

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guest had cancer three times. Nothing the doctors could do for him. In desperation he went to Oral Roberts just before Oral was promoted to Heaven. Oral prayed for him. His cancer went away, but he got something new, the supernatural gift of faith and he wants to impart that to you. Anyone want it? Okay, I have James Goll here. He's a good friend. I've known him many years. I trust his prophetic word. That's why the devil tried to take him out. Thirty times he gets cancer. Doctors say there's nothing they can do. In desperation he goes to Oral Roberts and asks for prayer. What happened?

**JAMES:** Well it was an amazing encounter, a God encounter. And so went from Nashville, Tennessee with a white mask on. My white blood count was dangerously low. There was nothing more the doctors could do, my third bout with non-Hodgkin's lymphoma cancer. So to tell a story short, then towards the end of the time in his home I was sitting on this little ottoman at the chair where Oral Roberts was sitting and he laid his hands on me.

**SID:** You're provoking me to jealousy. I wanted to go there. I never made it.

**JAMES:** I really wanted to be there, too, and so, and I wasn't even on the list to get invited, and I heard about it, and I said, God I want to be there. And then all at the last moment I got invited, so I got your invitation. Okay.

**SID:** Wait a second.

**JAMES:** God does things for desperate people. Okay. It was something like that. So here I am in Oral Roberts' home and then towards the end if you wanted prayer you could be prayed for. Well I wanted prayer. That's what I went for. And I thought, I really believed in my knower that I was going to be the last person that Oral Roberts would pray for that would get healed. I'm sitting there and he says, "I want you to know I have never prayed for anyone for longer than 15 seconds." And I'm going, "I don't care. One second will work." And so he lays his hands on me, and he said this, and it's marked in memory for all the days of my life. And he laid his hands upon on me, and he said, "I eradicate every cancer cell in your body and I command it to never come back again." And I felt like a lightning bolt of the presence of God went down on the inside of me. It was amazing. And something happened. Guess what happened?

**SID:** I know what happened.

**JAMES:** What happened?

**SID:** You got healed.

**JAMES:** I got healed.

**SID:** But now you know me. I am just so curious about God. I get so excited about God.

**JAMES:** Right.

**SID:** What did it really, you said lightning bolt. I know that word. Did it really feel that way?

**JAMES:** I don't know else to say it. It was an energizing power, presence of the Holy Spirit. It was external and then with his laying of hands it went and deposited in me, in me. And what I actually believe it was, was the gift of faith.

**SID:** Okay. So you got a double thing. The cancer went out.

**JAMES:** That's right.

**SID:** And this gift of faith went in. Had you ever had such a gift like this?

**JAMES:** No. I had moved in discerning of spirits on a regular basis. I moved in prophecy for 30-some years and different gifts of the spirit. But I would say that that was not one of my strong points and I had not really regularly functioned in the gift of faith. But I ended up at doctors. My white blood count was supernaturally raised. My blood count was all fine after this and I go back, to this day, once a year for a checkup and seven years later the cancer has never come back. And guess what? It's never coming back again.

**SID:** I agree. Now I know you have faith for people that have cancer to pray for them. But you have something new that I'm excited about. I'm so excited. This same supernatural gift of faith that was imparted to him from the laying of hands of Oral Roberts, he by speaking can impart that to other people. Now you recently had downloaded a teaching that is really revolutionary on gifts of the Spirit. Tell me about this.

**JAMES:** Oh my goodness.

**SID:** Tell me about when it happened. I want to know that.

**JAMES:** Well actually it's been a deposit over years. And like many people you sit under teaching and then it builds up and builds up, and builds up, and being a teacher myself and a pastor in the past, and recognized as a prayer and prophet leader. So there's been this build-up. But then I go to teach this material and I go to teach it all over again and the Lord gives me a dream, and I'm going out, and I'm saying to the Lord, I'm saying, Lord, there's a piece missing. There's a piece missing. I know you have the piece. What is the piece? And I get this, and it comes to me so clear and simple, and it was releasing spiritual gifts today. And the Holy Spirit emphasized the word "today" and the word "today" resonated on the inside of me, and then I understood Hebrews 11:1 better. "Now faith is." Faith isn't about yesterday nor is it projected to the future. Now it is present. It is present tense. Now faith is. And that's how spiritual gifts are, releasing, receiving and releasing spiritual gifts, when? Yesterday? Thank God for everything that's gone on in the past. Thank God for what's going to happen in the future, but how about faith for the release of spiritual gifts today.

**SID:** Well faith is always now and that's what you do with your teaching. Everything you teach is not by the time you develop your muscles, your spiritual muscles. It's now. I like it. I think God is in a hurry. I think God wants to show him some before people that don't know him and what happens if all believers are equipped to demonstrate the Kingdom, the signs and wonders. In fact, define to me "spiritual gifts."

**JAMES:** Well they're not natural talents. Some people think that you get like a gift that matches your personality. Not necessarily, really. Okay. Sometimes, but no. It's supernatural. I think there's a television show that's out today and I have this friend, and he wears these like bright ties sometimes.

**SID:** All the time.

**JAMES:** A different one on every show and it's called something like "It's Supernatural." Well the spiritual gifts are that way, Sid. They're not natural. They're supernatural ability of God that he deposits by grace and they're free gifts that he gives to his people to demonstrate his love through them to others.

**SID:** Briefly tell me about an example of using these gifts, like in Albania.

**JAMES:** Awesome. Oh well. Right after communism had lifted and I was one of the first people into Albania and I had ministered in the capitol in Tirana for a while, they take me up the coast, and it's dark, it's raining. I'm on the cliff overlooking the Adriatic Sea and I'm saying, O God, O God, O God, what do you have for these ancient Shqiperian people? And a word floats to my mind and it is "Sarah." There was no worship. It was a cold building. It was raining. It was not a good atmosphere. It was like January. And so I'm up there and I had to talk with my interpreter, and, oh my goodness, it didn't seem like I was getting very far. So we cried help. But guess what? The helper answers and he says to me, and he reminds me, "Sarah." So I turned to my interpreter and I said, "How do you say Sarah in Shqiperian He says, "Sabrina." So then I speak and the interpreter interprets, and I try to tell this. And I said, "Is there a Sabrina here?" Place is packed. Everybody knows everybody. No one is a believer. And so one lady stands in the back, and I go, Praise God, Hallelujah Jesus. Sabrina was there. So she stands. So I say, "Sabrina, come to the front." She's now standing there. Words of knowledge are coming to me. "Your name is Sabrina. You have never heard the Gospel of Jesus Christ in your lifetime. You're 32 years old. You have a tumor in your left breast and Jesus wants to heal you."

**SID:** That's called stepping out.

**JAMES:** Yes it was. And guess what? Her name was Sabrina. She had never heard Jesus. She had a thick winter coat. She had cancer and a tumor in her left breast. She gets healed, saved, delivered all right then in front of everybody.

**SID:** I'm going to tell you something. When we come back James has revelation on the working of miracles. I want him to teach about that. Be right back.

**SID:** Okay. So I'll never forget the name Sabrina now. She gets a marvelous healing from cancer. And so James now has a driver. He's going to the next city, but the story continues. What happened?

**JAMES:** It's absolutely amazing, Sid. So it was raining, pouring down rain. We didn't even know how we were going to get from that city to the next because cars weren't even new in Albania at that time. And so but we're out there. We thumb a ride. A person pulls over. We get in. And so I start telling him the story. And I said, "There was a woman at the meeting tonight and God knew her name, and her name was Sabrina. He knew her age. He knew that she had a tumor and that the Holy Spirit rebuilt all of this, and she met Jesus." This man starts trembling and shaking at the steering wheel, and it's like he's trying to avoid the potholes. And then he goes, "Oh!" And he starts talking, "That was my wife!"

**SID:** This guy just picks him up and [unintelligible]. Now you skeptics, figure that one out.

**JAMES:** And he gets saved, too.

**SID:** You know something James? Life is boring without knowing the Holy Spirit. How would you like to live without knowing Jesus and the Holy Spirit? I don't know how someone would manage. Humans can cope, but the truth of the matter is you don't know what life until you know Jesus and you have experiential knowledge with God. I don't mean intellectual knowledge. Tell me about the gift of the working of miracles.

**JAMES:** I break it down, you know, the three vocal gifts and the three revelatory gifts, and the three power gifts. In this realm here there is the gift, obviously gifts, plural, of healings.

**SID:** What does this mean to you, this gifts of healings, plural?

**JAMES:** Because there's different modalities. There's different dimensions of the way that the gift, gifts of healings, healing is demonstrated. There's different ways. It works through different people.

**SID:** For instance, tell me about that person in a coma.

**JAMES:** So here's another encounter that I had. There was a person in a city that I was living in and they were in the hospital. The wife calls our home and wants me to come and pray. I go into my intercessory prayer place and the Holy Spirit forbids me to go. I'm like, now wait a second. This doesn't seem like the kind Jesus. Okay.

**SID:** But Jesus, when he went to Lazarus, remember, he waited.

**JAMES:** I know, Sid. That's where we're going. Okay. Are you prophetic, Sid?

**SID:** Did I hear you say pathetic?

**JAMES:** I said, are you prophetic, Sid. I think you're picking up on my, no, I mean, okay. So what happened was then after praying for around 36 hours, and I was not permitted to go, finally things clicked on the inside, and I knew it's time to go. I knew it was time to go. See that again is a gift of faith. And I knew. See, Oral Roberts defined it this way. The gift of faith is I know that I know, that I know, that I know. And I just knew now was the time. So then I went. But when I went he now had slipped very deep into a coma. I go into that hospital place and I'm like, it's not like Gentle Jim that's showing up. This is Giant James. And I go in there and I thump him, I thump him, I thump him, I thumped him on his heart. He wakes up. He comes out of the coma and he got totally healed.

**SID:** God is starting to operate, for some reason the giftings, like I'm a specialist in certain areas.

**JAMES:** That's right.

**SID:** Those that watch know. But the gifting I have, it's starting to increase, which I'm very excited about. For instance, I felt something and I know someone was healed right now. I felt something right about here, neck to shoulder. You are healed in Yeshua, that's Hebrew for Jesus, in Yeshua's name. I command that pain to leave. I have to tell you, I get aggressive. Why do I get aggressive? I don't know. When my voice goes up the anointing gets stronger. Have you found that?

**JAMES:** Well that's when authority and that faith I mentioned, revelation then is mixed with authority. And when those two things come together there is an impartation that occurs. So right now also I see somebody, I hear somebody with like a laryngitis, but it's actually it's really important because you're a singer. But I right now, I speak to that person in the name of Jesus and I see the Holy Spirit putting like a Holy Spirit soothing anointing of like an oil. It's going to go down your throat and I just speak grace over your vocal chords because God has a new song for you to sing to bring impact for Jesus' sake. Amen. Be healed.

**SID:** Okay. When we come back I have an idea there's a few people that would like James to impart the supernatural gift of faith. Is that you? Shake your head at me on TV. Let me know. Okay. Be right back.

*We now return to **It's Supernatural**.*

**SID:** The thing that I love about this revelation that James is teaching, yes, it's for you to get healed, but it's for you to get healed or receive an impartation to help others. You're not just called to walk healed. I mean, that's not the purpose of your life. You're called to impart it to others. I imagine there's nothing more exciting to you than when you impart to someone that they then can impart to other people.

**JAMES:** One of my greatest joys is mentoring and helping raise up the next generation to impact their sphere of influence for Jesus Christ's sake. Amen.

**SID:** I want those that are in our studio audience, I want those that are watching all over the world to receive an impartation as great if not greater than what you got under the ministry of Oral Roberts. Would you pray for them now.

**JAMES:** I sure will.

**SID:** Would you raise the atmosphere?

**JAMES:** The presence and the Glory realm of God, arise, shine, for his Glory has come. And I speak the overwhelming impartation of his glorious presence and I speak an impartation because what I received that day from Oral Roberts was not just for me, but it was to give away, and according to Romans 1, I say, be filled with the Holy Spirit. Be filled with the gifts of the Spirit. Be filled with the gift of faith now. Let it start to flow through you. Some of your hands are going to start feeling tingling and heat coming on them. Some of you are going to feel heat. Someone is getting healed right now of a heart valve palpitation issue. Somebody had a hole in their heart, and the finger of God is going and he's touching your heart right now. There's someone that diverticulitis and the Holy Spirit is touching things in its nature and God has something better than radiation. He's got Holy Spirit fire. And so I speak right now healing realms of grace, glory and the gift of faith for such a time as this.

**SID:** And while James was praying for you I'm going to tell you something, I saw someone with a hip, and I don't know if it was metal, yes I do. It was a metal hip and it's being changed to bone right now.

**JAMES:** Awesome.

**SID:** And I also see someone with pains in their fingers, an arthritic condition. Start moving your fingers. You may have carpal tunnel. Just move your wrist. You'll see the pain is gone. Your wrists are totally free of pain. And backs are being healed. What did you release, James? Backs are being healed. It's something in the ribcage is being healed right now. But the most important healing is I tell you this is eternal life that you might have experiential knowledge of Jesus. I pray that you ask God, as we go off the air, to forgive you of your sins, come inside of you and be your Lord and for Jesus to give you experiential knowledge. Holy Spirit, grant these people experiential knowledge of God. And I pray the peace of God would invade you and your house in Yeshua HaMashiah's name, Jesus. Amen.

**SID:** Next week on *It's Supernatural*. Three doctors said to my guest, you're going to die. You have cancer. They were preparing for the funeral, and God called it off.
