

Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guest, not knowing anything about my family, told me my daughter's name, my granddaughter's name, and the little tiny town they live in. I'm in awe.

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: You know, not only did Tracy get my attention when he knew these exact things about my life, but I had him speak for our prayer meeting, and he did this same thing with our staff. How do you hear these things? Is, is there an angel involved or what's going on?

TRACY: Sid the angel, the Lord, when he starts, when I start to see him, I feel the presence angel first and then I see in my spiritual eyes, I start seeing the angel and the time that he's ready for the gifts of the Holy Spirit to operate, he'll touch my right shoulder. And when he touches my right shoulder, all of a sudden, I start looking into the eyes of the people and I can see in the windows of their soul, or God will give me a dream before I get to that setting and I'll know who's going to be there.

SID: That is so neat. I want to find out more about you and this gift. I understand that you only went to church once in your life and that was some about five years of age, and you were preparing for a career as a professional skateboarder. I guess you're almost there. You are being given salary and everything. You were going to be a skateboarder superstar, but you had a neighbor that witnessed and witnessed. I mean if that had been me, I wouldn't have gone around him any. Why did you keep going around this guy?

TRACY: What got my attention was he sounded like Elvis.

SID: So one night, because you could picture him. He's kind of a beach bum type, drinking and you know everything that goes along with that. And he drank a little too much one night, and he went to sleep and he found himself in hell.

TRACY: But what happened was, we was at graduation, not all of us, but some of us went down to Burton and Myrtle Beach in South Carolina and we had partied before, we drank before, that wasn't abnormal. But I wasn't feeling right. I was telling some of my friends, I said, "I need to go lay down, something just not right." They said, "Well maybe you had too much to drink. I said, "Well, maybe I don't know. Something just don't feel right."

TRACY: So I laid down and I feel myself going into like a deep dream and I can see myself now I'm waking up and there's a round outer wall, and in this wall I start smelling stench of flesh or burning of flesh. And I look and I see flames, and on my right side is the angel of God. And he began to tell me, "You have been called to preach the gospel. God has assigned you to be a prophet to the nations. You will carry signs, wonders and miracles and know the thoughts of man's hearts," and I to the angel and I'm looking down and all I'll do, I see thousands of hands lifted up, Sid. And in the ... I can still, I can smell burning flesh and I can hear people screaming and I'm looking and I hear one of them say, "Please obey the call. Answer the call."

TRACY: "Don't compromise the call. We're here because we did not obey the assignment." And then the angel told me, he says, "You're going to be responsible." And he showed me a vision while I'm looking into hell and I see all the flames and I could smell the stench. You know the Bible said, "Where their worm dieth not, and the fire is not quenched." And that means the memory of every time somebody witnessed to you. Every time somebody had testify on behalf of the gospel and told you about Jesus, how to get saved and born again.

TRACY: So here I am looking to the angel and he said, "You're going to be responsible for these people if you don't obey the call of God."

SID: And then you were taken to heaven.

TRACY: It felt like eternity in that vision, that dream, that deep dream. That's the best I can explain it. And then the angel said, "Now come Tracy."

TRACY: And when he took me, we went through a large gate and I started seeing all, I started seeing a lot of people in the heaven. He took me to heaven and all of a sudden I saw the angel wave at me, "Come." He said, "Come hither." I remember just like it happened yesterday, he said, "Come hither."

TRACY: And as we walked, I noticed one angel was standing up on a large book and he was flipping the pages. So I happened to go by the book just to see what it was. And I remember so vividly that my mother and father said, "This is the book of the Lamb's, the Lamb's book of life." And I said, "That's what that is?" And then angel said, "Come again." And I looked to my other left side, in my corner, I saw this crystal clear water and I started seeing all these animals, so beautiful.

TRACY: And some people say, "Well that's not animals in heaven." But if you read the book of Revelation, he's coming back on the white horse.

SID: So he's got at least a white horse.

TRACY: So he's at least got a white horse. And I tell them, "Well I know what I saw." So here I am. And the angel said, "Now come." And as we go through the gates, Revelation chapter 21, I believe it's verse 21 talks about 12 different gates. So I saw in this visitation, heaven, different dimensions, different gates, and I'm walking through the gates and the angel on my left side, we go through this last stage, this last gate, and the angel knelt. So I'm thinking, "All right, he knelt, I'm going to kneel."

TRACY: So I knelt down, and then I didn't see the Lord, I saw the majesty of his glory. His awesomeness. And I looked and all I could see is my eyes started burning, because Exodus, chapter 33 says, "No man can see God face to face." He let most of us see his hands and his back part, but he'll let his spirits, his glory, as different levels, but that level he will not let no man see it.

TRACY: So I didn't get to see him, but I heard the voice that I come to cherish at that time. I remember him saying this in a prophetic sense. He said, "Tracy, you're called to be a minister," and he confirmed everything the angel said when I had the other visitation. "You're going to be my mouthpiece. I'm going to demonstrate signs, wonders and miracles. You're going to know the thoughts of man. You're going to reveal the will and the purpose of God to them. I'm going to back you up with all heaven and you're going to walk in the footsteps that I'll ordain and where I have gone, you shall go." And he said, "Now when you're awake and out of this visitation," he said, "Know, I am with you. Even until the end."

SID: So the gifts are growing in you, but then after you had that angelic visitation in 1995, and did what you were instructed, things skyrocketed. Tell me about that visitation.

TRACY: In 1995 the angel of God came to me. His instruction was to meet ... you're going to say at the feet of the generals of faith, you're going to learn what to do and not to do and as you serve them ... that's when I got a revelation on serve—

SID: So you picture if these generals had known what Tracy learned of what not to do, what a difference in their life it would have been? As far as I'm concerned, the man that had the greatest miracle ministry, his name was William Branham. For those that aren't familiar with, when William Branham, tell us just a little bit about him.

TRACY: He is operating a gift of word of knowledge. The angel came to him and said, "You have two signs. You'll detect the money, spirits, sickness and diseases in the right-hand when it vibrates. The other one was the gift of word of knowledge. You would know their names, every area of their lives, so he operated, he can call somebody out of the audience, not know them, and they'd come before him, give them the address, the doctor's name, everything about their life, even what they ate for breakfast. I mean such detail of the word of knowledge that it's mind boggling. And I said, after I saw that, the angel spoke to him, I said, "That's what I want. It's got to be in the earth."

SID: But, he had already died, Branham. But you through a series of circumstances found yourself face to face with a man who was a little child and was prayed for by William Branham. What did Brandon say to this man when he prayed for him?

TRACY: It was in his teenager years, around 16, 17 years of age. Now upbringing he had been in around the ministry of [?], of healing, all of his life as a child. But around 16, 17, William Branham walked into his room, put his hands on the right shoulder to say, even as a mantle was upon me, and now the mantle is on you. And he operates in that gift.

SID: Now this guy lay hands on you, that has the gift from Branham?

TRACY: Yes sir. I had a dream. I saw me in this big tent revival and he was coming to North Carolina. So we went to the tent revival. One year later, exact time that Angel gave me the dream, I walk in there, he shakes my hand, and he said, "From this day forward, what's on William Branham, on my life, will be on your life."

TRACY: And then I go back to the headquarters and I do a revival, all of a sudden I see a angel downloading a scroll, and I started seeing names, addresses, sickness, worry. I see a skeleton before me any time I stand before a person. I'll feel through the word of knowledge where the pain is at.

SID: I called him the other night and he said, "I don't know what it is. My foot is hurting," and he described exactly where his foot was hurting. I said, "You just described me." I mean this is, this is better than any doctor I ever went to. I have to tell you that, Tracy.

SID: But you learn by heavenly revelation, you put a correlation of something, I have never read in a book. I've read about serving and the benefits of being a servant.

TRACY: Right.

SID: I've read about the supernatural in the gifts, but God showed you they're connected. Explain.

TRACY: Well, how he showed me was 1997 the angel came to me and said, "This is a recipe for unlocking it. The glory, the manifestation of the gifts of the spirit." So he said, "I want you to pray three hours a day." So when I begin to pray three hours a day, he taught me the first hour, pray in tongues. Then the second hour, stop and listen. And then the third hour, I'm in a place where I don't have to speak in tongues. When you do, the bible, when you get to heaven, time sees.

TRACY: So when you really tap in that glory realm, you don't pray in tongues. You just enthrone him with glory. You just lift your hands and you worship Yeshua.

TRACY: So he taught me when you listen, after you speak in tongues, what you're doing is the interpretation is coming back to you.

TRACY: You stop after you speak in tongues, then all of a sudden your mind is already being cleared because you pray all the distractions away because you praying in the spirits, you have a dialogue, just you and God. It's a channel.

SID: So you clear it through speaking in tongues. And you still yourself to hear, is what you're saying.

TRACY: Yes sir.

SID: What happens if someone does what you recommend for three months and nothing and they don't hear a thing?

TRACY: But what I'm saying, what I recommend is keep pursuing, because when I learned this pattern and this strategy how to tap into the heart of God, it took me time to develop. But the more ... I always tell ministers when I've going teach them, let it be a prayer habit.

SID: You don't have to start with three hours a day.

TRACY: Right.

SID: I mean you could start with 30 minutes a day in tongues and 30 minutes a day being still and work up. You follow? But if you do, you will hear as much as Tracy, maybe more now. Tracy has seen the greater glory being released this year and it will dramatically change the face of the earth. I'm also going to ask him to demonstrate his amazing prophetic gift. Interested?

*We now return to **It's Supernatural**.*

SID: Tracy, you see things about people, but you also see things about the United States, about the world. For instance, you saw things about the greater glory. What have you seen?

TRACY: In the greater glory of the vision that God gave me, the revelation was, 2019 has began to be the year of recompense and the glory's already begun to manifest and even the next three years, the landscape of the church is going to shift and change. And God's going to weed out, he's going to take the people out of the people, church out of the church, and he's going to begin to move in the heart of America.

TRACY: He's going to bring the church back to proper alignment. He's going to bring the church back to holding it's true repentance where no man is going to get the glory. Man's not going to be the center of attention. But God almighty is going to get the glory.

SID: So this greater glory, if I'm understanding it right, the average person will operate in the gifts of the Spirit ... well as Jesus said, "You'll do the same works I have done and even greater." Will that be going on in this—

TRACY: We call it a miracle, but he called it the work of the Father. It became normal in the ministry of Jesus and in the greater glory, it's going to become a normal. The supernatural would become normal activities of your life. So the upcoming next three years, the church is going to have a paradigm shift as never before. God's going to call us to have a spiritual awakening, and it begun this year according to the time of prophecy, the time of prevention, and even in the landscape of those in high places even in the White House. God's coming to our house and then he's going to come to the White House.

SID: Tracy, what have you seen for *It's Supernatural* television and for myself in this ministry?

TRACY: Well the Lord showed me, he took me into a trance, and you have walked before me, I saw you come up before me, and the Lord said, "He is a fore runner of the disposition of the greater glory. His ministry and the staff and the team and all that join hands together all around the world, when you join hands, the hands for this ministry, God has ordained this ministry at a

pivot time that we need a launching pad to introduce a greater glory where God can get all the honor, where he can move. There's protocol, but at the same time God can move.

SID: I am so, the word I used is the only word I can say in, "awe." So if my job is to show a foretaste of what is coming, I want to show you a foretaste right now.

SID: Would you prophesy over a few people in our studio audience and if God directs even the TV audience?

TRACY: Absolutely.

TRACY: Just lift your hands and let's just receive his glory. I feel the unusual anointing. I feel the miracle working God. I see the angel of God move in right now. Just lift your hands. You're letting God know I surrender. I'm going to start minister to about three or four of you. But right now, even though you this at your home, I'm looking through the lens of the camera, Diane, you're getting a miracle, your lower back area, you own a walker, you're coming off that walker darling. Dr. Johnson is going to take you off of that. Let us know what God has done in this manifestation. This miracle. Let somebody know and say Roth ministry, that a miracle happened, your lower L5 area, you're getting a miracle. You were in an accident. There was two vehicles that was involved and one them it's a black and one of them is like a burgundy type.

TRACY: And God said the miracle's happening right now and you that's in your home right now, I release the anointing of God, that tangible evidence of the miraculous of God in the name of Jesus.

TRACY: The angel of God is moving right here in this audience right now. I feel his tangible presence. If I would, if I get someone to back, this couple right here, you're in the last row. Yes, you just looked at both of you all just stand right now. There's an angel standing over both of you. I don't know you, do I?

Sierra: No.

TRACY: I don't know either one of you. We've never talked.

Sierra: No.

TRACY: If I told you that God's going to start breaking the finances open for you, there's been financial struggles. There's an angel over you. Sir lift your hands, God's healing you. You've been having a problem with your shoulder area. Is it Dustin?

Dustin: Yes.

TRACY: Your name is Dustin?

SID: You don't know him.

TRACY: I don't know, this is the first time-

SID: Do you know him?

Dustin: I do not.

SID: Now you know him, he knows your name.

TRACY: Dustin.

Dustin: Yes.

TRACY: You are a contractor. I see contracting all around you like buildings and stuff like that. Like utility, like contract work, there's an increase that's coming. There was an accident you was involved with and God said to tell Dustin that the attack is over and the curse is broken and God's going to move in your life, your darkest days are behind you. The last three years have been hard in your life.

Dustin: Yeah.

TRACY: 8631.

Dustin: 8631.

TRACY: Is that your address?

Dustin: Yep.

TRACY: Almost like Country Line Drive.

Sierra: County Line Road.

TRACY: County Line Road.

TRACY: If I pronounce your name right, it's an S, Sierra.

Sierra: Yes sir.

TRACY: What is your name?

Sierra: Sierra.

TRACY: Sierra Dawn.

Sierra: Yes.

SID: Do you see why I'm in awe?

TRACY: Your name is Sierra Dawn Kelso.

Sierra: Yes.

TRACY: Kelso.

TRACY: You're Dustin Wayne.

Dustin: Yes.

TRACY: Lift up your hands, God's healing you. God bless you. He's giving your home a miracle. God's touching your children. The last three years have been hard, but the last three years God's going to turn your life around. Dustin, Sierra, God said it's over. We're done rebuking the devil. You're healed, darling, in your lower abdomen area around your female organs, you've been having ... isn't that right?

Sierra: I have scoliosis in my hips.

TRACY: And I'd seen that God, he's moving it right, you see where my hand is at. It's right there?

Sierra: Yes.

TRACY: You're not going to have that anymore. You can get back to your doctor and he'll confirm the miracle.

SID: I notice you like to confirm miracles.

SID: Have doctors confirmed them? That's important to you.

TRACY: Well to me it is very important and I often tell people, I have people in my revival, when I'm heeling, I know I'm heeling. I said, "That's great. Now go back to your doctors and let it confirm, because God's not intimidated with doctors, he made them. So that's verified what God is doing. That's verified of what he's doing, not one man is doing. Get your eyes off of man. Get it on the Lord.

SID: Now I wanted to do that just as a foretaste. I mean we've got too much to cover on this program. So do you want to hear more from Tracy? Would you like Tracy to minister to you watching at home as well as in our TV studio audience? Then simply go to sidroth.org/cooke for the extended version of this program. Again, that's sidroth.org/cooke.

SID: And I have to tell you something. The reason for you to see a demonstration of the power of God is to believe God is bigger than you ever thought. The reason for you to see this is so that

you can first have your own intimacy with God, your own experiential knowledge of God, because to know him is everything, and everything without knowing him is nothing. Amen.
