

**SID:** Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guest has literally prayed and taught tens of thousands of people to operate in the supernatural and in miracles. But she got one revelation and she says that when she started teaching this she saw more supernatural manifestations of good things happening than anything she had ever done. Are you interested in learning this?

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Are there hidden forces of darkness trying to block God's blessings for your life? Do angels exist providing us with supernatural protection, disarming our enemies? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Is God ready to bring a tsunami wave of healing onto Planet Earth today? Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of It's Supernatural.*

**SID:** Now Dr. Sandra Kennedy has had a marvelous ministry for many years. She has a congregation, a teaching school. She releases teams into actual hospitals where people get healed. But you told me at dinner last night that over the last six months there's something new going on. What's happening in your congregation?

**SANDRA:** We have an invasion of the Holy Spirit, an absolute invasion of the Holy Spirit. People have seen angels, seen Jesus walk up and down the aisles. I mean, when I say angels, I mean 50, a hundred, tons of angels, and Jesus himself walking and laying hands on the folks. And the presence of the Lord is just tangible, Sid. It is the most wonderful thing.

**SID:** But why is this going on now, because I'm hearing this in many pockets throughout the world that this is all of a sudden erupting. Why do you think it's erupting now?

**SANDRA:** I think a new season has broken loose. I think back in August when we had that eclipse that took place, I think there's a shift in the heavenly dimensions that happened on that day.

**SID:** I do, too.

**SANDRA:** I really do. I believe something broke loose and we are just on a road to see the Glory of God.

**SID:** But you know something, Sandra, despite that wonderful thing that you just said, there are so many defeated believers.

**SANDRA:** Yes.

**SID:** What is the devil's greatest strategy to cause believers to be so defeated?

**SANDRA:** He doesn't want you to know the power of the blood and he doesn't want you to know that you really are cleansed. He just doesn't want you to understand who you really are in Christ Jesus, is the best way I would put it. He just doesn't want you to understand what Jesus has really done for you. This is the part that really just blows my mind, the forgiveness of Almighty God. You know, not only when he comes in and you're born again, we forget what the blood does. We remember that it cleanses us of our sins, but we forget that the blood can take care of every area of our heart. Now Sid, before I became a pastor I used to work in mental health as a therapist, and got a six-year degree in religious psychology. And so I saw all kind of people who, out in the world even, I'm not sure, but out in the world, with all kind of problems. I became a pastor and everybody in the church had the same problem that everybody in the world had. That just did not make any sense to me. After I gave an altar call, people who had come in to visit couldn't get down to the altar because the people who were church members were running back down to rededicate. And I said something is terribly wrong here. And so that's when I began to really delve in the power of the blood of Jesus and our understanding that there is something that looks like a stain. It was called defilement. And we would, you know when you would backslide, well I did at least. I rededicated my life so many times I broke the re-dedicator. But you and I cannot hardly grab hold of the fact of how wonderful Jesus is. And so we walk around knowing that we're saved, but not, holding our head down, shameful, thinking somebody is going to find it out, somebody is going to bring that up. I'm embarrassed because of who I was or what I did. Listen, I'm talking about myself now. I've walked these roads.

**SID:** You use a term. I want you to comment on this. The term you use is "thoroughly cleansed."

**SANDRA:** Yes. You're so clean and you accept it by faith. You're just so clean that you almost can't believe it, to tell you the truth. And so if somebody were to bring it up, this is what the blood does, if somebody were to bring it up, I knew you when, you automatically would begin to say, uh-uh, that person is dead, I don't even know who you're talking about. There's a place that we can get there. We can get there. The Lord is waiting for the church to lead the way. All the powerhouse of God is inside of us and the Lord is waiting on us to be shining lights and lead people to the Lord Jesus Christ. This is harvest time.

**SID:** Speaking of, you use the word "power."

**SANDRA:** Yes.

**SID:** And when we come back in moment, I'm going to have her talk about the foundation of the blood that very few Bible believers know because it's in the Old Covenant, which gives you the foundation for all we have revealed in the New Covenant. But there was a warlock that came to your church and tell me about, like Habakkuk says, there's a light, a power coming out of hand.

**SANDRA:** Rays of light.

**SID:** Rays of light.

**SANDRA:** Yes. As of the close of church one day, I stood down on the floor to dismiss the congregation and I just did my hand back like that, just like that. And when I did, I hear, bam. And didn't know what had happened. I went ahead and closed the service. At the end of the service, this big guy came up to me and he said to me, "What did you hit me with?" He was in the back of the church. I said, "I don't know what you're talking about." He said, "When you did your finger, a beam of light came out of your finger and hit me directly in the head, and knocked me out."

**SID:** But then there was more to the story.

**SANDRA:** Yes, there was. There was. I come to find out he was a warlock. And I told him about Jesus. He wasn't interested in Jesus. He was interested in the power of somebody in the Bible. It talks about that, too. So he was interested in the power. But I told him it was Jesus and it shocked me more than it did him. And of course you know, I'm sure they told you about it, you heard when I walked into a meeting one day and there were 400, 500 people there. I walked up on the stage and all I did was something like that and every person in the auditorium hit the floor. Everybody on the stage hit the floor. Everybody at the piano hit the floor. I'm the only person in the auditorium standing. And do you know what I did? I hit the floor.

**SID:** I'll tell you what, when she explains this revelation on the blood that you cannot even catch if you don't know the Old Covenant, I don't even like the name "old covenant" because it's the foundation.

**SANDRA:** Absolutely.

**SID:** I would call it, you know, I'm going to come up with a new name for "old covenant." How about the Foundation Book?

**SANDRA:** Yes.

**SID:** I like that. When we come back, she's going to tell us something from the Foundation Book that will cause the blood of Jesus to give you a revelation and protection, and healing, and freedom like you've never had before.

**SID:** Now Sandra, I want you to teach us the revelation God taught you about the blood of Jesus starting with the foundation that if you don't know the Foundation Book, otherwise known as the Old Testament, there is no way you're going to understand the New Covenant. Tell me about that foundation.

**SANDRA:** I've been teaching healing for years and years, and years, and years. But I got hung up on the scripture in the New Testament that said that Jesus came to fulfill the Old Testament. Then the thought went through my mind, well if he fulfilled the Old Testament then I need to know what he fulfilled, because if he fulfilled it, I got it, it's mine. So now I'm beginning to flip through and read in particular on the power of the blood. And I began to discover that the priests there, the power that they had and how they could wash themselves in the blood morning and evening, and it would do away with any sin, anything, and even you could take it and apply it to other people, and your being a priest and how you can apply it.

**SID:** Yes, but those were priests.

**SANDRA:** But I'm a priest.

**SID:** I thought you're a woman.

**SANDRA:** I know. You thought wrong.

**SID:** You're a priest because the New Covenant says you are.

**SANDRA:** Absolutely.

**SID:** And that's good enough for me.

**SANDRA:** Absolutely. Absolutely. And when I, you know, the Bible says that people perish for lack of knowledge.

**SID:** You know what, they even went to the priest, went to be cleared of leprosy.

**SANDRA:** Yes.

**SID:** So they were, in effect, they were involved in forgiveness and healing.

**SANDRA:** Yes. Well the priests were really the guardians, I found out, of health of the community. And I thought good grief, we are guardians, of course having so much to do with healing, we are guardians of the health of our church, health of our area, the health of our family if we just know how to apply the blood and do a morning and evening sacrifice let's do it continuously. A moment ago we were talking about the hands and the rays of light that come out.

**SID:** Yes.

**SANDRA:** When you have rays of light, I discovered, that during praise and worship when people raise their hands, if believers understood and believed, and would begin to raise their hands and use their hands as rays of light it would divide the darkness and clear up the area over you so that you could have a clearer space to Heaven.

**SID:** What a wonderful way to start your prayer. When you taught this revelation in your church, what effect did it have?

**SANDRA:** The main thing it did, every area of somebody's life was touched. It was astounding to me. We did a little survey. We only took about a hundred people, but we did it anyway, and we would go in to the different places. We were going to wash the areas like in your house, wash you in the blood, wash your husband in the blood, wash your children in the blood. If you don't have any, wash your dog in the blood, whatever needs to be. Hallelujah.

**SID:** I know some dogs that need to be washed in the blood.

**SANDRA:** As do I. Wash them. In your office, go wash the area. I just washed it, washed it in the blood of Jesus. We did it two weeks straight and after those two weeks, 85 percent, 80 to 85 percent of everyone who participated saw immediate change.

**SID:** That is pretty amazing.

**SANDRA:** Yes, it is.

**SID:** What in your mind, there's a visible world and there's an invisible world. Many people are not seers. A seer can see inside the invisible world.

**SANDRA:** Right.

**SID:** But what is going on in the invisible world when you're speaking the blood of Jesus out of your mouth? What's happening that we are not seeing with our eyes?

**SANDRA:** Demons are dialing 911. They are running every direction under the sun because there is nothing. They are afraid of the power of the blood in the name of Jesus. They are.

**SID:** Now when those demons are running and we don't see them running, if they can convince us nothing happened, we'll drop speaking the blood.

**SANDRA:** Yes we will.

**SID:** That's their job to get us off the truth about the blood.

**SANDRA:** And if you get off the truth you will come back feeling guilty, stained, something is wrong with you, you want to hide. You walk around in a shadow so to speak and you're feeling defiled. The Lord is defiled. You feel defiled. There's 16 names for defiled in the Bible. There are about four that really, really matter here. Being defiled means being common. We're not common. We're peculiar. We're not common. And then you feel dirty, you feel wounded and you feel stained. And so those are the things that make Christians not come to be who they ought to be and washing in the blood takes care of all of that. If you stop doing it those four things in particular that makes you be like a wimp and you like the tail instead of the head, you fall into that category, when you back away from using the power that God has given you and that power of God ordained and put inside of you when you were born again is in you ready to be released so that you can operate in the Glory of God.

**SID:** Now you said that the priests in the Old Covenant cleansed themselves twice a day. I know you do this. I want to find out exactly how you do it for yourself, when we come back, and I want to find out the twin of atonement of sin, forgiveness of sin. I want to find out that same blood how that operates in healing. We'll be right back.

*We now return to **It's Supernatural**.*

**SID:** Dr. Sandra, you had a discussion with the Lord about healing.

**SANDRA:** Yes.

**SID:** And he answered you. What did he say?

**SANDRA:** I was discussing, I wasn't getting my healing the way I wanted to get it and I began to say, well the devil began to talk and say, well you don't deserve this, like he does everybody, you don't deserve this, blah, blah, blah, blah. And I then began to say this to the Lord, and the Lord said back to me, "But my blood took care of that." And so I would name something else. "But my blood took care of that." And I named something else. "But my blood took care of that." And Sid, no matter what I named, and then I began to name all the people in the church had told me why they couldn't get healed or why things weren't happening. And God is my eternal witness. The Glory of God came to my staircase and everything I said he answered, "But my blood took care of that. But my blood took care of that." There wasn't a thing.

**SID:** Do you know when you say that phrase, when she says, "But my blood took care of that," I can feel, I don't feel the light, I feel rays though of healing going out every time you say it.

**SANDRA:** Yes.

**SID:** "But my blood took care of that." Let's say it together: "But my blood took care of that."

**SANDRA:** "But my blood took care of that." That's a powerful statement, which means that no one could ever come to you with anything that Hell would have said to them cannot be cured. I think nothing, "But my blood took care of that, my blood took care of that." So no matter what anyone is going through, I don't care what it is, I don't care if it's family problems, I don't care if it's any kind of sickness, I don't care if I'm on death's bed, "but my blood took care of it," every sickness, every disease, and we're always thinking thank God it took care of all the sins. Praise the name of the Lord. Hallelujah. But he also, the blood at the whipping post, the blood, wounds came at the whipping post. Blood came out of the wounds.

**SID:** So you're saying to me that every believer that is convinced because of the death and resurrection, and the shedding of the blood of Jesus, they are forgiven of all sins, should be just as convinced that by his blood you are healed.

**SANDRA:** Yes. Yes. Yes. It took place at the same time.

**SID:** Show me very briefly what you, how you pray the blood every morning and every evening, in your home, for yourself when no one is looking but you and God.

**SANDRA:** Okay. As if I have taken a shower, I take the blood, I wash my eyes in the blood, I wash my ears in the blood, I wash my mouth in the blood so that my ears will hear only what God says, my eyes will see only what God wants me to see, my mouth will speak only what God wants me to say by the power of the tongue. I wash my hands so that my hands can be used for God Almighty, because hands can get you in trouble. They can do all kinds of bad things and get very defiled. I wash my hands. I wash my feet and if there's, say I have a tumor or something, I wash that tumor in the name of Jesus, in the blood of Jesus and command it to go in Jesus's name with the blood of Jesus. Just like you're taking a bath. Just like you're taking a bath. And believe it or not when you get through, you feel like you've had another bath. Hallelujah.

**SID:** You know, people that are attacked at night, how valuable would it be for them to do that before they went to bed?

**SANDRA:** Yes, and to wash their mind and wash their dream life, to wash it in the blood of the lamb, it's amazing what it will do. God just, you know, he just goes into every area of our life.

**SID:** I want you to pray the blood over everyone watching right now to have the shame removed and be physically healed, right now.

**SANDRA:** Yes. In the name of Jesus, I'm telling you right now, I come against that which has come against you, all shame, all guilt, all dirtiness, all filthy feelings, all those things that you feel that you can't even hold your head up, I wash you in the blood of Jesus. If you've invited Jesus into your heart you already belong to him. Now take his blood and just cleanse yourself in it from the top of your head to the soles of your feet, any kind of sickness. We hold up the blood and wash ourselves from any kind of defilement, wounds, any kind of defilements, in the name of Jesus. And I expect you to absolutely just as you have been dirty going into a shower and you come out feeling refreshed, you ought to feel totally refreshed once you have bathed yourselves in the supernatural power of the blood of Jesus. And I call it done in Jesus's name.

**SID:** And for those of you that want this promise to be true, "I shall never leave you," Jesus says. That means in this life and all of eternity. Who would want to live this life without knowing God, without having experiential knowledge of God? You want to have your own experiential knowledge, open the door, tell Jesus you're sorry for your mistakes, they're called sins, and believe that blood washes them away and he doesn't remember them anymore. Then when you're clean ask Jesus to live inside of you and be your Lord. Do that, and you and I will be together for eternity.
