SID: My next guest has prayed for eight dead people who have come back to life. His associates have prayed for over a hundred dead people who have come back to life. Is it possible that you and I can tap into such miraculous power?

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. And I have to tell you I have been so looking forward to this interview. **My guest is Surprise Sithole, and Surprise, how did you get the name "Surprise"?**

SURPRISE: I got the name because of this spot here on my side (points to head).

SID: I see it.

SURPRISE: Yes, when I was born, they were not expecting to have somebody with gray hair coming out.

SID: That's unusual in Africa.

SURPRISE: Yes. Yes, yes. So when I was coming they say "Oh! It's a Surprise."

SID: I see. Now when you were six months old, a dog ripped your eye out. Tell us about that.

SURPRISE: Yes. That's why you see this scar here. You can see the scar. When I was six months, old a dog was eating the food and then I was just approaching, crawling to the dog food, and the dog ripped, bite me here and the eye fall out.

SID: Completely out of your body?

SURPRISE: Completely out. So my mother with a piece of cloth run and get the eye and put it back, and tied it here, and it stayed there for two weeks. And after the two weeks they opened and my eyes were fine.

SID: Now you were born in Mozambique?

SURPRISE: I was born in Mozambique, yes.

SID: You have to understand, Surprise came from more generations of witch doctors than he can remember. But when you were young man, you heard a voice. Tell me about that.

SURPRISE: Yes. When I was a young man, I heard a voice. We were sleeping in a small mud hut, and the voice was so loud. "Surprise, Surprise, wake up! Move out from your village. Surprise, Surprise, wake up. Move from your village." Well when I woke up my father and my mother, they were sleeping. I woke up. "Who is this one that is speaking?" "Move from your village. If you don't move, you die. Move from your village. If you don't move you die." I woke up. I went to the house of my friend, Garfar, that night. And I told Garfar what had happened to me. I said, "I'm going away from the village." Garfar said to me, "I will go with you wherever you go." Okay, so we took off. It was a very small trail in the jungle; forest is where we were living, a lot of mosquitoes, a lot of malaria bugs, and all kinds of that stuff. So we started walking on a small trail. We got lost. We stayed in the jungle for two weeks. Later on, we are there at the bottom of Malawi in a village called Villanova. So when we appeared there, there was a man that he had a dream. His name, this man is Lucas. This man had a dream. "Go to one of the trees, acacia tree. Go to that acacia tree. You will see two boys coming from the jungle. Get them into your house." And then this man, the following day after his dream, he went to that tree. And while he was on that tree, we were coming near, me and my friend, Garfar. And then he said to us, "I was just here to wait for you. Let's go to my house."

SID: I mean this is pretty supernatural! He hears a voice. He leaves his home. A man meets him. Did this man know Jesus?

SURPRISE: Yes, he was a Christian.

SID: He led you to know Jesus.

SURPRISE: The following day, yes.

SID: And what he found out is if he had not been obedient and left his house, what happened to everyone in your house?

SURPRISE: This is what happened. The following day, we gave our life to Jesus before that man, Mr. Lucas. And then because we were two weeks in the jungle; now later on the fisherman was just going to Malawi to sell the fish, and he said, in the village, such and such family they all died. How they died, the village people took a bile of crocodile. The bile of crocodile is very poisonous. They put it into the maze meal. They mixed it with the bile of crocodile. They take the food to give to my family.

SID: So your family was all poisoned.

SURPRISE: Yes, they were.

SID: If you had lived there, you would have been poisoned.

SURPRISE: I like to eat, so...

SID: So get this. A voice tells him to leave. What did you...? Coming from all those generations of witch doctors, had anyone told you about Jesus before this?

SURPRISE: Before then, we didn't know anything about Jesus, no.

SID: Are you the first one in your family?

SURPRISE: I'm first generation, yes, believer.

SID: Okay. You told me that you had a dream or almost a vision just before you received Jesus. Tell me about that.

SURPRISE: The dream was a vision. When Mr. Lucas was telling us about the Creation, he was explaining the Creation said the Creation, so, so, so. And then he started talking a little bit about the plan of God. So suddenly, I saw my eyes was just like changing, not in there any more. So I was seeing I was in the ledge. And this was the Hell. And then I'm ready to go into it. So then I started crying and shaking. And Mr. Lucas said, "No, as long as you breathe you have a chance."

SID: How did you even know about Hell?

SURPRISE: Oh, well he was talking, while he was talking the plan of God.

SID: What did see with your eyes?

SURPRISE: What I really saw in my eyes, I was standing like in this place. It was on the ledge and this is very deep, steep, something and the smoke is coming out, and the flames of fires coming out, and then I was ready my life to go into it. So then I started shaking.

SID: So you were like being pushed over a ledge.

SURPRISE: Yes.

SID: Did you feel like it was real? Was it like flames of fire?

SURPRISE: Well I felt that I was shaking and crying tear down.

SID: Now today, Surprise, remember how he got his name; he was a big surprise. Africans in Malawi, in Mozambique, they don't have gray hair when they're born like that. And he has prayed for eight people that were dead that have come back to life. His associates have prayed for over a hundred. And I understand they don't even count someone that they were dead and they came back to life unless they were dead for a while. Tell me what they look for to count someone as dead.

SURPRISE: At least a day.

SID: At least a day they have to be dead.

SURPRISE: At least a day because some people just had a heart attack, fainting.

SID: Okay. I want to find out the first time he prayed for a dead person that came back to life. Don't go away. We'll be back.

SID: Hello, Sid Roth here with Surprise Sithole. And Surprise, you were the first person in your family, in who knows how many generations; that came out of being a witch doctor to being a sold out believer in Jesus. And was it your cousin or your brother who became a believer in Jesus, the one that died recently?

SURPRISE: Yes. It was my cousin.

SID: Alright, your cousin became a believer in Jesus. What happened to him?

SURPRISE: What happened to him, he was a wild person; preaching on the trains, in the market and so on, but...

SID: Wilder than you?

SURPRISE: Yeah. He was more. And then so what happened on 25 of September, it was the day they the holiday for the military. So and then he was preaching in the market. And when he was going home he found the people, the religious people and they killed him.

SID: Now when you found out about this, the devil got payback. You have a meeting. Did many Muslims come to the Lord at your meeting?

SURPRISE: After that, it was three weeks later because I was in Israel at the time. So I went back in that area where he was killed and started gathering the people. There were 4000 people that came to that meeting, and half of them, 2000, gave their life to Jesus.

SID: Were many of the Muslims?

SURPRISE: Yes.

SID: Are many Muslims coming to know Jesus in Africa?

SURPRISE: Oh this is good news for them so much, because they are coming, rushing like they are running from something, from danger, and so they are coming to the Lord.

SID: I'm wondering, many of the Muslims were like you. In other words, having visions or dreams from Heaven and being told to believe in Jesus. Is that happening to many?

SURPRISE: Lots of Muslims. Some of them, like just another man, he was just going to kill himself. He was a Muslim who was going to kill himself. When he was going to kill himself, he met this man, bright man shining before him. He said, "Where are you going?" He said, "I'm going to kill myself." He said, "No, don't kill yourself. Go back and look for a pastor and he will tell you something." He came back and found the house of Christian. The man was not there he found only the children. And then the man came back, spoke to him; he gave his life to Jesus. Now he's a pastor.

SID: And that's happening to many Muslims.

SURPRISE: Yes.

SID: I want to find out the first time that Surprise prayed for a dead person who came back to life. Do you remember that first time?

SURPRISE: I remember that very much.

SID: Tell me about it.

SURPRISE: Well I was in this village. The village is called Komatatri [?]. So I was doing a small revival meeting in the community hall. So the next day the chief of the area of the Komatatri [?] came to me and say, "Shut down the revival meeting because someone died near the community hall." I said, "Chief, can I go there to see the person?" And he said, "Yes, of course. Let's go." He took me to the house. I found six ladies that were sitting in the house. And then the chief introduced me to those ladies. He woke her up when we come to his house. And then what happened, I asked the lady if I can pray. She said, "Of course. Go ahead and pray." I started praying. While I was praying I opened my eyes. The ladies still were sleeping. The girl was the girl of six years old. Her name is Inshanta (?), the name of the girl. And Inshanta was wrapped with a sheet. So I look around, the ladies were sleeping, and I said, this is my chance. I walked to the girl that was laying down and I, myself, I start unwrapping the girl. Suddenly the hand came out stiff and cold. Well I took my finger. I look still around. The ladies, they were sleeping and snoring. I took my finger into the stiff hand of the girl. I was praying. Suddenly, the girl grabbed my finger. I was really shocked. I jumped. I stood up and went [scream]. So she looks at me and said, "I'm hungry." Well I look around. The ladies they were drinking Coca-Cola. I took the Coca-Cola and put it into a glass and gave to the girl. The first person I woke up, I woke up the mother. When the mother woke she was shocked. All the six ladies ran out and

they started shouting. And the chief heard the noise, the chief came running. When he came inside the house, he saw the house was driving Coca-Cola. I'm not advertising Coca-Cola. No! [laugh]

SID: I understand. He's advertising the King of Kings. That's what he's advertising. They must have been shocked. Tell me about the time you had a dream about a dead person that came back to life.

SURPRISE: Well another one, this is an elder man. His name is Enyoni [?]. At night I just had a dream. I see a bunch of people going to bury someone, but I had an impression something talking, "That person is not dead," was in my dream. I run to them. I said, "Please, I want to see this person that you are going to bury." And then they say, "Oh, no." I said, "Please, please, open for me." They opened. When I saw the person, it was just like the person that had so much laughter in his mouth. I said, "This person has so much laughter. He's not dead." And then after that, I prayed and the person rose from the dead that was in the dream. The following day by the whole day, the mind went out and I didn't think. And then someone came to me and said, "They are going to bury someone today." I said, "Uh, where is that?" He said, "Here just by the mountain at a new farm. I said, "Oh, let's go." Then we went straight into the house. We find the people they're making, they take the door of this man and his table; they're making a coffin out of it.

SID: A coffin?

SURPRISE: Yes, a coffin from his door and his table. They are finishing making the coffin. So this man was dead three days. Now we went inside the house. We asked the people if we can see the person. They said, "Of course." They gather the family together. They went in there and pulled down the sheet that was closing. They opened the face. As soon as they opened the face, I realized that the face that I saw last night in my dream. I started to be filled with joy. I started laughing and praying.

SID: You knew.

SURPRISE: I knew that exactly he was going to come up back to life.

SID: And did he?

SURPRISE: So in the prayer, he shouted, "Yea!" At the end of the story... Well when he shouted like that, it means that even the toilet came out because the noise was... The room was filled with intense stinking, smelling a very bad smell. But he was not even ashamed. He was happy and so on. So this man, in his testimony said, during that when he was sleeping, he was fighting with the dark forces. So the dark forces was pulling him into the place that was so much hotter and hotter, and hotter; until when the bright shining light came that was shining, that is when the dark force left him and he came up and rose from the dead.

SID: You know what? There is such a presence of God in this studio. Surprise, do you feel what I feel?

SURPRISE: I feel it right now.

SID: And I'm going to tell you something else. Surprise told me he is happy no matter what happens, 24/7. How would you like to be happy? I mean, genuinely, not drumming it up, but genuinely happy in joy 24/7? I would. I know you would. When we come back, I literally believe we're going to have resurrection power from the dead. Don't go away.

We now return to It's Supernatural.

SID: Hello, Sid Roth here with Surprise Sithole. And Surprise, just before the break...you felt what I felt?

SURPRISE: Yes.

SID: Was it an angel? What happened? Why did just the presence of God get so strong?

SURPRISE: Yes, because God is about to free some people in some things.

SID: Would you pray for them now?

SURPRISE: Yes. Yes, yes, yes. I see there is a man with his wife and he has been having a tremendous time, not good time, not excitement time. But God wants just right now, as they are sitting on the cushions there right now watching this program, they really need freedom. And I feel there is a draining rainbow upon them right now, and there is a rainbow. And I feel that the cushion is brown and saw something like that. And God just wants to touch them right now and release the freedom.

SID: Pray for them right now.

SURPRISE: Right now, I pray in the mighty name of Jesus, I pray for the major freedom to my dear or to that and his wife right now, releasing in freedom in Jesus' name.

SID: You know, I believe God wants you to do some more. But I'm just hearing, I know this is little. I'm just hearing someone has a headache and the headache is gone. And it's not little to you. It's good to be free. Tell me about the person with no eyeballs that got their eyes.

SURPRISE: This is the lady that we prayed for at the conference. And we prayed for this lady. And then this lady, she had a disease. The disease normally is in Malawi, the disease that exists there, the eyeballs start shrinking, shrinking, shrinking. The water comes and then at the end the eyeball goes away. So we prayed for her. She didn't have an eyeball on both eyes. After we prayed, she didn't get. But what happened is that when she went to sleep that night, during the night in her dream, she dreamed that she see, and then she went outside and starting singing. Now other ladies, they woke up and when they went and said, "Who brought you outside?" She said, "No, I'm dreaming that I can see." They said, "No, you're not dreaming." "I'm just having this nice dream." The following day she had brand new eyeballs.

SID: Someone's leg is being healed right now. It's from the knee down to the foot. In that area, you're being healed right now. And someone's back is being healed right now. And someone's hip is being healed right now. Tell me about, you know, he's in Africa and he has seen every miracle in the Bible. How about feeding where food is multiplied? Tell me about that.

SURPRISE: Oh, that is what we had so much of that.

SID: So much of that. Did you get that? So much! I love his childlike faith.

SURPRISE: We had chicken multiplied, bread multiplied.

SID: How many people were fed from how much food? Tell me about that

SURPRISE: We had a bag, that was in the year 2000. That time was having a flood in southern Mozambique. So we got only one bag. We didn't count how many bread, but it was one bag to go to the concentration camp where the people, well it is not the refugee camp it's just where they were running from the flood. And it was thousands upon thousands, upon thousands. We started giving the people that bread.

SID: How much bread did you have?

SURPRISE: One bag.

SID: One bag. How big a bag?

SURPRISE: One bag, maybe a bag of this. But it was thousands upon thousands people.

SID: You saw thousands and thousands of people getting bread from one bag.

SURPRISE: Yes, from one bag and never finish.

SID: Was there food left over?

SURPRISE: Yes. Yes, we still had the bag.

SID: Did the people realize what was going on?

SURPRISE: Well the people, maybe they thought that we hide it somewhere. So we're just going and getting more.

SID: And you see this type of thing often in Africa.

SURPRISE: Exactly, so many times.

SID: If you were to pray for the people that are watching right now or by way of video, could we live in joy 24/7?

SURPRISE: So much.

SID: Could we? Would you pray right now?

SURPRISE: Yes, I can do that right now. Yes. Thank you, Father, right now we come to you and pray for dear watching the listeners, and those that in the audience in the mighty name of Jesus. I pray that the joy that will come 24/7 to each and every one; the everlasting joy, the contagious joy, the epidemic of joy in the name of Jesus. I declare this joy to all the audiences wherever, by thousands, wherever they are, joy and freedom and everlasting joy in Jesus' name.

SID: Jesus' name. Someone's chest, there is a tightening going on in your chest. You're not having a heart attack. That's a lying symptom. You are free in Jesus' name.

SURPRISE: And someone also is itching in the left eye. So right now, even that has been caused by sinus. But right now I rebuke and be healed right now in Jesus' name.

SID: There's such a peace. Is there anything else that God wants to do right?

SURPRISE: Yeah. I feel like God wants to lift the people into their dreams, because I feel like there is a lot of people out there that have forgotten their dreams.

SID: So to renew the dreams; to have it happen, to come to pass.

SURPRISE: Yes.

SID: Pray real quick.

SURPRISE: Yes. Right now, thank you so much. I pray that you will bring back what which is lost in Jesus' name and let the dreams come back.

SID: And you know what? We did a special tape where you began worshipping. I want our people now to experience the African Christian form of worshipping God. Would you worship God right now. Lift your holy hands up. Lift your holy hands up and join us. Begin to worship God.

SURPRISE: (Laughing) Yes, yes, yes. Thank you, Jesus. Mmmmmm... Yes, you are faithful, you are faithful, you are faithful, you are faithful, King of Glory as we worship you right now. Oh yes, yes, oh, right now. I feel like it's almost like it's a spikenard oil been pouring out, a spikenard oil, a spikenard oil. Song of Solomon, Chapter 1 Verse 12. Yes, the King is at the table right now. [singing] O Jesus, you are faithful, O Lord. You are faithful, O Lord. Every day, every hour, you are faithful, O Lord. [speaking] I pray this faithfulness. Let the listeners, O, Jesus, thank you. You are so faithful, the loving and most holy. Thank you in Jesus' name.
