

Welcome to our world where it's naturally supernatural. The world is experiencing a massive oil shortage. But my guest says God has showed him a miraculous solution, and it's not what you think. Next.

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join guest host Kynan Bridges for this edition of **It's Supernatural!***

KYNAN BRIDGES: Thank you for your presence, Holy Spirit. We yield everything to you. Joshua Mills comes from five generation of ministers that operate in signs and wonders. Look at the gold dust that supernaturally coated him at his meetings. We had a very skeptical attorney investigate, and he became a believer in its authenticity. He saw it happen before his eyes.

JOSHUA MILLS: When people experience it themselves, then they know that they know that they know that it's God.

KYNAN: What's people's reaction when they see this?

JOSHUA: Well, wonder. I think God gives us signs to make us wonder. And when we embrace the wonder of who God is, that's when we're able to begin to move into the depths of who he is.

KYNAN: Joshua has written a brand-new book called *The Miracle of the Oil: Receive The Power of God's Anointing*. In this book, he says oil is the missing ingredient in our lives. Joshua, could you explain what you mean by that?

JOSHUA: Yeah, sure. I believe that we need the oil. I mean, the oil is the anointing of the Holy Spirit. And in so many ways in the natural, oil provides us with so many benefits. For example, we'll use oil for cooking and for preparing meals. We use oil as fuel to propel us forward. We use oil for energy to keep us warm and protected. There's so many natural reasons why we use oil. But in the realm of the Spirit, we must have the oil, the anointing of the Holy Spirit, if we want to progress in our life. And I think it's so interesting that in Exodus chapter 30, God spoke very specifically to Moses and gave him the exact ingredients for a divine recipe for the anointing oil.

KYNAN: Well, you talk about each ingredient and its prophetic significance. Could you explain that?

JOSHUA: Right. Well, it's explained in detail in the book, but basically Myrrh is a first ingredient that represents brokenness. It represents bitterness. It represents the hard times in our life, the times when we've been deeply hurt. And yet, God is able to take that in the anointing and turn it around for us.

KYNAN: That's good.

JOSHUA: And he's able to cause a blessing to flow in that place. The second ingredient's the cinnamon, the sweet smelling cinnamon which represents intimacy and it represents that purity of heart that opens up in the anointing of God. The next ingredient is the calamus or the fragrant

cane. That represents healing. And of course, we know that the anointing of God is the miracle oil of God.

KYNAN: Wow.

JOSHUA: It's the miracle healing available for us. And the cassia represents hospitality, our hearts being warmed to embrace in unity not only what God is doing, but embrace one another, the body of Christ together. Olive oil represents purity. And listen, all of it's unpacked in my book.

KYNAN: Wow. Now, to somebody who has never heard the term anointing or doesn't understand that, maybe they didn't grow up in church, how would you define the anointing?

JOSHUA: Well, the anointing is the supernatural ability, empowerment of God to enable us to do something that we cannot do in the natural. And something that I began noticing all over the world as we've been ministering is that God is increasing the realm of signs and wonders, and it's coming in a corporate way where it's not just a few people get signs, but where entire congregations begin to move in this signs realm. God is revealing his anointing to us in a new way.

KYNAN: Wow.

JOSHUA: I remember when oil began to flow from my hands supernaturally, there would be times when I'd have to place my hands over two cups to collect all the oil that would be flowing out of my hands.

KYNAN: Now, would that oil, it would accumulate in the cup. Would it fill the cups that you had?

JOSHUA: There were several times-

KYNAN: Wow.

JOSHUA: ... when my cups literally, like David said in Psalm 23, where my cups overflowed.

KYNAN: Wow. Wow.

JOSHUA: And yes, God is giving us a fresh oil, a fresh anointing to enable us to do what God is calling us to do in this day.

KYNAN: Now, is this available to every believer? I mean, you're great. I've seen your meetings, I've seen the glory. I've seen the gold dust.

JOSHUA: Sure.

KYNAN: We've done meetings together. But what about the average person? They're not as... haVE as much spiritual swag as you do?

JOSHUA: I don't think you have to have spiritual swag, you just have to be a lover of Jesus.

KYNAN: Amen.

JOSHUA: And I think when you get your heart right with God and you just begin to pursue him with everything that you have, it's in that moment that glory begins to break out, the anointing begins to flow in greater measure, and we are seeing that happen for believers all over the world. Actually, my new book, *Miracle of the Oil*, it was recently released. And even as people just began to read the pages of it, like the first few pages, we were getting testimonies of people writing and saying, "I've had oil began to appear in my hands."

KYNAN: Wow.

JOSHUA: "I've had the peace of God begin to come over me in a way that I've never had before."

KYNAN: Wow.

JOSHUA: They instantly shift from depression into joy. So these are the things that's available for all the people of God.

KYNAN: Wow. Now, tell me some of the newest signs and wonders that you've been experiencing, especially connected to this revelation of the oil.

JOSHUA: Well, definitely the corporate manifestation of these things happening, and there's many miracles that happen as the oil begins to flow.

KYNAN: What's the most outstanding miracle you can think of connected to this?

JOSHUA: Oh, that's a difficult question-

KYNAN: I know.

JOSHUA: ... because there's so many outstanding miracles we've seen. I remember when the oil was flowing from my hands, it was dripping from my hands and literally pooling on the tops of my shoes, like the leather vinyl or whatever of the tops of the shoes. And all of a sudden, the oil began flow from my feet, so I took my shoes off, and we had people in the meetings actually pull out... You know the prayer cloth that they normally cover people with in the meetings.

KYNAN: Yes, sir.

JOSHUA: They laid those down so that I could stand on them in the meeting. And the oil began to flow from my feet into those cloths.

KYNAN: Wow.

JOSHUA: And I would just walk around as I was ministering and the oil would flow. At the end of the meeting, I had them cut up those cloths just like in Acts 19:11 and 12. We've done this many times as a touchpoint for impartation, and we began to distribute those in the meeting. I'm trying to answer that question you asked about the outstanding miracle. Because in that meeting, there was a woman who had been told that she could not conceive a child. I mean, she had gone to the doctors and there were physical reasons why she could not have a child. And yet one year later, she was holding that little baby girl that she conceived and she gave birth to.

KYNAN: Wow. That's supernatural.

JOSHUA: It is supernatural. In that same meeting, there was a man that had stage four cancer. And again, the doctors had given up hope on him, and yet he was completely healed of that stage four cancer. So these are the kinds of miracles that we see when the anointed... Listen, the anointing breaks the yoke, it destroys the yoke of bondage.

KYNAN: Wow. That's powerful.

JOSHUA: It doesn't matter what is holding people back in this day, there is a fresh oil that's flowing. And I can feel it right now.

KYNAN: I feel it right now. Man, Jesus.

JOSHUA: Oh my God, it is here. Woo, Lord, I thank you for the oil-

KYNAN: Come on.

JOSHUA: ... of your spirit that flows right now to every single person that's watching. I thank you that your oil of breakthrough is flowing with miracles, with deliverance-

KYNAN: Thank you, Lord.

JOSHUA: ... with salvation, with healing, with your power being released right now in Jesus' mighty name.

KYNAN: Woo, hallelujah.

JOSHUA: Wow.

KYNAN: I feel the presence of God. Do you all feel the presence of God out there? Hallelujah. During Hanukkah, we remember how the miracle of oil turned hopelessness at one of the darkest periods in Israel's history into jubilant joy. How does that same miracle oil impact us today in our darkest moments? We'll be right back in just a moment.

KYNAN: Welcome back, beloved friends. Jesus celebrated Hanukkah in John 10:22. Could you tell us about the significance of Hanukkah?

JOSHUA: Yeah. In the New Living Translation, that passage of scripture actually says that it was winter and Jesus was in Jerusalem and celebrating Hanukkah. Many translations actually use the word feast of dedication because Hanukkah has several different descriptions for that Jewish feast. What's so amazing is Jesus was there celebrating Hanukkah. Now, Hanukkah was something that happened in the second century before Christ. There's not much written about it in the Bible, the description of the practice, but if we read some of the ancient writings, we begin to discover that Hanukkah is a moment that is... It's an interesting moment in Jewish culture. Because in many ways, the enemies of Israel had come and they had desecrated the temple. They had destroyed the things that were holy and anointed for temple worship. And there was a man by the name of Judas Maccabaeus. And a righteous holy anger rose up inside of him saying, "This is not right," and he actually began to rebel against what was happening in that day to do away with Judaism. And he began to say, "We're going to go back and we're going to take back what is rightfully ours."

KYNAN: Wow.

JOSHUA: And there was a small group of freedom fighters that joined along with him. And in so many ways, it looked like an impossible situation as there was so much persecution. And during that day and time, many Jews unfortunately were feeling the pressure or the weight of the enemy forces and beginning to cave in and just be like, "Maybe we just need to go with the flow." But I'm thankful for those that don't just go with the flow, but those that say, "We've got a greater flow through God, and we're going to press in and we're going to get everything that's rightfully ours," and this is what happened. That in Hanukkah, he went in and he began to take back the temple. Not only that, but they began to repair the temple, began to repair the whole... I mean, restore the whole temple.

And in that they wanted to dedicate the temple now back to the true and living God. And when they went to do that, there was not enough oil. There was only oil that would last one day. And they needed oil, I mean, for a week, but there was only enough oil for one day. And they said, "Anyway, we're going to use that and we're going to dedicate the temple. We're going to light the menorah." And when they lit the menorah, the miracle of the oil is that that oil lasted eight days.

KYNAN: Wow.

JOSHUA: Not one.

KYNAN: Wow. Wow.

JOSHUA: God supernaturally multiplied it.

KYNAN: Wow.

JOSHUA: So Hanukkah speaks of divine multiplication and speaks of restoration, dedication...

KYNAN: And, eight, the number of new beginnings and things like that. Yeah.

JOSHUA: Oh, that's huge. The number eight is the number of new beginnings. Yeah.

KYNAN: Wow. So how does that impact us today? This miracle of the oil with Hanukkah, what is the prophetic significance for us today as believers?

JOSHUA: I believe that as we embrace the ancient anointing that flows through the miracle of the oil, it gives us access to the new beginnings that God is wanting to bring us into in this day. We've got to be willing to let go of the past and say, "God's got something greater for our future, got something glorious for you. God's got something powerful for you, and God wants to release miracles for you right now."

KYNAN: Wow.

JOSHUA: Yeah.

KYNAN: Wow. You talk about Hanukkah, and you talk about the significance, and there's someone that's saying, "Hey, that sounds amazing. That's powerful. How can I release this? How can I tap into this oil that you're talking about for my life?"

JOSHUA: I think we need to realize that even in... Like we've got the menorah right here. And the Hanukkah menorah is much different than a regular menorah because it has nine places, positions to put the candles, right?

KYNAN: Right.

JOSHUA: But the center one, this is what's called the servant candle because it's the candle that lights all the other candles as you go through the progression of Hanukkah.

KYNAN: Wow.

JOSHUA: The servant candle is Jesus Christ.

KYNAN: Wow.

JOSHUA: And this is the revelation, and this is what's so amazing about the scripture you read out of John 10 about Jesus celebrating Hanukkah. It was in that moment, if you read a little bit further in the scripture, Jesus actually says, "Me and the Father are one."

KYNAN: That's what he says.

JOSHUA: Now, we read over that and like, "Okay, that's nice," but for the people that were there at the feast, they're like, "What are you talking about?" because they were celebrating the light of God and he was decreeing himself to be the light of the world. "We and the Father, we are one. I am the light." And if we're wanting to connect with the fresh anointing of the Holy Spirit, we have to let Jesus light our candle. We have to allow the Lord to light us and pass that flame to us that has been paid for at a price, at a cost.

KYNAN: Wow.

JOSHUA: And as we receive that flame, we can begin to give it and release it to others.

KYNAN: Joshua, what I want you to do right now is go over there, and I want you to sing that song and release the joy of the Lord over God's people. As he is going over there, I want you to understand something. Hanukkah is called In Judaism the Season of Our Joy. We need joy like never before. Joshua released this supernatural joy right now.

JOSHUA: (singing)

KYNAN: An angel visited Joshua in the night and told him that a supernatural portal or passage way is opening up, and Joshua actually saw God's next move in the earth. Be right back.

*We now return to **It's Supernatural**.*

KYNAN: My guest, Joshua Mills, said he had an angelic visitation that changed his life. Joshua, what did the angels show you?

JOSHUA: Oh gosh. I was ministering in Big Bear Lake, California. And the very first night of meetings, I had what I would call at that time a dream. I've now understood that it's a night vision. But in that vision, I saw a cloud begin to form in front of me, and then I saw it began to increase until it was just cloud all around. And in that moment, I believe that the Lord allowed me to lift up into a heavenly sphere of some sort. And there was a portal that began to open. A light began to come out of that portal, an angel began to appear. And this angel had in his hands, this huge bowl. I mean to me it looked like a large planter pot almost. I mean, that's how big it was. It was huge. One of those really big ones. And it was golden. And he began to turn it and release it towards me.

And as he did that, there was oil in the bowl that began to spill out towards the earth, all over me, down towards the earth.

KYNAN: Wow.

JOSHUA: I mean, it was amazing. I woke up from that encounter startled, and I knew that I wasn't going to be able to go back to sleep. I mean, the glory of God was in the room, and there was oil that was literally coming out of my hands, coming on my feet. I mean, there was just oil all over the place. And when I turned the light on, I noticed that the clock said it was 2:35 in the morning. The other thing that I noticed is at the very end of my bed, there were two cups placed that hadn't been there when I went to sleep, and both of those cups were filled to the top's brim, I mean, overflowing with oil in them. And in between the cups was my Bible open to Revelation chapter five. And on the Bible there was a Glory Shekinah all over the pages of the Bible. Of course, I began to read this, and it was amazing because this was such a supernatural thing that was happening.

I knew that God had a message that he was speaking. And as I began to read Revelation chapter five, it's all about the incense of the saints, the prayers of the saints that go up to heaven. I had this understanding in that moment that what God was speaking is that as the prayers and the intercession of the saints has been lifted to the heavenly realm, that there is now a moment in time when God is causing those prayers to be poured back down to the earth as a golden oil for worldwide revival.

KYNAN: Wow. Wow.

JOSHUA: And I really believe that we are in that moment right now. Following that encounter that I had something that the Lord began to show me, was the Psalm 23:5 that I mentioned earlier-

KYNAN: Wow. Yeah.

JOSHUA: ... about "He's anointed my head with fresh oil. My cup overflows," and so we're coming into that season of the overflow, the overabundance of God. And we must believe that in this moment that there is more than enough oil to go around.

KYNAN: Wow.

JOSHUA: There's not an oil shortage. There is an over abundant supply of oil for the people of God, and it's going to come in a supernatural way.

KYNAN: Wow. Sid often talks about the golden global glory, and I firmly believe, I believe we're in those days right now. I believe we're in that divine moment. There's a Kairos moment where the glory of God is being released, and that's what you're talking about.

JOSHUA: Absolutely.

KYNAN: That glory. And I don't believe we're going to be able to contain it by a denomination or contain it by a building. I believe it's going to be something that just goes all over the world like the waters cover the sea.

JOSHUA: Absolutely.

KYNAN: Yeah. Yeah.

JOSHUA: We came out of that encounter with such a holy awe and reverence of what the Lord was releasing-

KYNAN: Wow.

JOSHUA: ... that next morning as I began to minister, the oil began to flow again, now from my hands while I'm ministering in the meeting. And I told the people, I said, "You need to line up all the way around the room, and I just want to anoint everybody," because I wanted to flow with what the spirit was doing in that moment. I realized that the overflow was going to come through us.

KYNAN: Wow.

JOSHUA: God was going to use his people as those channels or conduits to release the overflow. And as I began to lay my hands on the different ones, so many miracles began to break out in the meeting. There was a woman who suffered in her spine. Her spine straightened immediately. I mean, so many healing miracles.

KYNAN: Wow.

JOSHUA: Angels began to sing in that meeting, I mean, over our voices.

KYNAN: Wow.

JOSHUA: There was a keyboard that worship leader Steve Swanson was using. And all of a sudden, I mean, before the angels began to sing, the keyboard began to literally play by itself.

KYNAN: You know what? Let me stop you right there. You're watching and you're saying, "Man, this sounds amazing," but guess what? You cannot benefit from any of this if you don't know the Messiah. And so right now, I want to lead you in a prayer to know the Messiah as your personal savior, the Lord Jesus. Just say this prayer with me. Say, "Dear Lord Jesus, I recognize that I have sinned against you. I've sinned in many areas of my life. And right now I want to surrender to you. I repent of my sins, and I ask that you would forgive me of all of my sins, the ones I know about, the ones I don't know about. Wash me and make me clean. And now that you've made me clean, I ask that you come and live inside of me. I believe that you died on the cross and you were risen again from the dead. Right now, I make you my Lord and savior."

If you said that prayer and you believe that from your heart, heart, I believe you are a new creation. You are what Paul the apostle calls the one new man. And right now, what I want to happen, I want you to pray, look to the audience and just begin to pray those watching and release healing and miracles over them right now.

JOSHUA: I want you to stretch out your hands right now towards the screen, and I want you to receive an impartation of this fresh oil of the Holy Spirit, the miracle of the oil that's being

released to you right now. In Jesus' mighty name, I thank you for doing it. God, I thank you that you are pouring out not in limited supply, but over abundant supply of the miraculous, in Jesus's mighty name.

KYNAN: Friends, if you prayed that prayer, the joy is hitting your life, hitting your house, for the joy of the Lord is your strength. Amen, in Yeshua's name.
