was behind the house, but in front of the house it was like in the air, so I went to go towards the window and I said wait a minute if I go towards that window I am going to see something that I don't want to see.

But Sid I was compelled to so I went.

And it was the second story and I looked down and I thought I was going to see a woman maybe stabbed or something and I didn't see nothing, but when I came up and my eyes hit the heavens and the stars it was just like a motions picture, the moon just whoosh, and it was like someone took a knife and just poked into the moon and blood began to ooze out of the moon and then the stars in the heaven just said whoosh, and the sky itself said, "whoosh, whoosh, whoosh," and Sid all this was happening simultaneously, the moon turned to blood, the stars fall from the heavens, the sky rolled up as a scroll. And then all of a sudden I saw a lady with long black hair looking at all these events taking place on the earth and she took her fingernails and began to dig in her face and scratch and began to run and then I seen ten people running, hundred people running, thousands of people running and screaming at what was taking place on the earth, it was like all time stood still for God, this is his hour, this is his time, and the look on their faces when they were running was:

They were running, falling on top of each other, all of a sudden everything went black, everything was clear, and I feel to the ground and I was trembling and shaking like I didn't see that, no, I didn't see that.

And I said yes I did.

So I said let me get the Bible, and I was walking through the house and I was saying God please don't let me see nothing else, please Lord I don't want to see nothing else, and I got the Bible, and I didn't even know this was in the word of God and I just opened up the Bible and it went to Revelation where it said, "The moon shall turn

to blood and the stars shall fall from the heavens  
and the sky shall role back as a scroll."

Sid: You didn't even know that was there beforehand?

David: I didn't know that was there and when I opened it  
up I opened it up right to it because God had to take me  
there Sid, because at first I thought I was losing my mind.  
I didn't know that was an open vision.

I didn't know anything about visions.

Sid: and then someone invited you to their church,  
you were running from things like that,  
why did you go, why David?

David: Because the guy was funny.

He was a Christian, he was funny, he had big eyes  
and he would be talking to me about God and he would  
say wait a minute; are you looking at my eyes?

I said no, he said yes you are making fun of my eyes  
and I would say no, no, no, no, we just started  
laughing and he said come on, be my guest at church,  
he got me with laughter.

And so I said okay, I said wait a minute I don't  
have any clothes, he said God is not looking at  
your clothes, he is looking at your heart.

And so we went to church and I sat in the back and an  
evangelist made the altar call and I was sitting back there  
in the valley of decision, and I said man I don't know if I  
can live, said I don't know if I can do it, and so I didn't get  
up the first night, that was on a Thursday night,  
and so I went back to work, oh before I left church the  
pastor was at the back door sayings you going to  
come be back with us tomorrow night son, this is the  
house of God where everybody is somebody.

I said yes sir.

So I went to work the next day at the Ford Motor  
Company, my boss comes brings me that big old check,  
and I said oh yes, me and my brother going  
and party hardy tonight, then I said wait a minute,  
I told that man of God I was coming to his church,  
on a Friday, what did I do that for?

I put the check in..

Sid: That's party night.

David: Oh that's party night for me and I said  
wait a minute, why did I tell him that?

Sid, when I made up in my mind to do what I wanted to do  
like I had always done I said no, I am not going to that  
house of God, I am not going to church, I am going to  
party, I fell on the conveyor belt and when I fell on the  
conveyor parts was hitting me in the head, everybody  
was like hey somebody help him, get him.

Sid, I wanted to lift myself up but I had no strength.

All of a sudden God started allowing me to hear my  
heartbeat, pop, pop, pop, pop, then I started out fading  
out more, oh no, pop, pop, pop, pop.

And I began to pray please give me another chance Lord,  
pop, pop, pop, pop, I'll go to this man of God's church,  
please give me another chance, have mercy Lord.

And everybody was around me saying are you all right,  
I didn't pay any attention, I said don't do me like this,

I'll go to this man of God's church.  
Sid, I made it there, well before I went my friends come over my house ready to party, I said hold it, I am not going with you guys, I said I almost died today, my heart almost stopped beating, I said I am going to the house of God. They said man this guy done gone crazy.  
I said I don't care what you guys said I'm going to the house of God, I went, sat in the back, they made the altar call, I started walking down the aisle, and I heard the devil say get out of this church, run, run, and I said no, I was brought up in church as a little boy, I said no I must save myself, and I went to the preacher and he said son, do you want to be saved?  
I said yes sir, yes sir; I want to be saved.  
It was like big yokes lifted off me, I went to grab his hand and the power of God hit me and I went straight back and there were no ushers there to catch me, but when I hit the floor it was like falling into a bed of cotton, and there was a bunch of sisters right there, and they jumped back, they were looking at me, and back then I thought I was a cool daddy, so I said wait a minute what am I doing on this floor, all these pretty girls looking at me?  
Then the supernatural began, and it began in my belly, then it got in my chest, then it got in my throat, then my tongue began to cleave to the roof of my mouth.  
And Sid, I was on alcohol, drugs, cocaine, meth, TAC, all those drugs, but I had never experienced such joy, such peace, I never experienced before.  
Sid: After that event, were you still addicted to those drugs?  
David: Never again.  
Sid: Listen, he started doing the most extraordinary things dealing with physical strength, don't go away we'll be right back.

Sid: Hello, Sid Roth here with David Jones.  
And David had an encounter with the power of God.  
He got off of alcohol, he got off of drugs,  
but some amazing things happened to you.  
You used to go out into the woods and pray,  
but one day something strange happened, explain.  
David: Supernatural, it was a time in my life for ten years  
God had me in a season of fasting and prayer, but more  
prayer than fasting, and this night I thought it was going to  
be my normal, I'll go out and worship the Lord, just love  
on the Lord and the Lord began to speak to me.  
But now, when I walked out I was getting ready to  
worship Him I heard the Lord speaking to my hearing, run.  
And I was like run, this is unusual and I didn't obey  
then I heard him say run.  
And so I began to run and I began to run.  
All of a sudden the neighbors dog ran along side  
of me that was out there with me and I began to run.  
All of a sudden the supernatural power of God becoming  
upon me, all of a sudden I began to run so fast that I left  
the dog and I can't tell you was it a quarter of a mile.  
Sid: You outran the dog.  
David: I out ran the dog and left the dog,  
my legs were going so fast it shocked me.  
I was running like superman or Flash or somebody.  
It was just supernatural, but when I came to a dead stop  
I wasn't breathing hard and I just fell to my knees  
and I said oh my God what is happening?  
Then I heard the Lord say I want you to stay in the race  
son, I am going to use your body in supernatural feats  
and signs and wonders.  
Sid: God taught you how to walk in something, a word that  
most people don't understand, don't even comprehend,  
but it's so important to God that if you want  
to be elevated to the next level with God, if you want to be  
used in this mighty outpouring of God's Spirit, you must  
understand what David Jones spoke about for six months,  
the subject is humility.  
How did God start to teach you about this  
with a co-worker?  
David: Well we got hired and at that time I was doing red  
iron steel work where we had big wrenches and tightening  
up bolts in red iron beams and so we were up about three  
stories and his name was Gar and he asked me what was  
my name and I told him and so as a couple of days went  
by he said man get your so and so over here and help me.  
And I was like shocked and I walked over to him and I  
said, you know I was always taught to respect the man,  
I respect you.

I don't want to hear what you got to say let's get to work.  
And then I was trying to pray Sid, and then I had just  
gotten saved and I said Lord I don't want to pray anymore  
I am just going to hit this man with this wrench.

I said if you say anything to me and then the boss came up  
and broke us up and then lunchtime came and so I took my  
little New Testament out and I began...

Sid: You were really going to hit him in the face  
with the wrench?

David: Oh with all my might and with all my strength  
as hard as I could.

Sid: That's not very humble.

David: No, that's not humble at all.

Sid: Okay go ahead.

David: This is sure enough true.

And so I got my New Testament out and the Lord took me  
to a verse that my grandma taught me, the first Bible verse  
was Hebrews 12:14, "Follow peace with all men, holiness  
without which no man shall see the Lord."

And I began to cry Sid, and I began to pray,  
I said God I don't want to hurt people anymore,  
I was taught to kill in the Marines, I don't want to  
hurt anyone anymore, I said please help me.

Now Sid, first I wanted to hit him with the wrenches, but  
now I'm praying for him, okay, all of a sudden the boss  
didn't allow us to work together, he separated me.

I'm down sorting out bolts, here he came right to me, all of  
a sudden the power of God picks me up and I look him in the  
face and I say Gar it is better for a millstone to be tied  
about your neck and cast into the depths of the sea than to  
mess with one of God's little ones.

I said that's all I'm going to say.

He said you done said enough.

Then he walked off, storming off and I was  
like oh God have mercy.

The next day when he came to work all one side of his  
face was swollen up, his eye was closed in  
and he came straight to me.

He said look at my face man, look what happened.

I said what happened to you?

He said I don't know, I just woke up this morning and my  
face was like this and he said, and it constantly hurts.

And he walked away.

And I said Lord have mercy, have mercy.

I didn't say un huh, that's what you get messing with a  
Christian, no, no, no, no, I didn't rejoice, I said Lord have  
mercy, touch him Lord, heal him and the Lord healed him.

From that day forth Sid, that man treated me like I was  
somebody and God showed me, he said son if you  
always hold your peace I will fight for you.

The reason why a lot of Christians don't see my mighty  
hand move in my life they don't hold their peace.

It is conditional; if you hold your peace

I will fight for you.

Sid: and you told me something the other day about touch  
not God's anointed, but you gave me a revelation that I,  
I have just never even thought about, it wasn't the person

it was the presence of God, explain.

David: I had a pastor; I have to go through this experience, God allowed this to happen, that I was working with him.

Sid: You know I don't even want to hear that experience but explain about that.

David: The anointing is, okay God said touch not my anointed nor do my prophets any harm, it is not so much that man or woman that is so special, it is the anointing that has been smeared on their life, that is what is special.

Sid: It is like going against God.

David: It is going against God himself; that is why it is so dangerous.

Sid: I will tell you what it was so hard for David to learn these lessons because remember the mantra he had so to speak, no one tells me what to do, no one, and God taught him step by step and he taught for six months, I have the book, "Humble is the Way", of his teaching on humility, I have never seen such revelation of humility before but guess what happened after he started teaching, the supernatural erupted, precious stones, you are going to see a diamond that came from heaven, don't go away, be right back.

Sid: Hello, Sid Roth here with David Jones and I am having so much fun, you know why I am having so much fun, the presence of God has so invaded our studio. So listen, David is teaching and I have never seen such teaching on humility and I know for you to get to the next level with God you must understand this teaching. For you to be used in the greatest outpouring of God's Spirit, and someone's neck was just healed in Jesus Name, test it, you will see, it is good, for someone to be used in the greatest outpouring of God's Spirit in history, which has already happened on planet earth, you must read and practice what David; I have never seen revelation like this before, you really need to read this book.

But David, you had a woman speak in your congregation and what happened?

David: She came to do a revival and the first night she got up she said, "Pastor Dave, let me say this to you, if I ever heard from God I heard from God about you and this church, there is getting ready to be a move of God here." And she said remember these words, it is going to be undeniable, no one is going to be denying, no one can say this is not a move of God, she said remember Pastor David it is going to be undeniable.

Sid: So what happened?

David: All of a sudden she was up ministering and then angel feathers started falling and I am sitting on the front row and I am saying, am I believing what I believe I am seeing Lord, feathers just starting flowing and when they started she said I am turning it over to your pastor. And I said whoa, and I heard the Lord say, "Tell the people to stand up on their feet and worship me, I'm not done."

We began to worship God and feathers falling and the saints were saying oh pastor look at the feathers on your coat, and the Lord said just worship him now, honor him now, let's worship him.

We began to worship and then a young lady came down the aisle shaking and when she opened up her hand it was a garnet gem appeared in her hand, which is her birthstone.

Sid: Do you have that there?

David: Yes, I have it right here.

Sid: Show me which one it is.

David: This one right there in the center.

Sid: Just out of curiosity, I see these angel feathers; how come there are so many different colors?

I mean there are blue, and yellow and purple and brown.

David: Do you know what the Lord revealed to me?

there are different nations of people, there is black, there is white, there are Hispanic, Philippino, Italian, Vietnamese.

There are different races of people, why not colors of angel feathers?

Sid: Are miracles taking place when these things happen?

David: Miracles are taking place, people are being healed, set free, we done seen blind eyes opened and deaf hear, AIDS healed, cancer healed, all manner of diseases healed, we have I mean people come from as far as Germany just to come and see these great manifestations, movie producers coming, having manifestations in the meeting at ABC, feathers are just falling in their midst, I mean it is undeniable.

Power of God.

Sid: What is that over there?

David: This is one of the gems that appeared in the Bible when we were reading Psalms 145 and 3,

"Great is the Lord and greatly to be praised, his power is unsearchable."

Just hold that in your hand from heaven itself.

Garnet gem, look at the cut on that, a cross is cut inside of it.

Sid: He is right, there is a cross cut inside of this gem. Now have you had any reports of jewelers?

it is kind of neat holding something from heaven.

Have you had any reports from jewelers?

David: Oh yes.

Sid: I want you to see some of these feathers, take a look at this.

David: They are orange, they are purple, they are pink, they are white, they are yellow, they are gold, they are a facet of colors, and feathers represent the favor of God and Psalms 91:4, the Lord said, "I will cover thee with my feathers and under my wing shall thou trust."

And the Lord said these are tokens of my love to you.

Sid: Tell me briefly about your daughter.

David: My daughter is Shaylin, it was prophesied that she would be a prophetess to the nations and God is using her supernaturally.

We had a young man that was working and she talked to him on the phone and she said "What you doing?"

She is only two years old, he said I am cutting grass, she said why, he said so I can make money, and she said so you can give money in the kingdom?

And he said what is that?

Pay your tithes.

He said, oh okay Shaylin, I will pay my tithes and we came to find out the young man wasn't paying his tithes.

Sid: She is two years old?

David: Just two years old.

One morning we woke up and I said Shaylin talk.

She said you talk Daddy.

I said we're going to heaven and Jesus is going to be there and God himself is going to be the light.

She said now you talk.

She said Daddy the angels are big.

She said Daddy the angels are going to open up the doors to the kingdom.

I said oh my God, I said say that again.

She said Daddy the angels are big the angels are going to open up the doors to the Kingdom.

There is a prophetic anointing upon a two-year-old Shaylin Jones, Faith Jones.

You know children are going to be moving like people who have been in ministry fifty years.

David: Yes, yes, yes, we are seeing the children now laying hands on the parents.

One of our children went to school, the teacher was sick and she went and laid hands on her, instantly she was healed.

Sid: You told me one of these angel feathers actually changed colors as someone, tell me about it.

David: Oh yes, yes, this one right here and you can put the camera on.

Sid: which one?

David: this one here, one of our members told one of her friends about it and when she got to her house there was a feather laying right on her door, and she said oh no that couldn't be.

She picked it up and went in the house and showed it to her friend, she said this feather was on the doorstep this

feather was pure white, right before their very eyes it did a metamorphosis, changed, and it went from white to this grayish, brownish, gray color right before their very eyes.

Sid: Do you know what I believe, these signs and wonders are occurring because we are in the last of the last days.

Do you remember the vision that David had even before he was a believer in the Messiah of the end of time and the fear, what did you see people, how fearful were people?

David: Their faces were so terrified they were just...

They were running but they knew God allowed me to sense what they were feeling, this is it, God is moving and can't no one stop it, time was standing still for God, he was having his moment now.

Sid: And the reason that I am holding this stone with the cross that materialized from heaven, I am holding a stone from heaven; it is a sign and a wonder.

The reason these angel feathers are descending, and they are descending on people not just in your congregation, they are descending on people everywhere.

David: Everywhere in different churches, in schools, our children when they go to school, like one of our children when he sat down at his desk whoosh, feathers just appeared all around his desk, angel feathers falling on the teachers and they going like this, they falling in their face and they are just fanning them away because they don't have no idea what is going on, but our children do.

Sid: Did you know scriptures say those that are buried in dust; some shall rise to everlasting life and some to everlasting condemnation.

You can rise to everlasting life.

If you don't know God before you die I promise you that you will not know him after you die.

You can know him right now, that's why you are watching,

God has such a love for you, he wants you to experience true shalom, true peace, there is no other name given unto man in which we must be saved, to have intimacy with God, but the Name of Jesus.

If you would pray that God would forgive you of your sins, repent that means ask him, tell him you are sorry and believe the blood of Jesus has washed away your sin and ask Jesus to live inside of you and be Lord of your life, you will have something more precious than this gem that I am holding right now, make Jesus your Lord.

He is everything; he is all, all, all, all.
