SID: My guest says the old model of healing is to pray for everyone based on a formula or getting worked up in the Spirit. And you know...only a few get healed. The new model of healing is to hear from Heaven before you pray. Why? God *never* fails!

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. **Join Sid for this edition of It's Supernatural.***

SID: Hello, Sid Roth here with Dennis Walker. I love the rarified air of Heaven. It is naturally supernatural, especially on this set, especially in your home right now. How would you like an angel to go to your bank and pay off all of your debts? Well my guest prayed for someone and this happened. But you know...you come from such a godly heritage. You kind of provoke me to jealousy. Your parents saw people like Branham and Allen. What did they tell you? Tell me some spectacular thing they told you. And you were a baby! You were taken to some of these meetings. Tell me. And so you were in that rarified air of Heaven, even though you didn't understand a whole lot. What did they tell you they saw?

DENNIS: Well, one of the best stories was my dad told me that he was in a meeting with William Branham; and actually was used to usher Branham out to the parking lot, where there was a man who had died in a station wagon, and that William Branham ministered over him and he was raised from the dead, right in front of my dad's eyes.

SID: That's got to change someone forever when something like that happens.

DENNIS: It does. When you see that...wow!

SID: Now when you were just a young boy, an evangelist came to town by the name of Tommy Hicks.

DENNIS: That's right.

SID: And you gave Tommy some money. How old were you?

DENNIS: I think I was probably around five.

SID: Five?

DENNIS: Yeah, I was five years old.

SID: And you had the chutzpah, that's a Hebrew word, the nerve to walk up and give Tommy... First of all, those that don't know who Tommy Hicks is, tell me about him.

DENNIS: Tommy Hicks was the guy who pretty much brought revival to Argentina.

SID: How did he do that?

DENNIS: Well, the way he did it was he was sent by the Lord. The Lord spoke to him, and he was going to use him in that nation. So he went down there and he tried to have meetings in stadiums, but they wouldn't get him permission. It was a Catholic country and he couldn't have any permission to do that. So the only way he could get permission was from the president. So he went to the presidential offices and sat there all one day. And the only reason he got an interview with the president was someone slipped and fell and broke their wrist right in front of him. And God gave him the initiative to do what needed to be done to heal that wrist. The guy got him in to see the president. President Juan Peron had a skin ailment and Tommy Hicks was used to heal him of that skin ailment. And it opened up the door for carte blanche..."whatever you want to do in the nation."

SID: But then after you had given Tommy that coin, what did he say to you?

DENNIS: He put his hands on me and he said, "That makes us partners." And he prayed over me at that point, just that God would use me in my life as well.

SID: And a number of years later, you had a prophecy by – who was it, Engle?

DENNIS: Lou Engle.

SID: Lou Engle. And what did he prophesy over you? And he knew nothing about this?

DENNIS: He knew nothing about this occasion. We were in a meeting and we were told to turn to one another and pray over one another. I don't know if you've ever seen Lou. He starts pumping the oil.

SID: You may not know this, but I was raised in an orthodox Jewish tradition, and when we doven, we pray, we rock. We want every form of our body in harmony with what God is doing.

DENNIS: Amen.

SID: If you look at the Western Wall, the Wailing Wall, we just rock. Just like Lou.

DENNIS: Just like Lou.

SID: And what did he say?

DENNIS: So Lou looks at me and he says, "You have the spirit of Tommy Hicks all over you."

SID: And you then went to John Wimber's ministry. What impact did this have you on your life?

DENNIS: Well, John Wimber was such an eye-opening experience for the teaching that he did on healing. Because I came from a very strong Pentecostal background where you had to psyche it up and you had to speak in tongues, and you had to get it moving, and then you grab the person, you shake them and shout and spit a little bit. Then (laughs) hopefully you saw him healed.

SID: Did you see many people healed when you did all the religious stuff?

DENNIS: Rarely. I mean, to know that they were absolutely healed, with the testimony and the whole thing - very rarely saw that.

SID: Okay. What did you learn at Wimber's ministry?

DENNIS: Well, what I learned is you can dial down, get quiet and actually calm down at that minute, and that God would speak to you. And whatever God spoke to you, you could say and do and move on that, and then healings would come.

SID: Okay. You call it the initiatives from Heaven. Tell me about the initiative of this little girl that died.

DENNIS: There you go. This was a good one because it really illustrates how to receive this. What it is, an initiative, is just knowing the instruction for the moment. I had gotten a phone call. I was pastor of a Spanish church in Las Vegas that we had started. And I had gotten a phone call to go to the hospital because one of the daughters, one of the members of our church had drowned. And I wasn't sure what state she was in. She had been in the bathtub. Anyway, I went to the hospital. On the way, I'm driving along and say, God what do you want me to do when I get to the hospital? And I heard the clear instruction from Heaven, "You ask the parents what they want from me and whatever they ask of me, I will give it to them." That sounded very easy. But the moment I walk up to the parents in the hospital, the head nurse comes out and says, "Your daughter has passed away." So now it's a situation where it's not just that she's in a bad condition, she's passed away. And so the head nurse invited the parents to go mourn the loss of their daughter. But something rose up within me, and I said, "Can I go in with you?" They allowed me to go in with them. And then I went into the hospital, into the room where the baby was laying on a table, and I stopped the parents from mourning. At that moment I said, "Stop right now. What do you want from God right now?" The very thing God had asked me to tell them, I asked them.

SID: But that doesn't make sense to me.

DENNIS: No it doesn't to me either.

SID: But it doesn't have to make sense. You were obedient. All you are is a good secretary.

DENNIS: That's exactly right. You know what does make sense? Moses, when an army is attacking him, standing over the Red Sea and raising a stick! Now here you have a big army coming against him, and his answer, "a stick." Army? Stick? Makes no sense! But you know what? That's how the initiatives of Heaven come? Very small actions that we do on Earth that are born from Heaven have a massive impact on the earth.

SID: So what happened to this baby? There is no chance of this baby's survival. It's dead.

DENNIS: The baby had passed away. The parents said they wanted their baby back. And I went over and I stood in front of the baby and I said, "I command you, come back." And when I did that, I heard God's voice again speak to me and say, "It's done." And what I learned is when God says, "it's done", that really means "you're done...time to leave." So I walked away. I didn't see what actually happened, but I head the story.

SID: You say you don't know if this is a true story? That's fair. Just go to our website and you'll see a live witness testify before her very eyes she saw this happening. Go to sidroth.org, (www.sidroth.org). And you want to hear something crazy? This Dennis is told to do something from Heaven and he does it. What would you think? I'll tell you what. Come on back. You'll find out exactly. This outrageous, this meshuga, that's a Hebrew word for "crazy," thing he does. Be right back.

SID: **The only word I have is "meshuga,"** a Hebrew word that means "crazy". **This Dennis Walker hears from God.** You like hearing from God, don't you?

DENNIS: I love it.

SID: You like hearing from God.

DENNIS: I wouldn't want to live without that.

SID: And have you found, it's a contagious thing, the more you hear from Heaven, the more you hear, the more you hear. And by the way, it works in reverse. The less you hear, the less you hear, the less you hear. I can't wait to find out.

DENNIS: It's the old saying, use it or lose it.

SID: Alright. When you say "initiative from Heaven", what do you really mean? Define that.

DENNIS: Well it's instructions. It's concrete instructions from Heaven. It's the same thing that Moses walked in. Moses got the instructions for every situation. So you have a specific need and then you have a specific instruction. And that instruction when it's brought from Heaven to Earth by you, as you hear and you do, or you speak, it just releases the power of Heaven on that situation.

SID: You really call this a new paradigm. But it really isn't new.

DENNIS: No, not at all.

SID: It's the original.

DENNIS: That's right.

SID: It's the magillah. It's the real thing.

DENNIS: That's right.

SID: Okay. So the real thing hits you. What do you do? What would you do if God told you to pitch a tent in your living room? What did you do, Dennis?

DENNIS: I did it. The Lord told me that I was supposed to buy this tent and spend time with Him in the tent. That He would meet with me in the tent. And He said, "I'm going to restore to you the Feast of Tabernacles".

SID: What did that mean to you?

DENNIS: That meant a time of learning how to live and abide with God.

SID: We Jewish people, we're in these things where could actually see the stars out of these tabernacles that we're in. We call it Succoth, and we remark on the majesty of God. So you went through a Feast of Tabernacles in your living room.

DENNIS: That's right.

SID: What did your wife think about this when she saw the tent in her living room?

DENNIS: She walked in and she said, "Doesn't that go up outside?"

SID: That's an understatement.

DENNIS: I said, "Well you know, this is Las Vegas and it gets very hot out there, so this one is going inside and me in it."

SID: Okay. When you went into the tent, because you were told to go into the tent, because God wanted to meet with you, what happened?

DENNIS: I got into this tent and I started applying what it says in Colossians in Chapter 3, which says, "Seek those things which are above where Christ is seated at the right hand of God." Seek third Heaven, is what it says. And then in Verse 2 it tells you how. It says, "Set your mind on things above, not on things on the earth." So I started setting my mind on the things of Heaven. You can do that because the Bible tells you what Heaven looks like. So I'm setting my mind on Heaven, and all of a sudden, I'm caught into the scene. I'm brought into this experience in heavenly places. And the Jesus began to come and actually speak to me and teach me things, and show me things.

SID: That must be so wonderful to be taught by Jesus. But when you think about it, Dennis, that's why we have the Bible.

DENNIS: It's true.

SID: But when he taught you, what difference did this make in your life from this time? How long did you stay in the tent, by the way?

DENNIS: Oh, I was there hours and hours, and hours, just everyday. My wife was so gracious. She would protect me. I told her if anybody knocks at the door just tell them that I've gone to Heaven.

SID: Did you go to Heaven in the tent?

DENNIS: Oh I did...many, many, many times. I've gone to Heaven.

SID: Tell me one time.

DENNIS: This one was, I was caught up to a place that was a big white wall, and there were no doors or windows. It was as long as I could see on either way and very, very high, and it was translucent. It was like catching the light from the Throne of God and reflecting it back. And I'm asking, where is this? And the message I got was, "You are in the archives of Heaven." And so then I said, "Well what would that be like?" And they said, "Come in."

SID: I'd love to read the archives and look up that name. Did you?

DENNIS: No. Here's what...It was different than what I thought it would be. Because, you know, you think archives, you think files.

SID: Yeah, right.

DENNIS: I was actually caught into a scene. And at first I thought, this cannot be Heaven. But it was a scene like a low-lying cave, very, very dank, dark, nasty atmosphere. How can this be in Heaven? And then the Lord said, "You're in the jail, in the cave of Ephesus, or Philippi, where Paul and Silas were beaten and thrown into prison, and then they worshipped with me until Heaven came to Earth."

SID: And all the other prisoners heard them. I love it.

DENNIS: They did, and they were set free. It created an earthquake on Earth because Heaven and Earth came together through their worship.

SID: Why did he show you that?

DENNIS: He wanted me to see that those things recorded are in Heaven. And then He took me to the next scene, and the next scene was a tenement apartment and a lady sitting at the table weeping; shedding tears asking God to help her raise her son in a hostile environment in the city she lived in. And the Lord said, "Every tear is remembered here. Every tear is kept. Every scene in the saints' suffering is kept here." And then I asked, of course, "Why? Why would you keep all this?" And He said, "This is the body of evidence that will be presented at the judgment of the fallen angels; that every tear that is caused by their sowing the seed of rebellion will be brought to trial and be shown here." And He said, "Those things will be kept for eternity so that the inheritors of salvation, there would be a reason for this, for the angels to know." This was especially kept for the angels.

SID: Now you heard about the term even, "initiative from Heaven" in this tent.

DENNIS: Yes.

SID: Why is it important...for you that are watching right now to understand the initiative of Heaven and operate in the initiative of Heaven? Why is that important?

DENNIS: I think it's the answer and the key to everything we're called to do. Jesus said, "The works that I do, you'll do and even greater. For whoever believes in him they'll do those works." But we have to do his works in his way. And that means that we do it how he said he did it in John 5:19, where he said, "The son can do nothing of himself but what he sees the Father do. Whatever the Father in Heaven does, the son on Earth does just the same." And so there's this relinking and synchronization of Heaven and Earth, as we do on Earth what he's doing in Heaven. And that's part of the Lord's Prayer. He said, "Your kingdom come, your will be done on Earth as it is in Heaven."

SID: Wow! That's wonderful that *you* can do that. But how about me? How about you? Can you do that? Can everyone do that?

DENNIS: Yes.

SID: It's not just some special people?

DENNIS: No. It's easy.

SID: It's easy! I like that. We'll be back in a moment to find out just how easy it is.

*We now return to **It's Supernatural**.*

SID: Hello, Sid Roth here with Dennis Walker and we're talking about what he calls "initiatives from Heaven." Now if God is initiating something, it is a done deal. It will happen. So **Dennis**, you find yourself in Peru of all places, and you get an initiative from Heaven. What were you told and what happened?

DENNIS: I was right in the middle of a teaching that I was doing, and right in the middle I hear the Lord say, "Whoever will run up to the front right now I'm going to pay off their debts." And so I stopped. I've learned that you follow these things right when they come. And so I stopped and I said, "Whoever will run up here right now, the Lord said he's going to pay off your debts." You know, you say exactly what He said.

SID: You know all you are is a good secretary. I like to refer to myself as a good Jewish secretary.

DENNIS: Me, too.

SID: That's all we are, is we're good secretaries. But some of you are not hearing the initiatives from Heaven. This is what happens when you do. He hears an initiative from Heaven. He says, "Some of you are in debt. Come...run" Did you tell them run?

DENNIS: Run up here.

SID: Run up here. What happened?

DENNIS: Well at first, I thought everyone would run up, but nobody did for a long moment. I mean, it was like uncomfortable. And then all of a sudden, a lady grabbed her husband and dragged him to the front, and they came up. So I just proclaimed over them, "I command right now your debts are paid off." And I went on and finished my teaching. Well, I really didn't hear back about that for one year. And it turns out this couple were from another city 300 kilometers

distant from where we were actually having these meetings. And the following year, I was in their city and the lady says, "You want to hear what happened?" I said, "Yeah, tell me happened." She said, "When I got home," two days after this event, where I had said, "your debts are cancelled," she went to the bank to make a payment on this huge loan that she didn't think she'd ever finish paying off. Goes to the bank window and they said, "This has been paid off." So she asked, "When was that?" And they looked it up and it was the very day I commanded that to be done. It was done that day. And then she said, "Who paid this off?" And they looked on the computer and called over the guy who had dealt with the transaction. He looked at her and he said, "Don't you remember? You came in, you counted out the bills. I gave you a receipt. You don't remember this?" And she kind of walked towards him and said, "Yeah, now I remember." Turns out that God had sent an angel.

SID: She didn't remember. She was never there.

DENNIS: She was never there.

SID: God sent an angel. What did the angel do?

DENNIS: The angel took off this debt. Came in the form of a chubby, fat Peruvian woman, and just like her, where the teller could look at her two days after the event and said, "It was you," and paid off every bit of that debt.

SID: I *love* the initiatives from Heaven.

DENNIS: Me, too.

SID: You tell us how to be able to sensitive to the initiatives from Heaven. And one of the things you talk about you learned in the tent. It's called soaking. Explain what that is.

DENNIS: Soaking is when you're going to exercise your spirit into being aware of what's going on in Heaven. See, what I believe is that when you're born again that your spirit comes alive, and all five of the spiritual senses come alive in you. And so you can actually practice these things by just getting quiet and learning how to focus your mind, focus your inner visions on the things of Heaven. And so that's what I did. When I came into the tent I focused my mind on Heaven, according to Colossians 3:1-2, and all of a sudden I was brought into this place, and there was just this proliferation of signs and wonders, and miracles, and these initiatives would start coming, and it has totally changed my life.

SID: But people don't need a tent to do this.

DENNIS: No, you don't.

SID: You would just, as I understand, lay in that tent and you'd have the music, and you would actually soar to the heavenlies by faith.

DENNIS: That's right, exactly. You know what it is? Any place you can come away into like a secret place, Jesus spoke of this in Matthew 6, "Get into your secret chamber, close the door and pray to your Father who sees in secret." And then everything else after that was all about provision. It was about the hand of God coming on your life. And I believe that you can do that. If you don't have a tent or a secret place, find a box to put your head in, because it's all about focus.

SID: Well you know, in the Azusa Street Revival, William Seymour, literally did that!

DENNIS: He did.

SID: Until God gave him an initiative. So he operated under the initiatives of Heaven. Tell me, when you went for a plane ride without a plane.

DENNIS: Without a plane. That's right. I had gone into the tent one day, and in the tent, you know, I always was coming into Heaven. But this one day was different, a different experience. I was expecting to be caught into a scene in Heaven and see things in Heaven. But this time I was going over geography. I saw the ocean going below me very fast and then a mountain chain, going along a mountain chain, then coming down, a valley in the mountain. I realized all of a sudden this is the Huallaga Valley in Peru. I know that because I've flown down that same path in airplanes before. So flew right into the city, right into the house of our pastor of the city of Huanuco. And he had just recently called and said that he had to retire from the ministry because he was diagnosed with a severe heart condition, and they told him, if you continue under the stress you're going to die. And so suddenly, I'm standing beside his bed. He's asleep and his wife next to him, and I laid my hand on his chest and proclaimed a healing. Went around on the other side of the bed, laid my hand on her head and proclaimed a renewed experience in the Holy Spirit. Partly I did that because when she was baptized in the Holy Spirit, she went 10 days that she could not speak her native language.

SID: She was speaking in a supernatural language. Her native language was Spanish, but she could not speak Spanish for, did you say 10 days.

DENNIS: Ten days. At day four, he called me and I said, "Will she ever speak Spanish again?" I said, "Yes, don't worry. It will be a wonderful change in her life."

SID: And what did the doctor say about his heart?

DENNIS: Well we called him two days later. We got a hold of him. Called him and said, "How's your heart?" And he said, "It was amazing. Two nights ago," he said, "I had an encounter in the middle of the night with the Lord and all of a sudden I have no pain." And I said, "How about your wife? How about Doris?" "Well she has begun to speak in tongues again, the heavenly language, and now for the last two days she hasn't been able to speak Spanish again." Actually, she went 15 days on that occasion without being able to speak her native language again. So the things I proclaimed were done.

SID: Do you have an initiative from Heaven for us right now?

DENNIS: Yeah, I do. You know, I really felt like the Lord said that there people listening right now that you've been having a high pitch buzzing in your ears, and that right now, God is going to touch your ears. What He wants you to do is take your two fingers and just hold them for a second in your ears, do it after I'm done talking, and hold it in your ears for a second, and then pop those out, and I believe you're going to sense that something has happened right now.

SID: Okay. Here's what I believe also. Not only that person, but if you will put your fingers, but not all the way so you can hear, I want you to look in the camera and pray that we hear initiatives from Heaven. Would you do that right now?

DENNIS: I will do that. So right now we just proclaim that every spirit of deafness, every problem with you being able to hear by the spirit, the Bible says, "My sheep hear my voice," I proclaim that thing will come off of you, that your ears will open. And I proclaim right now that the eyes, the ears, the spiritual sense of taste, touch and smell are being activated as we speak.

SID: There's such a peace in this studio, now. Someone's back has just been healed. But faith without a corresponding action, Dennis will tell you, is dead.

DENNIS: That's right.

SID: God is fun. It's time to jump into the water. Make Jesus your Lord. Repent your sins. Say, "Jesus, you're my lord and come live inside of me." Do it right now.
