

SID: My guest, Rick Joyner, a proven prophet, has just received the most serious, the most alarming and the most specific and graphic prophetic dream about the future of America. Next on this edition of *It's Supernatural*.

*Can ancient secrets of the supernatural be rediscovered? Do angels exist? Is there life after death? Are healing miracles real? Can you get supernatural help from another dimension? Has the future been written in advance? **Sid Roth has spent 30 years researching the strange world of the supernatural. Join Sid on this edition of It's Supernatural.***

SID: Hello. **Sid Roth here.** Welcome to my world where it's naturally supernatural. Well I was calling my friend, **Rick Joyner**, on the telephone and he said, "Sid, I just had a dream that has shook me. It's one of the most vivid dreams, significant dreams I've ever had in my life." And as I know he's had a number of significant dreams. As a matter of fact, Rick, you've had a number of significant words that have come to pass, and the measurement of whether someone can dream a dream that's from God or have a prophetic word that's from God doesn't come to pass.

RICK: Yeah.

SID: Tell us a few things that you've seen in the past that have happened.

RICK: Well in 1987, I saw that the countries under, behind the Iron Curtain, the Communist block, that liberty was gonna break out, freedom was gonna come. And of course, you know, a couple of years later the Wall came down. And a part of that same revelation was as they experienced increasing liberty we would experience decreasing liberty and the attack on our liberties. I think that's certainly come to pass. And I saw things back there and this extensive vision I had, that lasted over two and half days, I saw things, it was hard for me to believe would ever come to pass. One of the things that's now unfolding, I saw military action along our southern border with Mexico. I saw pitch battles.

SID: And when you saw it you thought, that could never happen.

RICK: You think about 1987. There's no way this is ever gonna happen. And we're there now. But that whole vision, I think, was a panorama and has now given me a timeline for some things.

SID: Now the housing crisis that's going on today, who would have thought when, I mean, you couldn't lose money in real estate. Everything was going up, up, up. What did God show you about that?

RICK: Well we started prophesying two years before that this was, there was gonna a collapse. There was gonna be a shaking that, you know, the bubble was gonna burst. We lost a lot of friends when we started speaking that, as you can imagine. But of course, it came true. And the Lord, those who heard who got their lives in order profited from that situation. And, you know, I was, for a long time, just about the only one, I think, for a long time that was out there saying Y2K was not going to be anything.

SID: That was not popular message at that time. Everyone wanted Y2K to collapse. I mean, they really didn't want it, but they were sure it was going to happen.

RICK: It's amazing how many friends we lost over that one. But I had been seeking the Lord. I said, "Lord, why are you showing everybody else stuff about Y2K and you're not showing me one thing about it?" And he spoke to me one day and He said, "I'm not showing you anything because it's not going to be anything."

SID: Churches were having all these meetings. Actually, I felt the same way as you. And a top pastor from Chicago called and said, "I'm having a panel on how to prepare for Y2K. Would you want to be on the panel?" I said, "Sure, but you have to understand, I don't think there's going to be a Y2K," and he didn't invite me. But you were recently at Moravian Falls. And I've been there, and I love that place. And I have to believe the reason Moravian Falls, North Carolina has such an open heaven is because of the Moravians. Tell me just a little bit about them.

RICK: Well the Moravians were the true father of modern missions, you know, Count Zinzendorf, even when William Carey was called the father of modern missions, he said, no, Zinzendorf was. He was his inspiration. And he was a German count who at the time must have been one of the wealthiest people in the world. And he had such a vision and a heart for the Lord, and he had a revelation of missions. And this is extraordinary in the way he received all this. But they were so touched by the call of the Gospel, especially to the poor, and that they, you know, the very first two missionaries they sent out actually sold themselves as slaves to pay their own passage to go to the West Indies to reach the slaves in the West Indies.

SID: Can you imagine selling yourself as a slave for the Gospel? It actually sounds more biblical than some of the presentations I see today. But they prayed up in the region called Moravian Falls. And I have so many friends that live out in that area, and they keep telling me they see angels. It's a total open heaven there and that's where you had your dream. Tell me about that.

RICK: Well it is a place. It's where we say we come to Charlotte or, you know, Heritage to meet with people, but Moravian Falls is where we meet with God. I hardly ever go there without some extraordinary revelation or visitation. And I had a dream.

SID: How significant? I want you to tell me how significant based on all of your experience over the years, how significant is this dream?

RICK: It shook me personally more than any dream, any revelation I've ever had that I remember. It imparted something so deeply to my soul. The reality of this, the absolute emergency that we are in as a nation, and it was about our country, I have never been shaken this hard before. And you know, in the last few years I've been trying to sound the alarm because it's the main message the Lord has been giving me. But I've never had any go this deep or to grip me with just how critical things are like this dream did.

SID: Is it too late for America's survival? You're going to get some amazing insight from this visitation that Rick had through a dream. Don't go away. We'll be right back.

We'll be right back to It's Supernatural.

We now return to It's Supernatural.

SID: Hello. **Sid Roth here with Rick Joyner.** And Rick said he had a dream from God that he classifies an emergency for the United States. Rick was in Moravian Falls where there's an open heaven and he had a visitation. Tell me just briefly about the dream and more important what it means.

RICK: Well it was a brief dream. And in this dream I was in a log cabin and every room in this log cabin was a part of America. Now all this has prophetic symbolism. But I was taken to the different geographical parts, as well as different cultures and industries, and places in America. And these little fires kept popping up and the people leading me around would just go over and stomp them out. And I wasn't paying attention to them and it started really bothering me about these little fires. And finally we were gonna go outside and outside was a military base in this dream, but as we were going out another fire, just a little one, shot up over. And I went to stomp it out and when I got there and stomped it out I realized that it had burned through the floor and the subfloor. So I just looked down under the house to see the foundation and, you know, things happen in a dream that are not actual, but I could see the whole foundation, and the whole thing was on fire. It's just hot, burning coals. And this is where the little fires were popping up from. And I knew--

SID: But if you destroy the foundation you destroy the whole house.

RICK: That's what's on fire, the foundations. And I immediately, you know, a fireman, if he ever saw something like that, you would run for your life, and that's what I felt in the dream. In the dream I wanted to go just five steps over to the side and grab my computer, which is where everything I own is in my computer almost. I was gonna grab that. And I heard the voice of the Lord in my dream. He said, "You don't have time for that. Get your wife and get the fire hose." And I knew what He meant. And I woke up at that time and I was, I mean, I was sweating. I knew this house was about to explode that was America.

SID: So it really is an emergency.

RICK: It really is an emergency. And usually in dreams and visions your wife or bride is the church, the bride. And I know she alone has the hose, the fire hose, the water, which represents the Word of God and the truth. The only thing we can do is pour as much water as we can on the foundations.

SID: Well while the foundation is being destroyed we don't have anyone speaking a non-compromised message of truth to speak of. I mean, there are exceptions. But to speak of, what we have gone is to more of a seeker sensitive than a, I hate to say it, but it's true, God sensitive message.

RICK: Well we're in desperate need of leaders in our country that are not politicians, but leaders. And there can be a huge difference. And we're in desperate need of those who will speak the truth boldly without compromise and they're going to be far more concerned about what God thinks and what men think. You know, the fear of man brings us near. We can't worry about what man is going, I tell you, the political correctness is killing us. It's being used against us.

SID: Well for instance, General Jerry Boykin, I've heard him speak at your place. Tell me his credentials, briefly.

RICK: Well he's probably one of our greatest warriors of the last 30 years. He was one of the founding members of Delta Force. He commanded Delta Force. He's the guy Noriega surrendered to in Panama. He was over the Delta Force, you know, Panama and at Mogadishu, and the battle that was made famous in the "Black Hawk Down" movie. General Boykin was over that and he's been--

SID: He's a former Green Beret.

RICK: He was a Green Beret and then Delta Force, which was Special Operations.

SID: How does he know so much about Marxism and socialism?

RICK: Well Jerry went on to oversee covert operations in the CIA for three years. He was our Deputy Secretary of Defense for Intelligence for after that. And he was trained as a Green Beret. And when he was coming up in these things the greatest threat to America was socialism. And they were trained to identify and recognize the encroachment or the insurgency of Marxism at the time, and that's when we got Jerry. You know, I got him to do this little video.

SID: I tell you what, I want you to see just a small segment of this video. It is, he's not a people pleaser. That you'll find out.

[begin video]

General Boykin: We hear a lot about Marxism and socialism, and there are those particularly in the media who would say that we should tone down our rhetoric about socialism because we're not moving to socialism. Well the reality is I'm a Special Forces officer. I'm a Green Beret and I've studied Marxist insurgency. It was part of my training. And the things that I know that have been done in every Marxist insurgency are being done in America today. The first thing that has happened when people like Fidel Castro have moved their societies towards Marxism is they've nationalized major sectors of the economy. Folks, that's what the bail-outs were, nationalizing major sectors of the economy. The second thing they've done is they've redistributed wealth. We've heard enough about the redistribution of wealth. And in fact, the man that was appointed to handle Medicaid and Medicare after he was seated in the office actually stood up and said publicly that health care was nothing but a redistribution of wealth. The third thing that they do is they discredit their opposition. Now I've never been so angry with my government as when a Department of Homeland Security memorandum went around to law enforcement all over the country saying that the future threats to America were right-wing Christian groups, pro-life

groups, Second Amendment groups and returning veterans. I'm still angry about that. But it never said Islamic terrorists. That's discrediting the opposition, the very groups that would stand up and protest the things that they see happening in our country. And the final thing that is done in the Marxist model is societies like Cuba, like Venezuela today, like Russia under Stalin or China under Mao Tse Tung. Things they have done, the final thing has been actually to develop a constabulary force, a force that can control the population. You say, well we don't have that. Well let me remind you that prior to the election the president stood up and said that if elected he would have a--

President Obama: A civilian national security force that's just as powerful, just as strong, just as well funded--

General Boykin: As the United States military. For what? Remember, Hitler had the brown shirts. And in the Night of the Long Knives even Hitler got scared of the brown shirts and killed thousands of them. Well, so you say, are there any signs of that's actually happened? The truth is yes. If you read the health care legislation, which by the way, no one in Washington has read, but if you read the health care legislation it's actually in the health care legislation. There are paragraphs in the health care legislation that talk about the commissioning of officers in time of a national crisis to work directly for the president. It's laying the groundwork for a constabulary force that will control the population in America. You need to understand this is happening in America and it fits the model that societies have been used when societies move to Marxism.

[end video]

We'll be right back to It's Supernatural.

We now return to It's Supernatural.

SID: Hi. **Sid Roth here with Rick Joyner** and a pretty sobering program. Rick, there are some serious things going on in the United States of America. From your dream you saw the foundation all over being attacked. But then you got a call from a friend of yours that's an orthodox Jewish rabbi that had a dream, that was confirmation to you. Explain.

RICK: Yeah. It was quite a startling dream. He had it on the evening of October 29th, and he saw this huge bear. And, you know, to cut right to the chase, it was a bear market that preceded 1929. In his dream it was much larger than the bear that was struck in 1929, which he also saw in this dream.

SID: Well '29 was a pretty bad bear market.

RICK: Yes.

SID: This is going to be worse, is what he saw?

RICK: That's what he saw. Now both of these dreams, mine, too, with the entire foundation, I don't think the Lord would have said, "Get your wife, get the hose," if we could not put that fire

out, if we couldn't stop this from happening. And I think the same with him, he was shown in this dream a gun that was used to kill the 1929 bear, which was basically the Lord's kingdom is coming, to have that faith, to have that peace, and seek first the Kingdom of God and His righteousness. Those scriptures were, you know, they were burned into that gun. They were engraved into it and the gun that shot the first bear, well he said, in this dream, he was told, "You can kill this bigger bear with the same gun." We have to seek God's kingdom above everything else. That is the only answer.

SID: So you know the credentials of Rick Joyner. I'm just finding out about this orthodox Jewish rabbi that believes in Jesus, that I mean, he lives by faith. What did he tell you about money materializing?

RICK: He went through a period of time where he would open his Bible. Of course, he reads the Hebrew Bible and he reads the Greek one, and every time there's money it. Now it was not possible for anyone to slip in and put money in the situation. He kept emailing me and saying, "This is incredible." Money is appearing in my Bibles. And this went on for a long period of time, and I think it was a sign. But, you know, the Lord did that. He told Peter, "Go get this fish and you'll find the money in the fish."

SID: Okay. How have these two dreams changed your life, Rick Joyner?

RICK: Well they were so, so brief. I mean, what I saw in my own dream is like planted. It was so real. I remember it like a real experience, not like a dream. And it's just branded on me. And I feel that God has, you know, shown me that the foundation that he put in our country, he's had me on a search of that in the last few years to really see His handy work in His hand, and He's just planted something and we can't lose this country. He really has a destiny that we have not yet fulfilled in this country. But we will lose it if the church does not wake up and does not speak the truth with clarity, with boldness, without compromise.

SID: Okay. Rick, a lot of people are enthusiastic that there's going to be some solutions for this country in the political arena. What do you think?

RICK: Well I thank God that Christians are waking up and becoming the salt and light we're called to be. When he said, "Go into all the world," it wasn't just geographical. We're supposed to be getting, Christians should be going into government, business and, you know, entertainment, the arts, everything as missionaries, and I think this is happening. So I am very thankful that Christians are awakening and getting engaged and involved. But I think many of the ultimate issues are already beyond human remedy. We've got to have God to make it through what's coming. We've got to seek first the kingdom. That doesn't mean we're not engaged in politics and that doesn't have some of the answers. But we need wisdom from above. We need Josephs and Daniels, prophetic voices in the ear of our political leaders, government leaders and everything else, or we really aren't gonna make it through the times.

SID: Now tell me a bit about Islam and the Islamization of Paris, of England, which to me is kind of like a preview of what's going to happen in the United States.

RICK: Well it is remarkable.

SID: Unless--

RICK: Unless we wake up.

SID: Correct.

RICK: One thing, you know, we're supposed to understand the times. The Lord called them hypocrites who did not understand the signs of the times or who understood the weather better. We are supposed to understand. You cannot understand the modern world without understanding Islam. And yet we've been made to think you can't understand it. Don't touch it. You know, that's Islamaphobia. But the whole country is waking up to know we have to understand this issue. It's not just a religion. It is a totalitarian form of government called Sharia Law that they're seeking to impose on every nation on earth. That is what jihad is about. It's not just getting people to convert to Islam. They just assume you didn't convert because, you know, according to that doctrine and in their book you either become a convert to Islam or you become a slave, or they have the right to kill you. So they would just assume have plenty of slaves. But we really need to understand what this religion is all about. It's not just a religion. It's using religion for domineering and also, I think, in the same spirit of seeking to wipe out the Jewish people. That we have to realize that they are operating in the same spirit that rose up in the '30s and '40s in Europe, and this is happening all over the world.

SID: Okay. We see what's happening in Islam. We see what's happening in the United States of America. We see the foundation of the whole United States is shaking and about ready to collapse. Is there real hope, in your opinion, real hope?

RICK: Absolutely. Absolutely. All these things, God is not sitting in Heaven wringing his hand over any of this. Now He says the heavens and the heavens of the Lord, the earth he's given into the hands of the sons of men. So, you know, the Holy Spirit is the helper, not the doer. He expects us to get engaged, but He will help us. He can change all of this, turn all of this into a great victory for the truth, a great victory for His people and His kingdom, and everything else, but we have to get engaged. He won't do things on the earth until we pray. He said, "The heavens are mine, but I gave you the earth. I'll help you, but you've got to ask me."

SID: You know what I believe? I believe we're about ready to have, Rick, the greatest revival the world has ever seen, and I believe that the United States of America's days are not finished. But the balance, as Rick is saying, is up to the sleeping giant. Will the sleeping giant lay down their differences? Will the sleeping giant put God's kingdom first as opposed to their kingdom? Do you know something? Jesus didn't start with a whole lot of people. He started just with a dozen, a dozen men and women that no God, Rick, I believe could change this earth. I believe we're about ready have a tsunami, a major tsunami of God's spirit, and you can be a part of it as long as Jesus is your Lord. If not, do something right now. You know what to do.
