Sid: Hello, Sid Roth here, welcome to my world  
where it is naturally supernatural.  
My guest John McTernan has researched facts  
that will absolutely amaze you.  
I can almost hear some of you saying, "Amazing."  
The worst disasters to hit the United States of America  
were directly connected with what the United States  
did with the nation Israel.  
John, when did you first come into this revelation?  
I mean it is like within 24 hours  
sometimes these judgments occur.  
John: Yes Sid, yeah I first saw it with Israel  
in August of 1992 with Hurricane Andrew.  
And on the front page of the papers was all the destruction  
of Hurricane Andrew and right there was the  
Madrid Peace Process being transferred from Israel  
to the United States for the first time.  
So if you can picture this, Hurricane Andrew  
ran through southern Florida early in the morning,  
about 6 a.m. it had finished.  
At 10 a.m. the Madrid Peace Process met in Washington  
for the first time and the purpose of the Madrid Peace  
Process was to carve up Israel, to force Israel  
to give away God's covenant land for peace.  
And that pattern goes from; actually I did a little more  
research before that when the Madrid Peace Process  
started Sid, which was October 30th of 1991 and when  
President Bush was giving, President Bush Sr., was giving  
his speech in Madrid to start the Peace Process, his own  
home in Kennebunkport, Maine, was being destroyed by  
the perfect storms sending 30 foot waves against his home.  
Sid: Now can we call that a coincidence?  
John: Well Sid, in my - people have told me that -  
but in my book I have got 40 of such similar disasters,  
and they are not weekend thunderstorms,  
they are the greatest disasters in American history,  
Hurricane Katrina, Hurricane Andrew, Hurricane Ike,  
of course its in my book.  
Sid: But there is a flipside, and the flipside  
is when you are a blessing to Israel you are blessing.

There is a unique history of the United States and the Jewish people in Israel; explain that.

John: Sid that is the beginning of the book, I go into America is unique compared to any country in the world in blessing the Jewish people.

Going back to George Washington I have quotes from George Washington that are just absolutely amazing Sid. I don't know why we are not shouting this from the rooftops, the church, every Christian needs to know this, but George Washington wrote letters to the Jewish communities back in 1790 and he literally said to them that he wanted America to be like the Messianic Reign for the Jewish people, he quoted Malachi chapter four verse three and four, and in another letter he said the same God that created, that took the children of Israel from Egypt into the promised land was the same God that created the United States.

Remember America was only like a couple of years old at this time and he said, and this is George Washington's writings, "Blessed is the nation whose God is the Lord." And George Washington said that the God of Israel is the God of the United States.

And so right from our very beginning we blessed the Jewish people here in America.

Sid: But historically this has been a safe haven, it is almost an unusual window of time in the history of the Jewish people, we have prospered here.

John: Yes Sid.

Sid: But our nation is prospering too.

John: Right, and you can watch.

I go by the Jewish people's writings, and at the time of the American Revolution they say that they were the freest Jewish people in the world, and they said in fact going back to when Rome conquered Israel, they were the freest Jews and America became the freest people. You see the parallel?

And then as America began to, like before the Civil War, Sid let me just catch myself on this, we know nothing really, even Jews know nothing of their own history in America.

Before the Civil War, there were Jewish mayors, there were Jewish governors, there were Jewish ambassadors, it wasn't an impediment to be a Jew in America. Now there may have been individuals that didn't like a Jewish person, but it wasn't an impediment.

Then we come to the Civil War, Sid, there were eight Jewish generals in the United States Army. Isn't that amazing?

There were I think, six or seven medal of honor winners who were Jewish.

President Lincoln specifically had a law enacted to allow Jewish chaplains.

Before the Civil war there were no Jewish chaplains in the Army, he specifically had a law enacted to allow Jewish chaplains in the army.

In most countries they have laws hindering the Jewish people.

Here in America we make laws specifically to bless them and having Jewish chaplains in the army. So we have got this history of blessing the Jewish people.

Sid: But why does this go on thought.

I mean why is it a truth that when you bless Jewish people you are blessed, when you curse Jewish people you are cursed, what is the basis of that?

John: Sid it goes back to Genesis in the Bible with Abraham, and Genesis 12:3 for example, where God says speaking to Abraham, and his descendents, "I will bless them that bless you and I will curse them that curse you." So as you bless the Jewish people a blessing comes on you individually, but in the case of America, it came on the nation.

Sid: You know you revealed something that I never knew and that is the relationship between the church and the nation Israel as far as even its formation, explain that.

John: Yes Sid, starting after the Civil War there was a, sort of a continuous revival in the United States; it wasn't like maybe a spectacular gigantic revival, it was a continuous revival, and the two themes of it, well one of the major them was the second coming of the Lord, and the other part was the restoration of the Jewish people back to the Land, so there is a revival taking place and at the same time the Czar of Russia is persecuting the Jews, starting in 1881/1882, horrible persecution, pogroms were just decimating the Jewish population in Russia, and the Jewish people heard how blessed they were in America, and Sid, they literally walked west out of Russia into Germany with no idea how they were going to get here, but they were going to come to America, they called it the "Famous Land."

And individual helped these Jews leaving Germany get to America, and America opened up its arms, and no matter how many Jews came in, came from especially Russia, we took them in.

So here you have Europe, closed doors; you have Russia quote, "The Russian Orthodox Christian Church" absolutely persecuting the Jews horribly and they have to come three, four thousand miles, whatever it is to America, America opens its arms up and Sid,

I document in the book where the moment we started to allow these Russian Jews to come in by mass, God raised us up as a world power.

Sid: And I want you to understand the moment America stopped being under the blessings of God, don't go away we will be right back.

*We now return to, "It's Supernatural."*

Sid: Hello, Sid Roth here with John McTernan and we were finding fascinating history that very few people understand of how the American church was instrumental in the formation of the nation Israel in modern times, explain.

John: Sid, we have been talking about that revival taking place in America and the Jewish people pouring in from Russia, and the church saw the plight of the Jewish people, they were destitute, Sid, they were poverty stricken, they were beaten emotionally, and it touched the heart of the church and the church said it is time for the Jewish people to have a state.

So, it started, actually in 1881 what history records at the Blackstone Memorial, William Blackstone was a Christian evangelist and he kind of rose to the head of this movement and he had a letter prepared to the President of the United States, who then was President Harrison, asking for the President to declare an international conference for the creation of what we call today, The State of Israel, so that the Jewish people could be safe and have a state. And it was signed Sid, by over four hundred of the most prominent Americans, this was not just an isolated segment, we had the Chief Justice of the Supreme Court signed it, the Speaker of the House signed it Sid, future President McKinley signed it, mayors, governors, senators, leaders of the - like D.L. Moody, the famous Christian evangelist, he signed it.

Sid: You know we don't hear things like this, what we hear, as a Jew what I hear is Theodore Herzl and Zionism, and that did it, but you are telling me underneath that was the Christian influence.

John: Sid, it was the spiritual foundation for it, it was the literal spiritual foundation for the modern state of Israel was birthed primarily, somewhat in England, but primarily here in the United States.

And in 1916 Lewis Brandize, who was an associate Chief Justice of the United States, he had a Zionist Congress in Philadelphia and in that Congress he invited Blackstone to come and be the chief speaker and Lewis Brandize identified Blackstone as the Father of modern Zionism. The early Zionist attributed a Christian evangelist as the, I have got that quote in my book Sid.

Sid: Listen you have so much, but what I want to find out is, God has shown you there have been what you call warning judgments and now we are even past that. When did the day, can you pinpoint when the blessings started, the blessings have been on America that is obvious, but when the blessings started to lift, can you pinpoint it?

John: You can pinpoint it to the day Sid, October 30th, 1991, when President Bush Sr. initiated the Madrid Peace Process and we have to understand that Peace Process is that Israel must give away Covenant Land including Jerusalem for peace.

That was initiated by the President of the United States with the power of the United States behind it and from that day Sid, to this we have had disaster after disaster after disaster, you know as you mentioned, the top five disasters, including economic are connected with this. And Sid, there is an urgency on me now, because we have spoken in the past.

Sid: I believe that John McTernan is a modern day prophet and what he is about ready to tell you is what is going on inside of him, and it is going on inside of him because the Spirit of the Living God is causing him to say this.

John: Sid, when I was on your previous shows we were kind of talking about things in the past if you remember, and now it is current, we are talking about current things. And Sid, I have trouble sleeping at night because of the feeling of the judgment on America, as I was telling you, it is settled like a fog over our nation and it is really boiling down to Jerusalem.

Sid I have here in front of me a speech that President Bush gave on July 16th, 2007, and in it, it is kind of a lengthy speech and it is too much for me to quote, but what the President says in this speech is that, he specifically says, "It is time for the Israeli's to forget about the West Bank, and to look towards the Negev and to look towards the Golan Heights but to forget about the West Bank because it is going to become a Palestinian State, and then he mentions Jerusalem, Jerusalem is going to be the key in this, and Sid, on that, that was a Monday, and Thursday the Stock Market reached an all time high of over 14,000 points and then on Friday the sub prime loan, the debacle hit, so if you take from today and we look, we have had the collapse of Lehman Brothers recently, we have had Merrill-Lynch, we have had Bear-Sterns, we have had Freddie Mac and Fannie Mae, these gigantic banks and lending institutions collapse, if you trace it all the ways back it goes back Sid, to July 20th of 2007, that was the Friday following the

President's speech to divide Israel and Jerusalem.  
So I believe that a curse has come on America,  
on our finances because of the Presidents policy,  
he has America, he has put the power of America  
on the Israelis to divide Jerusalem.

Sid: Well why is God so upset about dividing Jerusalem?  
I mean maybe we can have a little peace  
in the Middle East.

John: Sid, God has a COVANANT with the Jewish  
people over the land, and specifically you can look in the  
Bible in Zachariah chapter 12:13 and 14, specifically talk  
about Jerusalem and not to touch Jerusalem.

Not to touch it Sid.

The nations that touch Jerusalem the Bible  
says will be destroyed.

Sid: Listen, the living Bible says in Zachariah,  
"He that touches Israel is the same as someone  
that pokes their finger in God's eye."

Sid: The only word I can come up with is amazing, when  
you look at how quickly when the United States does  
something against Israel judgments hit the United States.  
If it was one, coincidence, if it was ten,  
still coincidence, but how many John McTernan  
have you personally identified?

John: About seventy Sid, and I have probably about forty  
in my book, thee was too many to put them all in the book.

Sid: Many, most within 24 hours?

John: Same day Sid, twenty-four hours yes.

Sid: give me some examples.

John: Sid we have recent examples,  
June we had the massive floods in Iowa,  
worst floods in history, do you remember them Sid?

Sid: Yes of course.

John: Okay, at the height of the flood Condoleezza Rice  
was in Jerusalem and she was furious at the Israelis,  
absolutely furious because they were building  
homes in East Jerusalem, and the reason she was furious  
is they want East Jerusalem to become a Palestinian State,

she wouldn't admit that but she wants that to be the capital of the Palestinian State. She went as far as to say Sid, that the United States would not recognize those homes as being part of Israel. At the exact time she was there, at the exact time she was saying this, we were having Iowa with the worst floods in history, we had major cities in Iowa under water, we had the crops being destroyed, the dollar was absolutely free-falling, the stock market was crashing, and the price of oil was surging record, and that is in June. She goes there in August and she is doing the same thing and we have while she is there Tropical Storm Fay hit Florida four times, it hit Florida, came out and came back to hit.

Sid: That was unusual the way that came about.

John: The weathermen were amazed at this.

But the exact time she was there bullying Israeli again, we had the entire state of Florida being devastated by Tropical Storm Fay.

Sid: Keep Condoleezza away from Israel.

John: Right, right, well Sid the unofficial, official policy of the United States has been to, in these negotiations, has been to divide Jerusalem, they haven't said anything officially but unofficially it is obvious, like I just shared in June with Condoleezza Rice what she did.

On September 11th of all days, the council general of the United States in Jerusalem finally let the cat out of the bag and said that the United States is officially working to divide Jerusalem.

The State Department immediately denied it, they said these, they didn't quite deny it they said these are being done in secret and they shouldn't discuss it.

Sid, the next day Hurricane Ike hit Texas.

Sid: The next day?

John: The next day Sid, the next day.

And we know the damage that it has done.

It has devastated Houston and Galveston, I mean just tremendous areas have been devastated by this; tens of thousands of homes destroyed and people homeless.

Sid then on, actually it was Friday and it was Saturday when the Hurricane devastated the coast of Texas.

Then Saturday and Sunday Lehman Brothers Bank failed, which is the largest bank in American,

I guess in world history to fail, 639 billion dollars.

Monday the stock market fell 300 and something points, it went up and it fell 400, and we know the chaos that has occurred since.

So we have on a Thursday the United States coming out and it is official that we are working to divide Jerusalem, the very next day Hurricane Ike hits, the next day the Lehman Brothers Bank fails, then the stock market has been in absolute convulsions with huge loses and everything and you can trace it right back.

Sid: Now John, your book covers this, I know you have said, this is the updated version, which just really is as updated as you can get, it is just literally off the printing press, but you have sent your book to senators and

congressmen but sending it and reading it are two different things but if I could put you at this moment transport you to the US Senate what would you say to our senators?

Look in the cameras and talk to them.

John: Sid I would say to the politicians of America especially Sid, it is not the senators as much as it is the President and the State Department, that seems to be the real problem, Sid, and I would tell the President of the United States that as you divide Jerusalem, as you divide the Covenant Land, God is going to divide America Sid. To back off Jerusalem, to back off the Covenant Land, that America has no right to interfere with God's prophetic plan.

Sid: Well someone might say, "I'm a Muslim, I'm Hindu, what do I care about that?"

John: Well Sid, it doesn't really matter to the Lord whether you do it in ignorance or you do it with will, that if you, whomever interferes with God's Covenant Land, who interferes with God's prophetic plan for Israel, because we know Sid, ultimately the nation of Israel has to be there for the redemption, and the second coming of the Lord Jesus Christ.

Sid: So what we do know is we know Israel will be there but we don't know about the United States.

John: Sid, with what I believe the Lord has been showing me, the United States does not have long to exist as we know it, we have done everything to provoke the Lord, but the church will not listen Sid, there is a glazing that comes over people's eyes when I speak to them about this, when I talk to pastors they refuse to stand up, they refuse to repent, they refuse to lead in prayer and fasting, and ask the Lord to have mercy on us for what we are doing, to change our governments policy, they act like nothing is happening Sid.

And the judgments are falling all around us.

Sid: What are you feeling in your belly at this moment?

John: A complete economic meltdown; that we are heading into a third world nation with poverty Sid.

Sid: You know the prophet Joel in the third chapter says that nations will be judged in the last days amazingly over only one issue, and the one issue it specifically says for dividing up my land.

And now you look at this book that documents up to modern days, every single time the United States has lifted their finger against Israel horrible economic judgments, hurricanes, flooding, so what are we supposed to do at a time like this?

There is only one thing that you can do and that is open up your heart to intimacy with God, that is all that counts, there are people listening to me right now and you go to church, you go to mosque, you go to synagogue, but I have to ask you the most important operative question, do you know God, it is wonderful that you watch people on television that know God, it is wonderful that your pastor knows God, but do you know God?

This life is just a blink of the eye, that's all that it is, and then eternity, and where are you going to spend

eternity, who are you going to spend eternity with?  
You do not know when your end will come.  
This is the moment that if you have ever, ever, ever,  
thought it is possible to know God I tell you it is,  
if you have ever thought that God doesn't love you,  
you are wrong because God is pure love.  
If you will reach out to God in your way and the only way  
is in the Name of Jesus, if you will say I repent of my sin,  
I am sorry and I ask to be forgiven, I make Jesus my Lord,  
my Savior, the choice is yours, God's has already made a  
choice, He loves you, He so loves you He sent His Son.  
Now you chose God, it is life or death.  
Intimacy or nothing.
