Sid: Hello, Sid Roth here with Barbie Breathitt.  
Welcome to my world, where it's naturally supernatural.  
The rarified air of heaven is going to be on this telecast,  
and that means it's going to be on you.

My guest, Barbie Breathitt, went to Israel  
and bumped into a healing angel.  
She teaches on dreams and visions.

I interviewed her on radio, and an amazing thing  
happened to me - I started dreaming more.  
And even a double amazing thing happened to me -  
I started understanding my dreams better than ever before.

Barbie, what happened to me, is that unusual,  
or have other people told you that?

Barbie: I've heard that many times  
with people who come under the glory anointing,  
that there's an impartation for the supernatural realm  
of understanding dreams and visions.  
I believe that's one of the anointings that God is  
pouring out upon all flesh in this time.  
Believers are dreaming, nonbelievers are dreaming,  
because God's Spirit is wanting to communicate His design for them.  
Their destiny is coming to them in their dreams of the night  
so that they can search the matter out,  
and when they find God's Spirit,  
He brings that understanding to them supernaturally.  
A lot of times we see ourselves in one way,  
God sees us in a whole other way.  
He sees us reaching our full potential; coming into destiny;  
moving into things that we would never step into.  
He's releasing calling dreams that's moving people  
from one place where they are in their life,  
in their existence and understanding,  
into a whole other realm of being blessed,  
of being increased, of having destiny.  
People come and say "What is my purpose in life?",  
so God's giving a specific dream to them  
to show them who He created them to be in Him.

Sid: I can just picture you, going back a number of years,  
you're going to a nice Presbyterian church,  
you've got your hands like this, you're nice and religious.  
You go to your pastor and ask an interesting question.  
What was that question?

Barbie: I said "Pastor, when are we going to do the stuff?"  
He said "Do the stuff? What are you talking about?"

I said "You know, the things we hear about in the Bible:  
raising the dead, blind eyes opening,  
cripples being healed, the lame walking."

He goes "Oh honey, that was only for a certain

dispensation in time, and that time has past.  
That was only for the time of the apostles."  
And so I thought, well, why did God stop loving people,  
caring about people, being relevant for the time we live in now,  
because I knew people that were sick who needed healing.  
Sid: But why would you even think that?  
Because, in this nice, normal religious church,  
nothing was happening - nothing!  
Barbie: We didn't even have alter calls.  
Sid: So how did you even know to ask the question?  
Barbie: I had a desire within my heart  
to know the God of the Bible.  
I found myself wanting to live back in the past  
where the apostles were, so I could walk with Him,  
I could talk with Him, and I could do the things they did.  
My whole life, instead of looking to my now or my future,  
I looked to the past.  
I was out riding my horse one day,  
and I was pondering these things in my heart,  
and I said "God, why did You change?  
Why are You not the same God that's in the Bible?  
Why don't You do these miracles?"  
And an audible voice of God spoke to me, Sid,  
as I was there riding my horse, and my first thought was  
it must be the horse talking to me.  
I heard my name called three times...  
Sid: You'd been watching too many movies.  
Barbie: I was watching "Mr. Ed."  
I watched the horse's mouth,  
and again the voice of God called me by name.  
He knew me, even as a little child riding a horse.  
And what He said to me was "I change not.  
I am the same yesterday, today, and forever.  
Barbie, if you will only believe,  
the same anointing that flowed through the apostles of old  
will flow through you, with signs, wonders, and miracles."  
Sid: Well, I have to tell you Barbie, that's good for you,  
but what about those who are viewing us right now?  
Is that also true for them?  
Barbie: The good news is God is not a respecter of persons.  
If He said that to a little girl  
who was attending a Presbyterian church and is just  
learning to hear His voice, He's saying that to everyone.  
If you will only believe. That's the key.  
We have to enter into the realm of faith,  
and believe the unseen realm of the supernatural  
is more real than the natural realm we live in.  
Our imagination can begin to see past our natural circumstances,  
our faith - God has given each one of us each a measure of faith  
so we can connect with the Holy Spirit.  
When we connect with the Holy Spirit,  
the kingdom of God becomes manifest in us,  
and it begins to exude out past us,  
and we can begin to recreate, or create,  
a new sphere of influence around us,  
and new things can happen in our life,  
and it can happen through anybody that believes.

Sid: Ok. Tell me about that woman in the wheelchair.  
Barbie: I was in Saginaw, MI, doing a healing conference,  
and I was giving testimonies of all the signs,  
wonders, and miracles that God had done -  
deaf ears opened, backs being healed,  
hearts being put into people  
who were waiting on lists to get a heart transplant.  
There was a woman in the audience in a wheelchair,  
and she said "Ok God, I'm going to challenge You.  
If what Barbie says is true about You,  
when they have a healing line, I want You to have her  
command me to get out of my wheelchair."  
Well, we had called out words of knowledge for healing,  
and this woman in her wheelchair came up,  
and I'm getting ready to lay hands on her,  
and I hear the Holy Spirit tell me  
"Barbie, I want you to command her to get out of her wheelchair."  
So I did. I said "Lady, in the name of Jesus,  
I command you to get out of that wheelchair."  
I grabbed her hand and started to pull her out of her wheelchair  
and she said "No, wait, wait!"  
I said "No, there's no waiting about it. God's going to heal you."  
She said "No, I just need you to wait  
to let me lock down my wheelchair",  
because I was pulling and the wheelchair was coming with her.  
So, I locked it down, pulled her up, she was healed.  
The doctors had told her "You will never walk again",  
because she had her hips crushed,  
to the point they said "They'll never sustain your weight.  
You will never walk again."  
She had diabetes, she had crushed hips,  
but yet that day God healed her.  
I held her in my arms and the anointing went through her body,  
totally reconstructed her hips.  
She came to church that Sunday -  
no walker, no assistance, walking.  
God totally healed a cripple with crushed hips out of a wheelchair.  
We have had several who've been healed out of wheelchairs.  
Sid: Heaven is drawing so close to earth,  
I tell you, heaven is drawing so close to earth  
that what you considered impossible in the past,  
all things are possible.  
You're going to have a fresh impartation  
to understand dreams, and dream and hear from God.  
Don't go away, we'll be right back after this.

Sid: Hello, Sid Roth here with Barbie Breathitt,  
and Barbie has had some amazing encounters with angels.  
I want to find out about the angel in Pakistan,  
the angel in Israel. Let's start with Israel.  
Barbie: We were at the King David Citadel,  
and I asked the Lord when I went to Israel,  
because to me, Israel is the largest...  
Sid: You put on such good tours to Israel.  
Why? You're not Jewish are you?  
Barbie: No, I'm grafted in.  
Sid: And you're wearing a menorah.  
Why are you so in love with the Jewish people in Israel?  
Barbie: I believe that God gives favor to those  
that favor Israel and love the Jewish people.  
And besides, He's Jewish,  
and I'm a son and daughter of Him.  
He's very special to me. And so, I'm in love with Him,  
so I love the Jewish people.  
When we take tours there, we were at this King David,  
and I'd asked the Lord, I said when I go there,  
I wanted to increase in the healing anointing.  
So I went into a sleep, into a dream, into a vision.  
In my vision, there was a blond-headed man standing there  
dressed in hotel clothing with outfits on  
the same as the hotel attendants there.  
I said "What is going on?" The Lord said  
"I want you to go up there and read his nametag.  
And when I did, it said "Raphael."  
He said "You asked Me to increase your healing anointing,  
I'm going to do it here in the land of Israel.  
This is the angel who stirred the waters  
at the pool of Bethesda where you were.  
This is the healing angel."  
And behind him stood two other angels,  
and from that time, the healing anointing has increased,  
because that was the angel who is over the healing dimension.  
He had other angels assigned to him.

Sid: Well "rapha" means "doctor" in Hebrew,  
so Raphael kind of makes sense.

Barbie: It does make sense. That's God's doctor.  
He releases His angels. So, I met the healing angel there,  
and signs, wonders, and miracles went into a whole other level.  
We've been in conferences where the angels would line up  
around the perimeter of the building  
with rainbow-colored sashes on them.

When we'd call out things for chronic pain or illnesses  
or fibromyalgia or back conditions,  
the angels would rush to the alters,  
because angels are waiting for us to engage in faith  
and speak the word. Then they come in with heavenly power  
to bring in the miracle realm as well.

Sid: So are there angels on this set right now?

Barbie: Yes, there are angels.

There's one standing off to the right side of you that's there.  
He's clothed in a bluish garment.

Sid: So when I feel an increase in presence of God,  
which I did when I asked that question,  
that's because an angel is present.

Barbie: Yes, because they're present.

They're around us all the time.

A lot of times there's more angels in the room  
than there are people. They come as winds, as fire, as light,  
and they bring the breath of God with them.  
The breath of the Spirit is on them.

Sid: Last night you prayed for me,  
and you said "Do you feel wind on your feet?"  
and I said no, because I had long pants on.  
But then, I felt the wind on my hands  
because I had a short sleeved shirt on.  
I literally felt a wind.

Barbie: That's because there's an angelic realm.  
When you begin to prophesy the word,  
and you begin to decree and declare things,  
God says "I will establish whatever you prophesy,  
decree, and declare."

As we get the mind of God and speak forth His words,  
the angelic realm comes to bring the impartations  
of the anointings, because they're ascending and descending  
into the heavenly realms.

They're bringing heavenly gifts, heavenly anointings,  
and they're equipping us to do the work of the ministry.  
They're angels of fire that turn God's ministers  
into ministers of fire.

Sid: Briefly, tell me what happened in Pakistan.

Barbie: I had two girlfriends go there on  
an evangelistic outreach. I told them I'd pray for them.  
Into my bedroom one night, a glory cloud came  
that lit the whole bedroom up. Out of that glory cloud...

Sid: You could see it lit up?

Barbie: The lights were out, I was by myself...

Sid: Could you feel it?

Barbie: I could feel it, I could see it.

I was startled, and my heart began to quicken.

I thought "I live alone. Who turned on the bedroom light?"

But it was a glory cloud that came, full of gold  
and the luminous light of the Holy Spirit.  
Out of that cloud stepped my two girlfriends,  
and I thought "Wait a minute, you're in Pakistan."  
But it wasn't my girlfriends, it was their guardian angels  
that had come with a message that said  
"Barbie, contact the person who is hosting them  
and get them out of the country,  
because there are people there who want to assassinate them."  
That same time, six American journalists were gunned down  
in a car. They were telling all Americans to get out of there.  
But God sent their guardian angels to speak to them.  
Both of their lives were spared.  
They were on stage doing an evangelistic outreach,  
a car drove up with men in it with machineguns.  
They pushed them off the stage, rolled them under,  
and they escaped with their lives. Very close.  
Sid: You told me something that I should've known,  
because I've read it in the Bible countless times,  
but the light bulb went on.  
Many times when we dream, angels are in our dream,  
and this is biblical. But Barbie has a package,  
a dream package. Oh, what a dream package.  
It's going to enable you to understand your dreams.  
Don't go away, because I'm going to have her  
explain the dream package. But even more important,  
these angels of healing are here.  
You're about ready to experience the supernatural.  
Don't go away.

*We now return to It's Supernatural.*

Sid: Hello, Sid Roth here with Barbie Breathitt.  
Have you had dreams and been so frustrated,  
because you know they're not literal,  
you know God's trying to communicate to you,  
but you don't have a clue as to what God's saying?  
Now that's not the way it's supposed to be,  
and that's why Barbie Breathitt has put together a dream package  
for you to understand your dreams.  
Would you explain this, Barbie?  
Barbie: I'd love to. These are what I call cheater cards,  
because one of them is called God's dream language.  
There's color and people cards, and we also have

the healing card that's going to go along with it.  
But I want to tell you about the dream cards,  
because God has a specific way that He speaks,  
and it's symbolic; it's metaphoric.  
He'll give us a symbol in our dream that represents something,  
so to unlock the mystery of our dream,  
we need to know what that symbol means,  
why did He choose that specific color to go with it,  
why did He choose a certain character in the dream.  
So, what I did is designed the cards...

Sid: You know, most people don't even pay attention  
to the colors in their dreams, but now they're going to.  
Barbie: They're going to, because colors are significant.  
Everything that God does is for a purpose and a reason -  
it's to communicate His love to us,  
to communicate His destiny and calling for us.  
He designs dreams for us. Every night we dream.  
Sometimes we don't recall them.

But this package is going to give people the keys  
that they need to unlock the meanings of their dreams,  
because if we can understand what the symbolic meaning is,  
all of a sudden it's not a mystery anymore,  
but that mystery is unlocked, and we're able to  
step into the understanding of it.

We have one on God's dream language, one on colors,  
one on different people that appear in your dream.

Sid: Give me an example of a person  
and what it might mean in a dream.

Barbie: If a man appeared in your dream wearing a blue coat,  
I ask the Holy Spirit questions.

"Is it blue because he's coming in a spirit of revelation  
and understanding with healing,  
or is this person depressed because of having a blue day?"  
They're symbolic symbols.

Or if they were dressed in red, are they an angry person,  
or do they operate in the power of God,  
or are they cloaked in His wisdom?

So different colors are going to tell you different things.  
We've taken it right out of the Bible.

We searched the scripture for the understanding of colors,  
for the understanding of symbols that are in the Bible,  
and we've compiled it together to give people the keys  
to go to the Lord and say "I had this in my dream.  
Holy Spirit, what does it mean?"

And then look and see what's on the cards,  
and the Holy Spirit will direct you right  
to the understanding of that mystery.

Sid: You know what I really love is your card on healing.  
Explain that.

Barbie: Oh, me too.

I've put together the basic root causes of diseases,  
so you can begin to pray for somebody,  
and limits of space is not any limitation.

You can pray for somebody in another state or country  
and find out what their ailment is, go to the card  
and find out what the different reasons of that are.

Is it something of anxiety? There's a deaf and dumb spirit.

Is it drug related? Is it evil spirit related?  
Sid: So when you get rid of the cause, healing is easy.  
Barbie: If you cut the root off, that unholy fruit,  
that illness, sickness, disease, infirmity is going to die.  
You speak the name of Jesus, you use His blood,  
and you claim His healing power using His name.  
You can send it forth on the wings of angels  
through your prayers.  
Sid: Give me an example.  
Barbie: I was praying for a Wiccan witch's children.  
Her daughter became pregnant, had twins in her womb,  
the doctors wanted to abort them,  
because both babies had cysts in their brain.  
I said "Don't do that, let me get some people,  
who believe and have faith, to pray,  
and we're going to send healing to your daughter's womb,  
and your babies are going to be healed."  
God did exactly that, Sid. Healing went to another state,  
in a womb where the babies brains were still developing,  
took out the cysts. The next sonogram that came,  
those babies both were perfectly healed and born normal.  
They were not aborted, because of God.  
His plan is to show grace and mercy,  
and it's His goodness that leads people to repentance.  
This woman was worshipping Satan.  
She had no connection with God whatsoever.  
But God is a God of love, and He looks past that and says  
"If I'm good to you and love you, you'll turn to Me."  
So He healed her grandbabies.  
Sid: Now you go to a lot of new age fairs,  
and you do dream interpretation.  
Why do you go to a new age fair?  
Barbie: I believe we're to take the light into the darkness,  
so I look for the darkest places to go.  
I dress like them, I talk like them, I act like them,  
so when they come into my booth there,  
we interpret their dreams. We'll flip their dream.  
When the evil wants to cause them to go down the wrong path,  
we'll speak a path of light and destiny to them  
that brings hope to them.  
And we also do healing prayers for them.  
Through a word of knowledge,  
the Holy Spirit will tell me what's wrong in their body,  
and I'll begin to tell them, and they're surprised.  
They call me a Christian mystic, and I think that's  
exactly right, because God's power is flowing through us,  
and we can tell them.  
They want to know what their fortune is,  
we tell them what their destiny is.  
We tell them God's the One who heals.  
They're searching for power,  
they're just searching in the wrong places,  
so we go into those places where they're searching  
and we bring the light - we bring Jesus, we bring  
the real thing to them that's tangible and transferable.  
And they receive Him because they're searching for Him.  
They've just been given a package that they didn't like,

because it was religious.  
It wasn't somebody who was in relationship.  
And there's a big difference between  
somebody who's a religious person  
and somebody who's in relationship with Jesus.  
We give them Jesus, and we use the sign gifts -  
signs, wonders, miracles happen.  
There was a little girl there who had kidney cancer.  
16 years old, she'd already had a heart transplant.  
Her mom said "I've had all the greats pray for her,  
and she's never sensed anything."  
She came into our booth for a healing prayer,  
and I said "When the healing comes to you,  
the wind is going to blow in the top of the trees.  
You're going to feel a heat go through your body,  
and Jesus is going to take that cancer away."  
And that's exactly what happened.  
I reached around, put my hand on her back,  
the heat began to flow and her face turned beautiful.  
Light came upon her. Little tears came down her cheeks,  
and I said "You feel Jesus, don't you?"  
She goes "I felt Him. The fire is going through me."  
The Holy Spirit began to burn the cancer out of her kidneys.  
Her family couldn't afford to fly her  
for a kidney transplant that she was scheduled for,  
so God had for her a divine appointment  
there at a renaissance faire.  
I'm dressed up like a pirate,  
but the Holy Spirit was flowing through.  
He doesn't care what our outward appearance is.  
Sid: Speaking of the Holy Spirit flowing through,  
during the commercial break, a wind flew through,  
and the presence of God is getting so strong.  
I asked Barbie, "Are those two angels here?"  
And she said "Without a doubt."  
Barbie, would you pray for people?  
Barbie: Yes, I'd love to.  
Sid: You know what I want?  
I want people to understand their dreams,  
and you've got that anointing.  
I believe people will be healed.  
If people understand their dreams,  
then you understand your destiny.  
If you understand your destiny, you'll be fulfilled.  
Otherwise, you're going to be like a roller coaster -  
up, down, up, down - out.  
No more. Just up.  
Barbie: I thank You, Holy Spirit, for invading their dreams at night.  
I thank You that You're going to fill their dreams  
with dreams of calling, dreams of destiny.  
And with that, I prophesy that there'll be a spirit  
of understanding that's going to come.

The spirit of understanding and revelation will rest on you.  
As you awake out of your dream,  
the Holy Spirit's going to give you understanding of it.  
I just ask that your ears be open to hear the Spirit of God,

that you will hear that still, small voice leading you  
and guiding you into all truth.  
The Holy Spirit is the Spirit of truth,  
and He will lead and guide you into all truth.  
Dreams are going to increase,  
and people with insomnia are going to be healed.  
You're not going to be distracted from that anymore.  
The enemy will not be able to steal sleep from you,  
and dreams of destiny are coming forth.  
They're going to be formed in you,  
and you're going to wake up knowing who you are  
and who you're called to be in Christ.  
The Christ in you is going to come forth  
and lead, guide, and direct you in the ways you should go.  
You're going to prosper, and you're going to bless.  
This is a day of change for you,  
and God is stepping into the realm of the supernatural,  
and He's going to hover over you and take the chaos  
that is in your life, and bring it into divine order,  
and you're going to walk in a whole new way.  
Sid: There's such peace in this studio right now.  
I want you to experience this peace.  
You see, many of you have tried the new age  
because you're really searching and turned off on religion,  
but you're really searching for God.  
And more important than that is intimacy with God,  
and God is love, and God accepts you.  
God's called you special.  
God is really interested in you.  
Why would you go for the low-level new age stuff,  
when you can go right to the King;  
when you can have intimacy with Him?  
You know, if you have intimacy with God in this life -  
you won't come back.  
Reincarnation and Christianity are mutually exclusive.  
You either go to everlasting with God  
or everlasting without God.  
I'd rather go to everlasting with God,  
but you won't know unless you experience Him in this life.  
The way you experience Him is to tell Him you've made mistakes.  
Be honest. I mean if you can't be honest with God,  
who can you be honest with?  
Tell Him "I'm sorry. I've made a lot of mistakes, God."  
In your own words.  
"I believe Jesus died in my place,  
and by His blood, all my mistakes are wiped out  
and I have a new beginning."  
Use your words. You don't have to use my words.  
"Jesus, I want You to live inside of me.  
I make You Lord of my life.  
I want to experience Your love. I want to know  
what it is to feel and experience the love of God."  
You talk to Him in your words. He'll understand.  
I just prayed a two word prayer and it transformed my life.  
"Jesus, help!"  
But this is your moment. God is calling you.  
You are special to God. You're special, you really are.
