

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. Jesus taught my guest how to pray, and now she expects God to answer every prayer. She says, "This is your finest hour and you are called to be a glory carrier." Next.

SID: Well, I just found out my guest, Tracy Eckert has a special anointing to heal people with coronavirus and later I'll have her pray that, and whatever else God shows her. She'll also pray for you to hear God clearly. I know you want that. In 1995, Tracy escaped her abusive husband in Mexico, fled to the U.S. with her two daughters. She remarried, had a blended family of six teenagers. Listen to this, as a non-Christian having never read the Bible, she began hearing the audible voice of God. What did God say?

TRACY: Well, I was getting ready for work one day. And again, like you said, I'd never read the Bible. In fact, I didn't even know where the Bible was located in my house. I had one that someone gave me 10 years prior to that, but I didn't even know where it was. And so I wasn't pursuing God. I wasn't pursuing the Lord. And one day I'm getting ready for work. And I hear this breaking in of this audible voice. And he said, "Rebuild my temple."

Rebuild my temple.

TRACY: And to me, I was like, I was thinking to myself, "What? I'm not Jewish." But I couldn't believe what I was hearing, because I knew it was God. I knew that it was my Father. And so it was almost like something like an arrow broke into the atmosphere and opened everything up. And there I was, I just sat there for two hours. I was supposed to be on a conference call and I couldn't believe what I heard. And so then after that, for seven days after that, I heard the same thing every morning when I woke up, "Rebuild my temple, rebuild my temple, rebuild my temple." And again, not having ever read the Bible, not knowing the Lord, not pursuing the Lord, I had no idea what he meant by that.

SID: But you knew it was him. So you actually, not just that, I mean, it's you began seeing in the invisible world.

TRACY: Yeah, it was really crazy because you know, I living this worldly life. And when I say worldly life, I mean, my husband and I, John, I mean, we both had these huge careers. We had these six kids, living this incredibly abundant life and this right here wasn't anything that I expected. And so I didn't have a grid for it. So on the seventh day I started going into this open eyed trance-like vision. And again, I didn't know anybody that ever heard from God. I wasn't even a Christian. I would go to church on Christmas and then rarely I would take my children to church. Really, if you have six teenagers, you really need some help. And so I was looking for some behavioral management really. So the Holy Spirit broke in on me on the seventh day. I was laying in my bed and I was getting ready to go to sleep.

TRACY: Something came upon me, and today I know it was the Holy Spirit. And I couldn't move, I was truly physically frozen. And all of the sudden the scene appeared, like everything in

front of me disappeared in my bedroom and this scene appeared, and I could see that I was in New York and this was back in 1999. So I'm in this scene where I'm in New York and I can see angels and demons over the city, and they're warring over the city. I see these planes, I see explosions. This man walks up to me and he's closer to me than you are. He's about right here. And I can see the skin on his face is melting off of his face. And I can see inside the cavities of his eyes. And he was so sad and he knew he was dying, and his skin and his whole body was covered with, I didn't even know how to define it, but it looked like an ash or a sud or even maybe chemical warfare.

TRACY: And he looked to his left and I looked to see what he was looking at and Sid he was, I saw this huge pile of dead bodies that had the same kind of ash all over them. And then I was taken out of it and then I was able to move. And I literally thought, "What I just saw is a real event and it's going to happen. We're going to be attacked in New York." And I wrote down in my journal, "There's something about 9/11. There's something about 9/11." And again, not knowing, never having experienced anything like this, but I knew it was real.

SID: You had a prophecy in a dream?

TRACY: Yeah.

SID: I mean, you're hearing God's voice. You had a prophecy in a dream.

TRACY: Yeah.

SID: How did you get saved?

TRACY: Well, it was really crazy, because I told my husband about this and he said, "Wow, okay. Well, I know somebody that might know something about this." And so he knew somebody that had had these kinds of encounters and she prayed in tongues. And so he invited her over to the house and she told me what I was experiencing was supernatural. And it was a vision, that I had had a vision. And so she said, "Let me, have you ever said the sinner's prayer?" And so she led me through it. I got saved. I invited Jesus to come into my life and be Lord of my life. And then she asked me if I wanted to be baptized in the Holy Spirit.

TRACY: And I didn't know what that was, but I said, "I want everything that God has for me." And so she prayed, and about a month later I was at a Chuck Pierce conference and I got my prayer language in worship. He said, "Everybody start praying with your prayer language." And I didn't really have one, but I had gotten baptized in fire. So I started just saying, "Ba, Ba, Ba, Ba, Ba," and the Lord took my one syllable and air went flying out of my mouth. And this language, this new language came out. And I mean, ever since then I've been a woman with my hair on fire pretty much. In fact, my kids say, "I went from zero to shofar overnight."

SID: This thing about build the temple. You had more dreams and revelation about that. Tell me about it.

TRACY: Well, he said, "Rebuild the temple," and again, not understanding what that meant. And then he began to, over several months he began to build something line upon line, precept upon precept. And so I went into another trance and I asked him why we are going to be attacked in New York. And he said on 9.11, He said, "It's about Babylon." And then after that, which I was like, I didn't even know what Babylon was. Then he gave me a prophetic dream. And in that prophetic dream I was pregnant. And I asked the Lord, or my husband was with me and we were at the doctor in the dream. And John asked the Lord, "Who's the father? Which is interesting. And I heard audibly in the dream, "The Father is Zerubbabel. The Father is Zerubbabel. The Father is Zerubbabel."

SID: Did you know who Zerubbabel was?

TRACY: No, and I woke up the next morning and I thought, "Oh, I hope that's not a demon. I hope I'm not having a baby demon or something." And you know, God is so good. That next day I was doing a prayer, a 30-day prayer thing from Chuck Pierce. And that day I was praying out of where the Lord said to Zerubbabel, "Rebuilt my temple." And I'm like, my mind is blown. I said, "That's the baby that I'm having. And he said to rebuild the temple." So Zerubbabel rebuilt the temple. And so, and they came out of Babylon. They were coming out of Babylonian captivity. And so all of this started to make a story. But again, I wasn't quite sure what the significance was. What it was at that time.

SID: So what did this all mean? I mean, build the temple, having a baby like Zerubbabel. What does it all mean?

TRACY: Well, basically what the Lord showed me. I spent several years, nine, 10 years in Ezra and the book of Haggai and in Zechariah. And I was just engrossed in the story of this second temple. You know, Zerubbabel was such a fascinating character, but yet not very many Christians even know who he is. I mean, we know about Moses who led the first exodus, and we know about David and Solomon who built the first temple, but nobody knows who Zerubbabel is. And he actually led the second exodus and built the second temple. So he's a fascinating character. And he's in the line of Judah, he's in the line of kings. And then he partners with this man named Joshua, who is a priest. And so you've got this situation where you've got this new temple that's being rebuilt. And so what the Lord showed me that this temple was a symbol of the rebuilt tabernacle of David, or which is 9/11, Amos, 9:11.

TRACY: Right, so the shift came on 9/11 in the world. And so on that day something shifted, right? So, also it's nine, it's Hebrews 9:11. We are the temple of the Lord that is not made with human hands. And so we are the fleshly temples. We are the rebuilt tabernacle of David. So when Jesus came, what he did is he laid the foundation of the temple. And then, and right now what's happening for the rebuilding of the temple is there's a shift going on in the body of Christ right now, where God is saying, "I'm bringing my capstone and my finishing work to the foundation of the temple." And so in Zechariah 4 you can see where the rebuilt temple is. And he said this, "Now this rebuilt temple, or the capstone is going to come, not by might, nor by power. It's not going to come from the work of our hands, but it is going to come from the power of the Holy Spirit."

TRACY: And then He goes on to say, "And I am going to give you a double portion of grace for this work." And then he goes on to say "That the hand of Zerubbabel laid the foundation of the temple." Which happened when Jesus came, he laid the foundation, but his hand and the same dispensation will also finish it. So as it was in the former rain, so it will be in the latter rain. Even much more so, because we will be partnering with heaven with a double grace anointing on this last capstone generation. And so we know when there is a rebuilt temple, there's got to be the priesthood that fills that temple.

SID: Well, God went a step further. He said, "We have to live as priests and kings."

TRACY: Yes.

SID: What does that mean?

TRACY: Well, so it's a new kind of priesthood. You know, you see the Old Testament model of the priesthood.

SID: Right.

TRACY: But we are under the New Covenant. And so we are under the new priesthood, which is the priesthood of Melchizedek. It is the priesthood that Jesus walked in. And if you look in the Book of Hebrews, which is my favorite book in the Bible, because it really equips us how to live as these priests. So, if you look at that, you will see that the Melchizedek priesthood was the priesthood of the priest and the king. So this is the priesthood that actually Zerubbabel's temple had because you had the two branches that were beside the olive tree. Well, these two branches are governmental.

TRACY: These are the two sons of oil, or the anointed ones that carry this authority. And just like it is like the government of America. We have three branches of government. Well, in the government of God, there are two branches of government. And it is the government of the priest, which signifies Joshua, who rebuilt this temple, and the king, which is Zerubbabel, which rebuilt this temple. And the two of them together pour the spontaneous oil into the seven churches so that we can walk in power and authority and bring heaven to the earth.

SID: When we return, Tracy will pray for you to hear God's voice clearly.

*We now return to **It's Supernatural**.*

SID: We are up here again with Tracy Eckert, and Tracy, everyone wants to hear God clearly. How do we hear God clearly? What can you do? Give us some nuggets.

TRACY: Well Sid, I've heard that from a lot of people. I've heard, "I don't think I can hear God's voice," especially from people in the marketplace who are so busy. But the truth is, everybody can hear God's voice and God wants to speak to all of us. His desire is to be near to us. And so really the first thing that I tell people to do is number one, you've got to believe that God is speaking to you. You got to believe that God wants to speak to you. And you've got to believe that you can hear God, just like everybody—

SID: And anyone that disbelieves what he said is believing a lie.

TRACY: Right.

SID: So we're exposing the lie right now, because Jesus himself said. "My sheep hear my voice." Period.

TRACY: Exactly, and so you've really got to repent. I mean, if you have been believing that you've got to repent, which means you've got to change your mind about the things that you thought, because it's wrong and you've got to line up with the Lord. And then after that you've really got to be baptized in the Holy Spirit. You know, the baptism of the Holy Spirit enables us to prophesize. And we see that in Acts chapter 19. And I won't go into that, but it's very clearly there that there's two baptisms, the baptism of John and the baptism of fire. You've got to have the baptism of fire to hear. And so you can do that, you know? You have somebody lay hands on you and pray in the name of Jesus that you would be baptized in the Holy Spirit.

TRACY: And so then next, and here's the thing you've got to clear your schedule. You've got to clear your schedule and you have to have an appointment with God. And you got to ask him first of all, "How do you want to meet with me?" Because God gets to say, because he knows what your life looks like. And so we've got to say, "Okay, God, what does this look like for me?" And so he's going to tell you when to meet with him. And then you've got to go and meet with him because you've got an appointment, and guess what? God is already there. He's waiting for you to show up, because he knows that you're going to be there. So he's waiting for you to come. It will be just like if I was working out and I had a personal trainer. You've got a personal trainer in the Lord and he wants to exercise your ears and your eyes in that place. And so next you've got to clear your soul. And this is something that I didn't realize when I first started.

SID: What do you mean by clear your soul?

TRACY: Well, I have a very loud soul life, which means my mind goes a mile a minute. I'm a very busy person. I have seven children, I have 13 grandchildren. My husband has three businesses and I have a church. So very busy person. So when I come before the Lord, I'm coming with a very active life, and today even more so. I think people's attention span these days are what, a minute. So when you sit down to be quiet, it's not something that we're accustomed to and we have to train ourselves to do it. And so I keep a journal next to me. And as I sit before the Lord, all of a sudden my mind will get really busy with everything I haven't done or everything I need to do. So I'll just list all of my to-dos and my laundry list, or people I need to email or whatever.

TRACY: And I do a brain flush. David commanded his soul to worship the Lord. And so what I'm doing is I'm commanding my soul to come into alignment with my spirit. And so my soul will come down and get quiet. And my spirit man rises up to connect with the Holy Spirit. And so in that time, I just then after I'd done that, it usually takes me about 15 minutes. Some people would take longer if they're not used to doing this. God started showing up and he came to me. You know when you go to a conference or in a worship experience with a corporate body, you're feeling the presence of God so thick and strongly. He started coming like that during my prayer time set. And I would be just weeping before the Lord. And he was just washing over my soul and taking things out of me like pride and idolatry and jealousy and envy and all of this stuff that was so dirty.

TRACY: And he was washing me with His word. You know, I'm reading the Bible, he's washing me with his rhema word. And so during those times I would get so close to him and I would hear his voice. It was training my ears to hear that still small voice, not that booming, external voice, but the witness of the Holy Spirit. And so I became so sensitive to the witness of the Holy Spirit now, that wherever I go out in the world, I'm yielded to that and I can hear him or an impression that he's giving me, and I'll follow it right away. So again, it's that worship of obedience and sacrifice.

SID: Can you pray right now? Look into the camera and pray that we hear God's voice, we become true worshipers of God, and pray that people with coronavirus will get healed.

TRACY: Okay, yes. So for everyone that's listening out there, I just thank you Father for everyone. Father, I thank you for all of the viewers today. Father, I pray that you would send your Holy Spirit in now. And I ask God that you would anoint their ears and their eyes, God, that they can see and they can hear what the Spirit is saying. Father, I ask now that you would anoint them for dreams and visions, that they would have dreams in the night and visions during the day. God, I pray that you would take them into these encounters, that you would lead them in this way, God. Would you teach them how to pray? Would you teach them how to understand what it is that you're showing them? And God, I pray for them that they would operate in the authority, the governmental authority of God, both as priest and king, and they would partner with you in the days ahead, God. I thank you that this is their finest hour.

TRACY: Lord and that you're taking them into Your beauty realm, God. That you're giving them power and authority over sickness and disease, and Father I thank you that there's no fear that can come near them as they operate in this authority and in this priesthood. So Lord, I ask now for anybody out there that hears my voice. If you have coronavirus, if you are sick in your body, right now in the name of Jesus, I bind up that fear that has attached itself to this virus. And I command you to lead them now in the name of Jesus. And Holy Spirit, I just ask that you would release, right now release your peace into their lungs and into their cellular structure. And I ask right now that strength would come back to their cells, strength and vitality.

TRACY: I ask that the wind of God and the breath of God would hit your lungs right now in Jesus name, and that your lungs would be filled with the healing power and anointing of the Holy Spirit, and that you can breathe again. And I command all pain to leave your body, fever to leave

your body now. And I just say resurrection life. I declare resurrection life over you and I declare that you are rising up out of this. In Jesus' mighty name. Amen.

SID: So be it.

TRACY: Amen.
