

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. My guest, Tracy Cooke, says you can unwrap your spiritual gifts now. I mean right now.

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural!***

SID: Many of you know Tracy Cooke, because he's been a guest many times on our show. I have to tell you, I'm overwhelmed every time I see his gifts operate. And as a matter of fact, you told me there was a secret. You had an angel that accompanies you. Is that angel here now?

TRACY: Yes sir. I feel the presence of that angel. I felt him earlier today, when I first walked in here.

SID: You've received a number of impartations.

TRACY: Yes, sir.

SID: One man I know about, I've interviewed him, his name was Schambach.

TRACY: Yes, sir.

SID: How'd you get the impartation from him?

TRACY: What happened was I was with another friend, another mentor, and we was in Tyler, Texas, and brother Schambach was in the service. He had came in later, and I was sitting in the back and Schambach tapped on the shoulder of this other mentor, and he said, "Bring the boy to me." God said imparted it to him. In other words, an impartation. Brother Schambach, I knelt right beside and he said, "Kneel down. I got something to tell you." He said A.A. Allen spoke to him, that he received the foreshadowing of the great move of God, but he would not live to see all of it. He said, "I've seen so many miracles." He received a double portion from Asa Alonso Allen. And here I am, he puts his right hands on my shoulder and he says, "You're going to see it in your day."

And he says, "I want to let you know," and then the other mentor, he said, "I want you to know that today, we both impart double portion into your ministry." He put his right hand on my shoulder and then the tears began to run down my eyes. He said, "Everything that had been prophesied to me, you'll see in your day and you'll see the fulfillment and you'll see miracles, unprecedented miracles." He told me a lot of things in that prophecy and I never forgot two of the things he said to me and I keep it to my heart. He said, "Stay away from the fame and always go to the hurting and those that cannot afford you. Go to the places where people are hurting, because that's what God asked me to do" I've always tried to position myself, no matter where my travels take me, always pinpoint, first and foremost, the needs of God's people. I'm their servant. I'm just really there to serve them.

SID: Just the last few meetings, anything unusual happen?

TRACY: Well, we've been having tremendous miracles. It actually fulfilled the prophecy that Schambach told me. Delaware was in a mighty move of God with two wonderful pastors, and there in Delaware, there was a lady that had cancer and she had been going to MRI, having scan for the cancer in her body and what have you, back and forth to the doctors. It was to the place where the doctors couldn't do anything else, so God gave me the word of knowledge to call her name out, call her situation out, and then when I headed to my next revival in South Dakota, we get a call in the office that the lady goes back to the doctor, the previous day after the revival, and they can't find the cancer.

Then my revival in Texas, now this is one I haven't had been able to have time to share with you, I just found out today, because they sent us a testimony, another lady got healed of the cancer and the doctors gave her a certificate of a clean bill, no more cancer. For whatever reason, God had pinpointed the disease of cancer in our meetings. More people getting healed, tumors are dissolving, cancer is coming out of the bloodstreams, out of the bone or the pancreas.

SID: Say for those people that are watching us right now.

TRACY: Father, in the name of Jesus, all you that's listening to the sound of my voice or watching this right now, whatever disease, whether demonic powers has come against you, I curse you in the name of Jesus. I come against all of those that have been diagnosed with cancer. God's going to... Betty, next time you see Dr. Johnson, Betty, on your left side, your left breast, that's a tumor. Betty, you're going to get healed when you see Dr. Johnson. You're going to be astonished. Your red blood cells, your white cells are going to return back to normal. The last two digits of your house is a 30 and a six. I'm not going to call your whole number out, but Betty, you're getting a miracle. Now, in the name of Jesus, I speak miracles through the lens of this camera in Jesus' mighty name.

SID: You said something that is so important. He said, because he operates in all the gifts of the spirit, the gifts of God are ready to be unwrapped now. What did you mean?

TRACY: Well, how the Lord showed me was, okay, heaven has secrets. He reveals those secrets into the hearts of his people. The ordinary individual can carry the glory of God. Mary, she just felt ordinary but when the angel visited her and the Holy Ghost came upon her, she became extraordinary. When the gifts of the Spirit, and the Holy Spirit gave this to me, and this writing of this book, the gifts of the Spirit, they operate in the individual lives that are available to him. All you got to do is just open your hearts and those gifts will begin to operate as the Holy Spirit wills, as he desires, for whatever particular need that needs to be presented, that gift would operate. When we talk about unwrapping those gifts, we're talking about, God wants to give you, almost like Christmas, he wants to give you a present. The Holy Ghost is ready for you to invite him and his gifts into your ministry and your life.

SID: In your brand new book, just literally off the press, you explain these keys that you have learned from God, and have been activating the gifts of the spirit in your life. One of the keys that you emphasize is you must know the Holy Spirit as a person. Would you explain that?

TRACY: Well, Sid, the Holy Spirit has become... Job said, "It's the breath of God that makes me." The Holy spirit moved across the bodies of water at the beginning of the Bible. You have to begin in creation. You have to understand that the Holy Spirit has to become more real than a human touch. That's how he began to have a relationship with me. I got to know the Holy Spirit, I wanted to know him and his presence and his purpose in my life, which introduced the other side of Christ to us and the fullness of who Christ is. I asked the Holy Spirit one morning, I was just praying and fasting and I said, "I want to know your presence, the way you move through Christ and his earthly ministry."

Sometime, when we read the Bible, we don't realize how powerful the impact, imprint can be on our hearts. When you look at Christ's earthly ministry, look at the way the Holy Spirit moves through him and the gifts. I can show you, in the Bible, what gifts of the Holy Spirit operate through Jesus' ministry, Peter, Paul, John, and on down. And then, the Holy Spirit, he gave me the revelation and he said, "When I become a real to you, more than a breath you exhale or inhale, then you can understand the revelation of my gifts." But when the gifts come through you and they operate through you, it's identifying a knowing on the inside of you that absolutely whatever gifts operate or whatever gifts occurred, that need's going to be met instantaneously.

Now, if it's the gifts of healing, which is the only gift that's poured out of the nine gifts, that means it's a progress of recovery. But if it's a gift for working of miracles, they have to activate their faith to the place of receiving the miraculous. It's outside of different, than saying, as a normal Christian said, "We're going to pray for somebody healing. Going to pray somebody miracles". When those gifts operate through you, he takes you to the rim of the supernatural, where it become instantaneously as a knowledge of God, himself, revealing the fact to you, or a word to you, and that person gets a miracle, gets a healing instantly.

SID: Would you minister right now, as God shows you?

TRACY: Yes, sir. Right now there's somebody, your name is Jonathan, and on your side, your right side, god is bringing healing to you. That's a discomfort. It's almost like the hip bone area, dislocated. God's going to bring it back into alignment, back into place. You're being healed now by the power of Jesus. And there's someone, you're watching, and even in the left ear, that's a damaged eardrum, and God's giving you a created miracle in the eardrum and you're going to be astonished with a miracle.

And this, your name is Timothy, Tim, you've been in a car accident. I seen a white vehicle and I see a dark vehicle. It's black with stripes on the sides of it. You're being healed, right... The L4, the L5, God's giving you a created miracle in your spine. Just begin to do something that you could not do. You're going to find the miracle power of Jesus. Melissa, you getting ready to have a different verdict. When you stand before Judge Hayford, you're going to be amazed at what the enemy meant from harm. You're going to find yourself getting the miracles. When your name is called out, or whatever the case may be, let us know what God has done for you, because you overcome by your testimony.

SID: There are people at home that are saying, "I read in the Bible. I see that was normal in the first church. Normal, normal, normal. I see that's normal for Tracy. I see that's normal for many

of your guests, but God, what about me? Is it for me to operate in these types of gifts?" Answer that.

TRACY: Yes, sir, absolutely. The apostle Peter said, "I perceive that God is no respecter of persons." The thing about this, is that wherever I go in my trial, it's, it's not just for the prophet. It's not just for the apostle or past evangelist teacher. It's the ordinary individual. They is crying out saying, "Lord, can you use me? Can you flow through me?" God died. He sent his only begotten son for every single one of us. We all have purpose. We are purpose people. We have a purpose. The only difference between me and others, they have to accept that purpose, obey the calling. It's a mandate, it's a mission, then the mantle falls on your shoulders and you walk it out in obedience, but God answer your question. Yes, sir. Absolutely. Any individual that's hungry for the Holy Ghost, all you have to do is desire those spiritual gifts to operate through you, identify what gift is in your ministry or your individual life, and you can flow in through it.

The more... You have to realize, we're imperfect channels. The more the Holy Spirit uses his gift through us, the more we exercise our faith, because it takes more faith to speak it than it does to see it. I seen the end time move of God. I seen the end time revival, and the glory of God came like waves upon this land, upon the earth. I believe that God is setting the stages to bring restoration to the body of Christ. Bring the Army of God as we march in our reigns, our measure of faith. Everybody don't have the same measure of faith, but this end time harvest is not going to be drawn around one certain group or one certain individual, because God is going to get all the glory. He's going to get all the honor, and we're going to recognize this move of God is for that end time harvest, because he that wins souls is wise. It's the end time move of God, the greater glory is getting ready to come.

SID: Hang in there. The best in your life is right ahead of you. The major secret in unwrapping these spiritual gifts, it's going to surprise you, different than anything you ever thought. And then Tracy will pray for your own supernatural impartation, just as others have prayed for him, next.

*We now return to **It's Supernatural**.*

SID: The last thing you would ever think of. The major secret to releasing these gifts. Tracy, you told me it. I have observed that in you and you said the major secret to unlocking these gifts, unwrapping these gifts is service.

TRACY: Yes, sir.

SID: Elaborate on that.

TRACY: Well, serving is the key to unlocking the anointing and having the Holy Spirit, because the Holy Spirit looking for candidates and instruments to flow through, it has different components. Some of those components is the very important components to unlocking those

gifts is humility, integrity. When the angel of the Lord visit me and said I was sent here to feed the generals of faith and I will serve them. Each one I serve, impartation would come to me. I've learned, over the years, I would go... It didn't matter where they were at, what event they were having, whether a tent revival, wherever they're at, I will fly thousands of miles. I would drive 10 and 12 hours. Some of them, I drove 24 hours straight, just to get to their meetings. I understand when people come to our meeting, what it feels like to go after...

In other words, you're not chasing a mantle. You're not chasing a person, but there's more inside of you that you know God's called you to do. That's how I'll elaborate it like that, clarify it like that, because you're not chasing a man, you're not chasing a mantle, but at the same time, the angel spoke to me. He says, "When you serve them, you're going to start seeing impartations take place in your life."

SID: That's almost like Elijah and Elisha.

TRACY: That's Elisha and Elijah in Second Kings. Elisha, no matter where Elijah went, to the four stages, from Gilgal to Jordan, everywhere he went, he told all those around that were being negative in the schools of the prophet, "Hold your peace."

And when they was saying, "Your master is leaving today," He said, "I know, but there's something he got I want. There's something in his ministry that I got to have in my ministry, but I want a double portion of that." That's the attitude I carry. I said, "All right, Lord, the angel's done visit me, I'd done wrote it down. I'd done a guided document. Now I want to see the fulfillment of that." Prophecy, you got to do your part too. When you get a prophecy, you just can't sit at home. When you get that prophecy, you got to put some legwork to it, because faith, it moves. Faith is a muscle. You don't use it, you lose it. You've got to move in faith.

I started traveling to... Having dreams after dreams, and I started seeing all these men of God and I studied them. I said, "All right, well, where's this anointing at, because I've seen that anointing, now where's this anointing?" Each one of them, when I met someone that knew their family member or them personally, then I got into a place of serving. How can I serve? I would set the book tables up, I would take their suitcase, I would take their coats, whatever they need me to do, I will introduce them and attend with them-

SID: But you know what? You operate in all these gifts and you still act that way.

TRACY: Yeah. Well, it's the nature of who I am. The Bible said, "The greatest among you shall be the servant of you all." And I think that no matter what level of the anointing, Sid, that God puts on us, it's all about him. At the end of the night, when my head gets on that pillow, I know he's pleased with me, because he's got the glory. I'm just his servant. I'm there to serve his people. I've never gotten away from that. I made too many vows to these men and women of God and they warned me too many times not to get onto the other areas where some have gotten at. Don't let the anointing carry you where character can't keep you. It's just not the anointing, it's character too. But that's why you need to have check and balances in your personal daily life with Jesus.

The apostle Paul said he daily killed the flesh. I got to put off this old tabernacle. To me, what I've gone through, what I've faced, the valleys I had to walk through to get from there to here and to where I got to go, it's a reminder to me. When I look in that mirror, I see, I talk to Tracy. I say, "All right, Tracy, you know the sign that God gave you, you know what God asked you to do. You know the gifts that he's trusting you with, you know the ministry he's trusting you with." My greatest fear is not what people would think it is. My greatest fear is I don't want to hinder any of his children from not making it to heaven. When they see me, I want them to see Christ. When I preach or anything, get your eyes off of me and get your eyes on the Lord. Because in this last move of God, he's going to get the glory. He's going to get the honor, and not man. Man is not going to be the center of it anymore.

SID: Tracy, I find that when this man teaches about the gifts of the spirit, there is a literal impartation, because he's not teaching as a college professor. He's teaching as an ordinary man that has operated and demonstrated all of the gifts of the spirit. One of the gifts that intrigues me is miracles. Tell me about the woman in the walker.

TRACY: Well, we were in Orlando, Florida, and there was a miracle. I was doing a miracle rally service, one of my miracle service revivals, and in the middle, the Lord gave me the name of the lady. She was sitting on this right side and she had a walker. You can't be around Schambach and all of them and not have bold faith. He took my cheek one time and he said, "God's going to give you the faith I got, bulldog faith." That's what Schambach called it, bulldog faith. I said, "All right, if that was ever impartation, I need it tonight." I just grabbed the walker, not really thinking, and I threw it. I don't always do that. I don't recommend you doing that unless you really know God's speaking to you. Don't do something that you're not assigned to. Don't wear a coat that you're not anointed for.

Anyways, I did it and it broke and the devil whispered to me, he said, "What are you going to do if God don't heal her?"

I said, "What are you going to do when God does heal her?" Then all of a sudden I started hearing her bones pop like popcorn and I God gave me—

SID: Wait, you spoke back to the devil that way?

TRACY: Yes, sir. He was...

SID: Aren't you afraid of the devil?

TRACY: No, sir! God's given us power and authority over the devil. He gave us power, and the devil whispered... Because whether you want to be honest about it, when you're ministering the gifts of the spirit, sometimes, especially when the words and knowledge and names and stuff like that, then he speak to you, "What if that ain't the right name? What if that's not the right address? What if that's not the right condition?" God healed that lady and we had an outburst, a miracle, greater miracle, that faith produced faith throughout the service. Everybody was started getting healed and miracles. A majority of them were healed, not by laying on hands, just by seeing that one testimony, that act of faith, it produced faith in others.

SID: All right, briefly, I know something. I know you can look into the camera now and end us with a prayer for whatever miracles people need, because remember, you can receive by someone laying hands on you, but you can also receive from the spoken word. Pray.

TRACY: Father, in the name of Jesus, I've come now looking through the lens of this camera, just as your servant. I speak miracles in every area of their lives, Jeffrey, you're going to get a miracle right around your ankle, your foot. There's a discomfort there and it's been happening on the last three months, and God's going to give you a miracle. Receive your miracle now. Diane, everything the enemy tried to hold up, you're going to start seeing a miracle manifest in your home, even with your daughter. The enemy has tried to take your daughter, but even her lower abdomen area, you're going to see a miracle breakthrough. The first two digits of your house, you coming out a one and a zero. God said to tell you that this is your season of turnaround and breakthrough. I speak of created miracles. There's even someone here you're going to... Next time you see Dr. Monroe, you're going to know that God is a miracle working God.

SID: Pray for the impartation of the gift of miracles. I'm getting in on this one.

TRACY: Father, I release the gift for working the miracles. I release the gifts of the spirit, right now in the name of Jesus Christ of Nazareth. Lord, you said by the laying of the hands and by the spoken words, impartation takes place. You know respect of a person or a place, I release impartation through the lens of this camera, in the name of Jesus Christ of Nazareth, that each of those nine gifts will begin to operate in that ministry, especially the gift for working of miracles. Receive your miracle right now in the Name of Jesus. Whatever miracle you need, whatever healing you need, just begin to do something you couldn't do. Whether it's in the arm, the knees, the legs, begin to do something you couldn't do and watch faith come alive. I speak in the name of Jesus and I command nothing less than the miracles that manifest in the name of Jesus Christ of Nazareth. Amen.
