

**SID:** Hello, Sid Roth here. Welcome to my world where is naturally supernatural. My guest watched *It's Supernatural Television* show archives for up to eight hours a day for almost two years. And guess what? It worked. He now does the same miracles that he sees on *It's Supernatural Television*. But he has had literal face to face encounters with God. He says he can mentor you so you can have your own face to face encounters. And it's different than what you're thinking.

*Is there a supernatural dimension? A world beyond the one we know? Can we tap into ancient secrets of the supernatural? Can our dreams contain messages from heaven? Is God ready to bring a tsunami wave of healing onto Planet Earth today? Sid Roth spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Not only is Tony Kemp now operating the same miracles as my guests, but you told me something. Right from the gate, I want to go there. You told me God wants to heal people right now.

**TONY:** Yes.

**SID:** Talk to them.

**TONY:** The Lord spoke to my heart that he was going to heal people today, and he is specifically going to heal people with back conditions. For the person that has an issue with the spine, you're being healed by Yeshua right now. There's a person who has metal in your back, there's a person with rods, there was a person with metal in the leg, and it's causing you pain and discomfort and you're being healed by Yeshua right now. There are creative miracles. You're going to discover that your pain is decreasing, you're going to discover your pain is going to go away, and there's going to be at two different kinds of miracles in regards to this metal miracle. The metal's going to remain, but the pain will be gone and you'll have perfect mobility. And in other cases, your metal is going to literally disappear. It's going to be replaced with bone, and all your pain is going to be gone. Jesus is doing it for you right now.

**SID:** Tony, you were supposed to turn the tables on me. Are you going to do it?

**TONY:** I am going to turn the tables on you here.

**SID:** Watch this, everyone.

**TONY:** I've been on your program and number of times and you've always interviewed me, but I want to interview you. And what is a Jewish man? How did you come to know Jesus as your Messiah?

**SID:** I was looking for happiness.

Just trust me, you're going to make money.

**SID:** I was successful in business but when I realized that I will not be a millionaire by age 30, depression and hopelessness set in. I even checked out the bar scene. After all, I was really young when I got married, but I'm convinced the bars are filled with the most hopeless loneliest people in the world. One day someone said, "I have a friend that took a new age course, and now he knows things that were never programmed in his mind. So, I took the course there and making a long story short, I was violating my own Jewish scriptures and didn't know it.

**SID:** In the 18th chapter of the book of Deuteronomy, God says it's an abomination to be involved with witchcraft, reincarnation, going to fortune tellers, being involved with psychics, seances, new age, and you suffer consequences. I did. I knew something. I knew there was something evil inside of me, and I wanted out. If you ever saw the movie or read the book, *The Exorcist*, I was living it. But what does a Jewish, what does even a Christian person do that's like that? Most ministers on aren't equipped to help you. I had nowhere to go.

**SID:** And so, I'd met some Christian friends who said, "If you would pray to God in the name of your Messiah Jesus, he'll set you free. Well, you know, Tony, when someone is going down for the third time in the middle of the ocean, you don't care who throws you a rope. Therefore, I prayed a very simple prayer, two-word prayer, Jesus, help! And I went to bed and I did not want to wake up, life was too hard. But I did wake up the next morning and there was a presence of God. It was thick, it was tangible. Today I know it's the glory, the manifest presence of God. I can just tell you it came in my room, that demon that was inside of me, couldn't take the heat, it left.

**SID:** I was separated from my wife for a year at that point, and I heard the audible voice of God for the first time in my life. He said, "I hate divorce, return to" — I didn't know he was quoting Malachi. He was quoting Malachi. I found it in the Bible. I was so excited when I found it. He said, "I hate divorce, return to your wife and daughter." And so, Joyce and I have been married for 53 years.

**TONY:** Amen.

**SID:** That's the short story of how I became a believer in Jesus. Well, the glory of God touched your life and you heard the voice of the Lord. And because you had this supernatural encounter with God, you were given a hunger for the supernatural and a passion for the miraculous. Tell us a little bit about how that developed.

**TONY:** Well, I have to tell you, a lot of people judge me. First of all, you're not supposed to judge me, according to the Bible. Second of all, a lot of people judge me and say, "Oh, he just is so crazy for miracles." No. If you read the Bible, you will see there is a biblical way to get people saved. It's called demonstrate the kingdom and earn the right to present the King. My passion is souls. He who wins souls is wise.

**SID:** I want you to know that I'm amazed, Tony, and you know this because you're on my board, that I'll go in front of 1000 Jewish people that know nothing about the Messiah and I'll have a couple of words of knowledge, and 60, 70% of unsaved Jewish people say, "I've just been healed," and I'm in more awe than they are. And then they will listen to an hour presentation

from the Jewish scriptures as to why Jesus is the Messiah. That's God's way. I want to do things God's way. Maybe things aren't working because we're not doing things God's way. That's why, I don't mean to yell at you, but I'm excited. That's why I am so fascinated with the supernatural. It earns a right for me to present the gospel.

**TONY:** Amen.

**SID:** When we come back, I'm going to turn in the tables back on Tony Kemp, and I'm going to find out about his face to face with God. Be right back.

**SID:** Tony, you have spent 26 years in ministry, very few miracles, maybe I headache here or there, and that was it. And then you found out about It's Supernatural, but why did you watch it so much? Up to eight hours a day for close to two years that's a lot.

**TONY:** And sometimes even more than that. Here's what happened. I became frustrated because I was not seeing in my life what the Bible says. And I knew that there was more. There was something more, and I was pursuing that more. I actually came across your program on accident by God's divine will.

**TONY:** I was listening to the guests and they were sharing their relationship with Jesus, their relationship with the Father, new truth concerning faith and the anointing and the glory. And they were giving examples of how they were touched by God, and how other people were receiving signs, wonders, and miracles. I just felt so much hunger and I thought to myself, "They have something I don't have. I'm going to admit to God and to myself I don't have it, and I'm going to listen and learn. I'm going to humble myself and I'm going to get the revelation to see the miraculous." That's what happened.

**SID:** We have these shows, there's no charge, the archives. You can go to our web page or YouTube or any of these and watch these archives. I have people that watch it every single day, a new show. And there's something about watching it that activates you so much.

**TONY:** Yes, I began to listen to the guests, the teaching of the word, I began to receive the breath, the wind of the Spirit. And it was like I absorbed the revelation that they were sharing. And that revelation turned into a personal reality. And then when I began to share the revelation of the word, it became the reality in people's lives, and they began to see instantaneous or immediate miracles.

**SID:** Now, this was about how many years ago?

**TONY:** Oh, let's see. This was 2008, so we're going back 2005 and onward, 2004, 2005 onward.

**SID:** Okay. Now, there is a new tool in town. It's called the Supernatural Bible. And I put everything in this Bible that I wanted for myself. If you had had this new tool, I believe that it would have sped it up, a lot of what happened in your life.

**TONY:** Oh, absolutely. Because in this Bible, which I just recently started preaching out of, you talk about the power of the blood of Yeshua. You talk about God's cycle of blessings. You talk about our need to be filled with the Spirit and pray in the Spirit. There's teaching in this. One of the great features of this, there's teaching on healing. There's teaching on how to receive miracles. I had to minister in the area of miracles. There is teaching on really how to know God and how to receive divine favor, and how to minister to the Jewish people and others. And so, that in and of itself can prepare or catapult a person into the supernatural.

**SID:** I put in this what I've learned in, now it's pushing almost 40 years of ministry. We have chain references. Dr. Sandra Kennedy, she's one of the finest teachers I know in receiving healing, and she did a chain reference where she takes a scripture and she highlights it, and then teaches on it in the healing. Her favorite healing scriptures. Then I had my friend, Dr. Michael Brown, and I said, "Mike, I want you to find the most important prophecies as to why Jesus is the Messiah. And I want you to do a commentary." He writes, "Why the prophecy tells about Jesus, what the rabbis have to say as to why they say it doesn't, and what the truth is. You will see levels. People are reading this, they're telling me it's become their favorite Bible. It's doesn't look a whole lot like a Bible. It's got a menorah on one side and star of David on the other.

**SID:** What I've done is I've recaptured the Jewish feel in the Bible. I've taken words such as my wife's favorite thing that she gets upset about is, why do you call Jesus Christ? Why don't you call him what everyone will understand? Call him his title. That's what Christ is. His title, he's not his last name. Jesus the Messiah, that's what we say in the Bible. Then instead of words like trumpet, every time a trumpet is mentioned, did you know there are many cases in the Bible where it's shofar. Not all, some it is trumpet. So, where it's shofar, we recapture what it is. You know what a shofar is. It's nice to know it's not the thing with the trumpet that fills the place.

**SID:** When we come back, we're going to do what I said we're going to do. We're going to find out about his Face to Face with God, and what he means by it, and how you can have a face to face with God.

**SID:** Tony, tell me what you mean ... First of all, me about a face to face briefly that you had.

**TONY:** Yes, I was in Louisiana, State of Louisiana. I was at house with a friend, I was doing some meetings down there. And Jesus appeared to me and this is what he said. He said, "I've given you the authority and the power to follow me." He said, "If you'll follow me, you'll become a like me in life. And if you become like me in life, you have become like me in

ministry. And the focus of Jesus was his father and the focus of my life is Jesus, so that I can know Jesus and know the father. And if I become like Jesus a life, I'm going to see some supernatural wonderful things happen in my personal ministry.

**SID:** Now, okay. You had this type that, many visitations face to face with the Lord. What do you mean by face to face?

**TONY:** Well, first of all, let's look at a sinner. This person gets under conviction for sin, and he has the leading of the Holy Spirit to receive Jesus as Messiah. That is a god encounter. When a person experiences what you talk about in this new Bible, God talk being filled with the Holy Spirit. This is face to face with God because it improves and increases your intimacy with the Father and Jesus. When we talk about divine healing, like Stephen Brooks literally takes scriptures in this Bible for categories of disease. It says if you apply these scriptures, you can be healed. Sandra Kennedy takes scriptures here.

**TONY:** For example, I was teaching out of this Bible and I was going through scripture—

**SID:** Excuse me. That thing of Stephen Brooks is amazing. It's like you have a specific problem like bone disease. He has a scripture just for bone disease. You follow? I've heard for specific things. I think this is phenomenal.

**TONY:** Yes. And I literally taught, when I was in Syracuse, about categories of disease and divine healing. A woman who had been deaf, a Russian woman, we have a lot of Russians who attend this particular service, a Russian woman who had been deaf in her ear, totally deaf in her ear for 15 years starts hearing instantly. One of the advantages of this Bible is I don't have to run around and search for the scriptures, you have them all together right there for me, so that I can be helped by God to minister to the people.

**SID:** By the way, I forgot to mention the translation is the Modern English version. Which is that it's based on the King James, but it's the first update of the King James in some 30 years. So, it's a fabulous translation. And there are so many words. Not a lot, maybe. But there's at least 10 or 12 words that I have recaptured. It will be your favorite Bible.

**TONY:** To go on answering your question. A lot of times when we talk about face to face with God, we talk about dramatic dreams, visions, experiences with angels, seeing Jesus face to face. But when I talk about face to face with God, I'm talking about a father or a mother praying for their child, and all of a sudden, the Holy Spirit quickens them or makes them to become aware that something is going on with that child. God gives them a revelation. They go on a search and discovery and find that that's true. Or maybe a person has two job options and they think about one job option and they're disturbed. They think about the other and have a peace. This is face to face with God.

**TONY:** And so, when I talk about face to face encounters with God, I'm talking about discerning the voice of the Lord. Discerning what God is not in, and discerning what God is in, and discerning what God is saying and doing in the now.

**SID:** On the bonus book that we're sending, you offer keys. One quickie key, just one.

**TONY:** Oh, my. Oh, my. Here's what I say to people. I say you have the encounter with God where he gives you a word, [it's] a treasure. And then you go through a process where you may experience just the normal difficulties of life, what we call trials, okay? But the Lord is using all of that for me to grow in the intimate knowledge of my Lord and Savior, Jesus the Messiah.

**SID:** So, you're going to drive the devil nuts. It's not coming from God, but you're going to drive them nuts because God gets the glory at everything.

**TONY:** Exactly. Because 2 Peter 3:18 says grow in the grace and the intimate knowledge—so that's not information, but that is personal knowledge of My Lord and my God and my Savior, Jesus the Messiah.

**SID:** There's just so much that Tony has to share. I can't wait for him to tell you his revelation from heaven, we are literally going there, and the lake of fire, literally seeing what that is like. We don't have the time on the show. but you can go to SidRoth.org and pick up the show right now. In addition to Tony, we have Dr. Michael Brown and Dr. Sandra Kennedy. I can't wait for you to find out all the good things they're going to have to tell you. I can tell you this, Tony. There are people watching us that say, "That man knows God. That man knows God. I want to know God like they know God." Well, guess what? God wants you to know him more than you want to know him.

**SID:** I want you just say this prayer with me. All the presence of God is here for you to experience God. For you to have experiential knowledge of him right now. Say this prayer out loud. Dear God.

Audience: Dear God.

**SID:** I'm a sinner.

Audience: I'm a sinner.

**SID:** And I'm so sorry.

Audience: And I'm so sorry.

**SID:** I believe your blood.
