

Sid: My guest had supernatural peace poured into him in Africa. I mean, a peace that is so strong, so tangible you can't worry even if you try. This peace is so powerful it overcomes every negative circumstance. Now he's pouring this peace into other people. Next on this edition of *It's Supernatural*.

Sid: Hello. Sid Roth. Welcome to my world where it's naturally supernatural. I love the rarified air of Heaven. Now I have, to my knowledge, I've never said this at the introduction of a show. But I have been looking so forward to interviewing my guest, David Martin, because you see, David received two impartations from God that I believe, as a mentor of you in the End Times, you must, absolutely must receive. But David, let's start out with, in 2005, you received three prophetic words. Tell me about them.

David: I did. Sid, I was in the midst of a 17-week revival in Connecticut, and as I was driving back one night to the church, about midnight, God really spoke very strongly to me. I hear many things from the Lord, but these were like three imperative words. And what He said is bad times were coming. This was four months before Katrina happened, and literally I saw Katrina. I saw it. And if I saw correctly, Katrina was nothing. What really impressed upon me when that happened is God saying to me this is a wake-up call. So that was word number one. Number two, He said to me His people were not taking His Word serious. We're kind of picking and choosing the parts we like and of course we all like prosperity and those kind of things. But God said we need to look at the totality of His Word, and the one thing specific that He spoke to me of significance was the sowing and reaping, that as we sow we will reap. God says I'm not mocked in this.

Sid: Now most people hear of sowing and reaping with money, but that means everything.

David: Every thought.

Sid: Every thought.

David: Every thought. Not just heir deeds, but those thoughts that we think on those things that we're meditating on. And that's where He really began to teach me about the importance of meditating the Word, because those words that we're thinking, particularly those that stir up emotion inside of us, were creating good or bad, but they were creating.

Sid: What was the next word?

David: The third word that we were so caught up in our self, the things of this world, things that were important to us personally, and you know, what causes us to be selfish or things that are just important to us.

Sid: It's almost the spirit of this age that we're living in right now.

David: Absolutely.

Sid: So we have to fight the spirit of this age.

David: I believe God is helping us to make right decisions right now.

Sid: Okay. When are these horrific times going to come on America?

David: Well I believe we're already seeing them. I mean, other peoples in the world, whether it's Indonesia or Haiti, the Bible says in the last days this would be the case, you know, wars, rumors of wars, earthquakes, famines. But I believe very earnestly God spoke that in 2005. But then in, two years ago, God said to me, "You have two years to prepare for what's coming," which is where we are right now.

Sid: What is coming?

David: Well I think more bad. I mean, it's going to cover every area, Sid. It's going to be economic. It's going to be geophysical, financial, economic, I think even in the church, in the religious world. We're going to see a lot of shaking.

Sid: People losing their ministries, people being caught in sin.

David: The sin is going to find you out.

Sid: But you know what? It's to the advantage to be found out. How would you like to find out about the sin after you die and you go to the Day of Judgment? I mean, now is the time to get rid of that sin because of the precious word of the Messiah, of Yeshua. David, I am excited about these two anointings you've received. Tell me about the first one, the circumstances.

David: Well the circumstance, it's a really long story and trying to make it short is difficult. But essentially, there was a revival that went through East Central Africa in the '30s. It was called the Shining One movement. And the people of that movement literally heard about this in the '90s when I was in their refugee camps in Rwanda. But the people of that day shined, they literally radiated the Glory of God.

Sid: Listen, last night at dinner David was shining. Tell me about this. I mean, non-believers, people walked up to you, like last night I saw this, said you are literally shining.

David: I hear it all the time. It's just a common thing that I hear. But to me what's more important is that all believers, I mean, this is what we're called to do. We're called to radiate.

Sid: I've always felt that in the latter times that when we walk in holiness and there's only room for the Glory of God, it's got to be released, and of course we're going to be shining. These people walked in such holiness. They would repent of little sins that most people here in America wouldn't even think anything of. Explain that.

David: Well when I was there in 1998, through a unique series of circumstances, which is very supernatural in itself, in the midst of a pastor's conference, God poured out His spirit and 250 pastors all got baptized from the Holy Ghost. I mean, we're talking non-charismatic people getting baptized in the Holy Ghost, three hours of glory. God said to me, "Go to the birthplace of that revival." And while I was there, the next day, walked into the chapel where this revival happened 30-some years earlier, and while I'm in the chapel, a man named Enoch walked in.

Sid: Kind of, that's an interesting coincidence, Enoch.

David: Well Enoch just happened to live a long time. He was one of the founders of that story where in this chapel, this revival started in this chapel, spread all over East Central Africa. But because God had told me in 1979 to study miracles, to prepare for the end, if you will, to teach people how to walk in the miraculous for these days. And the one miracle, Sid, that God really directed me to, to study, was transfiguration. I had been studying this for 30 years. Now here, I'm face to face with a man that walked in transfigured anointing, and I'm saying, tell me about it. And as he explained it to me, he said, "David, this anointing with this move of God really wasn't about shining. It was about holiness" And the presence of God was so strong that people literally could not live with any kind of sin. They come into the altar everyday repenting, as you said, of the smallest little thing, bad thought, bad action. But he said, what happened over the course of time is they started shining.

Sid: Not only did David receive the shining light anointing from one of the people that were connected with this move in the '30s, but he received an anointing that I don't believe you'll survive in the last days unless you have it. And I've experienced it, too. Don't go away we'll be right back.

We'll be right back to It's Supernatural.

We now return to It's Supernatural.

Sid: Hello. Sid Roth here with David Martin. And David Martin went to Africa and received an anointing that is imperative for the End Times. So Enoch, who was part of the Shining Light movement from the '30s prays for you and what happened?

David: Well when he prayed for me, Sid, I've had some great men and women of God pray for me, well known leaders. Nothing like that. This was an impartation that literally gave me an awe of God, a real fear of the Lord, a desire to be right, walking right in rightness. I understand we have righteousness, but it was a desire to walk with God closer than I ever could imagine possible.

Sid: You need a healthy fear and reverence of God. It's almost like it's missing from this generation. But then these Africans have four prophecies. Tell me about them.

David: Well this revival that started in the '30s spread all over East Central Africa. The revival became known as the Shining One movement. But it really, as Enoch explained it to me, it wasn't about shining, it was about holiness. But this revival touched all over. And in the eastern edge of Zaire, a tribal people there, about 400,000 people, very much prophetic, well all these people are because they hear God's voice so much better. But on the mountaintop in the mid-'60s four, what they call last day prophecies, and those prophecies were there will be a great war in Zaire. Now what's important is realizing Zaire never had war. A very large country, one of the largest, I think, in Africa. Never had war. But the prophecies in the '60s, great war in Zaire, followed by great men of God going to Heaven in flames. Third prophesy, more war. Fourth prophesy, great revival.

Sid: Great revival for Zaire or for the world?

David: I believe personally, having been to the mountaintop, this great revival is for the Body of Christ that's going to cover all the Earth.

Sid: David, the Glory was so abundant on these people that their lifespan increased. Explain.

David: Well the average African lives to 60, 70 years of age. These people on the average live over 100. And they walked, I mean these people walked four, five, six days to come a meeting.

Sid: Now tell me about the peace anointing you received. And by the way, when he talks about this, you will experience supernatural peace. Trust me. Watch this.

David: Well the anointing was prophesied to me by God. Nine months after the Enoch anointing, I'm back in Africa again doing a pastors conference And one of the people that died in the plane crash where a dear friend of died came to me and said, "You know, your friend, David, and my husband are buried in a common grave, but they're not buried. They're planted." I said, "What does that mean?" She said, "Well these four prophetic words that were given," which I knew nothing of at this point. She said, "In 1997, Zaire went to war, people in the country," rebels they're called, "went to war, and in 1998, Zaire is no longer Zaire. It's overthrown. Now it's called Democratic Republic of the Congo." And she said, "Your friend, my husband and 21 others were called in, great leaders were called in to celebrate the victory. As they were landing on the mountaintop where the prophetic word was given that there be great war in Zaire, which is now fulfilled, as they were landing the plane crashed and everyone on board went to Heaven in flames."

Sid: That was that that prophetic word that happened.

David: Exactly. And she said they're all buried in the common grave. She said, "I went there trying to identify my husband. They were working with these people. No one was recognizable. They're all buried in a common grave." But as she was walking around the plane, she said, "I was attracted to a window that was knocked out." As she held the window, she said it was like electricity going through. And when she said that, God said to me, it's a picture of a prophetic window that God was opening up to pour out His spirit. And then that night I woke up with a dream, and in that dream, Sid, I saw a picture of what I believe is Elijah's bones. And of course, they threw a man on those bones and the man came alive. And I'm sitting up in bed in awe with this dream. And God said to me, "Where those bones are on that common grave there's a resurrection anointing, and I'm going to send you there to receive it." The next day, I'm all full of questions. I knew nothing about this, and they made an opportunity for me to meet with the prophets. And I'm meeting with the prophets and I'm saying, "Wow, I've heard about these prophetic words you guys give." We're talking cutting edge prophetic words. And God said to me as I was speaking to them, "I'm bringing you back here in four months to commemorate those that died." And the U.N., we're talking about war zone, two weeks after the plane crashed, the country went back to war. Third prophetic word: "In the midst of war on the mountaintop it's a military base," and there God said to me He's sending me in there to get a resurrection anointing. "How is this going to happen, God?" But a 12-week U.N. peace accord, Lusaka Peace Accord, opened the door for me to go there and receive this resurrection anointing.

Sid: David, tell me about it. How many people were there?

David: Well they estimated over 35,000 people. And the people are gathered together in a large circle. I'm in the center mound. And when I went there and what was interesting, the prophets, when this Lusaka Accord happened, they called me and said, "Would you come and commemorate the dead." And the same night that they called me, a prophet friend of mine had a out-of-body experience, and in this out-of-body experience God showed her two entities that were fighting. And she said, "God, what is it?" And He said to her, "Spirit and self." And He said, "I'm releasing an anointing to cause spirit to overtake self and I'm sending David there to receive it." That's the day they called me. The next day as I'm preparing, she gave me that word. But what happened was I went there with great expectation. I don't know what's going to happen. God said resurrection anointing. Now I know from this prophet an anointing to God's spirit to overtake self. I'm thinking when I'm going there I'm going to go the gravesite. All these people are buried in the common grave. I'm going to receive something phenomenal: get more hair, lose weight, look younger, all those things. But none of that happened. And on the third day of meetings amongst 35,000 people this incredible anointing hits me. God called it resurrection anointing, but the manifestation of it was peace.

Sid: How would you like to walk in peace no matter what is happening in the world, no matter what is happening to you? I think you can feel just as David is speaking this the peace is pouring out to you. Don't go away. We'll be right back.

We'll be right back to It's Supernatural.

We now return to It's Supernatural.

Sid: Hello. Sid Roth here with David Martin, and David is on this mountain. He's receiving the peace anointing. This is an anointing that will help you overcome everything that could possibly ever come upon you. David, tell me about that experience.

David: Well the impartation came to me on the third day of meetings. I'm in the midst of 35,000 people and the power of God just hits me. And because of some things that were going on that I didn't fully understand and people were writing things down in the Spirit, and I'm not sure about that. I'm questioning that. And I'm crying out to God, because I've been in Africa 19 times, seen a lot of voodoo and stuff like that. I've never seen people right in the Spirit. And as they're doing that I'm questioning it. And I'm crying and saying, "Oh God, I'm concerned about this." And then the Anointing hits me, incredible peace of God, tears are flowing down my face. But when the Anointing hit me, literally my tears shot out like two squirt guns. And when that happened, God said to me, "It's me. Receive my peace." And I'm saying, "God, I don't understand it. You said resurrection anointing." And He said, "That's what this is." And I said, "Help me understand." And He took me to the story of the Shulamite woman that couldn't have any children. And when this woman had a child supernaturally, the child's maybe 12 years of age, has some come of farm accident, maybe heat stroke, the father brings the child in, and now she's ministering to the child and the child dies. Puts him on the prophet's bed, goes off to her husband and she says, "I need to see the man of God." And the husband said, "How about the boy?" And her response is, this is what God showed me, "Shalom." Peace. And it was that shalom, it was that peace, that prosperity that set the stage for the man of God to come, and the child was raised from the dead. And then God took me to Ephesians 5, where it says, "Awake thou that sleepest. Arise from the dead and I will cause you to shine." And at that moment, God put all of it together, the shining one anointing with the resurrection anointing and, Sid, I believe this, the church is a sleeping giant and God is releasing anointing and knowledge of His Word to cause us to rise from the dead and shine for His glory.

Sid: Okay. What difference is it making in your life? You told me you are hearing God clearer than ever before.

David: Yes.

Sid: Tell me about that.

David: It's a witness in your heart. It's absolutely knowing the voice of God. These prophets would do nothing except what God said. We've gotten so caught up in just following the natural realm. God is saying to me, and this is what He's showing me, that there's a higher level of walking in the realm of the Spirit, and by this anointing, for me, it's been more clearly hearing the voice of God. And equally significant though, is when something bad happens you're not rattled. The peace of God guards your heart, guards your mind so that no matter what's going on around you, you're not moved.

Sid: You told me that your hands are starting to sweat.

David: They are.

Sid: And what that means is that the presence of God is getting stronger and stronger. What difference is it making in your life, these two anointings you've received?

David: Well very clearly the impartation that God gave me gives the ability to more clearly hear God's voice, but over and above that.

Sid: Isn't that what Jesus had? He only did what he saw his Heavenly Father doing.

David: Yes. Exactly right. That's how we're supposed to walk, and I believe that's 30 years of my preparation is to do what Jesus did, to walk in that same level of anointing. And that's what I'm seeing. I'm sensing that this anointing has also given me a supernatural peace, that supernatural peace when something bad happens. Like I was in a head-on car accident a couple of years ago. I should have been killed, but God gave me the supernatural peace. But one example I just thought of is I was in L.A., flying back from L.A. to Tulsa and American Airlines cancelled my flight. And instead of getting home now at noon, a direct flight, I'm going to be in the air for the next, or in the airport for the next seven or eight hours and get home late at night. But anyway, because of this peace guarding my heart I said, okay, all things work together for good. I don't understand it. I'm not planning it. But God supernaturally orchestrated for me to sit next to a business man, heard about what we were doing, and the next day wires \$25,000 to our ministry. Now I believe that without the peace I could have missed that because I'm walking in anger with American Airlines with frustration or fear.

Sid: It's got to even affect your health. Just as the Africans lived into their hundreds, I mean, when you're walking, let's face it, most doctors say stress is the cause of most problems, physical problems people have. You can't walk in stress if you want to when you're in this peace.

David: Well it's always a choice. But an interesting point to this is what you said about stress. Well the parable of the sower, I believe is the key to all parables. The fruit that should have come out of the good soil didn't because the cares of the world [unintelligible]. Now what happens is stress not only affects you physically, but it chokes the Word from producing fruit. And what's happening, and I believe with this anointing, it really helps people do, myself for sure, is walk in the Word. The Word is not being choked. The Word is producing.

Sid: The hope of America, the hope of the world, your hope is walking in this kind of peace. Say, pray peace right now in that camera.

David: Father God, in the name of Jesus right now, this Anointing that's on this set, we just release it by faith. Father, let your peace be made manifest to every hearer, every listener. Lord God, a supernatural peace impartation now for your glory. Amen.
