

*Hello, Sid Roth here. Welcome. Welcome to my world where it's naturally supernatural. My guest was taken to Hell, and he saw the devil's secret weapon that is sending millions that think they're Christians to Hell. Next.*

**SID:** Hello. Sid Roth here with Ivan Tuttle. Ivan, you've had some encounters that few people on Earth have had in the invisible realm. You were raised in a Christian home.

**IVAN:** Yes.

**SID:** You even went down the altar and accepted Jesus, but you quickly left the things of God. It had a lot to do with a difficult childhood. Tell me a little bit about it.

**IVAN:** Well, Sid, I was diagnosed with ADHD at a much later age, but what we didn't know is as a child, I had ADHD. So I was constantly on the move. I had a father that had a very angry streak to him, an angry side to him. My father would beat me with a belt. In fact, if you look at X-rays, you'll see ribs in my back had been broken from my dad actually hitting me with a belt.

**SID:** That's really hitting.

**IVAN:** Yeah. That's really hitting. That's beyond a normal hit. So yeah, I went through a lot of things like that. I spent most of my time alone as a child playing in the woods, et cetera, things like that.

**SID:** At 26, you had a blood clot that resulted in his death. As a matter of fact, this was a while ago, this was in 1978. I'm going to take you back to the time. You'd just gotten out of the hospital. It's 9:20 PM. Something woke you by grabbing you. What was that?

**IVAN:** Yeah, Sid. I got home from the hospital and finally I went to sleep around 9:20. Something grabbed a hold of my left wrist. When it did this, it pulled me right up out of the bed. I mean, it just jerked me out of the bed like I was nothing, like I was a ragdoll. I tried to fight it. That's the first instinct you have.

**SID:** Of course.

**IVAN:** I was trying to do this, and this thing, I realized all of a sudden that, hey, this is a demon. I knew instantly I was going to Hell, and I knew that's where I was heading. This demon took me, and I started hearing these screams. I started smelling this awful smell, and this demon just kept taking me. It just kept traveling. You feel you were going. This demon took me to Hell. I'm in Hell and I'm looking around in Hell, and I'm seeing all these different people, even people I recognize. Even some from my childhood that I saw. I saw former pastors. I saw—

**SID:** You saw people that you felt were Christians.

**IVAN:** Oh yes. Yes. You see, one of the things that happens is when you're in the spirit after you pass on, when you look at somebody else, you instantly know everything about them. There doesn't have to be communication because you know everything about them. So what happens is that you're looking at these people and you're kind of speaking to them and they're telling you, and you just read everything that's happening in their life. So you know exactly what they did. It's amazing because these are not people you would expect to see there. You just wouldn't. But yet these people are in Hell and they're tortured. The torturing that goes on there, Sid, is unbelievable. But the thing that I think is the lasting impression on me was the hopelessness. Sid, when you're in Hell, there's no hope. I mean, you're done. Once that happens, you're done.

There's no hope because when you try to pray, it's like an iron ceiling or iron dome over you. Goes nowhere. You're done. You had your chance when you were here on Earth, and now you're down there and I'm watching these people as they're being tortured. They can't move. They're solid. They're put in a place. I don't see an actual chain, but it's as if there's a chain around them and they can't move. They can swing their hands around and move their feet around, but they're not going anywhere. These demons are attacking them and attaching to them. I saw a young lady that was 18 years of age when she died. She was hit by a drunk driver, and she couldn't understand why she was in Hell, but she never accepted Jesus as her savior. And that's why she was there.

**SID:** You saw millions of people that have bought lies while in Earth that were churchgoers in Hell. What was the cause?

**IVAN:** Sid, one of the biggest causes are that people believe that all you have to do is just do one little thing, to accept Jesus—

**SID:** Say a prayer...

**IVAN:** Right. Then you can do whatever you want in life. And that's not true. You can't do that. There's—

**SID:** What about the current teaching that says, well, once you've accepted the Lord, his grace takes care of past, present and future sins? There's nothing you have to do about it.

**IVAN:** That's not in the Bible.

**SID:** Of course not.

**IVAN:** Not only is it not in the Bible, that's sending so many people to Hell it's unreal. You would be surprised. Listen, you can't just say, okay, once you do it, that's it. Because it tells you in the Bible, certain people, certain things you can't enter the Kingdom of Heaven. I don't care who you are. You can't. It doesn't matter if you're telling little lies and you think, "Oh, I'm okay. Just a little white lies." No, there's still problems. You have to daily just say, I do every day before I go to sleep, Lord, just forgive me of anything. I just do that on a daily basis. In fact, if I catch myself doing something wrong, I instantly want to correct that because I've been there. I don't want to go back there. I don't want anybody to ever go there.

**SID:** You saw some things that will be helpful to us. You saw demons going back and forth from Hell to [earth], to deceive. Tell me about that. Especially children.

**IVAN:** That deception was so bad. The deception started ... There was a couple of things ... One was video games, and this was before video games were invented. The demons were going up there and getting into these games to distort young people's minds. Not only that, the demons were also, they're going back and forth from Hell, from the center of Hell where Lucifer was at and going back up to the Earth so that they could get to the Earth and deceive these people. They would enter into people's bodies. They would usually would find somebody that was very handsome or a very beautiful woman or a handsome man, and they would enter that body. They would use that person to deceive as many people as they could, especially lukewarm Christians or warmed up Christians. They would try to deceive them, to take them out, do immoral things with them, et cetera. That's what was happening. That was what was going on. I saw that in 1978. I watched it happen.

**SID:** What would you say was the worst thing you saw in Hell?

**IVAN:** Wow. Everything was the worst thing.

**SID:** Did people really ... I have a question about that. Do people really feel pain?

**IVAN:** Yes.

**SID:** I mean like physical pain in Hell?

**IVAN:** Ah, Sid, the pain in Hell is much worse than on Earth. You see, when you get a splinter or a cut, you feel it one little area. But when you are in the spirit, which you're in the spirit in Hell, when you're down there, that pain goes through your whole body. So every bite mark that the demons put on you, every scratch that they do to you, everything they poke into you, it hurts in your whole being. Sid, you can't pass out. In the flesh if you get in a lot of pain, you can just pass out. You can't do that. It never ends. See, this is the thing. It never ever ends. It's always there. It's always going to keep continuing. It never goes away.

**SID:** There's no hope.

**IVAN:** No. There's no hope. None.

**SID:** Why do the demons keep penetrating people with pain and suffering? Why do they keep it up?

**IVAN:** Sid, they enjoy it. That's what makes them happy. They enjoy doing that kind of stuff to us. They do it especially—

**SID:** They're like sadists.

**IVAN:** Exactly. But especially if you were a Christian at one time, oh, then they really thrive on that because that's something that now they can tease you for all eternity. Listen, that demon was laughing at me, making fun of me, and it was doing the same thing to all these other people. All these demons were because I bought it. I bought the lie.

**SID:** All of a sudden you heard a voice.

**IVAN:** Yes. Sid, that was the most wonderful thing that happened to me in Hell is I'm there and all of a sudden I heard a voice that rang out and says, "it's not his time yet. You must let him go. I made a promise to his mother."

**SID:** Ivan went to Heaven and saw the future of many countries. You want to find out about that promise and why it worked. Next.

*We now return to **It's Supernatural**.*

**SID:** My guest died. He found himself in Hell, but all of a sudden he heard a voice and the voice said, "It's not your time." The next thing you knew, you were in the Gate of Heaven.

**IVAN:** I was.

**SID:** Why? Why? You were at that point a backsliding, non-believing person.

**IVAN:** Exactly. I'd still be in Hell if it wasn't for two things. One, it wasn't my time. The second thing, I had a mother that prayed for me. Now, my mother prayed—

**SID:** Yeah, but everyone has people pray for them.

**IVAN:** Well, that's good. Keep it up. Because my mother prayed for me three times a day, at least, all the time. By the time I'm 26, that's over 22,000 prayers. My mother was a praying woman of God, and she hung onto God and said, "God, you got to make me promise. None of my children to go to Hell." She asked God to make her a promise, and she believed God made her that promise. He did. That's why I went to Heaven.

**SID:** Tell me the first thing that you ... First of all, did you know that you were at Heaven in that point?

**IVAN:** Actually Sid, yes, I did. I knew I was in Heaven. The reason why I knew it was Heaven, first of all, I saw what it looked like. And it was just the opposite of Hell. It had to be Heaven. When you got there and how beautiful it was. Your spirit knows these things, and I'm greeted by an angel. So that's the first clue I had. This was an angel. As bad as it was and as hopeless as it

was there in Hell, I now had this most euphoric feeling. Everything was wonderful. It was beautiful. Here I am. I'm up in Heaven. This angel's greeting me and this angel's talking to me, explaining things to me about it. Yeah, it was great. I knew I was in Heaven.

**SID:** What's about the first thing you remember seeing that had an impact?

**IVAN:** The first impact of course, was the angel because the angel was so tall and so big. The voice that that angel had was so powerful, but yet he was gentle. I say he, because it looked like a man. Was very gentle and he took me by the hand. And then I walked through the gate, and as I walked through the gate of Heaven, I saw these buildings. I saw these like white stone, like I've never seen before. Sparkling white stone. It was unbelievable. I saw streets of gold, the softest gold. This gold, you could step on, it was so soft and beautiful, but it was gold. You knew it was gold. It was beautiful. And then there was a river flowing right through the city and this river was crystal clear. It sounded like children. Ever hear babies laugh? It sounded like babies' laughter. It was so beautiful.

Heaven was just awesome like that. When you could see those buildings sitting there and you could listen to that river, I could listen to it all day. Like little children. It was beautiful. One of the most wonderful things I've ever seen or heard in my life. I got to see that while I was up in Heaven. Heaven is unbelievable, Sid.

**SID:** You were telling me the difference between living 100% in the spirit or maybe as a believer, 2% in the spirit and 98% still in the flesh. What's it like to live all in the spirit 100%?

**IVAN:** Wow. Okay. That's a loaded question Sid.

**SID:** I know.

**IVAN:** It is a feeling that I wish I could put it into words for you, but I'll tell you this. Every time I get a chance that I can be alone with God and I can get into the spirit ... And I really mean this because I really love that feeling ... When you're there, when the glory of God is on you and it's so strong on you, you'll never feel anything like it. It penetrates every part of your being. You smell it, you taste it, you feel it. Every single thing. You hear it. You feel, hear, taste and see the glory of God. And it's all over you. No matter where you go in Heaven, it's on you. And that's something that you can once, that's on you, it's with you forever. It's unbelievable. It's great.

**SID:** You told me, in Heaven you know everything. You don't have to go on a computer. What is this?

**IVAN:** It's like, you could look at like, we use Google today, but you could look at it and go, I instantly knew everything about it. Everything you did. You could see it's your spirit. Our minds are more of a filter than it is what we think it is. Our brains are. Our spirit knows everything. Our spirit is alive. Our spirit never rests. It's awake 24/7. Because there is no day and night in Heaven. It's all the time. It just is.

**SID:** So the more on Earth, the more we yield to the spirit as opposed to our sense knowledge of our flesh, the more we have Heaven on Earth.

**IVAN:** Absolutely. You got it. That's exactly right, Sid.

**SID:** I got it.

**IVAN:** You got it.

**SID:** What about time in Heaven?

**IVAN:** There's no time. You can spend one second in Heaven and you feel like you've been there 10 years. You spend almost three hours in Heaven, let me tell you what ... People joke around and they say 1000 years is like, one day is like a thousand years. Well, if that's the case, I was 44 years in Heaven because I was there for about three hours. So it was great. I got to see a lot of things and there's no time. And it's just beautiful. You can't judge distance because it's just so vast. You can never imagine how big it is.

**SID:** You were shown end time events. Yes. Even ... And this is phenomenal. You read in the Book of Genesis how God created the Earth. You had a ringside seat in Heaven how God created the Earth. What was that like?

**IVAN:** Sid, when the angel said turn and look, I turned and looked. And when I did, the angel just completely disappeared. All I saw was a timeline of the Earth. I watched as the Earth was formed, as we watch it, just a big ball of water in darkness, just sitting there. All of a sudden the spirit of God came down and hovered, just completely hovered over, completely over the whole Earth. And just his presence just lit everything, lit that water up and that water was just teeming with life, spiritual life, so to speak, because the spirit of God, it reflects, but water also absorbs. So it's absorbing all that. And we think about this, you've got to remember Sid, water gives life. God gives life to water. And so it just transfers over. So yes, I got to see that. It was wonderful. Beautiful.

**SID:** So much to discuss.

**IVAN:** Yes.

**SID:** He saw in-time events. For instance, you saw the bar code that was going to be used for the mark of the beast. But he saw it, what, back in 78—

**IVAN:** 1978.

**SID:** Before they had the bar codes.

**IVAN:** Yes.

**SID:** What did it look like?

**IVAN:** Well Sid, it's kind of unique. It goes onto the back of your hand or on your forehead, and it's an invisible tattoo. It's completely invisible. You don't see it with the naked eye. You have to put it underneath this scanner that every place will have. Every place will have it at that time. But I watched, it's like a barcode and QR codes all mixed together. It goes on the back of your hand, on your forehead, and it describes everything about who you are, where you've been, what you've done, everything. What's you're allowed to buy, sell, if you can.

**SID:** Time is escaping. You saw what was going to happen to a number of nations.

**IVAN:** Yes.

**SID:** Pick one real quick and tell me a couple of highlights. So what's going to happen?

**IVAN:** Well, let's pick Russia. There's things that are happening in Russia. As the future goes, and I saw some of this too. Some of it's already happened, but more things are happening. I saw holes opening up in the earth in Russia. That's happened since I came out with reporting that in the book. So those types of things are coming out and these things are going on, but I watched what happened because it seems like the big bear and they think they're going do a whole lot. But guess what? The Russian people are going to actually revolt against who's running in office even right now. And you're going to watch this happen. They're trying to do different things and I'm telling you, it's going to be a mess over there. There's going to be things happening in Russia that we've never thought would ever happen. It's going to do it. It's going to be unbelievable.

**SID:** I'll tell you what. There's no safe place anywhere on Earth. Accept Jesus. Accept the Messiah being in you. Accept the Messiah being your Lord. Say this prayer. Let's solidify your situation for now and forever. Repeat after me. Dear God.

Audience: Dear God.

**SID:** I'm a sinner.

Audience: I'm a sinner.

**SID:** I've sinned against you.

Audience: I've sinned against you.

**SID:** I'm so sorry.

Audience: I'm so sorry.

**SID:** Jesus.

Audience: Jesus.

**SID:** Come inside of me.

Audience: Come inside of me.

**SID:** Be my Lord.

Audience: Be my Lord.

**SID:** I love you God.

Audience: I love you Lord.

**SID:** Amen.

Audience: Amen.

**SID:** Ivan.

**IVAN:** Yes.

**SID:** Why did you come back to Earth?

**IVAN:** Sid, I came back with a message. I'm back here to warn people that there really is a Hell, but also to let them know that there really is a Heaven. It's time that we start doing things. But the big thing, Sid, is for the Christians. It's time that we start evangelizing. There's a greater glory that's coming and there's things that we need to do to get prepared for those things.

**SID:** You did not open your mouth publicly about this for 35 years. Now you've started to talk about it. Why?

**IVAN:** Sid, I was told when I was sent back, I was told, do not speak about these things. Do not talk about these things until the Holy Spirit releases me to do it. I kept my mouth shut.

**SID:** You saw the glory coming. Pray for the release of the glory on everyone watching right now.

**IVAN:** Yes. Right now, Heavenly Father, I just pray that everybody that's watching this, I don't care who they are, but God, if they believe in you in any way, shape or form, I release that glory. I released the anointing of the glory on them. I pray right now, God, that that glory will encompass every part of their mind, body, soul, and spirit. And that God, this glory will take them so that they'll do things they've never done. I pray right now, Heavenly Father, that you release them into laying hands on the sick, that you release them to cast out demons, that you release them to just go ahead and raise the dead, God. All of that. And we ask this in Jesus' holy and precious name. Amen.

I agree.
