

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. At age six, my guest was immersed with the fire of God. He radiates God's miracle healing glory. And his God-given commission, it's big, is all Europe will be saved. Next.

*Is there a supernatural dimension? A world beyond the one we know? Is there life after death? Can our dreams contain messages from heaven? Is God ready to bring a tsunami wave of healing onto planet earth today? Join Sid for this edition of It's Supernatural!*

**Sid Roth:** Welcome. Holy Spirit, we know you're here. My guest, Jean Luc Trachsel, credits his demonstration of great signs and miracles to his deep friendship with the Holy Spirit.

He was born in Switzerland, but at age six he was immersed with the fire of God. His call, all Europe shall be saved. I want to find out about this baptism of fire. Jean, you told me just as we were going on the air, what did you see over there?

**Jean Luc Trachsel:** There is a healing angel who just came back a few minutes ago and is about to stir up the water of healing. If you are sick, just get ready right now in Jesus' name.

**Sid Roth:** But tell me what happened at age six. Now, you come from a church that is non-Spirit filled. You have no paradigm for this. I'm just in awe over a six-year-old that has the experience you had. What was it?

**Jean Luc Trachsel:** Well, I'm coming from the fifth and sixth-generation born-again Christian. My dad was a pastor, my grandpa as well, but from the Brethren Church, non-charismatic church. Even my grandpa was the song writer for the choir. But at the age of five, I gave my life to Jesus, and that's the best things you can do today. I opened my heart to the precious Jesus, the Messiah, and He saved my life. At the age of six, I was in my pajama in my bedroom.

My parents did a simple prayer that every parent should do. They say, "Father, baptize our son with the Holy Spirit." Heaven just opened upon myself and the fire of the Holy Ghost came over me from the top of my head to the soul of my feet. The glory of God invaded my life, and I heard out loud God calling me to preach the gospel to the nations of the world. On the same fire, I heard it out loud, "Europe shall be saved." That's the reason I have no doubt that I'm going to see Europe saved.

But since a while, my life, my heart gets enlarged and I have faith that America shall be saved, Africa shall be saved. The Middle East shall be saved in Jesus' name.

**Sid Roth:** Well, you know what? God told you all Europe will be saved, but God told you in the Bible, it is written all Israel shall be saved.

Now Jean Luc, I've got to understand, did you feel a fire? Why do you say fire? What did you feel when this happened?

**Jean Luc Trachsel:** It was like tens of thousands of electricity came over me. It was a power, it was electric, but it was a river of liquid fire that just came over me. I believe this is the day what the Lord want to do for everyone. He want to pour out His spirits upon our flesh.

**Sid Roth:** I agree. Now, Jean Luc attended Oral Roberts University and actually had the key to Oral Roberts' personal prayer room where he prayed for great miracles, worshiped God, read revival history.

Jean Luc was desperate for God to release that same healing power again. Then you got a revelation that great men and women of the past knew about Acts 10:38. Who knew about it and what was the revelation?

**Jean Luc Trachsel:** That's right. I was so hungry, desperate to see God's power. One of my passion, I have hundreds of books about revival and healing, and powerful men and women of God who moved especially with miracles and healings. I said, "Lord, we need to have back these things." Actually, I was studying at ORU, but at noon I was praying and fasting, having this key to this personal, private room of Oral. For months, I was just on the knee praying, crying out to the Lord.

I never forget, one day the Lord said, "Go just to this little door. There is a little hole, just look on it." I look on this and I saw the Lord releasing a very strong anointing about Acts 10:38. Anointed by the Holy Spirit to do the great things doing miracles. I got this revelation we need not only the Holy Spirit anointing, but we need Jesus in ourself both. But part of this revelation also of what the Lord told me.

He says, "Jean Luc, what I have done in the past, it'll be greater what's going to come. Now, what you need to do is to be able to see the mantles of those who are before you failing down. You need to take it, don't copy what they have done, but hit your Jordan and enter your Promised Land." Came back in Switzerland and the power of God started to move in a different way but in a strong way.

**Sid Roth:** Now, you said that one thing you noticed, these great mothers and fathers of the faith all believed and honored the Holy Spirit. A very important thing.

**Jean Luc Trachsel:** That's for sure. All these healing ministries, as I'm the president of the International Association of Healing Ministries, I know personally most of these healing ministries moving today. But also, I had the privilege to meet some who are today to this cloud of witnesses.

Like Ryan Bonnke was a very close friend of mine, a mentor for me, but also I had the chance to speak with Oral and Ralph Wilkerson. All of them, they had a personal relationship with the Holy Spirit. The Holy Spirit is really the key.

**Sid Roth:** Last night, I wasn't even going to include this, but he showed me a picture about a meeting in Leon. Where's Leon?

**Jean Luc Trachsel:** Leon is in France, it's a very difficult city. The Lord spoke to us, as we do healing ministries or healing conferences in different places. One day, He spoke to me to go over there. When I call the people or say that to my team, they say, "You are crazy. It's such a difficult place, a lot of misery and oppression. You will never make it."

Actually, I said, "That's the place we have to go because if it's dark, that's where God's glory will be manifested." We rent a big hall, and the people came by, thousands of people, and that's where the glory of God gets manifested.

**Sid Roth:** What happened?

**Jean Luc Trachsel:** Well, the first night I started to preach. I have the picture and you probably will see that on my social media wherever, you can see it that it's a normal meeting. When I start to preach, suddenly the glory of God come. You can see on the picture the light is coming. It's not electric light, it's the glory of God. At the same time I start to shine, the people couldn't see any more my body.

It's really like a light and myself, I can no more see the crowd and it's full of light. I'm preaching and as I'm preaching with such authority, in the middle of the preaching I say, "In the name of Jesus, paralyzed spirit, leave this place." What I didn't know a lady on the wheelchair since 20 years, she came with her husband with one of the top medical doctor from Belgium. They couldn't do anything but they came without believing.

They didn't believe, but they came and they were in middle of the crowd. When I took authority, the power of God hit her, she was ejected a few meters out of the wheelchair. They run away at the hotel, scared to death to what happened. But during the night, they realized that she was totally healed. The next days, next weeks, I received a report for the medical hospital that she has been totally healed by God's grace, by the power of God.

**Sid Roth:** Now, what he's describing is not unusual and it all started as a child when the fire of God came on you. Jean Luc had a visitation from Jesus in Jerusalem that opened him up to the greater miracles beyond description. Be right back.

*We now return to *It's Supernatural!**

**Sid Roth:** Jean Luc, you said something to me and you teach on this. Something that I've heard others say, but you're not just saying this, this is for real. That the key that launched you into this great miracle ministry had to do with being best friends of someone.

**Jean Luc Trachsel:** That's correct. At the age of six, like I've said, I get baptized with this Holy Spirit and fire. But at the age of 16, I discover it was not just a fire or an atmosphere, but He was a person and I made a covenant with Him. I say, "Holy Spirit, I'm ready now to go to preach gospel. I'm shy." People don't believe today, but you can ask my parents or my family, I'm a shy person, but I ask, "Fill my mouth with your Word."

The condition is that you confirm it with signs and wonders, healings and miracles. As a sign of that, I want today to make this covenant and to ask you to become my best friend. From that time I am moving, going, traveling around the world with my best friend and He's my partner as well so we walk together.

**Sid Roth:** You say you teach on this, there's a legal foundation, a legal foundation for healing. What is that?

**Jean Luc Trachsel:** That's right. It's what I wrote in my last book. When I'm praying for the sick, if I'm in front of hundreds of thousands, or if it's by phone or if it's on the street, the first things I do I connect to Jehovah-Rapha, God the healer. It could be just few seconds, but I just go to the source is the healer. The second things I put my faith, my feet on the legal foundation, because we are living in a spiritual world.

The things that has been set up, it's Isaiah 53:5, "Through the stripes of Jesus there is healing." When I pray for the sick, I know it's done. It has been paid because Jesus died on the cross and through His stripes, there is healing. I feel very strongly right now, the benefits of the cross are just flowing right now to you at your house. Whatever you are suffering from, if you have pain in your hands, that's the reason He has been nailed.

Receive your healing power to your hands, the same to your feet. Those who have mental trouble, He wore a crown that went probably to the brain with crazy pain, but through His stripes right now, every mental trouble, disease are healed in the name of Jesus Christ. Any pains that you have right now, it's illegal. The legal foundation is that through the stripes of Jesus, there is healing right now. Receive it right now in Jesus' name.

**Sid Roth:** Then come on now, provoke me to jealousy. You guys always do that. You actually saw the face of Jesus.

**Jean Luc Trachsel:** Yeah. That's something that was unique and fantastic. Actually, I brought 500 French people to Jerusalem. That was the first time in the history and we did the tour, but my first things I wanted to see it was the pool of Bethesda. We arrived over there with all the group, the group stay with the guide and listening, all the historic things. Me, I went straight to the place, the reason, the main reason I wanted to see the healing angel.

I went to the place, I turn one time, I look around and I couldn't find the healing angel. I went again. I make the tour. I look almost behind the stone. There were no healing angel so I left very sad. I left the place. When I was about to leave, suddenly of my left side, I saw Jesus. Jesus like I'm seeing you right now face-to-face. I recognized his face and He was crying. I said, "Jesus, what are you doing here?" He said, "I'm here because I want to heal the sick, but they are too busy and they don't want to get healed."

I said, "Jesus, please allow me to do something. Wait there, I will find a way that you can do what you have to do." I run to the place there is a Catholic Church to expect. I went to the priest and I said, "Priest, with all the respect, I have the impression that God wants to heal the sick." He say, "We have no time. We are out of the time." I was so disappointed, so I went to another group and I turned to them. I said, "I do believe that today, God want to heal the sick."

They say, "No, we have not the time. We are out of the program, we need to go to take the bus." I started to cry. I went back to my precious Jesus. I said, "Jesus, now I do understand. I'm so sorry for that. But please, tomorrow night in Jerusalem, I've rented the Ramot Trail. We are expecting people from everywhere. It's going to be packed. I invite you as my special guest. He smiled at me, he said, "I'm going to come there."

**Sid Roth:** What happened?

**Jean Luc Trachsel:** You would love to know.

**Sid Roth:** I want to know. Yeah, come on.

**Jean Luc Trachsel:** We started the meeting, the meeting was over packed. It was according to some many people over there, it was packed not only with Christian but we had Orthodox Jews, Muslim from different religion. They were there packed because it was a healing service. We started to worship. When I started to sing all the glory of the Lord, suddenly the Lord appear on the right side. On left side, the door just gets open and Jesus entered the place.

I saw it because the days before, I didn't spend time to prepare my message. I was on my knees, being sure that I will recognize Him when he will enter the room. Now, He's in the room and miracles just happen. He started by the last seat and He started to touch the people. Never forget, one person had a destroyed shoulder. The shoulder just get tried, get recreated. Then He turned to somebody who had trouble with the knee. The knee just gets totally healed.

Another guy had a deaf ear, here the Lord just touch it in a sweet way. He touch it, the ear just opened up me. I was just there as a spectator and I was saying, "The Lord is doing that. The Lord is doing these

things." Then suddenly, I saw the Lord passing behind. He went to the other part of the room to a lady that we brought from France, who was in the wheelchair. It with a big smile, that's the things that impressed me was the smile.

He took her hand, He helped her to get out of the wheelchair, and she started to run. God's glory was on the place with so many people getting healed.

**Sid Roth:** I'll tell you what, at the conclusion of this show, I urge you, I urge you to go immediately to our live show. Go to our live link at [sidroth.org/miracle](http://sidroth.org/miracle), where Jean Luc will pray for you to receive the fire of God. Don't you forget that healing angel is in this studio right now. Many have actually received God's fire and it's transferable.

But there's one requirement, you have to know that you are a child of God. You have to know Jesus lives inside of you. You have to have your own experiential knowledge of God. Just religion without an experience is just religion. Repeat this prayer out loud and mean it to the best of your ability. Dear God.

**Jean Luc Trachsel:** Dear God.

**Sid Roth:** I am so sorry for my mistakes.

**Jean Luc Trachsel:** I am so sorry for my mistakes.

**Sid Roth:** Thank you, God.

**Jean Luc Trachsel:** Thank you, God.

**Sid Roth:** For your life.

**Jean Luc Trachsel:** For your life.

**Jean Luc Trachsel:** I make you now my Lord.

**Sid Roth:** Amen.

**Jean Luc Trachsel:** Amen.

**Sid Roth:** Before we go to the live show, just a few minutes, Jean Luc. You told me in Jerusalem, point at it and what did God show you?

**Jean Luc Trachsel:** Since early this morning as we entered the studio, I see just in this building there on the eighth floor, I see number eight, so I think it's eighth floor. There is a man called Joseph and you are crazy pain and the Lord is just willing to heal you. It's an incurable disease. You are crying out to the Lord. Yeshua the Messiah heard you cry and He's healing you right now. Not by might, not by power, be healed, Joseph, in Jesus' name.

I feel the power of God just moving right now. All those who are sick, especially if you have terminal disease, cancer, incurable disease, I break the power of darkness over your life. I set you free. I open the cage, I open this jails like depression, burnout. Be free and heal right now, not by might, not by power, but through the Holy Spirit. Receive right now your healing, in Jesus' name.

**Sid Roth:** There are people whose wrists, there's something wrong in your wrist. You just move your wrist, you'll see all pain and it's been totally restored, totally. Don't you forget, live show right now.
