

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. My guest, a Catholic priest, led on a regular basis the largest Catholic charismatic healing meetings in the United States. He knew what was wrong with people, and then he had major miracles. I mean major, such as incurable cancers, tumors literally falling off, blind eyes from birth recreated, and many other creative miracles. Then, suddenly, he left the Catholic Church. Next, on *It's Supernatural!*.

*Is there a supernatural dimension, a world beyond the one we know? Can we tap into ancient secrets of the supernatural? Can our dreams contain messages from heaven? Is God ready to bring a tsunami wave of healing onto planet earth today? Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this addition of **It's Supernatural!**.*

SID: Well, Dr. Sizer, you were a Catholic priest for about a year, and all of a sudden you got desperate for something more.

FRANCIS: That night when I was in desperation, and hungry for more, He came into my room, and the presence of God entered enter my body, into my spirit, and flooded my soul. And I wept, and I wept, and I wept. I cried out loud that, "He has come. You've been here all this time, and I never knew it. I never really knew it like I know it now." And I was saved.

SID: And then a few weeks later, he is a little nervous about something going on in the basement of his church, a little group of Catholic charismatics were meeting. So he decided he would investigate. A few weeks later, they're all praying for him for the baptism in the Holy Spirit. What happened?

FRANCIS: Well, I did go to that meeting that night. They had asked me to give a little teaching. They said, "Let the Spirit lead you, Father." I didn't understand what they meant by let the Spirit lead you, but anyway, I did my best.

I recall saying, "Well, I'll talk on creation because that sounds like a good topic." They had me sit down. They didn't know what I was going to talk about, but they had me sit down in a circle, and put all my books, my concordance, all the notes put aside, and they said, "Let's pray."

FRANCIS: The leader said, "I feel good tonight. Let's sing about the birds of the sky and the fishes of the sea. Let's sing about creation." Let's sing about creation. Amen. Amen.

FRANCIS: Somebody read from the book of Genesis on creation. I said, "That's interesting." And the earth was without form –

FRANCIS: Then somebody read Psalm 104, the creation Psalm, and I really said, "This is very interesting." He established the earth upon its foundations, so that it will not totter forever and ever. Somebody must be here. Finally, a man opened up his Bible and he read from the passage from Galatians 1:15, which was my text for the night. I jumped up out of my seat. I said, "He is here! He is here! God is real!"

SID: So they laid hands on you to be immersed in the Holy Spirit. Tell me what happened.

FRANCIS: The greatest night of my life, Sid, greatest night of my life. Three people said a very short prayer, began to pray in tongues, and with that, I began to shake. My body shook and shook and shook and shook with power, and volts of electricity coursed through my body more and more and more. I couldn't stop it. I got so scared, I yelled out, "Stop it! Stop it!" But it wouldn't stop. It went on for a whole hour.

They got scared. They left me. They left me. There I was. I bounced onto the floor, and I went into convulsions, up and down, up and down, shaking with power. With that power came this liquid love of fire, went through my body, and through my body, volts of love, volts of power. And God had baptized me with the fire, the real baptism of fire.

That night, the Lord took me up to heaven, and when I went up to heaven, I was out of my body into another realm, into another place. And I heard for the first time, all my senses were amplified, and made greater and greater, and the music I heard with the choirs of angels was something I wanted to stay with. I wanted to stay there. But I heard the voice, "There's work to be done." And I was back in my body. Back in that church that night. When I laid in the bed the fire of God was on my hands, and I couldn't wait to wake up the next day, and try it out on somebody.

SID: Now this is so amazing to me. In the Catholic Church, they confess to priests their sins. The children, when they would go, he was the most popular priest. Do you know why? They wanted to go to the priest that knew their sins before you told them. The children would actually fall over in the Spirit. Is that true?

FRANCIS: The children, Mother Superior brought the classroom over, and so I was praying with the first one, and in those days instead of going behind a screen, they would sit in a chair. I reached out my hand for the first one, and boom! Down she goes. I said, "What was that?" I picked her up. I put her over in the corner. I opened the door. I said, "Sister, send the next one in." This went on for six times. Boom! You have to understand, I didn't know what slaying in the spirit was, but I knew my hands were lethal.

SID: You know, I want to know the first miracle that occurred with those lethal hands.

FRANCIS: Yeah, I used to go to the hospital. I went into a woman who was left for death. She was 85 pounds, her name was Annie. She had fourth degree cancer, or fourth level stage cancer. She was on morphine, and I walked into that room, Sid, and it reeked of cancer. The spirit of cancer, I don't know if the audience has ever smelled what it smells like. It was terrible. And she was dying. The spirit of death was there.

So I cursed the spirit of death in the name of Jesus. I cast out the spirit of death in the name of Jesus. I took Anne by the hand, and the power of God went out of my right hand into her body. Her eyes popped open like with life again, and I said, "Get up in the name of Jesus. Take a walk with the man of God."

SID: And that's how it started. Now, you think of something when children fall over from the power of God coming on them. Guess what happens when there is a seeing-eye dog. Same thing with the dog. We'll be right back.

*We'll be right back to **It's Supernatural**.*

*We now return to **It's Supernatural**.*

SID: So, a woman comes to you. She's born blind. She has a seeing-eye dog, what happened?

FRANCIS: As she made her way up, nobody called her up. I was still in the middle of preaching at the time. But she came up with this German shepherd seeing-eye dog, and the dog had a harness on, and she was kind of holding onto the harness. And I got a little bit frightened when I saw the size of that dog.

As she got about 15 or 20 feet away from me, the dog fell out under the power of God. God showed me something interesting theologically that this lady used the dog as her eyesight, for her eyesight, that she had to let go of the dog before she could come to Him empty handed. We must come to the Lord empty handed, without any crutches, without any kind of aids.

SID: Now you can understand why his meetings were really big. These meetings, these healing meetings you had, how many people would come to them?

FRANCIS: We had, during the nine years that I was doing them, 2,500 people each meeting, and buses would come in. People would wait two hours ahead of time just to get seats because they wanted to see what God was about to do.

SID: And then minding his own business, he's at a meeting, and someone walks up to him that he is convinced is an angel, and says a very strange thing to him. What?

FRANCIS: I was having lunch with the head of the Full Gospel Businessmen International in Washington DC. The men were trying to ask me, "Why are you a priest?" Or, "What is a priest?" They were all Protestant backgrounds, and it was unusual to have a saved Catholic priest with the gift of healing and the power of God in him.

So I was doing a bad job explaining myself about priesthood. A lady came along, and tapped me on the shoulder, and whispered in my ear, "The answer is in the curtain." Well, with that she was gone. Never saw her again. Couldn't find her. Looked for her everywhere. She disappeared. It was an angel. Demos Shakarian, who was sitting beside me, said, "Oh, you need to go read about the curtain, Hebrews 10:19."

And it says there: Therefore, brothers and sisters, since you have confidence to enter the holy of holies through the veil, which is his body, and through the blood, come forth into my chamber, it says, with confidence because I am your God.

Now I knew when I read that, that my priesthood days were over because Jesus once for all offered himself for us. There was no need for me to say Mass anymore. There was no reason for me to be an intermediary in a sacramental system because people now, as they receive Christ, all become a priesthood of believers. And they all have access to God. We're all priests.

SID: Now, the criticism from religious people got more than he could tolerate. He saw this, he did, people didn't have to go to him to get to God. Well, we already have the priest, his name is Jesus.

FRANCIS: Amen.

SID: Much better than human. And he saw these differences, and he left the church. He really stopped going even to church. He was burned out. He went back to college. He got his doctorate in psychology, and he opened up his own little shop. He got married to a woman, this is a story in itself, she was a marvelous ballet dancer, and she went to Turkey with her troop, and she was captured and put into what's known as, I guess called white slavery.

FRANCIS: White slavery.

SID: She had how many tumors in her?

FRANCIS: She came back from Turkey, and her stomach was just ripped apart from dysentery and starvation. She doctored with the American doctors for about eight months, nine months. Then she heard about a priest who had the gift of healing. That was me. That's how we met. She had 11 bleeding ulcers. The doctors were ready to take 75% of her stomach out, and cut it out because of all these ulcers.

But we know a better way through Jesus. I prayed with her, and she was pretty much on her death bed. The power of God went into her stomach, and both of us knew she was healed. She made the doctor sign an agreement that he would not go ahead with the operation until he did another endoscopic exam, and looked down her stomach, and he did. He saw her stomach looked like a newborn baby's pink stomach.

He came out of the operating room, and he shook my hand, and he said, "Father, what is your technique? What is your technique? Congratulations."

SID: I'll tell you what, I'm going to have him pray for the fire to come on when we come back. Interested?

*We now return to **It's Supernatural.***

SID: Okay, so Dr. Francis is burned out, has a little shingle out, is a counselor. It's going just fine, and somehow, I don't know how, you end up Toronto at the Toronto Airport Church, and you get hit again by the fire of God. What happened?

FRANCIS: Well, I walked into that huge, and there were like 5,500 people, in 1994. I saw people shaking, and I said, "You're back. You're back, Lord." And so I was prayed for there, and the healing gift and fire returned to my hands in a powerful way once more. I was just so happy to be back in ministry where I belonged.

SID: You talk about power encounters. You talk about the fire of God. What do you mean by power encounters?

FRANCIS: It's living, what you've been preaching on your whole life, the supernatural life. It's above the natural life. It's unlike the natural life. The expectations of what we want in life is far higher, far greater. The fire is what brings the energy and the power and the glory. It is the fire of God through your body. It's not you, it's the Holy Spirit. We need to get back to the baptism of the Holy Spirit, and receive the fire!

SID: I want Jesus to be inside of you, the Messiah of Israel. The one Messiah for the whole world, just as he's inside of Dr. Sizer. Repeat this prayer, mean it to the best of your ability.

SID: Dear God.

Audience: Dear God.

SID: I'm a sinner.

Audience: I'm a sinner.

FRANCIS: I'm a sinner.

SID: I'm so sorry.

Audience: I'm so sorry.

SID: I believe the blood of Jesus.

Audience: I believe the blood of Jesus.

SID: Washes away my sins.

Audience: Washes away my sins.

SID: And I'm clean.

Audience: And I'm clean.

SID: Jesus come inside of me.

Audience: Jesus come inside of me.

SID: Take over my life.

Audience: Take over my life.

SID: I make you Lord of my life.

Audience: I make you Lord of my life.

SID: Amen.

Audience: Amen.

SID: I want you to pray for two things. I want you to pray for those that are dry and hungry and thirsty for the fire, and then I want you to pray for healing as God directs you.

FRANCIS: I pray for all those who desire the baptism of the Holy Spirit, and the fire of God, that it would fall upon you, and ignite you in a way in which you know that it's a supernatural presence and power within you. That out of your belly will flow rivers of living water. Right now, that the Holy Spirit would captivate you, and cause you to be on fire with your hands, to heal the sick, and even to raise the dead. In Jesus' name, we pray. In Yeshua's name, amen. And amen.

SID: You prayed once for 33, for people, and 33 cataracts disappeared. Pray for cataracts and anything else that God directs right now.

FRANCIS: Father I pray that people have new eyesight. That they would come to know the revelation of Jesus. That they would be able to see in their eyes a peeling back of old things, that they might see things in a new way. And with that, I pray for physical eyesight. I pray for cataracts in the name of Jesus, loose them, by the power of God. I pray that those blind devils never return. In Jesus' name, I pray that eyes be opened from glaucoma, from blurry vision, from floaters that are in the eye and, yes, blindness.

I pray also, I see deformities being healed, deformities, twisted bodies, twisted spines. In the name of Jesus, all around the world, being healed in the name of Jesus. That you might go leaping and laughing for the Lord Jesus Christ in Jesus' name. I see the power in the anointing causing little babies who are in incubators in hospitals being released from congestion and respiratory problems.

I see it right now, a little baby that the Lord is going to release right now in the name of Jesus. For nothing is impossible with God. We thank you, God, for new mothers, for those with families, for those that are struggling, that they are not alone, that they are with Jesus Christ, that

he will provide their needs, that he will provide all their needs according to his riches and glory. We thank you, Lord, for every good gift comes from you, and the people said amen.

SID: And amen.

SID: Next week on *It's Supernatural*.

Perry Stone: Hello, I'm Perry Stone. I want you and your family to join me on *It's Supernatural!* with Sid Roth, as I share with you the secrets that I have learned, after 42 years of ministry, about the supernatural.
