

Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. Someone started flying in my guest's meeting. I mean he flew out the door. And he says, we haven't seen anything yet. Are you ready?

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: You know, Andre, you were mentored by someone who's now in heaven and was a guest on my television show, Jill Austin. And one of the things that she was famous for is she had a passion for people to have encounters with God, experiences with God. And she would just say, "Holy Spirit, come." And guess what? The Holy Spirit would come. Now you had occasion to see her minister many times. Tell me a few of the manifestations that occurred with her.

ANDRE: Oh wow. There's so many with Jill. One of the major ones that sticks out in my mind is a young man who was rather rebellious, and came to one of Jill's meetings. And his friends asked him, "Oh, aren't you afraid to go to this meeting?" And he goes, "No, I've been around Bob Jones, Paul Kane, and nothing ever happens to me." So when he walked into the room, he said two huge hands grabbed him around the waist, whispered in his ear and said, "I thought you said nothing ever happens to you," and slams him to the floor. And for three hours he's wrestling with the angel. And you can literally see this happening because he would try to crawl away and it would pull him back.

SID: Excuse me for a second. Some of you skeptics, did you ever hear about Jacob wrestling with an angel? It's even in the Bible, but go ahead.

ANDRE: And so it radically changed his life. He became a missionary to Mexico and is in ministry today.

SID: Some of you are saying, "why would God do that?" It radically changed his life. Did you hear that? He's now in ministry. Andre, Jill Austin prayed over you, and when she prayed her impartation over you, what did she say?

ANDRE: She said that out of all of her spiritual children that I walked the most like her and moved like she did. That's my heart. I want to see God touch people, and people have radical encounters with God. It's not enough just to go to church anymore. You know, if we were just going to be in church and sit in the pews, what's the point. I'd rather go do something different. But if God is going to meet with his people when his manifest presence comes. And you know, I know God's omnipresent, and he's everywhere all the time, but the reality is his manifest presence doesn't come like that all the time. And I'm praying for 2 Chronicles 5 where the glory cloud shows up and the priest can't stand to minister because God himself begins to move.

SID: So, an atheist comes into one of your meetings.

ANDRE: I used to do a youth camp up in the mountains outside of Seattle. And you know how in youth camps parents send all their kids that they hope God touches, which kind of makes it difficult sometimes because they're very rebellious.

SID: All the troublemakers.

ANDRE: Yeah. One young man came and he said, "Okay God, if you're real, have somebody fly tonight." And so in the meeting, a young man who actually had a halo on because he had just had surgery on his brain, literally picked up...

SID: I mean, I've heard of fleeces, I read about Gideon in the Bible, but Gideon didn't know what a fleece was.

ANDRE: Flew out down the hall, the door swung open. He flew over the parking lot and landed in the snow. So needless to say, the atheist is no longer an atheist.

SID: Again Mr. and Mrs. Skeptic, I have read books of the first believers, and this was not a unique thing. These believers, these early saints, many of them flew. There's one entire book on this, but forget their experiences. How about the Bible? Do you remember Elijah? Do you remember Enoch? Do you remember Jesus? They all flew. I believe that this may even become common when the glory really hits us.

ANDRE: Yeah, I believe that. I believe we haven't seen anything yet. We've only seen a little bit. It's kind of like an iceberg. We see the tip at the top, but the major part of the iceberg's under the water. And I believe the iceberg is coming up, and we're going to begin to see God move and it's... because we need it. We need it in the world today. That's why people are running to psychics and mediums, and that's what's common on TV, because they want an encounter with something that's greater than they are. Well we the church, has the greatest thing on the inside of us. It's the Holy Spirit. The same Shekinah Glory that rested over the ark of the covenant, now resides on the inside of us, and we just got to let Him out, to let Him out and do what He wants to do because God loves touching people.

SID: You know what I'm reminded of is, you're telling that. Most people don't know this, but in Israel, when a young person graduates from the military, they take some time off, and they go to a nearby country, and they go to the gurus and the new age mystics. Why? Because if we will not show them the authentic, they'll settle for a cheap counterfeit. It's time the believers show the authentic. It's time to be normal.

SID: Now, when Andre talks about the Breaker Anointing, people just automatically, the presence of God comes on their problems. They start repenting of sin and they get so hungry for more of God. This God hunger is the key to the glory. Are you hungry?

SID: Okay, Andre. I am so fascinated. You teach and demonstrate the Breaker Anointing. What is the purpose of the Breaker Anointing?

ANDRE: Well, it's just like the word "break." What happens? It's the breakthrough. So when the Breaker Anointing comes, if you're stuck, you get unstuck. If you need a healing, you get healed. It moves things out of the way that try to block God from entering in. The Breaker comes and sifts that out of the way, and you can meet with God in ways that you haven't met with him before.

SID: I have to believe that any true believer wants to go further with God than they are, but there's something holding them back. You're saying that's what that Breaker breaks up.

ANDRE: It breaks stuff open. You know, because there's, in regions where there's principalities that sit over regions that don't allow the breakthrough to happen. Well, when the Breaker comes, it gets moved out of the way and suddenly blinders fall off of people's eyes that even people who don't believe in Jesus suddenly begin to go, "Oh wow." They have an encounter. So God is real. And I believe that that is coming and we're going to have more of that. Like what happened with Charles Finney, on the train and everybody in the train station should be getting a fall on their face repenting, crying out, "What must I do to be saved?" It had nothing to do with Charles Finney. It was the Breaker Anointing that moved around him. And I believe that that same anointing is available to us.

ANDRE: That when people go to heaven, they don't take their mantles with them. They don't need them. The mantles are here waiting for somebody to say, "Here am I Lord." Like Isaiah, "Here, my Lord. If you can use me, send me." And God is looking for people who are willing to pay the price. Because you know salvation is free, but the anointing is costly. If you're willing to pay the price to get what we need, God is saying, "Here, just take it. This is the season."

SID: Now Jill Austin said she would prophesy something was going to happen suddenly. What is that?

ANDRE: That what she lived for was suddenly going to be released in the earth. And Jill had gone to heaven and I had a dream. And in the dream I walked into a room. Jill was sitting in the corner. And I was talking to her and she never responded, so I figured maybe I should change what I'm talking about. And so I started talking to her about another dream I had, and she stopped me in the middle and she said, "Andre." She said, "What I live my life for is suddenly about to be released in the earth. And whether it's with you or with me, it doesn't matter." And I woke up from the dream and I knew exactly what she was talking about. And I knew it wasn't just about me, it was about what God's going to release on the church because I know what Jill lived for. And that was Jill lived for people that have radical encounters with God, that people would move in the glory realm and that Jesus would get the rewards of his suffering.

SID: Andre, you said, "The Holy Spirit comes, comes against our enemies." There's a scripture on that.

ANDRE: Yeah. It's like you know that when the Bible says, "When the enemy comes in like a flood, the spirit of the Lord will lift up a standard against him." Well, I like to say it this way, "when the enemy comes in like a flood, like a flood, the spirit of the Lord will lift up a standard against him." You know, we read the Bible where it says, "He's called alongside the Spirit of

God. He's the paraclete." But many theologians look at that scripture and say, "You don't get it." That means, they call it the insanity of the Holy Spirit. It's that when something comes after you, he goes crazy after that. He will attack that which attacks you

SID: It's important to have a relationship with the Holy Spirit.

ANDRE: Yes it is. He's my friend. I love him. You know, it's more than Father, Son and It; it's Father, Son, and Holy Spirit and he wants to have a relationship with us. He wants to introduce Jesus to us, take us into deeper realms of revelation with Him. We need the spirit of God. We need a relationship with Him so that he can come and release that which The Father wants released on the earth. And you know what? God uses people, and he's saying, "Are you available to be used?"

SID: The Breaker Anointing, as we've just told you, removes everything, every barrier that's in the way of God's glory, in the way of you hearing God's voice. When Andre worships the Breaker Anointing shows up. I'm going to have him worship God in just a moment, and get ready. Next.

SID: Andre, you were telling me the most fascinating thing about human DNA and music that God has built in. Tell me about that.

ANDRE: Well, they've taken our DNA and they've stretch it out and they made it into musical notation. And so inside of us, there's a song written in our DNA that I believe that when the prophetic song is sung or worship is played, it begins to ignite with what God placed on the inside of us, and there's a spiritual combustion that happens that changes our lives, and it causes more intimacy with Jesus. All the things that we need, it brings us into that place.

SID: Well, I'm going to charge you right now that I want you to per get about us. And I want you to worship God with every fiber of your being. And I believe as you do this, the Breaker Anointing is going to come forth and every bit of garbage that's separating you from your true destiny, your true DNA in God is going to come right out. I charge you.

ANDRE: Lord, I release the fire of God now in the name of Jesus, I release the Breaker Anointing in this room, Lord, that you would break off of us everything that is holding us back now in the name of Jesus. Lord, I release the fire of impartation. Spirit of burning come. Now in Jesus name.

ANDRE: (singing).

ANDRE: You know, I don't know if this means anything to anybody, but I keep hearing the name Felicia. Thank you Lord. And what I see is, it's like you're on one side and there's a deep cavern between the side that you need to get too. And I see the Lord taking you and lifting you up and moving you over to the other side. The Lord wants you to know that your breakthrough is not coming; your breakthrough is here. Begin to thank him that your breakthrough has come.

SID: This is your own experiential knowledge of God. Repeat out loud what I'm going to pray right now. Out loud. Dear God.

Audience: Dear God.

SID: I've made many mistakes.

Audience: I've made many mistakes.

SID: For which I'm so sorry.

Audience: For which I'm so sorry.

SID: I believe.

SID: And I am free.

Audience: And I am free.

SID: And now that I am clean.

Audience: And now that I am clean.

SID: I ask you Jesus.

SID: To come inside of me.

Audience: To come inside of me.

SID: To live inside of me.

Audience: To live inside of me.

SID: Be my friend.

Audience: Be my friend.

Audience: You're my Lord.

SID: Amen.

Audience: Amen.
