

*Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. 45 arrests, the biggest drug operation in US history. In prison, ravaged by addiction, but on a cold jail cell floor my guest found the unfair advantage. Next.*

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural!***

**SID:** My guest, Robby Eddy, was arrested 45 times, then indicted for partnering in a \$30 million illegal pain pill operation. Out of control. Enslaved to drugs. Should have died. Five overdoses, facing 25 years in federal prison for racketeering, mail and wire fraud.

**SID:** Robby, how's a nice Catholic man coming from a good family get into such a mess?

**ROBBY:** Well, man, my dad was a military guy, golden glove boxer. I was raised by a really good mom and dad. I mean all that was fine. I like to always share that because it doesn't matter what kind of upbringing. You can have a bad upbringing or a good upbringing but once the enemy gets ahold of you, whatever stronghold that you have in your life, it's over with.

**ROBBY:** So I was counting on this football scholarship, I had a 75% scholarship, my parents couldn't afford the other 25%. I played football my whole life. It's all I knew. I didn't know anything else. I wasn't good in school so when I didn't go play college football, I didn't do very good in school and I didn't know what I was going to be, so I literally started picking up alcohol and drugs at that time. From that point on, man, it was fast. It was really fast. This obsession took over me quick and I started breaking the law. I just turned into a completely different person. It's like Dr. Jekyll, Mr. Hyde.

**SID:** Now, just before you got that big federal indictment, you're in jail on previous crimes, and how do you get high in jail? You can't get drugs in jail.

**ROBBY:** Oh, man. Anybody who's been to prison or been to jail before, you'd be surprised. There's more drugs and alcohol in prisons and jails than there is on the street. It's pretty nuts.

**SID:** Okay. It's your birthday.

**ROBBY:** Yeah.

**SID:** You're in jail.

**ROBBY:** Yeah.

**SID:** And boy, did you get an amazing birthday gift. Tell me about that gift.

**ROBBY:** So it was March 25th, 2011, which is coming up 11 years, when I was standing there in the jail cell and it hit me. I was mentally, physically, spiritually bankrupt. I just got off the phone with my father. My father said, "Son, I can't stop you from killing yourself, but I can stop you from killing your mother. We're done." I was just in so much pain, so much anguish after my

father telling me that, I was completely just broken. When you're broken and you're beaten down bad enough and you cry out to God, I had anguish, true anguish, which anguish is sorrow and deep pain, and out of that bursts passion.

**ROBBY:** I had this anguish because I was just in so much pain and I cried out to God. It was for real, all the other times it was like foxhole prayers. This was real, it was from my heart and soul when I cried out to God. My obsession to drink or drug was lifted. I felt the presence of God. I felt Him saying to me, "Have you had enough?" It was just like that. I dropped to my knees and I started crying like a baby.

**ROBBY:** Yes, God. Yes.

**SID:** What happened to your addiction?

**ROBBY:** It was lifted from me immediately. It was snatched right out of me.

**SID:** Did you ask Him to take it away?

**ROBBY:** I did. I said, "Father God, please take this from me," if there's a God. I didn't even know if there was a real God. I didn't believe in Jesus. I said, "If you're real and you're out there, please take this from me. Please help me."

**SID:** But the thing I don't understand is He sets you supernaturally free from an impossible years of ravaging your body and addiction. Instantly he sets you free and you still don't believe in Jesus.

**ROBBY:** Yeah. The thing is about God was so powerful and at that time is one of the unfair advantage of knowing it hit me. That's when it hit me.

**ROBBY:** Yes God.

**ROBBY:** Even God, God doesn't love us for who we are. He loves us for who we're going to be. So he knew. He knew exactly. He knows who we are when we're in the womb. He already knows. It was planned. He knew exactly what was going to happen to me and that's why.

**ROBBY:** When I got out of jail and I didn't know Jesus yet, but I hit my knees and the anointing fell on me and God was there for me already. When I got out, I got indicted 20 days later by the FBI, but I still didn't find Jesus until after I got out of federal prison.

**ROBBY:** I went to federal prison and in federal prison, God continued to follow me all through that out there. I was supernaturally taken out of prison years early. I was sentenced 25 years, I get snatched out of prison. It's impossible for that, but I didn't pray for it, I didn't go to law library. The power of God, the glory of God snatched me out of prison. That's the only way it could, it was supernatural.

**ROBBY:** Now when I got out of federal prison, I still didn't know Jesus. That's when my wife, I went the first time with her, she said, "Let's go to church." I was going to go just to... My wife's going, let me support her. I go and as I'm there, they're passing baskets and they're doing all that stuff. I'm like, "Man, I'm out of here." As I was walking outside, a voice said to me, "Don't miss the beauty of the forest because of some of the ugliness of its trees."

**ROBBY:** I said, "Wow," and it hit me hard. I felt God's presence so I came back the next weekend and that next weekend is when I accepted Jesus Christ as my Lord and savior. And literally learned the seed principle.

**SID:** What's the seed principle?

**ROBBY:** Well, to me, the seed principle is huge. It's tithing. Tithing, giving, it's all of God. And this unfair advantage is though is the whole Bible. It's not some of it, it's not the new Testament. It's the old Testament, the new Testament. It's the word of God. And when you stand on God's word, all of it, the anointing will fall on you. You get this unfair advantage. So I learned right away, tithing is huge to me because when you give God your money, you're giving God your heart. So you're trusting God because a man who gives God his money is saying, "I trust you, God."

**SID:** It's because money had been a stronghold for you and when you found out the law of sowing and reaping, you took to like a duck to water.

**ROBBY:** A hundred percent, like God says, he says, "What the enemy meant for evil, he will turn to Good." And that's exactly what he did. He took the same thing, what the enemy meant to take me down and use it. And I've used that in my life now.

**SID:** Okay. They gave an altar call with the service. What happened?

**ROBBY:** At this altar I stood up, they asked me if I wanted Jesus Christ as my Lord and savior, I did. I grabbed a piece of paper. I call it tipping God, I wasn't tithing yet. I pulled out a little bit of money. I put it inside the thing and said, "Bring the full tithe into the storehouse. And I would open up the windows of heaven for you and pour blessings. You can't contain them. Test me." And it was the only spot that God was saying to test him. I tested him. And I'll tell you what. And at this time that's how graceful, how powerful God is and how, to me, tithing is a thing, I watched tithing quadruple my income. Tithing is not a money thing, it's a spiritual thing. And God showed me that.

**SID:** Now. All right, Jesus is definitely your Lord now. You get filled with the Holy Spirit. What was that like?

**ROBBY:** Honestly, when I got filled with the Holy Spirit that changed my whole entire life. It went from like, I call it, not a weak Christian, but I didn't have a boldness. When I got baptized in the Holy Spirit and the fire rained upon me, I was crying my eyes out, bawling, and I felt fire all over me. That immediately from that day on and I spoke in tongues. The very first time I prayed in tongues. And from that day on is when the powerful stuff happened.

**ROBBY:** It's the same thing with Jesus. When Jesus got baptized in water, he was right there with John. After that, the dove came down. He got baptized in the Holy Ghost and that's when his ministry started. That's when he started casting out devils, raising the dead, healed the sick.

**SID:** You know, I am so amazed when I watch you of the transformation that has occurred in your life, Robby. It is, they used to say that about me. But I was nothing compared to what you are right now, still facing a potential at 25 years in federal prison. Good time for the unfair advantage to explode in his life. You're about to find out how outrageously unfair it really is. And even better, Robby will impart the outrageously unfair advantage to you when we return.

*We now return to **It's Supernatural**.*

**SID:** Robby, all the way back to when we were in that jail cell, you received an anointing of the unfair advantage. Would you define, in fact, look in the camera and tell the people what the unfair advantage is.

**ROBBY:** The unfair advantage is completely giving yourself to God, surrendering yourself, and being obedient to God's word completely. And when you get this unfair advantage, the unfair advantage is an anointing and the anointing breaks the yolk. I feel like there's someone right now watching this show that feels like they don't have the boldness. They don't feel worthy enough for God. God is yearning for you. He wants you. All you got to do is praise, open your arms, and seek him and you will find him.

**SID:** Give me a biblical example of the unfair advantage.

**ROBBY:** Moses. Moses was a normal guy just like all of us. And when he picked up that rod, or the snake that became the rod, the rod of God, that became an unfair advantage anointing. He literally cracked the rock and water was coming out of it. And then you can tell that it's transferable because he gave it to Aaron. Aaron took it when it was transferred and then went to the river and turned it to blood. That right there shows that even back then, they had an unfair advantage.

**SID:** Wait till you see what happens with the unfair advantage to Robby. Because it's about ready to happen to you, especially when he prays for you. Robby you're facing 25 years in prison, but it got reduced and reduced and reduced to what?

**ROBBY:** To five years. I had a 25 year sentence, is what I was getting, what I was facing. The federal prosecutors said that they were going to give me 10 years and that's lenient due to my extensive criminal history. And they were right. They were a hundred percent right.

**ROBBY:** And the judge, this is supernatural right here, a federal judge... Judges listen to prosecutors. They don't do anything different. The federal judge sentenced me to five years under

all of them. That never happens. So right there was one of the first supernatural things that happened to that. And they give me 90 days to turn myself in.

**ROBBY:** During that time I continued to seek God, I didn't stop. I kept seeking Him. Seeking Him no matter what, because the obsession, the drink or drug, was lifted from me. It was gone and it has never returned, as a matter of fact to this day period, it's gone.

**ROBBY:** And as I went into prison, instead of going in there, I was mentally and physically spiritually in good shape but I told myself I'm going in this place and I'm coming out better. And when I went in there, I started helping people. I started moving. I was mentoring people. I was bringing people to God and I still didn't even have Yeshua yet. Things get powerful later at that. As I'm in there, that's exactly what happened.

**ROBBY:** And out of nowhere they say, John Eddie, you got legal mail. Now this guy, my caseworker, he loved Jesus. Now at this time, I was scared of Jesus. You talked about Jesus, I might have gotten in a fight with him, man. I just wasn't there. I had the veil over my eyes, you know? He had me, this guy had Jesus everywhere and he said, "You know what?" He goes, "There's a different man that I'm looking at right now in this paper. There's a completely different man from this book." He had my whole, everything I've been through. All of a sudden, they said you got legal mail. It was from the judge that cut my time from five years to three years. He read it with me and the guy started weeping. And after he said that, he goes that's not even else, I just got a thing on my desk today that says you get another year off. So I did two years on a 25-year sentence. Only God can do that.

**SID:** That's the unfair advantage. Okay. Yeah. You're out of prison and that didn't stop the unfair advantage from increasing.

**ROBBY:** Well, I want to share this real fast. I lost my driver's license for the rest of my life. I got that back. I have 45 arrests and been to prison twice. And I have a contractor's license, the highest air conditioning contractors' license you can probably get. Only God can do that.

**SID:** Now I see so many people with the wrong motivation in giving. They give to get. You give because you love God. Is that a fair assessment?

**ROBBY:** 100%.

**SID:** Okay. You are literally told many times who to give, the name of the person, the amount of money, when to give.

**ROBBY:** Yeah.

**SID:** Give me one example.

**ROBBY:** I'll give you an example. I was at this place. The Lord gave me the spirit of discernment. We all have it. These things are in the Bible, you know? That's one of my big gifts. I was discerning this lady, she looked really sad and down, and I could tell that she was hurting

financially. And I'm in this building. Before I walked up to her, the Holy Spirit said pay two months of her rent, exact number. I walked up to this lady after and I said, "Hey, how are you doing?" She goes, "Oh, hi, Rob." She's heard of me before. I go, "Are you guys doing all right? You're hurting here?" She goes, "Yeah. It's just we're hurting ever since COVID. We're hurting financially bad right now." She was like, "It's just two months. If we could just get two months." And my heart started pounding.

**ROBBY:** So I went out to my truck. I found out what she pays monthly and I wrote her a check and I closed it. And she didn't realize what it was. And she just said, "Do you think you can come here and help, you know, this place a little bit?" I said, "I'm too busy to come to that. But I hope that helps you." And she didn't realize what it was. And she opened it up and she started to weep and cry. And she said, "Thank you." I go, "Don't thank me. You thank Jesus. You thank God because he's the one who told me to give you that." And she hugged me and she started weeping and crying, man. And these things happen all the time, all week long.

**SID:** Not just in this area is God blessing him. But because money doesn't have him, God has entrusted him with money. He went in an air conditioning business where at one point he couldn't even get a driver's license. He went from four trucks in a three-year span to 23 trucks. And he grew to \$5 million a year. This-

**ROBBY:** Hallelujah.

**SID:** Holy God. Only the unfair-

**ROBBY:** That's the unfair advantage, man.

**SID:** I mean, you're minding your own business, you're taking a shower, and God tells you to do something and he doesn't even know what the word means. What did he tell you to do?

**ROBBY:** When I'm sitting in that shower, see God, the spirit of the Lord is upon me. So when people ask me to do something, I do it. If God tells me to move, I move. All right? So when I'm in this shower, because someone called. I got prophesied over at my church three weeks that you're going to go somewhere with your wife and it's going to be all muddy and dirty. We walk at this place and it was about my book. Someone asked me, "Hey, come up here and share it." I didn't want no money or nothing. If God tells me to move, I move. I've been blessed with a big air conditioning company. I go.

**ROBBY:** So I go up there to pass on this testimony because we overcame Him by the blood of the lamb and the word of our testimony. So I go in this place and as I'm in the shower, getting scared because I got to talk in front of all these people, I'm nervous. All of a sudden the Lord tells me, "You need to do an altar call." I didn't even know what it was. I had no idea what it even was. And then my heart starts beating more because I knew I had to do it. I'm going to...

**SID:** You thought you'd become a carpenter and build altars?

**ROBBY:** And that's how God uses normal people. So my wife walks in and goes... as I'm in the shower, she can't see me. She goes, "Honey, you need to do an altar call. The Holy Spirit just told me." Man, my heart starts pounding. I didn't even say anything to her. And when I shared about my story up there at the end, I called everybody, "Come up here for an altar call if you want to pray." And it was all dead silent. I walked back to my chair and one guy stood up and he walked over. He started playing the guitar and they started playing music. And the Holy Spirit's presence just came in strong, man. I almost started weeping because that happens to me a lot when the Holy Spirit comes around. Sure enough, I go up there and people just start... He said, "Dude, let's do an altar call. Let's do one." I found out later they never had done one there. It didn't-

**SID:** No wonder your wife and God had to say it.

**ROBBY:** So people lined up. The whole church lined up outside and Jesus baptized 10 people in the Holy Spirit. Nine of them prayed in tongues. People were healed. We sure were moved.

**SID:** I'll tell you what, you could go on and on and on, on this unfair advantage. But tell me a little bit, very quickly, about your mother and your father.

**ROBBY:** So my mom and my dad, they were believers, but my dad was Catholic and they had a little bit of spirit of religion on them. But my dad, the shoes of peace are the gospel. I've been able to walk and I've been able to minister and let my feet do the talking. And people's lives have changed just by watching my actions, you know? Because that's one of the unfair advantages anointing your actions. You're not just running your mouth, your feet showing you the way you're living. Anyone can run their mouth. So sure enough, my dad calls me. My dad has shingles and he's about to lose his eye from shingles. My mom has anxiety for literally 20 years. We're support points. She can't even leave a house in anxiety and depression.

**ROBBY:** My dad says, "Something's telling me to come to your office, Robby." Because my office is just anointed to Jesus everywhere, man. You know, we've prayed over people. We've anointed the doors. Like we bring bread. We pray over stuff. We play worship music. So my dad drove from Jacksonville, came up here. Now, right when we started going to my office, when he got here on a Saturday, we're walking in.

**ROBBY:** When my dad walked in the door... Now this is a military man, a boxer, golden gloves, not a crying type. He starts to fall over and starts to ball his eyes out because he felt the presence of God. I was trying not to cry. The Holy Spirit told me, "I'm about to heal your mom and dad and I'm going to build their faith." That's exactly what he said. And I'm getting real emotional.

**ROBBY:** We walk in, he had me put on an exact song. I put the song on Holy Spirit by Jesus Culture. I play it. Never heard of it my life. My dad sits down and I put my hands on my dad's face. And I said, "Father God, in the name of Jesus," I asked him first, what do you need healing for dad? He's weeping. He said, "My eye." I said, "Father God, in the name of Jesus, I'm standing on your word right now. Your word says that we can heal the sick, cast out devils, and raise the dead." And I said, "Please heal my father in Jesus' name." Now he starts to shake and cry. And

Jesus baptized my dad in the Holy Spirit right there. He gets up. I sit down my mom. My mom's crying. My wife's praying in tongues. She's crying. I look at my mom and I say...

**ROBBY:** "Mom, repeat after me. I call out the spirit of anxiety."

Mom: I call out the spirit of anxiety.

**ROBBY:** I call out the spirit of fear.

Mom: I call it the spirit of fear.

**ROBBY:** I call out the spirit of oppression.

Mom: I call it the spirit of oppression.

**ROBBY:** And I cast it to the pits of hell.

Mom: And I cast it to the pits of hell, never to return.

**ROBBY:** Jesus heal my mom, in Jesus' name.

**ROBBY:** I baptized my mom in the Holy Ghost. She starts crying her eyes out. The Holy Spirit said, "Now look your mom in the eyes and say, Jesus forgives her." I look my mom in the eyes said, "Jesus forgives you, mom." She goes, "He does. He does. He does."

**ROBBY:** And I just found out a few weeks ago, this is last week, that my mom was holding something for 40 years, 40 years. And I just found out that I had a completely different dad. He died of colon cancer. And I went last week and I met my brother and my sisters that I never even knew I had. You see Jesus literally... My mom was gone, I seen her the other day she's completely free. My dad, they sent me a text message, they go to the doctor the next day the doctor says your eye is healed. My father's eye is completely healed. You see Jesus said that he left us to do greater things than he did. He healed the sin.

**SID:** How was your mom's depression?

**ROBBY:** Gone. My mom is around glowing. My mom glowing like a-

**SID:** Okay. Real quick. I need you to pray two things. The unfair advantage and I need you to pray for whatever God tells you to pray for. And I believe every word coming out of his mouth is going to happen. That every man be a liar, but God's word is true. I need you to make sure you're prepared for this prayer or want you to repeat this prayer with me and mean it to the best of your ability out loud. Repeat after me, dear God.

Audience: Dear God..

**SID:** I've made many mistakes.

Audience: I've made any mistakes.

**SID:** And I'm so sorry.

Audience: I'm so sorry.

**SID:** I believe the blood of Jesus.

Audience: I believe the blood of Jesus.

**SID:** Paid the price for all of my mistakes.

Audience: Paid the price for all of my mistakes.

**SID:** And they're not just forgiven..

Audience: And they're not just forgiven..

**SID:** They no longer exist.

Audience: They no longer exist.

**SID:** I'm starting fresh.

Audience: I'm starting fresh.

**SID:** And now that I'm starting fresh..

Audience: And now that I'm starting fresh..

**SID:** Jesus come and live inside of me.

Audience: Jesus come and live inside of me.

**SID:** I make you my savior.

Audience: I make you my savior.

**SID:** And my Lord.

Audience: And my Lord.

**SID:** Amen.

Audience: Amen.

**SID:** Robby, pray.

**ROBBY:** Father, God. Lord. I come to you in the name of Jesus Christ of Nazareth. [speaking in tongues] Father. I'm crying out to you right now, Father.

**ROBBY:** Father, God, I pray that you get these people. You feel them and receive this unfair advantage anointing. Father God, I pray that people right now that have bad backs, cancer, anything, that you would heal them in the name of Jesus Christ and Nazareth, Father. I pray the blood of Jesus over these people. Father, I'm crying now because your word says that we can do it, Lord. So I'm asking right now and I'm asking the people that are watching that you receive this anointing. That you walk in boldness. That you walk like Jesus did the same way he did. That you lay the hands on people, you heal the sick, you raise the dead, and put this unfair advantage in everything in your life. Father God, I pray that someone's back is hurting and their neck is hurting that immediately the pain has gone. In the name of Jesus Christ of Naz-

**ROBBY:** I feel someone's arm is hurting. Someone's got bad legs. Some people can't even walk. Someone's looking at this right now weeping. And I'm saying right now in the name of Jesus Christ to your shoe, shed blood, that you heal them, Father. In Jesus' name.

**SID:** And one more thing. People's fingers are being healed in Jesus' name. Walk in the unfair advantage.
