**SID:** I'm here with my friend Guillermo Maldonado. And now Guillermo, I have been hearing reports about you. Every time I hear you're in another part of the world. But there is a glory going on in your meetings that are doing things almost unprecedented. For instance, let's just pick one of the countries you've been to recently. Burma. What happened there?

**GUILLERMO:** Burma was before, now is Myanmar. There was a moment I had been praying for a while in my hotel room, and when I left, I got to the arena, 15000 people, no air conditioning, 110 degrees very hot. My team almost fainted.

**SID:** You needed a miracle for that alone.

**GUILLERMO:** Yes. We almost fainted. And before I went to the stage, God said to me, "I just want you to stand there and watch me doing it." He said, the most powerful miracles you ever seen, you work through it, you work it by faith. He said, "Let me do it. Watch me doing it." And I just stand there. And the Lord said to me, "Just to declare that there be little kids, deaf and mute from birth, I will touch tonight." So you were born in that condition?

Yes.

**GUILLERMO:** We checked him right now. He was completely deaf. The power of God came upon his ear. And now he can hear. ....and the presence of God came. And it was such a love, because love is the essence of the presence of God. And when that presence fell in that place, I mean, you saw a lot of people crying and weeping and nobody touched them. And suddenly we start taking testimonies. 35 deaf and mute child were healed in that day ... from birth the glory came. That's what hit and that place was so powerful. We have 95% of those 15000 people were Buddhist.

**SID:** You didn't tell me that part.

**GUILLERMO:** Oh yeah. When I asked how many of you want to receive Jesus after what they saw, the love of God came in that place, the people were touching, weeping and crying and they all received Jesus 95%.

**SID:** You know what?

**GUILLERMO:** That's power.

**SID:** You know what is so to me is, it's priceless, it's mind blowing. What he just described, is available to every one of us.

**GUILLERMO:** Yes.

**SID:** Not only available, God wants you operating in the glory.

**GUILLERMO:** Yes, come on.

**SID:** It's yours.

**GUILLERMO:** Yes.

**SID:** It's your inheritance.

**GUILLERMO:** Yes.

**SID:** It belongs to you.

**GUILLERMO:** Yes.

**SID:** Tell me another country.

**GUILLERMO:** I went to Mexico, I went to Mexico. I just came back three weeks ago.

**SID:** I spoke to someone that was at your meeting there.

**GUILLERMO:** Yes.

**SID:** Wow. That's all I got to say.

**GUILLERMO:** Sid, I've studied in my house and I pray for hours and I'm not trying to say so many things, but I prayed and when I went to the stage, the atmosphere was a charge with the presence, in other words, the places that have been, the moment I entered, the atmosphere changes. And I felt that atmospheric 20000 people inside the stadium, it was packed. And suddenly the presence ... And the Lord said ... Reminded me, he said, "Did you ... remind you." He said, "Remember when I spoke to you?" And I said, "God, what did you say?" He said, "I spoke to you that, there are some miracles you have seen, powerful miracles that you work by my faith." But now he said, "I want to remind you that I want ... I want you to watch me doing it."

And I say, "God, is all yours." So when I enter and I stood up in the stage, five hours, Sid. Five hours worshipping God, you will see people getting healed. 10 people in wheelchairs got up. I mean deaf and mute and there was a special miracle. This little child, nine years old, he took a bus to come to the place, 12 hours, as he had to sell ... I'm so touched when I hear this, he have to sell plantains to come to the event because he didn't have any money. He was robbed in the way coming into the capital. He lost his money and then he came to the place, he needed a heart transplant, and he spoke to her mother and he said, "Mom, I will get my miracle when I get to the capital of Mexico."

[foreign language] so he came, he had the faith and when the glory fell, he said, "I felt like a fire in my chest." And then he said, and I took all my doctors, they were 20 doctors, they took him, they examined him. [foreign language]

[foreign language]

**GUILLERMO:** A brand new heart. Nobody touch him. If you're watching now, there's a lot of people there. They miss it. They missing organs in your body. This is very usual because there's a supernatural normal, but the supernatural unusual. And whenever you see this type of miracles, there was some a woman watching this show, one of my previous show here, and she was missing one ovary, and she said when the presence fell in her home, she got a brand new ovary. And this is what the glory does.

**SID:** I know what I'm saying, I know it as if I've seen it happen, I know that on this move of God that is here already, that the average man and woman knows that Messiah will do exactly what he did., and it won't be on a television show because it will be the new normal for people that have the glory of God on them. Now, many of you, so many have prayed and if you're honest, you've seen few of the prayers answered, and many of you have given up or ask others more gifted to pray for them. Many sick have seen too many of their loved ones die, and now rely more on doctors or medicine.

**SID:** Okay. I have a question for you and then I want to make a statement.

**GUILLERMO:** Yes.

**SID:** The question is, what you just described, if you didn't have a prayer life, would that have happened?

**GUILLERMO:** Not at all. Not at all. And I was playing to you why? Jesus, when he came to this earth, the closest that he was to the father was through prayer. In other words, the looked closest he was to haven was through prayer. So if you see in the Bible, you see Jesus, the

disciples asked him one time, they never asked Jesus, "Give us more faith." Or, "Give us more anointing." Or, "Give us more power." They asked for, "Teach us to pray." And what was the reason? Because they saw the results. They saw that Jesus spent ... My God, I feel the presence of God. He spent hours in prayer.

**SID:** But most believers can't do that. They won't do that or they don't feel like it. Or you're tired and you deserve to ...

**GUILLERMO:** Okay, because the reason is you can't spend all that time because it's bored, it's boring.

**SID:** Yeah.

**GUILLERMO:** Because you don't have that close relationship. People don't have that close relationship with God, so we need to understand. First of all, Jesus teaches the other father prayer. He said, "When you pray, you pray, our father there's in heaven." That means there's a connection, but this is important. Okay, so Jesus, he was the closest to the father through prayer. He said he prayed. He prayed all night, and I said to God one day, I say, "What do you mean pray on all night? Does a take all night?" He said to me, "Son, there's prayers that I can answer immediately. There's some prayers depending on what you are believing, that have to accumulate and that will see an accumulation."

What I mean is. The Lord said to me, "If you had done any prayer in my will, none of those prayers not ... You will not going to lose none of those prayers." In other words, I heard those prayers, but they're coming to pass. And then he said to me, "This is the season, where I will answer all my prayers. All the peoples prayers."

**SID:** So there's a tipping point it's got to do—

**GUILLERMO:** There's an accumulation.

**SID:** ... the accumulation, but there's something extra going. It's the season for the tipping point.

**GUILLERMO:** Right. This is the season. And there's a lot of people, Sid, over there asking, "Well, I've been praying. Nothing happened." But there's a key for your prayers to be answered quickly, and now.

**SID:** And not one prayer was wasted?

**GUILLERMO:** Okay. Yes. Okay, quickly. Number one, the Bible says, 1 John, "If you pray according to his will, he hears us." And he hears us. We have the petition we have made to God, but now every prayer in my own life has been according to the will of God. Every prayer we have done, that's the pattern. And the Lord said to me, "The moment you are aligned with my will, I accelerate those prayers." There's so many people praying, frustrated because they said, "I've been praying, I've been praying." But not amount of time that you pray and pray. If it's not according to the will of God, it will not be answered.

So sometimes you need to know what is the will of God. This is four things. First, you must align with what ... You must know the will of God. Is the will of God for you to be healed? Yes. Is the will of God for you to prosper? Yes. Is the will of God to be delivered? Yes. Is the will of God to be a carrier of the presence of God? Yes. As a matter of fact, there's somebody there. You just had a heart attack and you've been having those ... something that they put in the heart-

**SID:** Pacemaker.

**GUILLERMO:** ... a pacemaker, right. Right now God is healing your body right now. As a matter of fact, God is creating a new heart. I see somebody with a leg and you've been having ... Like you need a brand new cartilage in your leg, right now ... and your knee. God is touching your body right now. Is not the will of God for you to be sick. Is the will of God ... If you want your prayers to be answered now, if you want your prayers to accelerate now, you must align with the will of God. You must align with heaven. So I see somebody with blindness because of diabetes. You are something ... Oh yes Lord. You're somebody, there's a weird disease I think is a one in 100000.

There is a weird disease in your skin. God is touching your body now. As I minister the presence of God is falling on you.

**SID:** I want you to be so hungry.

**GUILLERMO:** Yes.

**SID:** To get into the secret place.

**GUILLERMO:** Yes.

**SID:** It's the secret place that the Bible talks about, and few Christians ever enter it and I'm going to tell you the thing that caused Jesus after ministering all day and being tired, to be up all night and then be energized. He went into this secret place. I want Guillermo to tell me how he entered the secret place, and when we come back, I want to ... Not we are now, but how he started. I wanted the ABCs be right back.

*We now return to **It's Supernatural**.*

**SID:** I'll tell you something, I was talking to Guillermo before we came back and I said, I see the average people watching our show going into hospitals, in the amputee ward and clear in the whole place out. That's what I said. But I want to know how you started. First of all, what is the secret place?

**GUILLERMO:** The secret place is the altar. The secret place is the place when God and man meets. The secret place, Jesus calls it closet. He said, "Well go into your closet." That's the place with God, but if we describe that secret place, we can say it this way. The secret place is the place where we access the presence and the glory of God.

**SID:** But if you access, how important is it to be walking in holiness?

**GUILLERMO:** That's very key. You were saying about myself first. Every single day Sid, before I go to the Lord, the Bible says, "Our Father that is in heaven, hallowed be your name." In other words, we start worshiping God. How do I start? I start affirming God's presence. In other words, you cannot worship a God that is not present. So I always say, "God, I affirm you. I worship you." So I start affirming God. The second thing is, there's anything in me, any sin, any iniquity of commission and omission, I ask you to forgive me and cleanse me, because we must pray from a holiness position.

In other words, before we pray, we have access to his presence. We must be sure we are cleansed and we are forgiven. There's a lot of people frustrated because they can never get into the presence. They never feel the presence. How does it feel to be in the presence? Is the present visible? What is it? Is everybody for every believer? Yes it is, but we must understand, before we go into the presence of God, we want to make sure there's no inequity. Because the Bible says, "Your iniquities was an obstacle for me to hear your prayers." What is an iniquity?

An iniquity is a moral perversion. An iniquity is something that is a mixture. Flesh, demonic and man. That is an iniquity. There's laws of the kingdom. If we lost the kingdom, we must enter in the loss of the kingdom. What I'm saying is, in other words, God requires if the protocol of Heaven is this, you must affirm God in praise and worship before you start praying. You don't go-

**SID:** The protocol.

**GUILLERMO:** ... that's the protocol. You know in other words you don't go with a long list, God asked for this, ask for this. That's the downside of the believers, and they get frustrated because they never align their prayers with the will of God. Number two, he said, "Hallowed be your name." That God is in heaven. And then he comes to the part of forgiveness. In other words. That is the part where we must guard and we must be cleansed by the blood of Jesus, washed by the word and then we ask is this the presence. Now, from there in my own life, the next step is, "Okay, now God, I am in your presence."

I access prayer, gives you access. Is one of the means to access the presence of God. How do you know? Because you will feel the presence. The Bible says is-

**SID:** For those that have never felt the presence of God.

**GUILLERMO:** Uh-huh (affirmative).

**SID:** What is that like?

**GUILLERMO:** Okay. Is for example, I can describe it to you. For example, I feel sometimes like our rain falling on me. Sometimes the man ... Job describes it as goose bump in your body, because Sid, one of the characteristics of the presence is visible, is tangible. In other words, the clause is tangible. And when the presence ... Everybody knows when the presence is there, but I'll tell you one thing. The only time when I haven't felt the presence, is when something was in me that God stopped, that he avoid that for me to feel the presence.

Because he wanted to correct that area, but when I'm right with God, when I'm in holiness with God, I can access this presence. But this is so powerful Sid, because when we get into the presence of God, if people said, "Yeah, you're in the presence and you worship and you feel it." And you what? No, that's not the end. Because when you access the presence, you must visualize yourself in the presence. Number two, after you-

**SID:** Excuse me, I'm taking you back to one. What do you mean? Tell me what.

**GUILLERMO:** ... visualize. Okay God is in his throne.

**SID:** Uh-huh (affirmative).

**GUILLERMO:** You in front of God. You have an audience with God. Those that are watching, every time you pray you have an audience with God Almighty. And then when you entered in the presence now you said, "Well, I feel the presence. I feel it. I feel the goosebumps and all that." Wait. That's not the end. The Lord said to me one time, "Every time you access my presence through prayer." He said, "You will become a carrier of my presence." What the word presence means, the word presence means atmosphere.

One of the meanings of the word presence is an atmosphere. In other words, you come out of ... I feel the presence as I'm telling you. You come out of that presence of God or that because of prayer.

**SID:** Who wouldn't want to pray?

**GUILLERMO:** Yes.

**SID:** If that's what happens.

**GUILLERMO:** But listen to this. Listen to this. You come out with carrying an atmosphere. What atmosphere? The atmosphere of God. I've been in an elevator, and when I entered in the elevator, people start cursing. Demons start screaming and then they said, "What are you carrying?" I'm a carrier of the presence, but it's not only me, is any person that goes to the presence of God in prayer, you will become a carrier of the presence of God. I've been in a stadium Sid. Stadium filled of people, and as the moment I entered, the atmosphere changed. Not because of me, because I'm a carrier of the presence of God.

People get and heal. I was ministering in Malaysia a stadium, 30000 people. I mean half a mile of sick people, and when I answered the presence fell and before I start praying for people, 21 wheelchairs empty. People got out from wheelchairs—

**SID:** I'm going to tell you something Guillermo. I'm going to tell you something and this is a fact. What he is describing is you.

**GUILLERMO:** Yeah.

**SID:** What he is describing is what God says. You are to go through out the whole world and proclaim the good news. You.

**GUILLERMO:** Yes.
