

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. Can two ordinary people, a fireman, a doctor's wife, hear from God and change the destiny of the United States of America, and even the world? My guest heard from God, and before Donald Trump even announced he was going to run for President he heard God say he will be President of the United States. Now he's heard things, and by the way, that was documented, now he has heard things that are so amazing they fly in the face of the doom and gloomers. This is what he has heard: There will be five Supreme Court justices replaced. This is what he has heard: Roe vs. Wade is coming down. This is what he has heard: Several major news media sources are also sinking. I understand, Mark Taylor, why the devil tried to take you out even before you were born. I mean, you're going through the birth process, you're in the canal for, what, three days. Then you have crib death and you die, and then as a fireman, etc., you had so many times you could have been taken out. But God spared you. Then you deal with sickness. You had a disease that no one seemed to know what it was. You're getting sicker and sicker. It is 2006. What happened?

**MARK:** I retired in 2006. About a month after I retired I had a visitation from the Lord. And I went to bed one night about 1:00, it was about 1:00 in the morning, my wife came to bed. All of a sudden I was caught up in my bedroom and I saw myself on the bedroom on my knees speaking in tongues, and I was writing with my right index and my right hand on the carpet. And as I was writing in the carpet in cursive light started coming out of this right finger and my right hand. Then all of a sudden I became myself and the same thing was going on. I was on my knees speaking in tongues, writing in the carpet, the light coming out of this finger and out of this hand. Well I looked in front of me and I saw a cloud and I knew it was God. And I looked to my left through the bedroom door, another cloud came and stood behind me to my right. And as I was in this, Sid, it was like this immense amount of fear. The amount of fear that I felt in this vision was incredible. So I finally woke up, and after I was awake I was in the fetal position when I woke, and this is probably going on maybe 15 minutes I guess the vision was. So I woke up and for 15 minutes I could not even open my eyes. The fear was still on me because I was afraid of what I was going to see. And I rolled over and I told my wife, I said, "I think I just had a vision." And she said even my voice was different.

**SID:** Okay. So I'm going to move you up. 2011, you're watching the news and something happens to you. What happens?

**MARK:** I was sitting in my bed. I had been sick for four or five years. I had really bad anxiety and depression, and stuff like that, and I was bedridden for four or five days at a time. I couldn't eat for four or five days at a time. I lost all kinds of weight. So I was watching the news one night and I saw Donald Trump on an interview. Well I didn't

know a lot about Donald Trump at the time. I just knew he was a very powerful businessman who built this empire. So all of a sudden as I'm watching the interview, because I was sick still, I heard the voice of the Lord say, "You're hearing the voice of a president." So I got up and I went into one of my spare bedrooms I had converted into an office and I put, just like the Apostle Paul, I put pen to paper and I started listening to what the Holy Spirit was telling me.

**SID:** He hadn't announced he was running or anything.

**MARK:** No. He was toying with the idea of running, but he had never announced he was running. So I just put pen to paper and listened to what the Holy Spirit was saying, and that was April 28, 2011.

**SID:** You know, this is so important that I would like you to, you have your book of prophecies that God has given you. I would like you to read that Commander in Chief prophecy. That's what you called it.

**MARK:** Absolutely. It was April 28, 2011, and it says, "The Spirit of God says I've chosen this man Donald Trump for such a time as this. For as Benjamin Netanyahu is to Israel, so shall this man be to the United States of America, for I will use this man to bring honor, respect and restoration to America. America will be respected once again as the most powerful, prosperous nation on Earth other than Israel. The dollar will be the strongest it has ever been in the history of the United States and will once again be the currency by which all others are judged. The Spirit of God says the enemy will quake and shake, and fear this man I have anointed. They will even quake and shake when he announces he is running for President. It will be like the shot heard across the world. Then you will say what shall we do now? This man knows all our tricks and schemes. We've been robbing America for decades. What should we do to stop this? The Spirit says, ha, no one shall stop this that I have started, for the enemy has stolen from America for decades and it stops now. For I will use this man to reap the harvest that the United States has sown for and plunder from the enemy what he has stolen, and return it back sevenfold to the United States. The enemy will say, 'Israel, Israel, what about Israel?' Israel will be protected by America once again. The Spirit says yes, America will once again stand hand in hand with Israel and the two shall be as one, for the ties between Israel and America will be stronger than ever and Israel will flourish like never before. The Spirit of God says I will protect America and Israel, for this next President will be a man of his word. When he speaks the world will listen and know that there is something greater in him than all the others before him. This man's word is his bond and the world and America will know this, and the enemy will fear this, for this man will be fearless. The Spirit says when the financial harvest begins so shall the parallel in the spiritual for America. The Spirit of God says in this next election they will spend billions to keep this president out. It will be like money down the toilet. Let them waste their money, for where it comes from is being used by evil forces at work, but they will not succeed. This next election will be a clean sweep for the man that I have chosen. They will say things about this man, the enemy, but it will not affect him and they will say it rolls off of him like a duck. For even as the feathers of a duck protect it, so shall my feathers protect this

next president. Even mainstream news media will be captivated by this man and the abilities that I gift to him with and they will even begin to agree with him, says the Spirit of God."

**SID:** Now the million-dollar question is, and I know you're asking it right now at home, we saw all the videos. How can someone that names the name of Jesus, before this [man was] president, and I've got an answer for you. I have a woman that's on his spiritual advisory committee that can tell me some firsthand things, Mary Colbert, and I'm going to have here, and I want to ask her these questions because I know that you're asking this. But here's the most important thing, the most important thing, not what we know, but what God wants. That's the bottom line. We'll be right back.

*We now return to **It's Supernatural**.*

**SID:** So Mark, you're struggling. You have a doctor that's helping you with this physical condition of yours, and he, I guess, retired and you needed another doctor, and you were referred to Dr. Colbert, Mary's husband. And this is kind of amazing. You walk in, you hand him a bunch of papers like the notebook you have there.

**MARK:** Correct.

**SID:** He assumes it's just your medical records. And then what's a medical doctor doing prophesying over you? What did he say?

**MARK:** I walked in and I handed him the envelope and it was just one of the yearly physicals I was having with him. And as he was doing his thing, and all of a sudden he starts prophesying over me, saying, "Mark, I just feel like the Spirit of God is saying one of these days you're going to start waking up and hearing the voice of God, and writing prophetic words for him." I said, "Well Doc, it's already started." I said, "They're in the envelope." And he says, "What do you mean?" I said, "It's right there in the envelope I handed to you." He said, "I thought that was signs and symptoms you were handing me."

**SID:** Okay. So he takes this and hands it to his wife Mary. When you read it, Mary, what did you feel? What did think?

**MARY:** Well we get a lot of prophecies and we get a lot of things said to our office because Don is so well known in the evangelical community. So people often times send us a lot of things. For me, this was just like another word, but it really had Don's attention. So I took it and as I began to read it, I immediately recognized the rhythm of God, and I recognized that this was not just a man's prophesy, this was a Word from God to the church.

**SID:** You're on the spiritual advisory committee of President Donald Trump. What can you tell me I want to know that I might not know?

**MARY:** Well Donald Trump has expressed to the committee, the faith based committee that he has expanded on that when by the time he leaves office he wants to be remembered as the most praying president in history.

**SID:** What a legacy. Well so what would you say to someone that's, oh that's stuff from his previous years on TV that looked very bad, really bad. What would you say?

**MARY:** You know, I agree. I know that during the election toward the end when things were beginning to heat up and videos and audios came out about him, even I as a female, I remember feeling like somebody kicked me in the chest hearing that. But I also had heard what God had to say about it. I hadn't personally encountered yet, I hadn't been around him yet personally, yet so I was trusting on the Word that I believed was the Word of God, and that God knew something about him, especially in the prophecy where it says, "There will be something in him greater than you even can imagine." So I'm trusting in that word that there's something about Donald, God sees it, we don't know. He looks upon the heart. And so for me, I can tell you Donald Trump is not the same man that you are hearing about from his past. He has had a radical change in his heart. He has had a heart change toward the things of God and the people of God, and he is surrounding himself with prayer warriors, and he is expanding that advisory board.

**SID:** There is something called house religion where people do something because it's politically expedient, get out of jail or etc. Do you see this as sincere, his faith is sincere, really?

**MARY:** You know, there is no doubt in my mind he is sincere. I can tell you his desire for the even the National Day of Prayer, where our previous president didn't even go to it. He has requested that the National Day of Prayer be brought not into a hotel, he wants to bring it into the White House.

**SID:** I can tell you this. Before he won the presidency I had the privilege of meeting him in person and I saw someone that I did not see on television, although I watched him on television. I saw a warmth in his heart that didn't come across. I saw something, and this may surprise you, I saw a father's heart. Now we know what he did in the natural. I mean, the fact that his children have such honor and respect to him. But you know what? Our nation needs a president that we honor and respect. And I know many of you haven't seen that, but I saw that in him and I have to report what I saw. So you got the prophecy. Everyone thinks it's a joke. He cannot win, but you had the Word.

**MARY:** Right.

**SID:** And you started a prayer movement. Tell me about that.

**MARY:** Well because of my husband is a physician, he is really known as the generals of the faith's physician. They all come to him. So I am privy to their phone numbers, their emails, and so I immediately made copies of the prophecy and started sending it out to everybody I can imagine. So God instructed me to start a prayer. He said, "Mary, I'm going to do what I said I'd do, but it's going to require the unity and the collection of the Body of Christ to come together on this. So I want you to begin to unify them, empower them with my words." So we did a prayer call 15 minutes a day. By the time we got to the end of the Election Day, on the last day of the election, I had people blow shofars. On that morning God instructed me to blow shofars across this nation declaring the will of God. So that night as I was watching on TV and I heard the news commentators say he just referred to a wall, well I shouted, because I knew he had spiritually already conquered in the spirit, in the spiritual world, and all we did was watch it manifest. See, God is into partnership and he has given unto us the power, the creative power that he has. So with our mouth and our tongue we can change atmospheres, we can change the world, we can change the nation, but it is going to require the Body of Christ to unify. We've got to quit fighting among each other. We have to abandon, we really, we have to lay down our titles, our denomination titles and even our titles, political titles, whether you're a Democrat, Republican or Independent, you'd better abandon those ideologies.

**SID:** Are you a Republican?

**MARY:** I'm a nothing. I'm a child of God.

**SID:** Okay. I'll tell you what, I am convinced that this retired fireman, for God's purpose, he chose to use him and I'm convinced that Mark Taylor knows the next few things that are about ready to happen in America, and you will be shocked. Be right back.

*We now return to **It's Supernatural**.*

**SID:** Now you know, I asked Mary a little earlier, do you have any knowledge to what President Trump watches on television. And you'll be shocked. What does he watch on TV?

**MARY:** The news and Christian stations. That's it.

**SID:** He didn't say he watches *It's Supernatural*?

**MARY:** I'm sure because we're on here he'll watch it.

**SID:** Good. Okay. Now I don't know where to begin. I never heard anyone in their wildest imagination, Mark, say there will be five Supreme Court justices appointed by President Trump.

**MARK:** Correct.

**SID:** Tell me about that.

**MARK:** I originally prophesied there was going to be three, and the Lord started dealing with me. He said, "No Mark, there's going to be five." He said one is going to die and it's not going to be who they think it's going to be.

**SID:** That just happened.

**MARK:** Which is about a month and a half after I went to Mary told her, that happened, Justice Scalia died. I said one is going to retire and the other three are going to be caught up in a scandal, and they're going to be removed. And the Lord said, "I'm going to reform the court." And he said, "When I reform the court with those five judges, I the Lord God will take on that case called Roe vs. Wade and I will overturn it."

**SID:** What in the world is going on with our news media? I mean, I'm seeing things that are blatantly edited to make him look bad. I mean, I hate to say this, but he does enough things that appear to be bad. You don't have to edit stuff. I'm going to get in trouble if he's watching this. But you don't have to do this. I mean, but it's so blatant. Have you noticed these things? Why are they doing this, Mark? Any idea?

**MARK:** Well the Lord told me, he said, "Mark," he said, "the enemy's timeline has been denied." He said, "The enemy has his timeline and God has his." And the news media is attached to the enemy's timeline and they're liking it right now. So the enemy is kicking and screaming. We cut the head off that snake November 8th, but it's kicking and screaming right now. So this is not a time to lay down our arms. This is a time to get back in the fight. But what God has shown me with the news media is that the news media has become a stench under his nostrils, basically, and that he is, you will literally see a couple of news media outlets go down because of that. God is going to clean house in the news media because he owns the news media. It's his.

**SID:** You know, some of the things that you had prophesied, like for instance, what did God tell you about Israel?

**MARK:** Israel and America will be energy-independent, basically. And what you're going to see happen is—

**SID:** That's going to be a problem. I mean, look at all the wealth that's going to the Arab nations.

**MARK:** Correct. And what God has shown me is that basically is that all these OPEC nations who have had the monopoly on the oil money, it's going to be coming to America and Israel.

**SID:** What's God showing you about Russia?

**MARK:** Russia, I wrote a prophecy called "Full Circle", and that Russia, we're going back to the World War II component on all these things. There's not enough time to go into it right now. But the Lord said that they would take on that Fourth Reich called ISIS, and they would join with the United States and that we, just like in World War II, Russia would come in from the east, America would come in from the west with our allies and they would destroy ISIS, that Fourth Reich called ISIS. And you're seeing that taking place. Because when he met with Putin, when President Trump met with him there were tensions that were amended. And that's also what the prophecy talks about, the relationships would start to mend.

**SID:** I have never, I'm going to tell the two of you this, I have never, ever been so optimistic of what is about ready to happen in the future. Now to be candid with you, I was born in Washington, D.C. I couldn't even vote most of my life. I'm really an apolitical person. I'm like Mary. It's not politics with me. If you know me, my life has nothing to do with politics. But we need America to fulfill her destiny and her destiny is to take the Gospel to the four corners of the earth, and the wealth of the sinners is coming back to America.
