

Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guest says there have been many great moves of God's Spirit in history, but we're ready to enter what he calls the new prophetic generation in which we are going to see the prophetic, the miracles, the dreams, the visions, more accurate, making the other moves almost look like nothing compared to what is coming, and he knows who's going to receive this. He says, I agree with Joel, "God is going to pour out his Spirit on all of us." That's you.

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Jeremiah, you are known as a very accurate prophet. I mean, I've talked to people about you and that's how you find out if someone is accurate or not. But for those that don't know you, tell me a couple of prophecies you've proclaimed in the past that have come to pass.

**JEREMIAH:** Sure. I've prophesied over nations, leaders. One of the prophecies that I've given recently was about Donald Trump and how he was a trumpet, that he would become a Cyrus to the nations. But I've also prophesied about Hillary Clinton. You know, the night after Obama was reelected in 2012, I had a series of dreams where the Lord showed me that she would run for President and how she had an agenda to welcome the Islamic retinue into America, and God wanted to warn the church of her plans. And so for years, from 2012 all the way up to this past election, I did everything that I could to warn the church. And I've also had dreams, prophetic dreams about presidents being overthrown. I remember in 2012, I had a dream about Mohammed Morsi of Egypt, being overthrown. I released that word and within one year he was overthrown. So lots of prophetic words about nations, leaders, politics. Those would just be a few.

**SID:** I want to know some of the things you've been prophesying for the future, such as what's going to happen with China, with Russia, with Netanyahu and Israel. But you come from a believing family and you should not be here. The devil tried to knock you out before you were born, but your mom had a prophecy about you in a dream. Tell me about it.

**JEREMIAH:** When I was in my mother's womb, the Lord came to her in a dream and told her to name me Jeremiah, that she would have a boy, that there was prophetic destiny on my life, that I would be a prophet to the nations, but that there would be great complications that would mark the birth. And so I was actually born dead. The cord was wrapped around my neck and there was a team that gathered there in the hospital and actually revived me. I was known as a miracle baby in the hospital. Just a profound moment for my parents.

**SID:** Your father is a pastor. How old you were you when I started prophesying?

**JEREMIAH:** From public, I started prophesying at nine years old at my father's church. But I began to receive prophetic dreams about seven years old, and I would describe my upbringing as just such a blessing to have parents that saw the gift on my life and were willing to help the foster and steward it. It was so important to have that family dynamic and so I was just allowed to exercise my gifts to get creative. I remember angels appearing to me and another little girl,

people showing up to my father's church and saying, "Someone here has a prophecy for us." And they would say, "It's that little boy over there." And so I just kind of was used to, just from a young age, ministering prophetically.

**SID:** Tell me about this thing that is just burning on you and in you, this new prophetic generation. You say it has to do with Joel, Chapter 2.

**JEREMIAH:** Yes. My heart is burning to see a new prophetic generation be released upon the earth and I actually went on a 21-day fast. God had given me a burden and really a vision for the future of a generation that was coming. And so I went on a 21-day fast and wrote the book, "I See a New Prophetic Generation." And the Lord began to show me, he really meant what he said, Sid, that he was going to pour out his Spirit on all flesh. I mean, the business person, white, black, young and old, that we're going to see the greatest outpouring of the Holy Spirit. And when I wrote the manuscript, after those 21 days, it was like God had written it. I couldn't even believe that I had birthed this vision of what is coming, and I just, I'm so excited about the days ahead, and I'm just seeing outpourings of the Holy Spirit in nations. I'm even seeing an outpouring of the Holy Spirit in South America, in England. I believe that there is going to be an End Time revival that's going to hit England in the name of Jesus and there is a new prophetic generation that God is calling forth in England for such a time as this.

**SID:** But you say, and I'm going to ask you a little later to clarify it, but we're going to see degrees of healings that the world has never seen before.

**JEREMIAH:** Yes.

**SID:** Is that what Jesus meant when he said, "You will do the same works I have done and even greater." Is this new prophetic generation the greater?

**JEREMIAH:** Absolutely. This is the generation that I believe is going to inherit all that God has promised, and I believe it's going to come, Sid, through intimate time with the Lord. God is calling this generation to the secret place so that we can make Jesus famous in the public place.

**SID:** You had prophesied that those that are watching now, if you're hungering and thirsting for more you are going to be filled, Jeremiah says, you're going to be upgraded. Be right back.

**SID:** Jeremiah, you told me that God told you it's very important when you meet people to ask God questions about those people. But what if you're not such a, you have the gift of prophet. Can just anyone do that?

**JEREMIAH:** Absolutely. You know, Sid, I've always taught people that prophecy begins by loving people enough to ask God questions about them. And I believe that prophetic ministry begins with God filling our hearts with the love that he has for people. It's in Romans 5:5, "He pours out his love into our hearts through the Holy Spirit." And so I believe that anyone that is willing to ask God to fill them with his love for people, it's out of love. I believe if you don't have love in your heart you shouldn't be in prophetic ministry. I believe God wants to fill people's heart with love and as he fills our hearts with love, just the ministry of the words of knowledge and the wisdom, it just comes naturally out of us.

**SID:** Now you told me you don't believe in coincidences. You look at things as divine appointments. Clarify.

**JEREMIAH:** I've had so many encounters where God is growing me up even in my walk with him, where I just don't believe in coincidences anymore. For example, I often times board planes and maybe my plane ticket is in 16B, and when I get there it's 1A, and instead of wasting time saying I wonder why I'm in 1A, I immediately being praying, saying, Lord, I know there's an appointment for someone in 1B. And so there's an acceleration that comes.

**SID:** Your faith is, it's knowing faith that whoever sits in that chair you have something that's going to dramatically affect and change their life. Tell me about that airplane pilot that you found sitting next to you.

**JEREMIAH:** I was going to a conference one year in Edmonton, Canada, and had happened to board the plane, and they actually shut the door, and I just fell asleep. And about five minutes later, the door opened up and a man ran onto the plane and sat right next to me. He was all sweating.

**SID:** But there were a lot of empty seats. Why did he sit next to you?

**JEREMIAH:** Because I knew God sent him to me. And on that plane ride, the Lord began to give me words of knowledge about this man's wife and how she was struggling with depression, and how he was lonely. And I began to speak these things out 20,000 feet up in the air, and this man began to weep. He gave his life to Jesus Christ and we prayed. We prayed right there on that airplane for the salvation of that man's wife and he was baptized in the Holy Spirit while doing it.

**SID:** What about, tell me one time when you were upgraded and you knew whoever would sit next to you it was a divine appointment. Tell me about when.

**JEREMIAH:** There was one time when I boarded a plane and I actually sat near the governor of Kansas, and I had actually days before had a dream about the governor of Kansas. It was one of those times when he sat there and I sat there I knew that I was about to be upgraded to a whole other dimension in the Spirit, and so I had an opportunity to minister to him, and it was a powerful encounter. And these things, I believe, Sid, are going to mark the new prophetic generation. This is not just about a prophet. This is about God pouring out his Spirit on all flesh. This is about the mom of seven at the grocery store and the Spirit of God falls upon her, and she

prophesies to the cashier. The Holy Spirit, he has no limitations and he's looking for a generation that wants to connect with him and make his voice known.

**SID:** However, this will be a different generation than we've had in recent years. This will be believers marked by character, amplified.

**JEREMIAH:** Yes. I believe that God is raising up a generation that's going to have character that matches anointing. I believe that we're going to see levels of power in Glory resting upon men and women, but they're going to have healthy marriages. Their children are going to serve the Lord. I believe that God wants to find people in the earth who have character that can sustain powers of level and Glory for a lifetime. And this is why I believe this generation is going to shake the earth like never before.

**SID:** You had a very hard word to go see someone that had hurt you very deeply, and you didn't want to see this person blessed, and you were coming there to bless him. Did you do what God said?

**JEREMIAH:** I did. I'm always growing in the prophetic. You know, one of the ways that God is teaching is prophecy is not about giving away our opinions. And sometimes what we think God wants to communicate to people is not what he wants to communicate to people. And there was someone in my life that had hurt me and God said, "I want you to release my blessing over their life." And I said, "O God, please don't make me do that." And he said, "I'm upgrading you." Maybe some of us need an upgrade on getting heart for people even if we don't have a heart for them. And that's why I go back to love. Love is so important. Before we begin to step out in faith and minister to people we've got to ask God for his love. And as I prophesied blessings over this person that had hurt me, God reconciled our relationship as I humbled myself and he used me.

**SID:** You said there are people watching right now that God wants to upgrade. But did you get those two things, character and love? Mandatory. Pray right now a prayer for the upgrade of everyone that's watching or in the studio audience.

**JEREMIAH:** God, I just release an upgrade of your character and nature. God, we ask, Lord, that you impart your merciful, your nature, your kindness, your compassion. We thank you that you're a God of discipline because you love us. And God, we pray whatever areas we're lacking in our lives, would you pour out who you are into this generation. Let us reflect the beauty of Jesus in your name. Amen.

**SID:** Look, when we come back I want to find out what Jeremiah, who should have died at birth, has to say about what's coming very soon to various nations. Be right back.

**SID:** I am so fascinated about what God has shown you, the importance of people that don't want to be behind a microphone. Is there anyone watching or here that doesn't want to be behind a microphone? Let me warn you, I didn't want to be behind a microphone. Anyway, tell me, I want you just to paint a picture for me of this new prophetic generation, what you see coming. Be as specific as the Holy Spirit will let you.

**JEREMIAH:** I see that the new prophetic generation, one, they're going to have the character that matches anointing. I believe that God is raising up a generation who are going to know all of who God is, both from his goodness to his severity.

**SID:** Now wait a second. Many people teach when you move in prophecy, you only prophesy good things. I don't see that in the Bible, but what do you think about that?

**JEREMIAH:** I see warnings as good things.

**SID:** True.

**JEREMIAH:** I see them as a manifestation of His love. If I was going to go and walk out in front of a semi and get hit, I would appreciate you warning me, hey, don't do that.

**SID:** I certainly would.

**JEREMIAH:** And so I see God's warnings as his love for our lives. And so I see this new prophetic generation, they're full of the character nature of God and they love the secret place. I believe more than any other generation that's ever lived, the Father's delight in the love that he has for us, it's going to capture and it's going to captivate a generation. It's almost like we're not going to want to leave his presence to go out and minister, but we have to because it's so good. So I see this generation full of character. They love the secret place, and I believe more than anything, they love the body of Christ. I believe God is raising up a prophetic generation that are going to pray for their pastors and leaders, that are going to get connected in the local church and watch God move as they gather.

**SID:** Okay, what do you see for the future, Netanyahu?

**JEREMIAH:** Netanyahu, I have given several prophecies. I believe that Netanyahu has an incredible prophetic anointing upon his life and God is going to use him as a frontrunner in the nations of the earth to expose the plans of the evil one. I also see Netanyahu and Trump becoming the best of friends, an advisor to the United States. I see our relationship with Israel strengthen, and Sid, I'm excited about that.

**SID:** Okay, very briefly, you know what I'm doing, if you can judge my body language, I'm applauding what he's saying, too. All right, real quick, because it's in the news all over the place, Russia, what do you see?

**JEREMIAH:** Russia, I had a dream where the Lord told me that the eagle, Donald Trump, would walk with Putin, the bear, and they would walk together, and their relationship would cause the liberal media to go crazy.

**SID:** Meshuga, we say here.

**JEREMIAH:** Yes. And I believe that their relationship is going to strengthen. They're going to create wealth. I believe Donald Trump is not going to be known for burning bridges, but actually for building bridges. And I really see destiny in Russia and the United States, and I have also seen, Sid, a revival coming to Russia. And I even, I want to prophesy right now an outpouring of the Holy Spirit in the nation of Russia. God is going to raise up our next generation of prophetic people that are going to dream dreams and have visions, and see an outpouring of the Holy Spirit like never before.

**SID:** Jeremiah, quickly, you said that God is showing you something that you're to release to those that are viewing and in the studio audience. Do that now.

**JEREMIAH:** I want to release an increase of the prophetic spirit right in the name of Jesus. So just lift up your hands, and God, we pray that you would open up the heavens and come down. God, would you pour out your Spirit without measure. I hear God saying to a people without mixture, I will pour out my Spirit without measure. And God, we're asking for a greater outpouring of the Holy Spirit in the name of Jesus. God, we ask all across the earth for great wisdom and discernment for parents, Lord, from the time their child is born even to where they go to school. God, we're asking for revelation in dreams. Lord, I pray for a new type of parenting to be released in the earth out of a spirit of revelation in dreaming and vision. Let parents become more involved in their children's lives like never before. Lord, I thank you for so many watching today who the serpent came and tried to take their life even at birth. And I just speak life into messengers all over the earth. What Satan meant for evil, God will use for his Glory. And I call you forth in the name of Jesus out of caves of shame and guilt, and condemnation, and I say arise and shine, this is your greatest hour. Let the new prophetic generation rise. Let them rise in the government. Let them rise in the school system. Let them rise in the business sector. We say, God, come and pour out your Spirit like never before, in the name of Jesus.
