

*Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. In heaven, there's no evil. You are surrounded by love, joy, peace, glory, but my guest says you can live in this heavenly atmosphere now.*

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** My guest, Dr. Candice Smithyman, made a full commitment to the Messiah, and you would too if you had had an encounter like she had. What was wrong with you physically?

**CANDICE:** I had Crohn's disease and severe anxiety, depression, a spirit of fear.

**SID:** Is there a cure for Crohn's disease?

**CANDICE:** No, it is an incurable disease.

**SID:** So, what happened?

**CANDICE:** Well, obviously this disease had consumed me for most of my life and I was full of fear, anxiety, and depression. I just walked in it. I was in Hawaii, my husband was called to go away on a six-month deployment, and while he was gone I really started to feel just intense grief and depression. The grief came as a result of the fact that when my father died, when I was nine years old, I never grieved his death. And so, here when my husband left, I started to begin manifesting what I had packed down for many, many years, although I didn't realize that at the time. But I went to the doctors and they wanted to put me on anxiety and depression medication and I didn't go in that direction.

**CANDICE:** So, my husband calls me and tells me that I'm going to have to attend a funeral because one of the men in his squadron had passed away. And I was like, "I can't go to the funeral. I haven't been to a funeral since my father died when I was nine." And my husband said, "You need to go and you need to support the family." So, the night before the funeral, I prayed this rather lack of faith, prideful prayer. And I said, "Lord, if you're there and you can hear me, I can't get myself out of this one." And I can't get myself out of this one wasn't just the funeral part, it was like I can't get me out of this box of anxiety and depression and sickness.

**CANDICE:** I fell asleep. I woke up the next morning and I was looking for my pain. You know, when you're grieving or when you're depressed you're expecting it, the minute of consciousness that you would have it. I didn't have it. I was like touching myself. I was like, "Oh my gosh, have this joy." So, I went to the funeral, and my friend said, "Oh my gosh, what happened to you?" And I said, "I don't know. This is the last prayer that I prayed and immediately a touch from God, all of that, and also understanding the Word."

**SID:** Tell me about the portal, the gateways. In fact, I have a quote from your book. "You," speaking of us, "are now a heavenly being in an earth suit." Explain.

**CANDICE:** Yes, yes. I think it's really important for people to understand this, Sid, that when we become born again, we immediately enter into eternity. You don't have to wait until you die to be in eternity. We are in eternity right now every moment of time, and so we need to learn to operate as eternal beings in the here and now. When we began to do that and activate that understanding, that knowledge and understanding, and activate the spiritual of faith and knowing that we are eternal beings, we'll begin to start to see the miracles of heaven manifest in the earth. Everything that is founded on healing and miracles is all about faith, and so God will meet us where we're at. If we believe we're eternal beings, he will treat us as such and then we'll begin to see the responses of being eternal.

**SID:** Now, God's really gifted you. You're a seer, that means she can see in the invisible world. You explain, and I'm beginning to see... I like the word you use for angels, waiters... but there's a lot of unemployed waiters. What are they waiting for?

**CANDICE:** These waiters that we have are not unemployed. They are on the heavenly payroll and they are consistently waiting for the command of the Word of God. And just as waiters do when we sit at a table with our family and go out to dinner, and when you finish with your meal or you need more of a drink, they usher over. Well, these angels that God has assigned to us for the purposes of the kingdom will do the same thing. They respond to his Word. And so, it's not so much, this is not some kind of strange and arbitrary thing. We all have the Word on the inside of us or you can read the Word. It's right in front of you and so all you must do is speak that Word and they begin to come forward and start to operate with you in the speaking of the Word.

**SID:** Is that why so many are grabbing hold of the revelation now of proclaiming and declaring God's promises and confessing them out loud? Is that what goes on? Your waiter is no longer unemployed?

**CANDICE:** I would say yes. But you know what? I think we've been taught for years by just amazing pastors and leaders, speak the Word of God, change will happen, and that is 100% truth. But, we don't have a lot of teaching on the fact that angels hearken to the voice of the Lord and the voice of the Lord his Word. And so, it's two fold. We're called to speak the Word to transform our souls and transform our environment, but also the angels are waiting to join us in the Word. So, it's another understanding right there. It's been in there from day one that God has sent us the angels and they hearken to the voice of Jesus. They responded to him. We are eternal just like he is. Plus, he bought for us our salvation so, so much more shall we have them come alongside us because he's seated with the Father and the Lord wants us to have that kind of protection, encouragement and love from heaven.

**SID:** Now, Candice visited heaven and it so radically changed her life. When she tells this experience, and prays for you, I tell you, it's going to radically change your life too. Want to hear?

**SID:** When I heard this story, I said to Dr. Candice, "I want you to explain it. What going to heaven was like, what it did for you." Would you do that now?

**CANDICE:** Yes. It was a radical visual that God gave me of the royal table. And when he took me into that place, and I was literally—

**SID:** What is the royal table?

**CANDICE:** Yes, the royal table. Isaiah Chapter 25, verse 6, says that we will be seated at a banquet table full of wines and it will be a great feast that we will have in the end times. And so, but that table, okay, is in existence today. He sits at that table. And yes, there's the great cloud of witnesses there and there's angels at this great banquet table. So, the feast is going on. There'll be another great one when we are all with him together. But nonetheless, there is a seat in the here and now that you have that has your name on it. The gold plate with your name on it. Gold silverware right before you, golden chalices, fruit, there's bread in front of you that is the revelation bread, the bread of life, the bread of heaven, right in front of you. There is just oil, there's oil in the lampstands, all of these lampstands but there's oil on the table that you can actually dip the bread in or dip your fingers in.

**CANDICE:** The angels come and they bring what we need, but the most beautiful part is not the food and not the gold, it's that he sits there with us and he communes with us. And when he laughs, the glory just comes forth and you're just overwhelmed, and we have no consciousness of ourself. We only have consciousness of him. So, as humans we have so much consciousness of our humanity, and sin in humanity, always concerned about our weaknesses or what do we look like, all of these things. None of that. It is all him. And he comes and he sits down, he pulls up chairs and sits down next to people and just begins to talk with them. It's so much love and total peace. It's truly amazing. And I have that image burned in my mind so I can go there whenever I want to in any moment.

**SID:** And what about the vats?

**CANDICE:** Oh, the vats are amazing. Inside the mansion, not only is the royal banquet table to the right, but you go upstairs to like a royal suite that's up there. And the royal suite in and of itself is gorgeous. A lot of royal blue velvet and gold, but beyond that is another set of stairs that goes up to vats. They're heavenly vats from Hosea Chapter Two. And in those vats is wine, oil, grain, gold, silver, water, wool, flax, the commodities that we need to operate on the earth. Everything that we touch, Sid, this table, chairs, everything, it was first made in heaven, and then it was given to us as thoughts and ideas that we brought forth into the earth realm. So, everything in these vats is available to us today in accordance with the Word, Hosea Chapter Two.

**CANDICE:** When the nation of Israel repented—well those things were taken away from them, but when the nation of Israel repented, God gave back all of those things. And the Word says that Jezreel, who is him, God sows, is sowing those things back into the earth. And so it is available to us. We climb up the stairs in the spirit, grab the gold you need, grab the bread you need, the

revelation, grab the wine you need, which is new opportunities, and grab that anointing oil and anything else you need. And you can go in for your friends and family, too.

**SID:** Help me out. I'm more of a feeling person than a seer, and I feel the presence of God on most guests, but I'm feeling something beyond the normal anointing. Do you know what I'm feeling?

**CANDICE:** Sid, I believe it's the glory of God. It's the Kabod, it's the heaviness of the Lord. And when I speak on these scriptures, God makes this very tangible for people. It truly is something he wants people to grab ahold of. Faith is a substance of things hoped for, the evidence of things not seen. Hebrews 11, verse one, says that. But when someone's been to these places, it becomes a part of their being. So, it's a part of my DNA and it's a part of who I am now. I can never be who I was before because I've been there with him and I didn't want to come back.

**SID:** What is it going to do... Well first, number one, that's wonderful that you had that encounter. It's wonderful for you, but what about me? What about you?

**CANDICE:** Yes, yes, well see when God told me to come back, okay, this trip to the royal banquet table was later trips that I took. You'll read in the book about how I was caught up to heaven. The Lord said to me, he said, "You can't stay here with me. You have to go back." I told him, I said, "I love my husband and my children, but I don't want to go back." And he said, "You have to go back because I need you to tell people what you've experienced." But at that time, I hadn't even yet experienced the royal banquet table or the fire angels or even begin to see angels.

**CANDICE:** All of that came later in my walk, for everyone. It's purity of heart. You just have to have an authentic heart before God and say, "Lord, I love you and I want to be with you now. I don't want to wait until my body is in the ground and my spirit and soul go to heaven. I want you now." And he will answer that. And I believe, Sid, he's answering that more and more now all over the world in so many different ways, but he wants his people to be set up for his return. Now, if you were Jesus and you were coming back, wouldn't you want your people to have a taste of where they were going so that they could prepare themselves? So that they could be ready, so that they could be hungry? So that they could get their lives in order, so that they could begin to have a pure heart before you and learn to speak to you right, and learn to be a royal citizen?

**CANDICE:** "Because I'm coming back and I'm royalty," he says, "and I want to sit at the table with royal citizens. I don't want to sit with a group of people that I've saved, redeemed, healed, and resurrected and they still act like nothing was ever done for them." He's like I want them to come back and be with him at the level that you and I are, how we're talking here. He's right here, right with us right now. And in the heavenly realms I see us talking right across the table and he's right here. He's so real. And so with this real dialogue, he just wants us to tell everybody it's for them, too.

**SID:** You heard that, it's for you, too. When we return, Candice is going to pray for you to experience heaven on earth all the time.

**SID:** Candice, what are blessing blockers?

**CANDICE:** Blessing blockers are things that come to steal our joy or heavenly experience. Heaven is supposed to be available to you every day. It is in your faith and in the Word that you carry in your heart. So, whatever is coming to distract, distort, discourage, bring fear, anxiety, depression has all come to deter you from the seat that the Lord has already given you. He wants us to be walking in this fullness and abundance and the confidence of knowing that we're seated with him all the time. And so, blessing blockers would be those things that we might think about that would distract us from the moment with him. Or, that the enemy would deposit a seed into us from past things that happened that would cause us to look at that thing and massage it or talk to it just a little bit. No.

**CANDICE:** At the royal table, there is no distraction. Okay? Now, imagine if you're seated at the royal table but you've got your cell phone, and your cell phone is ringing. You're at the royal table, you're not going to answer your cell phone. No, you are going to be very focused on where you're at and who you are with. You would not answer that thing. You would not even want to be excused to go to the restroom because the moment is so intense. That's how we should be living our lives every day, and anything that interrupts that, we need to take authority over it and say, "No, you do not deserve to be here. I will not look at you. I will not talk to you. I will not think about you." And they began to speak the Word again, began to praise the Lord, praising him in all situations in every moment.

**CANDICE:** Why? Why can we? Because he's so good that he's fixing it. He's already fixing it. When we, because of humanity and the fall of man and being separated from God, we developed habits and patterns of those people that were cast away. But the fact is, we are no longer cast away, we are united with him and our new seat means we have to reframe our thinking.

**SID:** Candice, look into the camera and you pray for heaven on earth for those are hungry and thirsty for more, like me, like you.

**CANDICE:** Amen. I'm going to pray for you. I just believe right now that angels are visiting you in your room. They're meeting you right where you're at. No matter fear or anxiety or depression or sickness that has consumed your life in any way, any distractors or anything that has come in to pull you away from where you are seated with Christ. We're going to bind those forces right now in the name of Jesus. You have no authority, because you are seated with him and heavenly places.

**CANDICE:** Father, I thank you right now, Lord. I thank you, that as we close our eyes in this moment, everyone close your eyes. I thank you, Father, that we are walking in to the royal palace. It is full of gold. And as we come in, we are escorted to the right and we are given a seat.

An angel escorts us to a seat. This seat has our name on it. As we go to sit down, we look at the plate. The plate, turn it over, it has your name on it. Touch the gold utensils. Look at the bread before you. See all of the bounty that God has.

**CANDICE:** Now, look to your left or to your right, it depends on where you're seated. If you're seated on the left side of the banquet table, he is to your left. If you're on the right side of the banquet table, he's to your right. He seated there. He's in a white robe. He has a gold crown with jewels. He's got a gold chalice in his hand. He has gold rings. He's full of glory. He's laughing and full of joy. Your seat is there not because you earned it, but because he invited you to be there, because he paid the price. You have been seated in this place with him. Do not get up. Just receive.

**CANDICE:** Stay in that place right now. Let him minister to you. Lord, we thank you. Thank you, Jesus. He's healing people right now. There's people with digestive problems that he's healing right now. Thank you, Jesus. Thank you, Lord. Thank you, Lord. Knees, I see people, their knees are being healed. I don't know if you've had a prior surgery on your knees. Lord, I thank you Jesus. Thank you, Jesus. Feet, feet that are crippled up are beginning to open in the name of Jesus.

**SID:** For those of you that want your experiential knowledge of God, and that's the game changer, say this prayer out loud with me and believe it to the best of your ability. Dear God...

Audience: Dear God...

**SID:** I'm a sinner...

Audience: I'm a sinner...

**SID:** For which I am so sorry.

Audience: For which I am so sorry.

**SID:** I believe...

Audience: I believe...

**SID:** The blood of Jesus...

Audience: The blood of Jesus...

**SID:** Has washed away my sins...

Audience: Has washed away my sins...

**SID:** And I am clean.

Audience: And I am clean.

**SID:** And now that I am clean...

Audience: And now that I am clean...

**SID:** I boldly proclaim...

Audience: I boldly proclaim...

**SID:** You are my Lord...

Audience: You are my Lord...

**SID:** And you are my savior.

Audience: And you are my savior.

**SID:** Before you say amen, if you have a pain in your neck or your back or in your head, you are healed in Jesus' name.
