

SID: Hello. Welcome to my world where it's naturally supernatural. My guest has been walking in the tangible Glory for years with the most amazing signs and wonders, but God has given him a glimpse of the same Glory that Smith Wigglesworth prophesied. Wigglesworth said it was a thousand times greater than anyone had ever seen, and the miracles under Wigglesworth, we don't even see today. A thousand times greater. David Herzog says the best preparation is for him to mentor you on how he started walking in the Glory. Interested?

*Is there a supernatural dimension, a world beyond the one we know? Can we tap into ancient secrets of the supernatural? Can our dreams contain messages from heaven? SID: Well I'll tell you what, David, I love talking to you and interviewing you because the Glory just pours out of you. But there are many people here that perhaps are not familiar with you. Tell me just what is going on supernaturally with you, recently?

DAVID: Recently, we've been seeing so many different things, even in the last couple of weeks and months. I've been seeing, I was in Kiev, Ukraine, just like a week or so ago, and the Glory of God was so thick that people would come up and say, I didn't even call it out, like the holes in my teeth are filled, all my tumors are gone. Two people with terminal cancer, they brought them into the back room right after the meeting and some of them were on staff, and they looked like literally they were about to die. Their skin was grey. And the Glory just filled the room. I said, I'm going to get out, just leave her here with her husband. I began to pray and within minutes, demons started coming out of the people and literally spirits of cancer, terminal cancer, and their skin color came back, the pain left. The next morning I asked—

SID: Did you actually see the skin tone change?

DAVID: Oh yes, right in front of me. It was last week, right in front of me in the pastor's office, I'm like, whoa. And then the next day the husband was my driver to the airport, so he told me that since then she was depressed, she used to be the worship leader of the church, complete shift. No more pain, doesn't feel the tumors, skin color changed and full of joy, getting heavenly encounters. So even just that, like terminal cancer, that's a big thing.

SID: David, there are some that need a definition.

DAVID: Sure.

SID: We're talking about Glory. Let's not take things for granted. It's the Glory of God. What does that really mean? What is it?

DAVID: Well basically, I break it down this way. If you were to go to Heaven right now, die and go to Heaven, what would you be experiencing right now? That's the Glory, the heavenly atmosphere.

SID: The Presence.

DAVID: Presence of God, Shekinah Glory, as if you were dead and went to Heaven, but you're still alive, living in the Glory. That's what it is. So you're walking around as if you're in Heaven, but you're on the earth. So it's more than just a gifting or an anointing, or an ability. It's like the presence of God's full Glory all around you and inside you. That's, it's Heaven, it's Heaven on Earth.

SID: Now we know about the Glory and we also know about the Anointing. Would you define the difference between the two.

DAVID: Sure. The Anointing, for years, I had ministered under a heavy anointing, which means you administer, you pray for people, you lay hands, you do all the stuff, and it's like coming from inside of you. It's like a battery, you charge it up, you pray and then you release it, and you feel virtue, but you also feel tired sometimes. If you lay hands on a thousand people or deliverance, or healing, you feel a little worn out. It's like part of your body is invested in it.

SID: And you know when I lay hands on someone, what, I feel as though I can actually feel that presence coming out of me into that person.

DAVID: Exactly. And it's biblical.

SID: Right

DAVID: And I did that for years, but I would get tired sometimes, like wow. But then when I hit the Glory it wasn't coming from inside me, I was connecting to the Glory, and the hand of God out of the Glory was touching people directly from the Glory cloud. So as opposed to me getting it through me to the person, I would tell the people, raise your hands, in the audience, and then God would touch them directly. So it was bypassing me and going straight from Heaven to the people.

SID: Well you know what that does? That gives God all the Glory.

DAVID: Yes.

SID: And you're almost like an observer.

DAVID: Yes.

SID: You're having [unintelligible]

DAVID: I'm a spectator.

SID: Yes. Tell me what God has shown you about, because that's the Glory you've operated in, but God is showing you about this greater Glory. What is going to happen when it fully manifests? What do you see happening?

DAVID: What I see is God always takes us from Glory to greater Glory, to greater, just like from faith to faith, Glory to Glory. But those of us who have been in the Glory for years and have been faithful, and what God is telling me is He is about to release yet another dimension. And I was like, "But Lord, how much more is this going to get." And he said it's going to be so great that all the past moves of God that we've seen before will be nothing compared with what's about to happen. So you think the Jesus movement, you think Kathryn Kuhlman, the Azusa Street Revivals, Finney, Spurgeon, Smith Wigglesworth, all these revivals, Wesley, nothing compared. It will almost be like a culmination of all those Glories in one exploding on the earth. And I said, "Lord, what is this going to look like?" He said it will be so fast that what would take years in one revival, is what would happen in days in this new Glory.

SID: David, when we come back, I want you to explain how you started operating in this Glory of God, this manifest presence of God. And again, anything David can do, anything I can do, you can do better. We'll be right back.

SID: David, I'm going to take you back to a friend of mine, Ruth Heflin, who had a camp place where people would stay, and meetings, and she was teaching all over the world about the Glory. And David wanted to learn about the Glory, the manifest presence of God, Heaven on Earth, so he went there as an observer, but you didn't stay an observer. What happened?

DAVID: I walked in. I had just finished a six-month revival, non-stop. It was great, but I was tired. I wanted something new from God. I knew she had it. I go over there. It was January the 2nd, 1999, I believe. And I go in, and I said, "I can't wait to be here." I walk in the door and she's at the door waiting for me. And she says, "Oh by the way, young man, you're speaking tonight." I said, "Oh no, no, no, I just spoke for six months, I really am tired, I'm hungry, I need something new that I don't have. You have it. I want to hear you." "No, I'm a prophetess. You're speaking tonight." So she insisted. I was like, I was really, I really insisted no, she insisted yes. She won. So I got up. All right, I'm just going to preach Isaiah 6 and 61. The Glory of God hit me on the stage. I sang two chapters of the Bible. That was my message.

SID: Wait, when you say the Glory of God hit you on the stage, use more descriptive words. Explain what that means.

DAVID: Yes. I was getting there. And so I got hit by the Glory. As I'm reading it, I start singing. The power of God hits my body. I'm covered in gold and demons started coming out of the—

SID: Covered in gold?

DAVID: This gold dust thing just covered my face and body. I didn't know until after. All I knew was I never sing my message. I preach my message. I'm singing, [singing] "Arise and shine

for your light..." [talking] and I'm thinking to myself, what are you doing? This is so embarrassing. It wasn't me at all. It was not me. And my wife was looking at me. And then I was in just ecstasy. And I look back at Ruth and she's just smiling. She knew if I would get on that stage it would propel me into a new dimension. And after that I was in like heavenly realm for 24 hours a day for about a week. I didn't even think I was on the earth. I was just like, I can't, this can't be real. This presence, I didn't even know it existed. I've taught on the Glory, but I had not really experienced that dimension of Glory until that day, and I didn't know that was even possible to have that. I had been around. I traveled the world, I had been on the mission field seen revivals and miracles, and salvation. I thought I pretty much know how this works. But there was a whole other dimension that not even compared to anything I experienced before, had nothing to do with even desiring to preach. I didn't care about it. I just wanted to be in that realm.

SID: For someone that's watching right now and they definitely know Jesus, they're born again, they're even filled with the Spirit, but they've never been in this Glory realm, I wonder if you can talk to them right now and tell them how they can get into it.

DAVID: Sure.

SID: But not a one-line answer, but not a long one either.

DAVID: Okay. All right. So you're hungry, you're desperate, maybe you're dry. You've seen some things, but you're like, how you get that you're talking about. One of the things was I was just desperate, not even hungry, desperate, like beyond hunger, like if you don't come here, God, and touch me, I'll go up to Heaven and get it if I have to, that desperateness that comes. And then out of that there's intimacy. You just, God, I just want to be with you. I'm not coming to you to get something from you, I just want to be with you. And then worship, worshiping him in your own intimacy, not just songs you know, just worshiping him, singing to him. It's just that deep longing for him, a desperateness. And from that something starts to come in. A new presence starts to fill your being, your room, your life. And then from there he takes you to the higher and higher realms. So be desperate, number one, intimate with him like you've never been before. Remember the first time you were saved, that intimacy you had, go back to your first love and then start to worship him with all your heart and just wait until that Glory floods your room, that manifest presence, and you'll be addicted. It's like a holy drug. Once you taste it, the powers of the age to come, you can't go back to what people call "normal Christianity," which isn't really normal anyway. It's dead.

SID: Now you told me that you used to do this sometimes for hours. But now, you're instantly in the Glory.

DAVID: Yes. I always say to people, they say, well how do I stay in this after a great weekend in the Glory, in your meetings? I go, here's the secret. Ready, take notes. They take notes. Don't get out. So the greatest way to stay in the Glory is never get out of it. Maybe you had to fast your way into it or you worshipped for five or ten hours and you were in a great conference. Well when you go home, stay in that realm. Worship him, love on him, intimacy. Just stay in it. Don't go back to normal of just like compartmentalizing God and then oh, when there's another meeting, then I'll get spiritual. Stay in the realm on the way to work, changing your baby, going

to the office. Just be in the realm all the time and when something comes up, like, like I was in Israel in the other day and a guy came out of the elevator and he was sick. I think it was an Arab guy, maybe he was Jewish, I can't remember, and I just noticed his arm was hurting. He said, "Yes, I can't left my arm." "Well let me pray for you." Boom, instantly healed, and I just kept going. You're just in the realm. You don't have to go, let me go pray and fast for a week, so I can pray for you. You're just in the realm. And then as you go, God uses you.

SID: You know, there's so many wonderful supernatural things that happen to people when they're in the Glory. For instance, people literally get younger in the Glory. David has seen this. We'll talk about it when we come back, in a moment. But I can tell you one thing and that is I know what gets you older. Witchcraft gets you older. The Glory gets you younger. I like Glory. We'll be right back.

*We now return to **It's Supernatural**.*

SID: I was just kibitzing. We were just joking with David like two Jews do when they get together. What do you expect? And I said, "David, am I getting younger?" Seriously, you have been in meetings where people have gotten younger. Tell me one.

DAVID: Yes. Many meetings, you know, when you get younger, God reverses. So let's say you have no hair, we've been in meetings where the hair grows back, or white hair starts turning back to their black color.

SID: I will never forget, I was at one of your meetings. I think I was speaking, I'm not even sure, and I was sitting behind a woman that had long grey hair, and I'm watching you, of course, and I'm looking at her because she's blocking my view. And I literally saw it, it start turning brown before my eyes. That was so good of God. I love to see God.

DAVID: That was in Miracle Valley.

SID: It could have been.

DAVID: Wow, that's fun.

SID: That was where A.A. Allen had his ministry.

DAVID: Yes, exactly.

SID: And you had a meeting out there. David, transportation, I have had this happen to me, that I know of, once, but how is it that someone can travel eight hours in two hours, an eight-hour drive in two hours, something like that? How does that happen?

DAVID: Well that happened to us. We were, once I was in France, driving eight hours and we were just worshiping, laughing and having fun in the Lord, and all of a sudden we got there in less than two hours, an hour and 45 minutes. We couldn't believe it. Because even if you went as fast as you possibly could, there was no way in the world you could get there that fast. So what God does is he, your spirit goes to Heaven where there's no time, and God bends time, and brings you to the other location supernaturally fast.

SID: Now you talk about a distinction between declaring and confessing Scripture. Explain the difference.

DAVID: A lot of people confess daily like, it's like taking your daily multi vitamins. I confess today that by his stripes I am healed. I confess my debt is going to be paid off. A lot of times people confess in their mind to thinking future tense. I'm confessing, "How's your back doing, Bob?" "Oh, I'm still confessing towards my healing." A decree is like Jesus would do, Yeshua, "Lame man, get up and take your bed and walk now." So a decree is like a now realm. And when you're in the Glory and you decree something, it's created at that moment. So it's created, like prophesy, even in the Glory, is more creative in nature. The old days, one day, you'll go to Africa, my child, and you write it down and maybe you'll go. But in the Glory realm, I've had decrees happen whereas it's being said I'm getting the invitation on myself within minutes. It's creative in nature. That's the difference. There's an acceleration of creating in the Glory versus just confessing what you're hoping God to do.

SID: How does the average believer walk in this Glory, 24/7?

DAVID: 24/7, they'd have to never sleep. No, I'm kidding. To stay in the Glory realm even when you're sleeping, you start the day right. If you start the day with God, if it starts good, it ends good, worshiping him, loving him, intimacy, getting the word, just spending, just enjoying to be with him where it's a delight, not a discipline. You just enjoy it. Then the rest of the day he's with you. You take him in your car with you, you take him to work, to ministry, to, it's just there. There's a presence, always being aware of his presence. That's the secret to staying in it all the time, just being aware that he's there. And a lot of times you don't realize he's there, you pray for someone, and boom, it's there, the power is there, so staying in the intimate, even in your mind, just thinking on him all the time.

SID: There are people, you, that you know the deal about religion and believing in Jesus, and some of you have known since this little, some of you, it's brand new. But very few of you have experienced the great mystery, Messiah in you, the hope of the Glory. I want to pray a prayer, if you will mean it, the Messiah of the Creator of the world wants to live inside of you. He's chosen you. Repeat after me: Dear God, out loud, Dear God, I'm a sinner. Please forgive me for all of my sins. I believe the blood of Jesus washes them away and now that I am clean I make Jesus my Messiah and Lord. Amen. David, I want you to proclaim intimacy with God, Glory and healing over the people right now.

DAVID: All right. I pray for those watching right now, just lift your hands, close your eyes and just be hungry right now as I pray for you. Father God, in Yeshua's name, I ask you that you would flood the people right now with the heaviest presence of the greater Glory that they've

ever experienced, the greatest intimacy they've ever experienced, let it be days of Heaven on Earth right now in their homes, in their cars, on their cell phones, on their TV sets, let the Glory just invade their homes, their entire being inside their cells of their body, their heart, their emotions, their spirit. Let the greater Glory visit them now like they've never have before and let them completely change their life like they've never been changed before. Let it change their family, their thinking process, their ministry, everything they do. I pray that the greater Glory, the intimacy of God right now, I decree it, is coming onto the TV sets and phones, and wherever they're watching. Even if you don't know Jesus or Yeshua, it's flooding you. You can be Muslim or Jewish, or atheist, or whatever you are, yellow, black, white, red, God is flooding you with his Glory right now because he loves you. The Creator of Heaven and Earth loves you and through his son Jesus, Yeshua, you're being invaded with the presence of God's Glory, greater than even Moses experienced or the apostles, the greater Glory is being released now for you in this season. I just release it over you, the tangible presence of God's Glory, just receive it now. Receive it now. And some of you are getting flooded right now. I see some of you are crying. Some of you are laughing hysterically. You don't know why you're laughing. Some of you are getting like a deliverance of just the old of religion, of the old ways, and some of you are just getting healing. Even your body, you didn't seek for it, you just saw him. But as you're seeking him he's doing all these other things, but the intimacy with God is reconnecting right now because you are so hungry enough to even watch this whole show. You said, I got to have what they're talking about, and because you asked it's coming to you right now, right now, right now, right now it's coming to you. Let us know what happened to you. If you got visited right now Sid Roth wants to know. Let them know the testimony of what's happening to you right now.

SID: And the people with arthritic fingers, you are healed in Jesus's name.
