

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural.

Marriages and families are under assault. They're under attack. It's an all out demonic war. My guest says, "There is a supernatural way to recapture your family and this generation," next.

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: This is Brenda Kunneman, who has been a guest several times on the television show. You are known for talking about the power of words. Why is this so important?

BRENDA: Well, first of all, I like to say it like this, don't become the devil's prophet with your mouth.

SID: That's strong.

BRENDA: So don't become the devil's prophet with your mouth. And here is the thing, we have a tendency as human beings, much of the time, to lean on the side of the negative. The world is pushing in some kind of magnetic pull to pull us down like we're going downstream with the circumstances. So this is the tendency of most people. It is much easier to speak the circumstances, especially under pressure, emotional pressure, with your family, because that's where it strikes home when it comes to people's homes, their marriage, their family, their children.

And so what we as God's people have to do is develop the ability that in the moment we speak according to God, we speak according to faith, we speak according to His Word. And not only do we speak right, but we know how to declare right. And this is so important because words are very powerful. Words have the ability to create. God didn't give creative ability of words to angels. He gave them to people.

And so we have a weapon in our mouth. You have a weapon in your mouth to be able to decree a thing and command something and watch it be established. And this is an art, Sid, that people have to learn as believers on how to go from the natural human reaction to the divine reaction when we face something. It's just so important.

SID: Yeah. You have written a number of books, but why this book, why now? And I might add, my staff says, this is the best one you have ever, ever done.

BRENDA: So families are under assault right now. And the culture is telling people that marriage doesn't matter. There is an all-out war on our children. Parents are more fearful right now about the outcome of their children. You're almost kind of live apprehensive when your child graduates from high school to go into college. Do you want to send them to a university where they're teaching them to be atheists? So families are under attack.

And so the reason I felt prophetically to put this particular writing for this time is parents, families, children, they need a weapon when they are under pressure. Your kid comes home and

they announce to you, they don't believe in God. When a spouse is going a different way, they are not serving God while you're serving God. These are the things that we pastored for two decades. So I've seen many, many things when it comes to the assault on a family.

This book is so important right now because I feel like we have to fight back for the integrity of our families. We have to fight back. I don't believe God wants half family saved half not. So the book is meant to be a weapon in the hands of people that in their moment of pressure, when they're hurting, when their children are hurting, when they're watching their family being assaulted unmercilessly by the devil, when they're seeing that, they have something to fight back with.

And I put those declarations there for them, so that when they're tempted to speak wrong, Sid, they'll grab a hold of them and say, "No, no, no, no. I'm going to speak this and put this into the atmosphere."

SID: People don't understand this. I want you to nail it. She nailed it in this book, let me tell you. How many different decrees are there?

BRENDA: There is 65 in the book, all about families.

SID: Now, the thing that I want to understand is, explain what is the difference between mere words and a decree?

BRENDA: Absolutely. Well, here is the thing, now, it's important because we know as believers we should talk in alignment with God. So the beginning is learning not to let negative things come from your mouth. And I want to give you that. But the second part to it, Sid, is not... is eliminating the negative words because you know what, we both know this scripture is quoted often, "Death in life from the power of the tongue. Those that love it, eat the fruit thereof." Well, really, it's whichever one you love to speak the most. So it's not enough just to eliminate negative words. Then we have to learn to speak right words.

We speak the Word of God. But then there is another level, which I call commanding authoritative words, creative power in words. It's the same as when God gave the command, the earth was without form and void. God gave the command and said, "Let there be." Or if you read it in the literal it's, "Light be." So He commanded light. This is how God has wanted us to [crosstalk 00:05:43].

SID: There was no wiggle room.

BRENDA: No.

SID: They say, "If you've willed God."

BRENDA: Right.

SID: No.

BRENDA: Right.

SID: "Light be."

BRENDA: That's exactly right.

SID: Okay.

BRENDA: That's it. And so there's a command. And I really feel like this is where God wants to propel us, that we start putting authoritative orders out in the realm of the Spirit. If the enemy is coming against your family, no, devil, get your hands off my children, get your hands off their mind. I break your power. I command every spell, every hex, every vex, all oppression, all depression to go for my children to go for my spouse. I break the power of rebellion.

We have to get bold and start commanding like the patriarchs of the Bible, like the early apostles and put those out at their orders into the realm of the Spirit that the devil, because they're backed by the Word of God, he has to obey.

SID: What do you envision occurs when someone is speaking, proclaiming God's Word, especially those anointed prayers you've written out, and but really, I mean, really proclaiming it with declaring it? What is going on in the visible world?

BRENDA: Well, I can promise you this, if the curtain could be torn back and we could see what goes on behind this world that we can touch and feel, if we could see what happens behind, we would even feel more victorious than we even do just knowing what God has said, what He has promised, because the demons run in terror at the sound of our word.

Sid, I'm reminded of a scripture in Luke the 10th chapter when the 70 came back to Jesus and said, "Lord Jesus, even the demons are subject. They're subject to us in your name." And of course, the Bible says, "Jesus rejoiced." They realize how were they subject? They were subject to what they were saying, that the authority behind the name of Yeshua, behind the name of Jesus, they were subject to that, so if we could see how the devil responds. The last thing he wants us to do is give him an order. That's the last thing.

He wants to try to get us to speak what he prompts us to say. That's why I said at the beginning, don't become the devil's prophet. Prophecy for God. Prophecy what God has told you. And it's not a matter of feeling it, but the demons run in terror when they hear. Think about the angels. Psalm 103 said, "They hearken to the voice of His word." So if angels are hearkening, all the more, think about what demons have to do. They have to sit back and they have to respond to what we decree.

SID: Jesus said, families are very, very important. But He said, there is something even more important.

BRENDA: Yes. And of course, that is putting the kingdom first. But, Sid, I feel something right now that you're watching, someone, you are watching and I just see this by the Holy Spirit that

you've been in a place where it seems like you're like, "Pastor Brenda, I hear what you're saying about the demons run in terror, but you do not know the circumstance that's going on in my life right now. And I just feel led by the Spirit to prophesy to you and let you know that there is progress."

God says, "There is progress taking place even concerning that child that has gone a different path than you plan." In fact, I see a pastor, a leader you're watching. You're in the ministry and your kid has taken a turn for the worst. And the Lord says, "Even right now, watch it turn around," says the Spirit, "as you are decreeing a thing." For the Lord says, "Don't let the enemy think, to make you think, that progress isn't happening for it is happening," says the Lord.

And so right now, I just, I need to stretch my hands toward you in this moment. I feel the glory of God coming upon you. And God says, "Your faith is not going to fail. You are right at the finish line," says the Lord. "So hang on, hold on and decree that thing and it shall surely," listen to me now, "It shall surely come to pass," says the Spirit of God. Hallelujah. Hallelujah. Hallelujah.

SID: Brenda, what are you seeing prophetically, and even in your own congregation where you and your husband, Hank, pastor there?

BRENDA: Yes. Well, here is what we are seeing, people are hungry to see again. That's why I love your program. People are hungry for the supernatural. People are pressing in like never before for the glory of God. They're not bowing to the culture. People are fed up with that. They're not going to bow down to what's being purported in the news. They're fed up with that. And they are very, very determined about one thing, Sid, is they are determined that we are in, not it's not just coming, but that we are currently in the greatest supernatural move of God.

We talk about moves of old. We talk about outpourings of the past, but we are prophetically in. And this is why we're seeing all of these things have to come to the surface in the culture to get exposed. It's like when you remodel a house. You got to let, clean it up, let the cockroaches run. And then you've got to get into a place where you bring in what God wants. And this is what we are not coming into, we are in. And this is what our congregation is hungry for.

They're determined. They are sinking their teeth in that they'll have nothing short of a move of the Holy Spirit that is so divine that the secular world is going to have to report it. The media won't be able to deny it. The politicians are going to see it.

In fact, I've prophesied this, I was reading in my Bible just yesterday morning and the Lord drew me back again to Saul when he was on the road to Damascus. Verse one and two of the chapter says that he was, "They are breathing out threatenings." Two verses later, "He was laying on the pavement on the road and there he was seeing a bright light, a prophesying."

And I know this to be fact, that we are going to see some mighty conversions. We are going to see people that breathed out threatenings against God's people, people that breathed out threatenings against your family, your children, your business, come on, somebody, some, the people that pushed against you. We are going to see the greatest shift and turn. And hearts are

going to be changed. That's what we're coming into, mass salvations. Come on, salvations like we'd never seen before are coming on this nation and the nations of the earth. This is what we're coming into.

SID: Well, when you said, that people that are the least likely on television—

BRENDA: That's right.

SID: ... are going to turn to the Lord. Watch what happens to the late night comedians that are anti-God, watch what's going to happen to them. Now, how would you like a legal, no fly zone for demons over your home and to create a heavenly atmosphere? Be right back.

BRENDA: This is the time to decree a thing and let it be established in your house and in your family, in Jesus' name.

*We now return to **It's Supernatural**.*

SID: I am going to have Brenda Kunneman declare some of the decrees right from her book. And I'm going to tell you something, the demons will tremble. For instance, the first one I want you to decree is peace in our homes.

BRENDA: Yes.

SID: Would you like the demons in your home to tremble when she's declares this—

Audience: Yes.

SID: ... peace in your home?

BRENDA: Well, I want you to get an agreement with this right now. Come on. We're saying this is, we decree, not just you, I'm an agreement with you. So I wanted to decree this over [inaudible 00:16:14]. I want you to pull this into your Spirit right now. I see these words over you in your house. I say, we decree that our home, come on, say it with me, is filled with God's unsurpassable peace. The anointing, the atmosphere is saturated with tranquility. Come on. Some of you need that right now. It's filled with serenity.

And say this with me, we rely on the Lord's peace. Come on. You can't create your own peace. You need it from God. And it provides for us a sense of assurance in our minds and our emotions. And we declare, we're relaxed. We're calm. We break the powers of agitation, mayhem, chaos, disarray in the name of Jesus. And we cast out any evil spirit that would bring disorder to the atmosphere, we declare.

Come on, declare it like you mean it. That those who dwell in our home contribute to peace. We speak that every person who enters our home is enveloped in heavenly peace. And we say that our home is a place where guests feel God's supernatural rest upon them right now. Come on and take it. And it opens a way for miracles in their lives. We speak great peace upon our home in the mighty name of Jesus. Hallelujah. Hallelujah.

SID: Empowers your life, the glory, the manifest presence, the goodness of God to saturate your entire home 24/7. Even the dog doesn't stand a chance.

BRENDA: I love it.

SID: Would you proclaim that?

BRENDA: Yes. Let's decree it together. Come on, ready for glory in the atmosphere. We decree that an atmosphere of God's glory floods our home. We speak and we say that the presence of the Lord is everywhere. We call for the cloud of God to glory to invade every room and crevice of our house. We say that every person who enters in through our front door is affected by the glory of God, because of the atmosphere of glory.

We receive God's goodness, even like Moses, who saw God's goodness when he encountered the glory. We take our authority over any demonic interference that would squelch the atmosphere of glory. Come on, now. We prophesy that in the glory we are changed. We're healed. We're delivered. And we submit ourselves to whatever the Holy Spirit wants to accomplish. And we thank you, Lord, that your glory permeates us. It permeates our house. And like Moses, we ask you, Lord, let us see your glory. We want to experience it in and our home.

SID: [inaudible]

BRENDA: Hallelujah. Come on and take it. Just take it, in Jesus' name.

SID: It's hard to believe, you have so many of these decrees. A no fly zone, what does that mean?

BRENDA: This is a favorite. This goes back to the children of Israel in Egypt. If you go to Exodus eight in verse 22, God said a powerful word. Now, this was the fourth plague. It wasn't until the fourth plague that God said this. We go from the blood, the frogs, the lice to the flies. And at the time of the flies, God said, "On that day, I'm going to send swarms of flies into the house of the Egyptians." But in verse 22, it says, "But I will sever in that day my people in the land of Goshen," and this is what I always declare in our house, we live in a Goshen, a spiritual Goshen, God says, "my people in the land of Goshen from those that are in Egypt and no form or swarm a fly shall come into the house of my people."

And God said, that in verse 23, "And I will put a division between my people." See, this is what's happening right now. God is putting a division. He is separating His people for His good purpose. And that the people that are on the outside are looking in. This is why they're going to get saved. We got to sow good on this side.

So the no fly zone is no fly was allowed to come into the house of God's people. Flies represent demons. The Bible says that, "Satan is the lord of the flies, Beelzebub. He is the lord over the flies." So what we say in our church, this is how we pray, this is how we prophesy, that your house is a no fly zone to every demon, every power of darkness. Nothing can fly in here, because I'm separated from that.

And let me just say this over you right here, just receive this, no evil force, no plot, no plan or work of the demonic spirits can access the premise of our house. We say, and I say over you, that the doors of our home are never entered by any entity that's in opposition to God. We break the power.

Now, I got to say this right now, I'm, I'm decreeing this over you, we break the power of every spell, every incantation, every hex, every vex, from any witch, warlock or worker of divination in the name of Jesus. I prophesy, we prophesy that no plague, no pestilence, no accident, no tragedy, no calamity, no mischief, no mayhem is allowed to enter here, in Jesus' name.

Audience: In Jesus' name.

BRENDA: All forces of darkness and evil must cease and desist from any maneuver, any operation being attempted against this household. Our house is protected by the blood of Jesus and a divine hedge surrounds our property and the angels of the Most High stand guard. We live in safety and peace. Our house is a no fly zone to the devil. Hallelujah.

SID: I tell you what, when you decree what God says, God causes it to be on earth as it is in heaven. I want you to decree that you are a child of God, that Jesus lives inside of you, your sins are totally forgiven and that you are making Him Lord of your life and you have intimacy with Him. Repeat out loud right now, out loud with me, dear God...

Audience: Dear God...

SID: I'm a sinner.

Audience: ... I'm a sinner.

SID: And I'm so sorry.

Audience: And I'm so sorry.

SID: I believe...

Audience: I believe...

SID: ... the blood of Jesus...

Audience: ... the blood of Jesus...

SID: ... washes away my sins.

Audience: ... washes away my sins.

SID: And I'm clean.

Audience: And I'm clean.

SID: And now that I'm clean...

Audience: And now that I'm clean...

SID: ... I ask you Jesus...

Audience: ... I ask you Jesus...

SID: ... to live inside of me.

Audience: ... to live inside of me.

SID: Thank you that you're my Savior.

Audience: Thank you that you're my Savior.

SID: Thank you that you're my Lord.

Audience: Thank you that you're my Lord.

SID: Thank you that I have great intimacy with you.

Audience: Thank you that I have great intimacy with you.

SID: Thank you that I'm your sheep.

Audience: Thank you that I'm your sheep.

SID: I hear your voice.

Audience: I hear your voice.

SID: Amen.

Audience: Amen.

SID: Brenda, pray whatever God is giving you right now.

BRENDA: Yes. And right now, I just feel led to speak this over your life, that you come to a place where you're not dealing anymore with fear. And I want to stretch my hands towards you as you're watching that fear is dispelled over your life, that anything that has been trying to make you afraid. And maybe it is family related. Maybe it's something out in the culture, things that are happening. There is not a lot of good news out there, if you look on the media or if you look on the TV screens, but if you just look at God's Word, there is good news. And I just want to break that fear over you right now. I look at you and I say, don't be afraid.

In fact, right now, I want to decree that the angels that are there, that are in your house, come on, they're in your house, they're assigned to you, so I just decree that the angels of the Lord are surrounding you right now. Come on, you can sense them. I know you can. That they're around your home. They're around your family. And they're standing watch to ensure that you don't experience any tragedy or harm.

In fact, mama, quit worrying about how your children are going to turn out, quit worrying and being up at night fretting. God's up. He's got them taken care of. He's in whatever city they're in. He's at the school with them. He's there.

And I prophesy that you are under the charge, your family, the guard of the heavenly host. They are keeping your family secure. No member of your family can be harmed or injured. I put that out in the Spirit right now. And I say, there is a hedge of protection because of the angels, the host. I say, host go and protect every family.

And I say that the house, your perimeter, all your property, your possessions, everything you own cannot even be attacked by a thief, an attacker, a burglar, a plunderer. They can't access your dwelling because the angels are standing there with swords drawn. And my word to you today is, do not fear. All shall be well for you and for your family, in Jesus' name. Hallelujah.
