

Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. Most good believers do not know how to activate their angels because of wrong, false, or religious teaching. Demons, who should be losing, are taking advantage of this lack of knowledge and prematurely aborting believers' destinies or worse. This changes today, next.

Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of It's Supernatural!

Sid Roth: Welcome, Holy Spirit. You are our most important guest. My guest here, though, is Joseph Z. He just wrote a new book teaching secrets about activating the unseen and angelic world to fight on your behalf. Few even realize the truths simply stated in this book. Angels are our servants of fire, but they only respond ... Get this, they only respond through human voice activation and by you only speaking God's words. Joseph, you say angels are voice activated?

Joseph Z.: Oh, that's right. God has put in His word how things operate. There's a kingdom. There's principles. Angels are activated by the voice of God. They're voice activated not by our voice, by His voice. A better way to say this is Psalm 29. It says that angels are divided or the flames of fire are divided by the voice of God. That means when they go out and rank and file and they're doing what they're supposed to do, it is God that commands them to go. Now, the unique part is when we take the word of God, His written word, we put it in our mouth. We speak it out in faith, in prayer. I'll tell you, angels hear that and they snap to attention, Sid, and they get work done that way.

Also, we don't know where angels come from entirely. The Bible doesn't really say, but we know our God is a consuming fire, Sid, and they are flames of fire, fiery servants to the heirs of salvation. I believe that voice of God, that prose looking into the face of the Father, when Jesus is the word made flesh and God is speaking out His word through the Son, I believe angels, they just activate with that. When we put the voice of God in us and speak the word, those flames of fire that come right out of the very presence of God, I believe, just act and do exactly what they were designed for, to serve areas of salvation, you and I. They go get the job done.

Sid Roth: Joseph, tell me about the very first time you remember in which you encountered an angel.

Joseph Z.: Oh my goodness, Sid. I've got a few of these, but one in particular. I was a younger minister and I was in the moment casting out a demon. I had a witch and we're in this setting. A few of us were in there and we're trying to cast this demon out, trying to cast it out. This thing is going full Hollywood on us, demonstrative. It's a young lady. She started to speak with the voice of a trucker. I'll get you. We're going through this scenario and I began to call on the name of the Lord. I began to try to bind this thing.

Suddenly, the word of God came alive in me. Because at that time, I'd been going through the whole New Testament once a week, reading it, listening to it. I began to quote Psalm 91. I began to quote different scriptures. Suddenly, when I said, "The angels take charge concerning me and this girl," and I took authority, this witch got starfish-ed to the ground. It looked like somebody Velcro-ed her to the ground. Bam, she's laying there. She's like ... Suddenly, the demon screamed out of her. She couldn't move. She couldn't do anything. Previous to that, she was attacking us, Sid, and she got delivered because I believe angels interfered with those nefarious plans.

Sid Roth: Now, when you saw the power of the word of God against the demonic, did this open you up to have more faith when you pray for deliverance?

Joseph Z.: Oh, big time, deliverance, healing, any of it. I'll tell you, Sid, angels seem to gravitate to the obedient, to the word of God. I was in one setting. I left a restaurant. I walk outside of this restaurant. There was a man sitting on the curb. I looked at him and I said, "Hey." The spirit of Lord spoke to me as I was looking at him and said, "You need to give that man everything in your wallet." Being the Holy Ghost man I was, I left. I was like, "Hey, I don't know if I want to do that."

Sid Roth: That must be the devil. That can't be God.

Joseph Z.: So I get in the car. I drive away, but I sense the conviction of the spirit. Go back, go back. So my wife, Heather, and I, we went back, and I walked up to this man. He's sitting on the curb. I emptied my wallet, gave it to him. He was a very handsome African-American man. He stood up when this happened, Sid, and he began to laugh. Then he looked at me and said, "Your father is so pleased with you. You're going to have a ministry. You will go around the world. These things will begin to happen." Maybe it's my mind's eye, but he seemed like he was seven feet tall, Sid. He starts hugging me. He had big dreadlocks, and it was a profound moment. I believe it was an angel, because when we left, I looked back as the stories go, and he was gone. It was a tremendous experience.

Sid Roth: Now, tell me about the storm angel.

Joseph Z.: Oh my goodness, we were at a conference. We're at this prophetic conference enjoying things, my wife and I, a few friends. As we're driving back, we're going down the freeway. We suddenly came into a storm cell like a wall of water. When this is happening, I'm looking around. It seemed like we drove into a tornado. It was that intense, just intense wind, intense rain. Then it was like there was lightning and everything taking place all at the same time. Suddenly, we call out to Jesus. The storm is happening, and boom, we're on the other side of the storm. We blasted out of the storm. I know for a fact there was angelic intervention.

You could sense it. Suddenly, we were one place, and then we were in another. We'd plowed right through that storm, and it was powerful for me. It really impacted me when it involves prayer and how we are to call in the name of the Lord. I believe angels are activated when we call out in faith on the name of the Lord. It's really interesting. We're here right now. We're in this setting. Many people are watching. You're listening, and I have a sense of the power of God right here on set during this broadcast. I sense the Holy Spirit is releasing a power for healing in this place.

Sid Roth: You look directly at the people when you do that.

Joseph Z.: I believe there is many of you watching right now, and I'm talking about angels. We're in the middle of this narrative, and I sense the power of God wanting to touch your life. As a matter of fact, there's somebody ... and I began to sense intense pain, intense pain in your midsection, in your body, almost wanting to double you over. And the spirit of the Lord is saying, "That stops now. That stops right now in the name of Jesus. I release angels, according to Psalm 91, Psalm 103, and I send those fiery servants to minister to the heirs of salvation right now, and I command the pain to leave you. Anxiety, leave you." There is a healing of traumatic stress that's leaving somebody right now over a crisis. Sid, the power of God is touching someone right where they are. You're going to feel pain leaving your body.

Sid Roth: I don't have pain-

Joseph Z.: Right now.

Sid Roth: But I feel the power of God touching me.

Joseph Z.: Oh, there is pain right now leaving the body. There's an anointing, lifting this off of you. I believe angels are coming into compliance and agreement with this word. Cancer, you leave them right now. You get off their body, in Jesus' name. I see a person's eye. You have one eye that is completely ... It's deteriorated, and the spirit of the Lord is bringing wholeness to that, and strength is manifesting in your eye. Angels are backing that up by the word of the Lord and they're bringing order to that and wholeness to this area of your body. Strength is happening even here in our studio audience and those of you watching right now. The power of God is being released. An unbeliever is watching this, and healing is entering your body right now. The Lord is proving His presence to you. He is proving that He is Lord and He's touching you right now. I sense the power of God lifting that off your life. The Lord is saying, "I love you and I am real. I am real." Oh, Sid, the power of God.

Sid Roth: I tell you, Joseph Z met, listen to this, the angel for America and the angel for Israel and found out the number one strategy the devil will use to destroy America, totally unknown by our government. Be right back.

We will be right back to It's Supernatural!

Joseph Z.: I want to share with you the resource we're making available to you, my brand-new book, *Servants of Fire: Secrets of the Unseen War and Angels Fighting for You*. Angels are some of the most unused forces that exist in God's kingdom because they're not properly accessed and they're not properly engaged. Did you know angels don't just arbitrarily do things for you? Angels have to do what they hear. You speak out the word of God in faith. You pray the word of God. When they hear the voice of God audibly in this world through a free moral agent like you, suddenly angels will activate. They go and do what God has assigned them to do according to His word. When you put the word of God in your mouth, angels go to work for you. There's many more things in this book.

There is a mystical spirit that wants to get into the church, and I call it Christian mysticism, we begin to deal with that, this prophetic book that is actually a last day's prayer manual packed with information. But the best part about it, the whole last chapter is dedicated to scriptural prayers that will help you take ground, that will show you, point by point, how to pray the word of God and access or activate angels on your behalf. The power of Heaven is available for you. Now is the hour. Now is the time. Get *Servants of Fire*. My exclusive CD, *Prophetic Insight for 2024 and Beyond* is filled with revelatory information. I believe we're headed into a time of challenge, of pressure, of difficulty, and I have a lot of specifics that I want you to see and hear to give you hope.

I'm looking right now at the things that are coming in this coming year. I've seen things that are going to begin to open up fresh revelation even in the middle of darkness. A man or woman with a revelation is never at the mercy of a culture gone mad. You don't have to shrink back. You don't have to be afraid. God has called you to be more than a conqueror at this time. Greater is he that is in you than he that is in the world, but to be forewarned, you need to begin to say to the darkness, "I have faith, no matter what's coming, and it's going to be all right with me and my household." I believe *Prophetic Insight for*

2024 and Beyond will bring information that brings peace. You are to walk in a revelation of how to overcome in this present evil age.

We now return to It's Supernatural!

Sid Roth: I'm here with Joseph Z, and what is it about us humans? We like to go to extremes.

Joseph Z.: We do.

Sid Roth: Angels, tell us some extremes to avoid.

Joseph Z.: Well, the extremes that happen, I liken it this way, Sid. The devil couldn't beat the church, so he did the next best thing. He tried to join it. He tried to become part of things. He tried to influence. Then religion tries to come in and label things. There's this saying that goes, metaphors reign where mysteries reside. Instead of looking at the word of God, what it actually says and how we should function, people have to come up with sensational scenarios and ideas and stories and clouds without water that don't lead to anything. This happens chronically in the area of angels.

When we're talking about angels, we realize they are ministering spirits, fiery servants to the heirs of salvation. A lot of times, people say, "Oh my goodness." They almost get into a point where they worship angels. They take it to such an extreme where every five minutes, they're with an angel, and angel's taking them somewhere. The people have been to Heaven five times per day, which I think is awesome. But I'm from Colorado, and many people say, "Well, I've been to Heaven, and today they had brownies up there." I like to say, "What was in those brownies?"

But of course, being a little bit funny, I believe in the supernatural. I experience it all the time. But we also have to stay in a biblical foundation with these things so we can bring order to it. The extremes are so craving the supernatural that you miss the spirit, so craving the things that are sensational that you miss the real supernatural. Then the other side is people completely dismiss supernatural encounters altogether. They dismiss angels. They dismiss all of it. Those two extremes are both wrong. We need to go into the highway of holiness, the middle ground, which is the word of God. In 1 Corinthians 4:6, it says, "Learn from us to not go beyond what is written, and we'll never get into error then." Angels will operate properly and you won't have to worry about angels of light, false entities.

Because I think a lot of times, Sid, there's false entities that will appear to people that are so open to anything that they're not in the word of God, that angels of light could actually deceive people, and they believe they're having some supernatural encounter. They're really getting led down the fairy tale path towards wandering and misled. I believe that the real raw spiritual horsepower that will bring lasting change is when you take the word of God with the spirit and you have order and strength. That will have lasting change and people will go the distance.

Sid Roth: You just used a word. A lot of people misunderstand the strength of angels. Comment.

Joseph Z.: Oh my goodness, well, Jesus, He was in the garden of Gethsemane. As He was there, they said, "Oh Lord, basically save yourself," was the air in the moment. And Jesus said, "Don't I could call on more than 12 legions of angels?" And I'm very grateful to my friend Rick Renner who broke this down. He's just a wonderful scholar, but 12 legions of angels is a massive amount of force. One legion is 6,000

of them. If you put that together, 12 of them is 72,000 angels. If Jesus had called on 72,000 angels, it would've wiped out the planet earth several times over. You find that interesting, the power of angels. Now, just one angel killed 180,000-something people in one night alone. So when you understand the force and the power behind these entities, man, it is something else. But when we do it by the word of God, we can really access that.

Sid Roth: Tell me about the voice you and your wife heard while doing a live video.

Joseph Z.: This was really intense. This was in 2019. I broadcast every single morning, and I go live. I'm there, and on this particular broadcast, I had done two weeks of teaching on our live broadcast about the very things we're talking about right now, about how to access angels properly through the word of God. Sid, in that moment, I finished. Right at the end of the broadcast, I began to feel an anointing. I closed the broadcast out, and I have to tell you, the room changed. The room began to just shift.

Things began to take place. I felt the power of God. A holy reverence and fear of God came in the room like I have never experienced in my life. Then a voice spoke from behind me, and it blasted through my being. The voice said, "I come to you from the very throne of God." Then he said, "The great God, Jehovah, does not need you as much today as He needs you more after the 2020 election. I have great need of you. You're going to go live every single weekday morning, and there's going to be things that oppose you." He went down. He told me many things and then said, "Prepare. You've got to prepare your team. You've got to stand up and you've got to be ready for what is coming next."

Sid Roth: Now, you said your wife was in there at the same time.

Joseph Z.: She was.

Sid Roth: Did she feel what you felt?

Joseph Z.: She felt it. She didn't hear the voice, because scripture says some thought an angel had spoke. Others thought it thundered, right?

Sid Roth: Right.

Joseph Z.: I believe that she did not hear anything, because we talked about it. But she felt the presence of God and the holy reverence. She was also filled with tears. I was nearly screaming, Sid, because it was so intense, and she was dramatically changed by it also.

Sid Roth: Did it dramatically change you?

Joseph Z.: It did, because the Lord spoke to me through His messenger. He gave me marching orders for the season that was to come. I thought, wow, the Lord is talking to me about right now. What an interesting thing to hear. You are not needed as much now, but you will be needed after the 2020 era. I began to recognize that picture, and then I saw things coming. He told me specific events about individuals that were in my life and how to navigate it. We did so, and it played out just as the messenger-

Sid Roth: When you say navigate, there were good people in your life and bad people in your life.

Joseph Z.: Yes, that's correct. That's correct, and he warned me about them. He said, "Here's what you're going to do, and here's how you're going to navigate this." And we did, and it went just like that. I'll tell you, it was wonderful what took place, and I believe God was preparing us for a future to stand up against some of the coming onslaught of darkness we're facing right now. It's almost like we put our mouth guard in and said, "Okay, it's prison rules." We got really serious about it because of that warning and that direction.

Sid Roth: Now, people are reporting very supernatural things that are happening to them when they read your new book. Tell me one that comes to mind.

Joseph Z.: Well, people are reading it, and it's because it's so biblically based. We go to the Bible. I don't tell a sensational stories just to tell them. I take it to the word of God, because they get lasting results. One person commented and said, "I read your book and I had my very first trance reading this book." It's a book that takes us right to the word of God, tells the stories about angels, but it unlocks something in people the way God intended. It's measurable. It's powerful, and people are having trances, visions, breakthroughs. I believe we're going to get more and more stories about real angelic encounters that set people free.

Sid Roth: Well, out of curiosity, was there a story behind the story as to why you wrote that book?

Joseph Z.: It was because of that angelic encounter.

Sid Roth: Because of that, you wanted-

Joseph Z.: It's because of that.

Sid Roth: To research.

Joseph Z.: Yeah. Actually, the publishers came to me and they said, "Hey Joseph, why don't you go ahead and just write us a little booklet on angels?" I thought, okay, I'll write you a booklet. I began to put hands to the keyboard, and that book just took off. I couldn't stop writing it. I felt the unction of the Holy Spirit asking me to write.

Sid Roth: When you say you could stop writing it, are you saying you didn't struggle? It just came out like a prophecy?

Joseph Z.: It came out, yes, it came out. It's a prophetic book, Sid. It came out like a prophecy. I got into the book of Enoch, right-sizing some of the points of view on that. We talked about angels' desire to look into salvation the way we have it. They're curious, I believe. We get into the final chapters of the book where we start showing you how to pray angelic prayers that break you through, meaning scriptural prayers that release angels. I'll tell you, it is a powerful thing that we saw. So many people begin to turn and have a solid walk with the Lord regarding the supernatural.

Sid Roth: Yeah. As you're talking, I'm getting a word of knowledge. Let me tell you what it is. There are people that have problems in their fingers. I saw fingers that perhaps were bent over, straightening out, fingers that perhaps have pain from arthritic-type conditions being healed instantly. Also when I said that, have you noticed, Joseph, you get to a second word, and then I know you have a word? But I also

heard backs. Now, I'm going to give you a trade secret, up to you if you want to follow it or not, but 50-plus years of ministry, listen to what I have to say. You have a backache. Will you demonstrate some faith? Well, how did I do that? Stand up and bend over.

Joseph Z.: Come on.

Sid Roth: That's how you know you're healed. Faith without corresponding action is dead-dead. You had a word.

Joseph Z.: Sid, I'm looking at you. I'm here today looking at you, a father in what God's called so many people to do, a beacon. I have a word for your partners. The word is, as they're partnering with you, I see breakthroughs coming in their businesses. I see breakthroughs coming with chains of containment. I see breakthroughs coming in their destiny and vision. I see lost children suddenly getting a revelation. I'm telling you, the seed that they've put into you and what they will put into you, there is coming a return, and you can't bury seed. There is a supernatural calling to many people specifically over resources in dark times. I see provision in difficulty to those that are linked to you, to those that are linked to this broadcast, to those that are partnering with this ministry. I sense it so mightily in you.

There is a supernatural provision, because people don't even know the level of things you do for the body of Christ out there. I'm telling you, this is hot ground with the Holy Spirit, and He wants to break people out of their containment. I sense more and more testimonies from this moment forward where people begin to say, "I've had a financial revolution, not just a miracle. I've had a provision-ary revolution. Something broke loose in my life, and I see a river of increase coming to open up even more avenues and floodgates for the message of It's Supernatural, the message of Sid Roth, and the legacy media that will come out of this ministry." And your partners will benefit from it in the name of Jesus.

Sid Roth: Thank you, but there's something urgent I want you to benefit from this second, this second instantly. There are many of you that watch me that have taken knowing Jesus for granted, your life insurance policy, if you will, to get to Heaven. You haven't put any more than your little toe in the water. It's time for you to enter in. Repeat this prayer out loud with me. Mean it to the best of your ability, and move, rather than be stagnant. You see? When you're stagnant, you're going backwards and you don't even know it. It's time to get unstuck. Repeat this prayer with me and mean it the best of your ability out loud. Dear God.

Joseph Z.: Dear God.

Sid Roth: Thank you for Jesus.

Joseph Z.: Thank you for Jesus.

Sid Roth: Thank you that Jesus died for every one of my sins.

Joseph Z.: Thank you that Jesus died for every one of my sins.

Sid Roth: And because of His blood.

Joseph Z.: Because of His blood.

Sid Roth: I'm clean.

Joseph Z.: I'm clean.

Sid Roth: And you remember my sins no more.

Joseph Z.: Remember my sins no more.

Sid Roth: And now that I'm clean.

Joseph Z.: And now that I'm clean.

Sid Roth: Come and live inside of me.

Joseph Z.: Come and live inside of me.

Sid Roth: I make you my savior.

Joseph Z.: I make you my savior.

Sid Roth: But I make you my Lord.

Joseph Z.: I make you my Lord.

Sid Roth: The Lord of everything.

Joseph Z.: The Lord of everything.

Sid Roth: Now, unfortunately, we just run out of time. Join us immediately for our extended show at SidRoth.org/Z. Joseph is going to demonstrate the greater glory and teach on recent visitations. We didn't get to it yet, on the angel of Israel and the angel of the United States. Without this revelation, your supernatural protection, blessings, and favor could be removed.
