

*Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guests are revivalists from Australia. They have a gift for breakthrough where entire atmospheres shift. They and others have prophesied this will happen today. Are you ready for a breakthrough in your life? Are you ready for the greater glory?*

*Is there a supernatural dimension, a world beyond the one we know? Can we tap into ancient secrets of the supernatural? Can our dreams contain messages from heaven? Is God ready to bring a tsunami wave of healing onto planet Earth today? Sid Roth has spent over 40 years researching the strange world of the supernatural. **SID:** My guests are from Australia. I've never been to Australia, though you named an important city after me, Sydney. Right?

**BEN:** Right. We did.

**JODIE:** We did.

**SID:** But my understanding is I don't think of big revivals and big moves of God in Australia. Last I checked, they had about, in their whole entire history, five smaller type revivals.

**BEN:** Yes.

**SID:** And you guys start out with 50 people and a word from God. And would you believe in Australia—from all over? Even other countries? 20,000 people went to this move of God. But I have to take you back to one of the major starting points in your life. I wish I had had such a starting point. But you're in bed, you're asleep. By the way, had you ever seen an angel before this?

**BEN:** I had never seen an angel, no.

**SID:** Did you think you ever would?

**BEN:** No, in fact, someone said to me, if you ever see an angel, make sure you ask its name and its mission and I thought, Oh, that's really handy. I'll put that on the fridge next to the ... if there's a power cut, if something happens, I'll know what to refer to.

**SID:** So you're minding your own business, both of you. Sleeping. Tell me what happened then.

**BEN:** Well, like all good encounters, suddenly in the middle of the night, I woke up with this power. Electricity's the only way to describe it, but it seems inadequate. There was power and electricity surging up and down my body and I woke up screaming and I don't mean a gentle scream. I woke up full-blown screaming at the top of my lungs.

**SID:** Why were you screaming?

**BEN:** There was just such ... the intensity, the intensity of the encounter, the intensity of the power that was in the room. I was just shaking and screaming. I could not scream any louder. And while I was doing that, while I'm screaming, suddenly unnoticed, my wife is hitting me.

**SID:** Why were you hitting him? He's a nice guy!

**BEN:** She's hitting me. And she's like, Ben, Ben, Ben. There's an angel. There's an angel. There's an angel.

**SID:** She saw it, too?

**BEN:** Yeah, and so—

**JODIE:** I saw it. I saw it.

**SID:** Tell me what he looked like.

**JODIE:** It was 10 foot tall, feet either side of our bed. So he was standing either side of our bed.

**BEN:** On the bed.

**JODIE:** On the bed. And—

**SID:** On the bed?

**JODIE:** On the bed.

**SID:** I've heard of dogs on the bed.

**JODIE:** No, this was—

**SID:** A ten-foot angel? You would be screaming, too.

**JODIE:** You would. It was a brilliant, bright light, white sash, white robe, golden sash and this intensity of glare just staring at us. And I immediately, this is why we were yelling because I immediately knew this is a mark moment. There was a intensity to it, a seriousness to this encounter that we didn't immediately understand, but we knew immediately our lives will never be the same again.

**SID:** But then something happened to you that is actually an earmark of this current move of God that's on planet Earth. There's something I don't hear much about in my TV, anywhere. But it's an earmark of what God is doing. And that has to do with the fear of the Lord. Well, how did it affect you?

**JODIE:** There was such a weightiness to the fear of the Lord that entered our bedroom in that moment, you could feel it. It was tangible. There was a thickness to it. The air was thick with ...

it was more than the awe and wonder. There was a fear of the Lord. Literally not a scary fear, but a fear of his bigness, his holiness and I was very aware in that moment, Sid, that holiness matters. That character matters.

**SID:** That is such an important statement. I don't want it to slip by you.

**JODIE:** Sure.

**SID:** That fear of the Lord matters. Character matters. Now, did you have that same feeling, Ben?

**BEN:** Yeah. I felt like if I put my pinky, if I moved my pinky wrong, this is the intensity. I felt like if I breathed wrong, if that was possible, that I was going to explode. I felt like I would literally blow up in the room and that was it. And I was intensely aware that our actions matter before a Holy God.

**JODIE:** And it lingered with us for weeks and months afterwards. It lingers with us still till today. When we start talking about it, I can immediately feel it now. You know, it lingered to the point of there was a purging of our hearts.

**SID:** Well, what would happen if you would start reverting to your old ways? Maybe a little gossip.

**JODIE:** I can feel immediately a tug in my heart of that same encounter of the Lord saying, Jodie quit that now. Lean in right now to my presence, my holiness. And you know, it even affected our speech. We couldn't talk for ... We barely spoke to each other for weeks, which sounds really funny, but even to say, how are you? How's your day? We'd be checking our attitudes, checking our hearts, checking do I mean that, is there any hidden agenda in our hearts behind our words? And it was such a purifying and a purging at the beginning of a new season of our life.

**SID:** I want you to look in the camera and I want you to tell people how to yield to God. Because during this show there is going to be an outpouring of the greater glory. Explain how they can yield.

**BEN:** There is, you know, I always liked to tell people that I think we know we can resist the presence of God. And so if you can resist, we can do the opposite and actually receive. And so it comes down to just a posturing of our heart just to say, okay, I'm going to stop resisting and I'm just going to actually receive. And it really is just about relaxing and yielding ourselves to say, God, come and do whatever you want to do. And you know, sometimes I find that many people that don't feel worthy of that because of their sin. Well, this is exactly why Jesus died.

**BEN:** When they would bring the lamb every year to come and be sacrificed, they didn't look at the priest to see if he had any spots or blemish. They actually looked at the lamb and they found that the lamb was pure. Then that was going to be okay. It wasn't about the people's spots, it was

about the lamb's and Jesus is the lamb of God without spot or blemish and he has made you worthy to receive from his presence.

**SID:** So I want you to yield to receive all that God has for you. Now one night, again, they're minding their own business and a hundred noisy snorting horses show up right outside of Ben and Jodie's bedroom. What? How does that happen? Do you live on a big farm?

**BEN:** No. We live in a ... It was in a suburb.

**SID:** I'll tell you what, we'll be right back. Next.

*We now return to **It's Supernatural**.*

**SID:** Now, this should not happen to you. Jodie is in her living room with her daughter and all of a sudden the sliding door slides open and what did you see?

**JODIE:** Yeah, I saw a spirit of death, a demonic, dark spirit that landed at our back door and immediately—

**SID:** What did it look like?

**JODIE:** It was darker than dark. A bodily form, but darker than dark. And both myself and my daughter, we immediately sensed it and saw it straight away because we both looked towards where the door, and we in the physical saw the back door start to open. There was a tangible sense of fear and death. And then right after that though, you know, thank God for Jesus because right after that I, you know, in that darkest fear that we tangibly felt and saw, immediately we saw a bright white light drop immediately at the back door and immediately that darkness left.

**JODIE:** There was a shift of the atmosphere. There was even an impartation of that ability to decree a shift of an atmosphere. And you know, I'm reminded even now, John 10:10, God came to give us life and life and abundant. And that immediate sense of fear. And I can feel it even here now. Many that have been plagued by a fear of death or fear, just even that fear that plagues them, you know, God is releasing that and breaking that.

**SID:** Pray that.

**JODIE:** Yeah. Well I just speak at right over you now, wherever you are in this audience or at home right now. If you've been plagued by just a torturous thoughts and a fear of early death over you right now, I just break that hold, that demonic assignment in the name of Jesus and I decree a John 10:10 impartation of life, life, life. You will walk out the days that you are made for in Jesus' name. I release impartation of expectation of good in Jesus' name.

**SID:** Now, you two, again, you're sleeping and right outside of your bedroom window, what do you hear, Ben?

**BEN:** Yeah, so this was only a couple of days after that and so we're in the middle of this season that's ... it feels like everything's coming against us. All of a sudden it feels like ... I hear the sound of a hundred horses come just running up to the bedroom window. Our bedroom window was up against the road and so I hear the sound. It's snorting and breathing and hooves and—

**SID:** Whoa, whoa, whoa. Are you hearing this too or no?

**JODIE:** No. I'm hearing it, too. It woke us up.

**BEN:** And they came running up to the window. I jump out of bed, fling open the curtain, expecting to be confronted by all these men on horses and it's just silent. There's nothing. And the Lord speaks to me. He says, Ben, the armies of the Lord are encamped around you.

**SID:** Then when you had that visitation from the angel, God spoke to you. What was imparted to you? What was it?

**BEN:** It was a commissioning to us to pour out the oil of his presence and power in the nations. And the angel was an angel of awakening. It was the angel of awakening and it came with this commissioning to us. And overnight, everything changed in our lives.

**JODIE:** Yeah.

There's a, there was a scripture God gave you. Paraphrase it for me.

**BEN:** Yeah. In Zechariah 4 he said, these are the two who have called to pour out golden lamp oil worldwide. And it's a picture in Zechariah 4 of the oil running down the golden pipes to the lamp stand, which is the church, and keeping the fire burning in the church. That oil that lights the fire and keeps it burning.

**SID:** Not just pour out oil. You're in Fiji and you hear the most marvelous singing.

**BEN:** Yes.

**SID:** Tell me about that.

**BEN:** Yeah, so I was leading worship at the time. We were there as part of 50 nights of revival that happened. And in the middle of the worship, I'm just in a bit of a prophetic flow, playing the guitar and singing, and I hear this singing start to happen. And it's not singing I had heard before and I'm looking around, I'm thinking, where's that coming from? No one was on stage singing. No one in the audience was singing it. And the Fijians sing beautifully. But this wasn't coming from anyone. And I realized what was going on and I knew the angels were singing and so—

**SID:** Were you were the only one hearing this?

**BEN:** No. Every single person there was hearing. And so I actually, I said to everybody, guys, the angels are singing. Just everyone just listen. No one sing or talk and just listen. And the whole meeting, every person, you didn't have to squint your ears to try and hear. It was overwhelming. There was three angelic harmonies that were singing along with me. It was incredible. And the glory of God came into the room so powerfully. It got very precious and very holy, and the Lord just began to move. And the power of God, people started falling out and getting healed. It was glorious. It was glorious.

**JODIE:** It was a powerful time.

**SID:** This pouring out the oil. That, when you had what's called a ... Why was it called the Pineapple Revival?

**BEN:** Well, it took place in a tourist attraction in Australia called the Big Pineapple. And this is a, a big function center on a pineapple farm with a 40 foot fiberglass pineapple. And as you can see out the front, this huge pineapple, you could go up inside that, but the whole of Australia knew about it as the Big Pineapple. And so everyone started calling it the Pineapple Revival.

**SID:** What was the earmark of this move of God?

**BEN:** Well I ... Yeah.

**JODIE:** Contagious hunger. There was contagious hunger that was just poured out.

**SID:** You mean you can catch the hunger from God.

**JODIE:** You can catch it!

**SID:** And you two, when that oil is poured out, you two spread the disease.

**BEN:** Yeah.

**JODIE:** Well, I often say, Sid, that if you can catch a cold, then why can't we have faith to catch the fire of God?

**SID:** You know, a lot of stuff happens in their home. In their home, Ben and Jodie have created an atmosphere of heaven on earth and they can teach you how to create a door or a portal for heaven to invade your home. Do you want this? I know you do.

*We now return to **It's Supernatural.***

**SID:** I have been caught in the rain. I don't know about you. But this is ridiculous. You're inside an enclosed mall and it starts raining on you. Explain.

**BEN:** Yes. I was walking through the mall in Brisbane, Australia one day and I started feeling this dripping, of all places, on my inside, right ankle. Just hitting my ankle. And I thought, what on earth is going on? I knew my bladder was intact, everything was okay. And I'm like, God, if this is you, would you do it somewhere else? As soon as I said that, it started dropping on my head and on my hand.

**SID:** Okay. I have felt rain, but I have never been soaked and it's never made me wet. But it feels exactly like rain.

**BEN:** Yes.

**SID:** But, you're inside your car, the windows are closed. There's no holes in the roof. What happens?

**BEN:** Well, simply it begins to physically rain inside our car, and both Jodie and I have physical water beginning to fall on us. So we'd been experiencing that a lot where there was no water and we'd feel this rain continuing to fall. But then we were driving out of this parking lot and the rain started to physically fall on us inside our car.

**SID:** Now, what does the rain mean to you?

**JODIE:** Yeah.

**BEN:** Well, you know, the Lord had really given us a word from 1 Kings 18, where Elijah hears the sound of the abundance of rain. He hears the sound of heavy rain. And of course, it wasn't yet physically raining, but he could hear the sound of that rain coming. And so the Lord began to speak to us to release this word everywhere we went, that the rain of his presence, the revival rain, the outpouring of his Spirit was coming. And those who had ears to hear knew that it was coming.

**SID:** And in your meetings, did people actually report they felt the same thing you guys did? The rain?

**JODIE:** Yes. Many people have. We've had many reports of physical rain that people, like us, felt water drop on them. Others just feel it like they're standing in a shower of rain. People seeing lightning, hearing thunder, hearing the sound of rain. Recently, you know, we ministered at a church and right after we left, they rang us and sit in their prayer meeting that all of them heard the sound. We'd been prophesying the sound of heavy rain, the sound of revival being poured out. And they rang us to say everyone in their prayer meeting heard heavy rain on the building. When they walked outside from their prayer meeting, it was bone dry, not a drop outside. And everyone heard it.

**SID:** You're a dreamer, too.

**JODIE:** Yes.

**SID:** And God gave you dreams about the outpouring of the greater glory. Tell me what you know.

**JODIE:** Yeah. Well, years ago I had a dream about a tsunami wave coming, the greater glory tsunami wave.

**SID:** Now, I think of that tsunami wave in Asia where it ... I mean it was awful.

**JODIE:** It was horrible. So in the reverse, it's powerful. The power of God being poured out over the nations like a tsunami wave. But a wave of his glory and fire being poured out round the nations. And you know, just recently we were traveling in New England only a few weeks back, and I had a vision of it raining three times. And in my vision I knew God was saying, you know, it's been poured out once, it's been poured out twice and I'm pouring it out a third time. And I knew he was saying there is a third awakening on our shores right now that it's began to rain in the Spirit again.

**SID:** Well, pray for people right now.

**JODIE:** Yeah, well Father God, I just pray right now that in each and every heart that can hear our voice, I release now faith for an outpouring of your glory, Father, for revival rain, for awakening, for that break or anointing breakthrough. We speak over you now is the time of your encounter. Now is the time of hunger. Now is the time of pouring out of your glory. Father, we break off any ... just where the enemy has told us to put out expectations into a future date. We break that off right now and we say now, pour it out, Father. Thank you, Jesus.

**BEN:** Yes, Lord. And God, I thank you that right now you are breaking off timidity off the church, off the body of Christ. You're breaking off that spirit of timidity, that our boldness is not a gift. It's not a personality. But it's an identity of the righteous. The righteous are as bold as a lion. And so I release that boldness over you right now. Like Jodie said, the time is now and I released the boldness for now. Thank you Jesus.

**SID:** And release the breakthrough.

**BEN:** Yeah. Father, I thank you for the breakthrough, Lord, and we just declare a shift right now the every circumstance. God, I thank you for that spirit of breakthrough, that you are the God of the breakthrough, that that's who you are and you come like a rushing water. And I release that rushing water of the spirit of breakthrough over every circumstance. Lord, your word says that the hills melt like wax in the presence of the Lord. And so we introduce our hills to the presence of the Lord right now and I thank you that they are becoming a level ground being completely melted away right now in Jesus' mighty name.
