

Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. Have you ever wanted to see what heaven is like I mean before you die. Is it possible to go to heaven daily? My guest says yes and has proof, next.

Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of Its Supernatural!

Sid Roth: Welcome, Holy Spirit. Thank you for honoring us with your presence. My guest, Nelson Alvarez operates in the glory. In the glory miracles are easy, such as healings of cancers or tumors or raising the dead or creative miracles or hearing the singing of angels and ascension to heaven. Miracles began right at the get-go, right at your birth. Tell us about it.

Nelson Alvarez: I didn't grow up in a household where we served the Lord, followed Jesus or anything like that. Traditional Hispanic household. We believe Jesus, but that's pretty much it. It's a little Father, Son, Holy Spirit. That's it. No relationship. And I had hit a crossroads where God was not in the picture. I was drinking, partying, sleeping around, doing all kinds of wild stuff.

I was cutting school with some friends. We went to their house. And in that house we ended up having a experience where this dark presence entered the room. We were not aware of what was happening. We had no language for it, Sid. And when we were in that room, this dark heaviness was in the room. The air was so thick, it was hard to breathe, and I began to feel it chill in the left side of my back. I saw a demon on the wall and it was posted almost like Spider-Man on the wall looking right at me.

Sid Roth: That does not sound good.

Nelson Alvarez: But I looked behind me and I see this thing on the wall, and for a moment I froze because I thought, am I hallucinating? Is this even real? My two friends, then when they had turned to tell me something, they began to scream and freak out. They too were seeing the demon. So now I'm like, "Oh my goodness, this is real. I'm not the only one crazy in this room."

And immediately the girl that was in that room began to sing a worship song. That spirit disappeared through the wall. The heaviness that was in the room completely lifted, and that dark atmosphere was totally gone. And then we felt this cool wind enter the room, and I began to feel this smile inside of me. Why am I smiling? What is this? I was fighting it and said, "That moment my whole reality changed." Because I always knew there was a God, but I never cared. And if there was demons, maybe there are.

But at that moment, my entire paradigm, my entire worldview had completely shifted. We actually saw that spirit again outside, and it was pacing back and forth. Now I got scared, Sid, because I'm like, okay, what's going to happen to me? I got to walk home. You know what I mean? And so-

Sid Roth: You might've seen the movie, the Exorcist.

Nelson Alvarez: Probably, yeah. I was thinking of every scary movie in the book. I was like, okay, I'm going to walk home. This thing's going to possess me. I'm going to die. That's the fear I was feeling. And something in me said, "You have to go to church. You have to go to church." I went home to my mom, told her everything. She looked at me sideways like I was crazy. And then she said, "Okay, well, I'll take

you to church." And from Thursday to Sunday, I couldn't shake it, Sid. And in that church I began to feel this presence. I began to feel something in me wanting to cry, and I didn't know why I wanted to cry.

And I resisted it, rejected it, went back again the next week. Sat in the middle of the church, in the middle row. Somebody took my seat in the back. That was my mindset. I began to feel the same presence of God from the week before. And I began to fight these tears and said, "What is happening to me?" And then I saw this guy standing in front of me and he gets on his knees, he lays on his face, and I heard a voice say to me, "If a grown man can do that, why can't you just lift up your hands?"

I began to look around, Sid, make sure no one's looking at me, and very awkwardly and slowly I began to lift my hands up like this. And as soon as my hands went up like this, Sid, it's as if a bucket of a love just hit me straight in the face. And I began to weep uncontrollably, shake uncontrollably, and then I was taken somewhere else. And I see a film tape roll out, and as this film tape rolls out, I look into it and I began to see scene by scene every time I had sinned against God.

And then this revelation came to me in the encounter, this knowing came to me and it said, "If I died right now, God would have every right to send me to hell." Above the film tape of my sin, a cross appears. And I see Yeshua crucified on that cross, Sid, and his body had looked like it had gone through a shredder. Just ripped to shreds, flesh hanging from his skin, his face covered in blood. And then I heard an audible voice say to me in my right ear, "Even though you've rejected me, even though you've been running from me, I've been pursuing you because I love you and I died for you before you ever sinned so that you would know me." And that was how I got to meet Yeshua. And now, Sid, after two years after being born again, I found out that I actually got saved because of a promise that my mother made before I was born.

Sid Roth: What was that?

Nelson Alvarez: When I was in my mother's womb, she was praying to God, "Lord, if you give me a son, I'll give him to you." Now mind you, my mother didn't really serve the Lord, but she prayed this prayer and God put me in her womb and I almost died several times in her womb and she renewed that covenant again when she was in the hospital where either she was going to die or I was going to die upon my delivery.

And she told God again, "God, if you give me a son, I'll give him to you." After I was born, she took me to a Pentecostal church and in that Pentecostal church, they anointed me with oil. They prayed over me and they prophesied, "This boy one day will be a preacher." Now, I never knew that growing up.

Sid Roth: She never told you that?

Nelson Alvarez: She never told me that story. So I'm 15 years old and I was praying and suddenly, Sid, I was taken back in time and I actually see the scene when they were dedicating me at this Pentecostal church and they were prophesying over me. I saw all the people. I saw them putting oil on me. I saw the whole thing and, Sid, I go home after this encounter. I said, "Mom, when I was a little baby, did you dedicate me to a Pentecostal church?"

She said, "Yeah, I did." I said, "Did they prophesy that I would be a preacher one day?" She said, "Yes, they did." And I said, "Mom, did the scene look like this?" And she said, "Yes. How did you know?" I said,

"Mom, when I was praying I was taken back in time and I saw the whole thing." Sid, she goes and digs up a picture. It was the exact scene that I had seen in that vision. And so I realized that I was the fruit of a covenant made for my mother's womb and He fulfilled His word with me.

Sid Roth: Nelson, you say it's God's will that every believer can go to heaven even daily. Why do you say that?

Nelson Alvarez: It says that when Christ ascended, when he was raised up, it says, "That we were raised up together with him and we were seated in heavenly places." Now many have heard the gospel said, "Repent and believe in one day when you die, you'll go to heaven."

Sid Roth: Right.

Nelson Alvarez: But Jesus didn't preach that gospel. He says, "Repent for the kingdom of heaven has come near to you." And then He said, "The kingdom of heaven's neither here nor there, but it now dwells within you." And where we are in heaven right now is not a future thing. It is now. We were raised together 2,000 years ago and we were seated in heaven with Jesus Christ.

So from that place, that's where we live and it says, "We've been born again. We are born of the spirit. We are citizens of heaven. This is who we are now. And as Jesus ascended, we too can ascend." Now one day, we'll ascend bodily, but spiritually we have already ascended and heaven is accessible now. We are able to ascend. Jesus said that, "Angels ascending and descending upon the Son of Man," referencing Jacob's Ladder. Now, the same spirit that was in Jesus, the same access that Jesus had, He has now put into us. That same ladder is within us. And angels ascend and descend upon us and they at times will take us up, go to heaven, and we can actually see from that realm what God has for us.

We're seated there and we live from there and we operate from there, being that we are raised up together with him. The Bible says that we have been blessed with every spiritual blessing in the heavenly places. Oftentimes, Sid, people are praying for a blessing, waiting on the earth.

Sid Roth: Yes.

Nelson Alvarez: Not knowing that they've already been given that blessing in the heavenly place and all they have to do, Sid, is by faith, go into that place and know that they already have it. When Jesus said, "Whatsoever, you ask in my name believing you already have that which you've asked, it will be given." Why does He say that? Because in eternity, we are outside of time where everything already is done. And in that realm, we can access the blessings of God and manifest them here on earth as it is in heaven because we are already blessed with every spiritual blessing.

Sid Roth: Nelson is an open portal to heaven. When he speaks, viewers ascend into heaven. We have video footage. Want to see it? Be right back.

Vladimir: Do you know that Messianic vision was and still is on TV in Ukraine and also had on the ground presence there even before the Ukraine-Russia war began? In Jesus' name, we helped deliver tons of critical food supplies, clean water and more to desperate people. We ministered in the war-torn city of Odessa where one out of every two people have Jewish ancestry.

Many hundreds of people, including entire families, came to faith in Messiah. And here's a miracle story from the front lines of the war. Our Ukraine ministry partner working with the maker of Ukrainian army uniforms put Bibles in the pockets of 6,000 uniforms. In the Russian invasion, a bullet struck a soldier, but the New Testament put in his pocket, stopped it. The soldier lived and now believes in his Messiah. God is so good. This is Vladimir saying goodbye for now and please consider supporting this vital work we're doing.

Do you wonder why others can miraculously encounter God on a daily basis? Nelson Alvarez says the new Jewish year of 5784 opened a doorway to heaven. Are you ready for it?

Nelson Alvarez: Many people have been earth bound because they live from an earthly constraint. They live with a carnal mind. The Bible says, "A carnal mind is an enmity with God." And so we're going to teach you how to have a mind of heaven, how to have the mind of Christ and live from the heavenly realms with the mind of the Spirit.

With Nelson Alvarez audio CD set, you will smash through roadblocks and break strongholds so you can begin experiencing your own face-to-face encounters with God. We now return to It's Supernatural!

Sid Roth: The most amazing things are happening in Nelson's meetings. Tell us a few.

Nelson Alvarez: In the new year, the Word of the Lord came to me and he said to me, that the Glory Revival Hub, which is where we're at in Dallas, He said, "That it will be known as the Dome of Encounters." And since then, Sid, it's as if a portal had opened to heaven. And He said to me that, "People would begin to ascend in the services." Since then, we've had people who have been taken either by an angel, either by the spirit of the Lord or they've even said that, "They've seen an eagle come grab them and then take them up into heaven."

So people are actually ascending in the middle of the service, having encounters in heaven. We've been seeing incredible creative miracles, the mass deliverance, mass healings. But Sid, even mass ascension is happening where several at the same time are being caught up into heaven.

Sid Roth: Nelson, I said, "I want to see this." And Nelson said, "Sure." And my staff wouldn't let me see it. They said, "We want your first impression." Let's roll the video.

Nelson Alvarez: How many of you were taken up to heaven tonight? Okay.

Oh my goodness. I fell out in the glory and I was laying on my back on top of an eagle like this and a rush of clouds were rolling, rolling like the ocean rolls its waves. I could see clouds just rolling towards this eagle as this eagle flew towards these clouds and I could see the glory of God, His light coming out these clouds.

Sid Roth: Stop it for a second. Nelson, why is she so emotional? Why is she crying so much? What is going on inside of her in your opinion?

Nelson Alvarez: Well, Sid, I can't imagine her not experiencing just the love of God, the glory of God upon her. When you're in that realm, Sid, your body doesn't even know how to react. And she's being overtaken by the presence of God, the glory of God, and causing her to weep, causing her to be overtaken. It's powerful, Sid.

Sid Roth: It looks to me like this is her first time this is happening.

Nelson Alvarez: Yeah, yeah.

Sid Roth: My goodness. Let's see a little more.

Like eagles on Mount Zion. And I felt when you said, "The electricity of God," I looked back on the eagle like this and I could see you all standing here and angels of lightning were hitting on the right side of every single one of you.

Hallelujah.

It was just strikes of lightning on the right-

Sid Roth: Stop for a second. What was going on when I saw Nelson go like that? For some people, I know what's going on, but you tell everyone what was going on inside of Nelson. Why did you jolt back like that?

Nelson Alvarez: Oh man, Sid, I was feeling the glory. When she was sharing that story, I don't know if anyone else could feel it, but when she was sharing that story, I was just getting blasted by the Holy Ghost. I was feeling the same glory that she was feeling. It just took me back as well.

Sid Roth: Okay, let's roll it.

Angels like this, standing there like this on the right side of you all. And I laid back down on that eagle and I flew. I flew in His glory.

Nelson Alvarez: I knew you got taken up. I saw a chariot of fire come. What did you see?

Wow. I was taken to the throne room and I was in the presence of heavenly hosts and I felt Him place a robe on me, but I feel like this is important. When we were worshiping, I encountered an angel. Then the angel says, "I anoint you with fire." So when I was in the throne room, I felt like that was a preparation for this. So when He put the robe on and I still feel it like a weight and my whole body was consumed with electricity and it still is.

Sid Roth: What does that mean? What is she saying? "My whole body is filled with electricity." What is going on in her, in your opinion?

Nelson Alvarez: Yes. The Bible says that, "From His throne precedes lightnings and thunderings." And the energies of God, the power of God, the electricities of Zion, the electricities of heaven would surge through your body. When you come from that room and you are able to return, you can feel the same frequencies, the same ... I know these are words that maybe are a little controversial, but you can feel electricity running through your body. The currents and the power of God is more powerful than electricity.

Sid Roth: What is happening to the person potentially that's experiencing this electricity?

Nelson Alvarez: You know, Sid, it's kind of like Isaiah in the Bible. When he was in the throne room, he described a burning coal being putting on his lips. And another level of fire of God is electricity, where it's burning and it's purging and the power of these encounters, Sid, is that when they're in that place, they're getting purged by the electricities of God, the fire of God purifying their soul purifying-

Sid Roth: Is this what Paul said, "When I die daily?" Was that what was going on with him?

Nelson Alvarez: Well, Sid, because he dies daily, he's able to ascend daily.

Audience: Amen.

Nelson Alvarez: And many think they have to wait until they die to ascend. But Paul said, "No, I die daily. So I live from that place, ascended all the time."

Sid Roth: Let's continue rolling.

I was sitting in my chair and I just felt the Lord say, "Lay down on your stomach."

Nelson Alvarez: This is the second time.

And I laid down and I said, "Take me Lord." And instantly, I ended up in the field that I've seen us all before. It was a field of flowers. The first time I saw us running towards Him. But this time I saw us gathered together walking in this field of flowers. And then there was this stairway in front of us that appeared. And one by one I could see us dressed in beautiful robes and I could see everyone grab His hand and He turns them around like dancing.

And every time someone turned around, I seen a different face. Like all of our face just appeared in these robes as He turned us around. And He said, "Tell them I'm so in love with how they love me." Tell them, "I loved them."

I didn't see, but I knew where I was and it was so holy and holy. It didn't matter what anybody else was doing. Here I was before Him, bow down, holy, holy. All I could do is bow down and say, "Holy." And He was right there. He's right here. He's right here.

Nelson Alvarez: Say, "Holy." Amen.

Sid Roth: Nelson, you say we can ascend to heaven every day even. Is this just in the Old Covenant or in the new also?

Nelson Alvarez: The Bible says in Second Corinthians three that, "We've been given a greater covenant than that of the old." If the ministry of condemnation had glory, how much more does this ministry of reconciliation have a greater glory that is never fading and never passing away?

Sid Roth: In Nelson's resources, he teaches and shows you how to train your spiritual senses to break free from the constraints of earthly concerns and live from the heavenly places. He then exposes the strongholds that are roadblocks to your own heavenly encounters. Teach us a few.

Nelson Alvarez: Yes, Sid. So one of the first things people need to understand is who they are. When you know whose you are, you'll know who you are. When you know who you are, you'll know what you have. And the main thing most people need to know is that they are not their body, they are not their soul, but the moment they've been born again, they are a spirit. And when they have been born of the spirit, they are spirit, soul, and body. And through the realm of the spirit is how we access everything in heaven because that's where heaven dwells.

Sid Roth: And we've been trained just the opposite.

Nelson Alvarez: Exactly. We were trained to live through our flesh, through carnal ways. And this is why the Bible says that, "The carnal mind is at enmity with God." It's the carnal mind, which is in the soul realm where things have to be renewed and rewired to know--ginosko--the perfect good and acceptable will of God. When you ginosko, when you've intimately experienced and know the perfect good and acceptable will of God, you can then access the heavenly realities that are within your spirit, man.

Sid Roth: Before Tommy Welchel, known as the last living link to the Azusa Street Revival passed away, he revealed his final earthly assignment. What did Tommy tell you?

Nelson Alvarez: In 2016, I had went for the Azusa Now Conference, which is the 110-year anniversary of Azusa. My mission was to visit all the revival hotspots and to pray there so that God would do again in my life what he did then. And right at the door, Tommy was sitting just like this with his arms folded and I ran up to him. I said, "Tommy, I've got your book. You're the last living link to Azusa." I said, "I came all this way from Philadelphia," spent all I had, Sid. And said, "I came so that what God did in Azusa, He would do in me." He said, "That's my last assignment is to impart into the next generation that which was imparted into me."

Sid, he laid hands on me, prayed over me, the fire of God came upon me. Then he drove me in his car without me asking and took me to all the revival hotspots, would park, tell me all the stories. And then after telling the stories, he lay hands on me and say, "Lord, what you did here then, put it on this young man, that he can carry it to the next generation."

Sid Roth: He had to know you were one of those he was to lay hands on for all that. That was exceedingly, abundantly beyond anything you ever thought or asked.

Nelson Alvarez: Absolutely.

Sid Roth: Now, what would Jesus say to you if you were ready to go to heaven right now? Repeat this prayer out loud with me. Dear God.

Audience: Dear God.

Sid Roth: I've made many mistakes.

Audience: I've made many mistakes.

Sid Roth: For which I'm so sorry.

Audience: For which I'm so sorry.

Sid Roth: I believe.

Audience: I believe.

Sid Roth: Not because of anything I've done.

Audience: Not because of anything that I've done.

Sid Roth: But because of everything you have done.

Audience: But because of everything you have done.

Sid Roth: I make you my savior.

Audience: I make you my savior.
