

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guest had an open vision in Israel seeing all of history and God speaking to people, and people either not hearing his voice or being disobedient, but then doing it, as Frank Sinatra says, my own way. And the sad thing was their works, their good works were burned with fire. Most of their works burned with fire. If you cannot hear God's voice, you won't do what God wants you to do. No matter what happens with this world, and we're at the wrap-up right now, and those that are not on a firm foundation, once this world, once more is going to shake, will not stand. But those that can hear God's voice, it's going to be the most exciting time of your life. Now Dr. Gary Whetstone, I'm taking you back to 2005, my favorite of favorite cities on the planet, Jerusalem.

GARY: Absolutely.

SID: You're doing a little commercial for your next tour to Israel. You're there with your wife and something happened that you did not bargain for. Tell me about it.

GARY: The cameras are rolling. Faye is standing next to me. I'm looking over at the old city of the Eastern Wall, and all of a sudden, everything vanished. The old city, the earth vanished, and I'm standing, and I'm watching humanity pass before my eyes. As I'm in the presence of God it felt like days, it felt like weeks. It was just like I was in there years. I had no idea of time. And time after time was unfolding, but it was like God was speaking to the masses and then individually to every person, "Hear my voice." And then I watched people that I knew and I'm shocked because I'm watching them come out of the masses and God speaking to people I knew, ministers that I knew, "Hear my voice." And I watched them from childhood times, young adulthood growing up, hearing, doing what God said. And then I watched them going off because they heard the voice of someone else, someone else telling them how to market, how to do this, how to do that, how to present something this way, that way. And as they went off they went on in and everything burned that God did not offer. As I watched people that heard God and what they obeyed God, everything they obeyed in God went forward into glory and nothing burned. But everything that God didn't say, everything He didn't say burned.

SID: Now you said that you saw people that you knew.

GARY: Yes.

SID: And you saw their great majestic works that looked good. So all of society burned. It might have started with, God, but it finished with them. Did you go to some of these people? Tell me one you went to.

GARY: One I went to specifically, because I saw just what they were building, burned. And I went to the person. I said, "This is what I watched." And the person hung their head and they said, "Gary, if I could change it I would now." I said, "Change what?" They said, "Change I have

finances coming into the ministry. If I could change our money model I'd change it today." I said, "Then why don't you change it? I mean, why would you not do what God is saying?"

SID: I would like to toss the whole thing out if I found out that was me.

GARY: You know, sometimes I watch people build an engine, and the supply line of that engine, they cannot give up because the engine is the success. Where the success really is doing what God says. It's not what man values. It's not what man appreciates. It's not what man says is successful. The greatest shock of this, as I watched people that I knew was when I saw myself, and I watched my life, childhood. You know, I got born again in a mental hospital and it's a miracle God even got to me, but He did.

SID: It's one of the most amazing testimonies I've ever, ever heard. He was all set to have an electronic lobotomy. He would never been sane the rest of his life and he heard God's voice. But so, God's had his hand on you for a long time.

GARY: He's speaking to me. I watched my voice when God spoke to me. I'm going through a divorce with my wife. And God spoke to me, "Faye is your wife." I said, "But God, I'm divorced from her." This was what I was experiencing. I'm watching my life. I saw how God restored our marriage. We got remarried again, as you know. And I'm watching when God spoke to me, "Go into business." But I made decisions that went off course and I built businesses because in my mind, and I watched this, I thought I could create enough money that I could obey God. And that wasn't God's thought.

SID: He didn't need that. He did not need your stinking money.

GARY: He doesn't. God is not in deficit. And God spoke to me. And then I saw me in ministry. And I saw when I was listening to the voices of marketers, people knowing how to do things, people knowing how to manipulate people. And I watched how I was listening. And God stopped division cold. It just shut down. And He said, "If you do not hear my voice and obey my voice I will take the candle from the candlestick and I'll blow out the light." And the shock of that reality shook me to the core of my being. And I mean, I was—

SID: Gary made major, major changes and you are going to make major changes as a result of hearing the voice of God. We'll be right back.

*We'll be right back to **It's Supernatural**.*

*We now return to **It's Supernatural**.*

SID: So how would you like to be in a situation where God Himself says to you, you're a pastor of a successful church, your candle is going to go out because you're doing it your way. You're

not doing it my way. You have a choice. You can continue doing it your way and say, but I'm accomplishing so much, and then guess what? Not only will your candle go out, everything you've accomplished that you think is so wonderful will be burned with fire and not count for eternity. So what changes occurred as a result of this vision?

GARY: Soon after that vision we had, God had spoken to me to buy a building in West Philadelphia, and He gave me the exact number to pay, \$365,000 for it. I sent two of the ministers that we have in our church up to find the building. I knew exactly where it was. I watched it in my spirit. They got there. I said, "You're there. Just turn around. Where's the building?" And they said, "There's a building there but it's sold." I said, "That's it. Go find the owner. That's what we're getting." Anyway, long story, it was sold for over millions of dollars. The whole thing fell through. Finally the owner calls back to our office and he says, "I'll sell it, but I'm not going to sell it for that price." I said, "But that's the price I heard from God, so that's what you're paying." Long story short, we buy the property, \$365,000. It's a factory. We bought a factory in Philadelphia. Look at the picture. Look at how large that it is, how large it is. So the next thing I know, what I was doing was planting churches because, of course—

SID: That's your thing.

GARY: That's what you do.

SID: Right.

GARY: So we have Bible colleges. We opened up schools. We have schools around the world. We produced pastors and leaders. We put a church in there. So I'm hearing now, what is God saying now? So I began to say, God—

SID: And by the way, what he just described was before he had this vision. Now he's got this church. He's in Philly. Supernaturally he got it. But where was your mistake?

GARY: My mistake was putting a church in there, because God never called—

SID: But that's what you do. You put churches in there.

GARY: That's the problem. See, people do things because they believe that's what they do rather than hear from God to do what He's saying to do. And as a result, we do things out of a systemic like sense of obligation or responsibility, or activity in what other people. Because we have such a large broad amount of people coming in to our location in Delaware, it would only make sense to put a church in Baltimore, one in Philadelphia, and reach out to the people that are coming.

SID: Okay. But now you don't want your candle to go out. You don't want it to burn with fire. What do you do? You're already stuck. You got a church going.

GARY: I get the pastor that's at the church in his position. I said, "Look, is God talking today about this church?" I said, "Forget what I had you doing. Forget what you've been doing for a

couple of years. Today is God speaking to you about this church." He said, no. I said, "We're closing it. We're selling the building."

SID: How could you do that? You got people going there. How could you stop it?

GARY: You know, Sid, if every pastor only did exactly what God said we'd have far less out there and much more effectiveness in the Kingdom of God. Far more out there. Effectiveness.

SID: Okay. So what happened to this building?

GARY: We got a \$1,850,000 for it. We walked out with a \$1,500,000 in profit, paid off all the debts. We have no debt whatsoever in the ministry, all the burden lifted off everything, and now we do everything without any debt or encumbrance whatsoever.

SID: Well you know what's even more exciting? He supernaturally teaches people how to hear God's voice, did it in his own church. The people in his congregation hear God about their marriage. What happened with marriages?

GARY: Talking of marriages, here's a guy coming up with a fiancé. This is a story about hearing God's voice. He says, "I want to marry her." So I said, "Wait a minute." And I'm listening and God says, "She's not to be his wife. He has a wife." I said, "Well where is your wife?" He goes, "I don't have a wife." I said, "No, where is your wife?" He says, "Twenty years ago I got a divorce." I said, "Where is she?" He said, "I don't know. I haven't talked to her." I said, "Before I even talk to you about getting married to this woman," I said, "I want you to go back and ask God who your wife is and find out what is God going to do with your life." He comes back. He says, "You know, Gary, I can't believe this." He said, "I couldn't even remember her name when you asked me where she was. It was like she was gone, gone." He said, "But all of a sudden I got this love for her." And I'm thinking, okay, what happened to the girl you brought up here? How's this going to go? What did she hear from God?

SID: I'm glad you're the pastor and not me.

GARY: He finally got the one he was looking for, you know what I'm saying. Here's this guy hearing God. And what does he do? He finds her in California, flies out and says, "I had the most strange experience. I went to this pastor. He said, what is God saying." And he meets her. They get remarried again together. They are now together walking in God, fulfilling. What happens in people's minds, Sid, is they don't say, stop. God is present in me. There is the Living God I live with. He speaks to me. We are the Body of Christ. We hear Him. We are so wired to hear God, it is easier for us to obey God than disobey Him.

SID: Now out of curiosity, now that you've made a number of changes, the changes were easy. What's not of you, God? Out. So he's made these changes. How many people would you say since you've made these changes have been saved? How many miracles? How many marriages restored? What would you say?

GARY: We see it constantly. We just had 750 people saved last month at our altars.

SID: You know, it's much better to do it God's way than your way.

GARY: Yeah, oh yeah.

SID: Okay. I want to find out what you taught your congregation so they can all hear God's voice. Do you want to hear that? I do. Be right back.

[music]

[music]

*We now return to **It's Supernatural**.*

SID: Hello. I'm here with Dr. Gary Whetstone. God has shown Gary some false gospels. Tell me one.

GARY: One of the most significant false gospels is in this nation and around the world, is the gospel of money. So that one of the bishops I know very well, he has a money in the mouth ministry list that when their ministry needs money there are ministers they know they can bring to the pulpit that they are worth so much money, by every hour they're on air, they're on platform.

SID: Has he actually figured this out?

GARY: And he gives it to all the leaders that he has. So they pass around these ministries to get the finances they need to accomplish the objectives they have.

SID: How could this be God?

GARY: It's not God. There is no God in it. It is a false spirit that has come to grip the Body of Christ. It works in marketing. It works in television. It works in pulpits around the world. As a matter of fact, many of the gifts and ministries that come into churches and ministry groups is only for the money they can raise. It's not through the contribution of revelation of Christ they bring. So there's no value of eternal life that ever is manifest. It's only about the carrot to get the turn, get the heart, get the motive, get the action, get the money and move on because now we have another person to raise money for.

SID: All right. Question. The supernatural principles that God showed you, do they work for every true Bible believer?

GARY: Sid, the mind of man is designed by God to respond to His voice. The mind of man listens to four sources of wisdom: the logic; listens to the flesh—lust of the flesh, lust of the eyes,

pride of life—listens to the voice of the enemy, demonic, the word "demon", damonia, the knowing; and it listens to the human spirit from God's spirit. So the mind of man only has four voices that it listens to. If we shut down the two voices, the flesh, which you're dead in Christ to that voice, the flesh, the enemy, which you have authority over that kingdom of darkness, we only have two others to deal with: rationale and the voice from our spirit, which is the voice of God. We have, every one of us, access to that living voice of God in us every day. He will direct us financially, educationally, socially, relationally, physically. He'll give us direction and involvement. We'll walk in areas of life. We'll have knowledge about people because God has given us, not the spirit of the world, but the spirit, which is from God that we might know the things that are freely given to us of God.

SID: Okay. You talk about many men of God, or women, who hear God's voice and they initiate what God has called them to do, but then they finish His sentence.

GARY: That's exactly right.

SID: Explain what you mean.

GARY: What happens is the spirit of God comes. You watch a prayer meeting. The spirit of God moves in the prayer meeting. People begin to hear the voice of God. Then somebody wants to get up and say what they believe to do next. Say what to do next. And my whole thing is once God is moving, don't stop Him. The worst thing we do in Christendom is we begin with the anointing of the presence of God and then we have a format in which we perceive God is going to move in. God has given me insight of a whole new dynamic of the Body of Christ. It is here on Earth that it must come forward in the experience.

SID: You did something drastic in your church. God gave you so many supernatural tools. But tell me about the supernatural information fast.

GARY: We went on a 40-day, shut down all information that takes you from your personal presence of God. Don't allow entertainment. Don't allow music. Don't allow conversations. Don't allow involvements with people that take you from the focus on the personal presence of God in your life.

SID: Now when you say don't allow music, you can Christian music.

GARY: You can have, well—

SID: I'm trying, folks. I'm not trying to make it easier on me.

GARY: I mean, the real truth of it, how much Christian music reveals the living indwelling Christ? One of the keys that has stirred my spirit is the fact of detachment. Anything that says God is there and I'm here is not God. On the Body of Christ, He's the head. God must be identified in living through my life, any song, any communication, any interaction and involvement. So if I'm going to focus on this indwelling person of Christ, the Living God—

SID: That's very difficult what you're asking us to do. But you asked your whole congregation to do this.

GARY: There is no other life. We're the Body of Christ. Why play church when we can be the church? I mean, why play? Why put a forum out there? Why put a system together that is so broken everyone in church knows it doesn't work. They go from church to church and they're looking for some God somewhere and He's in them. And the key is that life of God in them is designed to manifest through them. The Body of Christ is not designed to have a pew pulpit environment. It's designed to have a living expression of the Living God that's in every believer that comes forth and demonstrates the power and the life of Jesus Christ within.

SID: You know what this is saying to me? When you go on this 40-day information fast, you get rid of all clutter except God.

GARY: All clutter.

SID: I like that.

GARY: That's right.

SID: What happened to these people?

GARY: We had one fellow who had been dating this girl for like 12 years. He could not make a commitment. He had a commitment issue and everybody talked with him. Everybody prayed with him. He couldn't get over the threshold. He went on that 40-day information fast and he got it. He said, "I see exactly what happened." Because our spirit knows exactly what we deal with. You know, sometimes we're waiting for someone else to get inside us what our problems are and you know every one of us knows. Every person knows exactly what's going on, what's going wrong and what's taking them down. And the nature of Christ in them, as we did this fast, we saw people end their jobs, they quit one job, stepped into businesses. We watched this one couple, they got married out of that information fast. We watched other people. One couple left the church, went off into ministry in the mission field.

SID: It's nice when you hear God's voice. All right. You did something, you speak in your seminar something very drastic and I want to do this, and I want you to do this right now. I want you to lead us in a prayer that everything that isn't of God in our life will be burned up and we will accomplish God's destiny. Would you do that right now?

GARY: Yes. You know, if you're ready for a bonfire, this is your day. You know, God has designed you to end the craziness.

SID: Mashugana.

GARY: Yes. Number one, God does not answer worry, He does not answer fear and He is not concerned. Anything and everything you're concerned about, get it off you. It's not God. Number two, God is not directing by anyone else. He leads you by His spirit. Anyone you're following,

anything you're following, anywhere you think you're going because of someone else's leadership, release it because if God's spirit is not present and moving, don't be in it. Number three, everything that seems to withstand and obstruct that nature of God comes down. So we're going to take you into that prayer. First, cast your care upon the Lord right now. Just do it with me. Get every care, every burden, every weight, release it completely. Sever its hold, silence its voice as you commit it into the hands of the Living God. Father, we do just that. We commit into your ever-loving hands our life we know. Our life is not made of ours. Life is yours. You had a crucified with Christ. It's your life in us. So we loose ourselves of the weights, the burdens, the cares and we refuse to remind you of any worry in the name of Jesus. Now in that same place after casting your cares, take an survey, a view of your relationships. And if there's anyone with any harbored injury or insult, or influence in your life, in the name Jesus and in the person of Jesus, forgive them. Release them right now in the name of Jesus. Father, we forgive and we release them in the mighty name of Jesus. Through that blood, they are forgiven. And now just thank God that every stronghold, imagination and high thing comes down, and what's left is the clear hearing the voice of God. You hear Him. He's in you. He's speaking to you in the mighty name of Jesus. And we silence the torment, the confusion and the disarray of thought, and declare it to end in their life in the mighty name of Jesus. We bless you Father for that peace and that wisdom that moves their heart and mind, through Christ Jesus. We bless you, Lord. Amen.

[music]

SID: Next week on *It's Supernatural*. My guest has been given a supernatural proactive way to maintain the purity, the sexual purity of your family, of your house. And if any have fallen to the addiction of things like pornography, they can be free because he has a supernatural way of setting you free.

[music]
