

*Hello. Sid Roth here. Welcome to my world, where it's naturally supernatural. My guest was a high ranking satanic priest that sold his soul to the devil. Now that he has a new Lord, Jesus the Messiah, he is exposing the number one weapon in the devil's arsenal. Want to know what it is?*

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Every time I talk to John on the phone or I'm in person with him, I think this is someone else that spent 25 years with a blood covenant with Satan. You really are a different person.

**JOHN:** Totally.

**SID:** I mean, having a blood covenant with Satan. How'd you break that?

**JOHN:** Yeah. I tell you, in 1999, I left my body and went straight to hell. The devil showed up in hell. He told me how much he loved me. He couldn't let me go because he had to destroy me because I was someone in his kingdom that was very special because of the witchcraft, and the astral projecting, and the tormentors that would release on people with fear, and destroy people's life. And the devil said, "I can't let you go." But the cross of Jesus Christ appeared in hell. Even the word of God says, "Son, you make your bed in hell. God is there."

**JOHN:** And when I went to hell and I left my body and I was there when the devil showed up in hell, he was so furious to destroy me. And when he went to grab me, the cross of Jesus Christ was between him and I. And when he went to make contact with the cross, the cross dropped him like he was a tumbler on the floor. He had no power. And I couldn't believe it. I ran into the part of the veil, and he came for the second time. When he came out, he went to grab me, and the cross of Jesus Christ appeared again. And when he made contact, he just fell down like a piece of paper. It was the Lord Jesus Christ setting me free. And I came back into my body and I went to hell as a high rank devil worshiper, a general in the kingdom of darkness, and I came back as a believer in Jesus Christ.

**SID:** You told me, the number one weapon in the devil's arsenal was the real hold that the devil had over you while you were in witchcraft, and that was fear.

**JOHN:** Fear. Fear. The devil is a spiritual pharaoh. He plagues fear on the people that practice the occult. The fear on people is a terrorizing fear that if you miss a beat, or if you miss an assignment, or you miss a ritual, or you don't do it in the next ceremony, either someone in your family will die, you would die, or you will get into a horrific car accident. And that was my life for 25 years.

**SID:** That's an awful life.

**JOHN:** Yes, it was.

**SID:** Did you realize ... I'm kind of curious, did you realize how awful it was when you were in it?

**JOHN:** Oh yeah, absolutely. But then the other part was, if I get out then I'm signing my funeral.

**SID:** So you were a real prisoner? I want you looking at camera and you talk to someone that's in satanism or witchcraft and tell them there is freedom.

**JOHN:** I just want to say whether you've witchcraft, new age, any occult practices in your life and they're lying to you. Because the devil is the father of lies, he's lying to you how he's going to kill, steal and destroy you. You have an opportunity, the one avenue, one door to get out. His name is Jesus Christ. He did it for me. 1999, I've been set free. And the torment that's came for me for 30 days, but the Lord Jesus Christ kept me, delivered me, set me free, and today I'm exposing the works of the enemy, his number one weapon, which is fear.

**SID:** If the devil was so strong, how come he leaves you alone?

**JOHN:** Well the devil has power. The devil has crazy power, but not the right power for the believer.

**SID:** For instance, did you have any reason to suspect a believer had something special when you were projecting yourself on them, or all these other things? Or cursing them?

**JOHN:** My job as a demonic devil worshiper at the time was to astral project as much as I can. Leave my body and curse regions, and curse neighborhoods, and put witchcraft in [crosstalk].

**SID:** When you say astral project, you leave your body—

**JOHN:** Leave my body completely and have a contract with a demon. So when I used to fly out cursing neighborhoods, put witchcraft in a neighborhood, where there's poverty, spirits, whatever. A demonic stronghold that the devil wanted me to put on that neighborhood with the contract with the demon. There was believers, they knew how to pray, and they would chase me out of the neighborhood. And the spirit and I was not able to accomplish the mission.

**SID:** Now fear is a very pervasive thing, and it really spreads into lots of areas. Tell me some areas that people are hit with fear. They just think it's themselves. But this fear.

**JOHN:** The devil has three steps to tormenting. Tormenting fear has three steps—worry, panic attacks, and then tormentings of fear. So the devil will start with the worry. Worry factor, worry this, worry that. Worry at your job, worry about your tomorrow, worry about your future, worry about your family, worry about your finances, worry about your career. And then it goes into panic attacks. And after panic attack, the devil put the nail in the coffin, which is he released the tormentors of fear upon you, upon your family. But I got good news. I know how to fight, dismantle, uproot, and destroy fear out of your life, once and for all. I had to know how to do it, because I was one of them. I was one of them that used to do, apply that kind of spiritual technique on people's lives for 25 years.

**SID:** Do you find this is pervasive among even Christians as you travel?

**JOHN:** It's amazing because God has given me such a wonderful gift, an altar course. When I do an altar course, no one's in a seat. Even with three, four, 500 people come up to the altar to be prayed for. And I had the whole Jesus thing, I prayed for one people at a time. Sometime I'm six hours. And nine out of 10 people they say, "I just want to say something. I don't know, but this fear is just so gripped on me from my childhood, from my teenagerhood, from adulthood. The fear is just eating away like a spiritual cancer. Please, I want to be set free."

**SID:** And are they?

**JOHN:** Oh, absolutely. Absolutely, because I know how to beat the devil like a pinata.

**SID:** I like that. Now there are many, many people that are battling fear, and it's got to do with stinking thinking, and the demonic.

**JOHN:** The demonic.

**SID:** The combination. So that's why you wrote your new book, and your special CDs. Can people really get set free from it?

**JOHN:** I promise you. Uncle Sid, people are going to be free. I mean I could promise you tomorrow is going to be tomorrow. People are going to be set free because the devil worship patterns and cycles in the kingdom of darkness, his patterns and cycles are fear. Seasons of fear, torment and these things come upon you. They grip you, they wrap around you like a straight jacket. And over your mind, your thoughts, your body, your heart, it just wraps around you. That's why people get sick. That's what people they jump on medication.

**SID:** You want to be their life coach, am I right?

**JOHN:** Absolutely. I want to teach you how you can take that fear off, uproot it, and live in total freedom. I believe you have to make a decision. I always say, you have to make that decision. You have to step forward. You have to really say, "You what, fear? I renounced you. I rebuke you. Today is a day that you're leaving my life once and for all."

**SID:** Can disease like cancer be a demon?

**JOHN:** Oh, absolutely. We would call it in the kingdom of darkness, we'd call it a spirit of infirmity. You release that—

**SID:** So many people are fearful when they get a report from a doctor that there's something in your blood, there's this lump.

**JOHN:** They can sleep. They can't rest. They can't eat because all fear is now operating at full force upon that person, because of a one bad report, or one bad word, or one bad moment. That person's already paralyzed and fear is already controlling, manipulating their purpose and their destiny.

**SID:** Tell me about that Muslim woman.

**JOHN:** It's amazing because God loves all people. And this is the point that I was in the altar call out in Queens, and this lady comes up and she says to me, she said, "John, I just want to say something." She said, "I got six months to live." And I said, "What do you mean you got six months?" And she said, "I got fourth stage cancer, and I'm going to die. The doctor said go home and make peace with my family." I said, "But are you a Christian? Are you a believer? Do you know Jesus Christ as your Lord and Savior?" She said, "No, I'm a Muslim." She said, "I'm a Muslim. I just came here because this is my last resource." And I said, "Well my Jesus can save you, and he can heal you." And she said, "Well, give me Jesus." I said, "Coming up, coming right up."

**JOHN:** I put my hands on her. She renounced. She received Jesus. She renounced cancer. She received Jesus as her Lord and Savior. I just put my hand like a little boy, "Hey in the name of Jesus, Father, teach her that she could be healed. And I just left. A year later, I come back to the church, and I'm walking into the church. There's this lady standing in front of the church with this big Kool-Aid smile. Then she looked at me, I'm looking at her. I say, "Okay, what's wrong with that lady?" And she said, "You remember me?" And I'm like, "I'm sorry. I don't remember." Because I've been on my travels. And she said, "I was supposed to die six months ago." I said, "Oh, my God, what happened?" She said, "Jesus, healed my body."

**JOHN:** "I went back to the doctors, and I said, 'Doctor, check me one more time.'" And the doctor checked her one more ... The doctor said, "Listen, we told her go home and make peace with your family. Don't bother us." She said, "Please check me one more time." And the doctors checked her. The doctor said, "We need to check again. We don't see nothing in your body. Maybe the machine's wrong." Got heal in Jesus' name.

**SID:** Why do you call believers special ops or spiritual snipers?

**JOHN:** One of the things I believe in my heart that God has given us the awesome ... We have powerful weapons of our warfare. We have spiritual snipers. We can go into the devil's camp and shoot and destroy and kill and put an atomic bomb in the devil's camp and destroy all demonic altars that have been set up against us, our family, our loved ones, our finances, our purpose, our destiny, our careers, our husband and wives. We have the guns of heaven to bring on every demonic activity has going on that has our name on it. And that's special ops and spiritual snipers. And you have to do those spiritual warfare prayers. Know how to go in, and go out. It's like special ops. Jump in, destroy, come out, go home. That's a winner.

**SID:** As a satanic general, John learned that believers have two of the most powerful weapons that literally put fear on satanists. Next.

*We now return to **It's Supernatural**.*

**SID:** There is one thing that it understands, fear, horrific fear. It's John, and if there's one man thing could get people free of fear. It's John Ramirez. John, you said there are two weapons, two things stronger than any demon in hell at the disposal of every believer. What are they?

**JOHN:** Uncle, [He] said to me, there's no greater weapon, no greater chain than the name of Jesus Christ. Would break every chain, every bondage, every—

**SID:** What if you don't see something when you use the name of Jesus? What's going on in the invisible world?

**JOHN:** Oh in the invisible world, that name shakes the foundations of hell and the spirit realm. It will paralyze the devil and his cronies. That name has power over every sickness, over every demonic tormenting devil, a fear. That name destroyed, even under that name they'd say demons tremble under that name.

**SID:** John, what's the second one?

**JOHN:** The blood of Jesus Christ.

**SID:** When I say, "I apply the blood of Jesus over my family. I apply the blood of Jesus over my house. I apply the blood of Jesus where I work. I apply the blood of Jesus in my car." What is going on?

**JOHN:** In the spirit realm when you ... When Moses put the blood on the doorpost that the Angel of Death has to pass by, the Angel of Death had to pass by. When you apply the blood of Jesus upon your family, your relatives, your loved ones. My daughter she lives in Brooklyn, I live in Manhattan. I apply the blood of Jesus when she get in the subways, when she go to work, when she leaves work at night, work by herself, walking home. I apply the blood of Jesus. I mean devil, you have to pass over her. You can't touch her. She doesn't belong to you. Nothing that I apply the blood of Jesus, you have no legal rights over it. You are destroyed, dismantled, you're inoperative and you're defeated because the blood of Jesus says so.

**JOHN:** To me, it's like the oxygen you breathe. If you don't breathe oxygen, you won't live. So we need to understand that the blood of Jesus moves, shakes, and destroys, dismantles the devil's kingdom and turns it upside down. And we need to apply no matter what. I mean that should just be your language. That should be your spiritual warfare language. The blood of Jesus and the name of Jesus.

**JOHN:** When I wake up in the morning, I say, "devil I'm not ... Jesus, thank you for waking me up in the morning. Devil, I mark the blood of Jesus right there, to hit him real quick." Offense, shake him in his boots.

**SID:** This stuff. You know what's so wonderful? It's for the least believer can do the same works Jesus did. And if you really believe the Bible, then even greater. But how? Right now the question is, how can you live without fear? When we return.

*We'll be right back to **It's Supernatural**.*

*We now return to **It's Supernatural**.*

**SID:** John, a woman by the name of Daisy.

**JOHN:** Daisy was a friend of the family's, and she was involved in the occult Santeria. Santeria means worship of demons. She was in it. She was baptized into all the witchcraft, and the rituals, and the ceremonies of Santeria. And one day I went to my mom's house and I said, "Hey Daisy, you see my life, how God set me free." She said, "John, I'm so afraid. I have so much fear if I leave, they're going to kill me." I said, "Look, they didn't kill me. They're not going to kill you. Just accept Jesus as your Lord and Savior. I promise you that nothing's going to happen to you." And she said, "Okay, John, I want Jesus."

**JOHN:** Jesus, Daisy is ready to take you into her heart.

**JOHN:** And she accepted Jesus, and then she told the superintendent of the building, "Go to my house and throw all the witchcraft stuff away in the garbage." She threw it all away in the garbage. And two months later, Daisy, she passed on. And I went to her funeral out of respect, knowing that she's a believer. So I said, "I'm going to go to her funeral." And to my dismay, all the witchcraft, high-ranked devil worshipers that I used to be with in 25 years, they were all in the funeral releasing spirit of fear. Telling the people, "You see her, she died because ..." They were lying. "You see, she died because we destroy her, and we're going to put the same spirit on you, of death on you, premature death on you. And we're going to be ..." They was releasing torment, demons of fear. And I walked into the funeral and they looked at me. They say, "Oh my God, you here? We haven't killed you yet? How much witchcraft we'd done to you." "You can't kill me. I'm under the blood of Jesus Christ."

**SID:** John, how do we live without fear?

**JOHN:** You know, amazing, the book of Hebrew chapter 11 it speaks about fear and faith. Many, many great woman of God, many great men of God started in fear, but they became ... overcome it through faith. The hallmark of faith is the book of Hebrews. And these people were practical people, normal people. And God chose them to shame the devil. And they started ... You see, you could start with fear, but you could end up overcomer in faith, and victorious, and be more than a conquering Christ Jesus. I tell people this, right? I tell people this, right? A lot of time we read scripture. We read scripture, we read it so fast, we like, "Oh, blah, blah, blah, blah, blah, blah, blah."

**JOHN:** You say, "I love my wife," right? And "Oh, I love my daughter, I love my son." And you're, "Hey, I love you." And you leave. Or, "Hey, I missed you." And you leave. It doesn't have ... It's not intimacy. When you read scripture, you should be intimate with the scripture. You should be intimate with that scripture. So when I read scripture, I read it slow. I read the

scripture like I'm telling God, "I love you so much for what you've done for me." And I read it in a pace that I want his heart to skip beats, because I am indebted to the cross of Jesus Christ. And when I read scripture that way, fear have no place in my life.

**SID:** Can you lead us in a prayer to overcome fear?

**JOHN:** Oh absolutely. I want to share the scripture Deuteronomy Chapter 31:8. God has some amazing promises in his word. God is not a man that he would lie. His word is so strong, so awesome. And you can take it to the bank, and believe. You can deposit that in your spirit. That is the bank, your spirit. When I get scripture, and it comes into me and they say something, I want you to repeat after me, and really you watching TV today, please repeat the scripture after me. And not only this scripture, but grab every scripture, every word of God, every promise, every promise of God. Make it your own. I think the word it's not something that is ... It's not general. It's for you and him. And when I grab and I say ... I would say Deuteronomy Chapter 31:8, I will say the Lord, he is the one who goes before me. "He is the one that goes before me," uncle said.

**JOHN:** That means I don't have to worry. I don't have to fear, and he says he will be with me. He would not leave me or forsake me. That's a guarantee. Because you see, once he's telling me, I will not fear because God's promises are for me every day. I will not fear, and I will not be dismayed. If you've been tormented, and you've being plagued, and your mind is being scorned by lies of the enemy, this is your breakthrough. This is your moment. This is your divine appointment that you can hold on to God's word. It's everlasting. God's word doesn't have an expiration date.

**SID:** Lead us in the prayer.

**JOHN:** I want to say. He says that there. This is my favorite scripture. Deuteronomy 31:8. It says, "And the Lord, he is the one who goes before me.

Group: And the Lord, he is the one who goes before me.

**JOHN:** And he will be with me.

Group: And he will be with me.

**JOHN:** And he will not leave me or forsake me.

Group: He will not leave me or forsake me.

**JOHN:** And I will not fear ...

Group: And I will not fear ...

**JOHN:** ... or be dismayed.

Group: .. or be dismayed.

**JOHN:** I will not fear.

Group: I will not fear.

**JOHN:** Anyone right now, if you're watching and you heard that all, you have to put the icing on the cake and say, "Lord Jesus, be my Lord and Savior."

**SID:** Let do that right now. Out loud. Repeat this prayer out loud. You at home, I'm looking at you too. And the studio audience, repeat this prayer out loud. Dear God ...

Group: Dear God ...

**SID:** ... I've made so many mistakes.

Group: ... I've made so many mistakes.

**SID:** But I know ...

Group: But I know ...

**SID:** ... the blood of Jesus ...

Group: ... the blood of Jesus ...

**SID:** ... washes away these mistakes.

Group: ... washes away these mistakes.

**SID:** And as of this moment ...

Group: As of this moment ...

**SID:** ... I am clean before you.

Group: ... I am clean before you.

**SID:** I ask you, Jesus ...

Group: I ask you Jesus ...

**SID:** ... to be my Lord and Savior ...

Group: ... to be my Lord and Savior ...

**SID:** ... and live inside of me.

Group: ... and live inside of me.

**SID:** And never forsake me.

Group: And never forsake me.

**SID:** I love you, Lord.

Group: I love you, Lord.

**SID:** I want an experience with you.

Group: I want an experience with you.

**SID:** In Jesus name.

Group: In Jesus name.

**SID:** Amen.

Group: Amen.

**SID:** John, I want you to pray what is ever on your heart for all those billions of people that need freedom right now.

**JOHN:** Amen. I just want to lift you up in prayer right now. I just come against every demonic force that's been operating your life, through your life and whether the generational, or any doors that you have open in your life known and unknown. I break and destroy, dismantle every demonic fear, every tormenting devil, every scorning devil that's scorning your mind. I break every demonic sickness, or paralyze every devil of oppression, depression, suicide. I break every satanic devil, every satanic altars. I break every satanic assignment of the devil in the spirit realm against you. I put the judgments of God upon every devil, every demon, every principality, every territory demon spirit, I destroy it by the blood of Jesus Christ. I ask you right now in the name of Jesus Christ, I put warring angels around you up, I put a hedge of protection around you from Zechariah Chapter 2:5, I declare the blood of Jesus upon you, in you, and through you, and you are free in Jesus name. Amen.
