

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. Did a 3000-old mystery foretell the invasion of Israel by Hamas down to the year? I mean even the exact date? For the first time, Rabbi Jonathan Cahn, an eight-time New York Times bestselling author, will unveil secrets of end-time prophecy. Next.

*I've thought for myself in every area of life, but one. I knew nothing until I discovered a realm where the truth isn't what it seems. A realm where the truth becomes reality. I've spent over 50 years investigating the world of the supernatural. Every moment has led up to the main event. Millions of Jewish people will be saved all over the world. God's heart is for all to believe, for none to perish. It's called the greater glory. Do you believe?*

*It's Supernatural!*

**Sid Roth:** Welcome, Holy Spirit. Go and flow. My guest, Rabbi Jonathan Cahn, introduces his brand-new book, *The Dragon's Prophecy: Israel, the Dark Resurrection, and the End of Days*, which unveils a dangerous force from ancient times that is currently shaping our world events. I want to know the supernatural mystery behind what's happening in our world right now. Clue, it has to do with a dragon. Explain.

**Jonathan Cahn:** This is the secret of the end times, and what we have been witnessing, that there are ancient mysteries behind it. And also it's not only we'll say to the dragon, the Bible speaks about a dragon. And it's something very real and that is the enemy. And the enemy is against whatever is of God. And it's not only in the world, it's not only in Israel, it's not only with the church, but each of our lives. There is actually a war against each of us. And once we know it, one of the things this opens up, are the strategies. And once you know it, you can overcome. And is there a strategy to overcome and prevail because that's God's will for us for such a time as this.

**Sid Roth:** Well, you also found this mystery had to do with the October 7th attack.

**Jonathan Cahn:** Yeah, this mystery actually ordained it, or foretold it, down to the exact time it happened. I was speaking about this mystery the night before it happened. And the mystery ordained that there would be an attack on Israel. It would catch Israel by surprise. It would happen on a Hebrew Sabbath. It would take place on a Hebrew holy day. It would happen in 2023 in October on the first Saturday of October. So I'm sharing this mystery, the next morning it happens. And people who were there at Beth Israel where I'm sharing it, were saying, "You just spoke about this." This mystery may even tell us what is going to happen down to the exact days. That's how specific and precise this is. Then it goes back to, as we speak about why it's called the Dragon's Prophecy, and the Lord interrupted me to do this book. I was going to do another book, but He said this is the book, and that is

**Sid Roth:** The same thing happened to me, when I was doing my book, but go ahead.

**Jonathan Cahn:** Well, we had to be open to the supernatural, Sid. No, I'm kidding. So the Bible speaks about there was an angelic being that turned against God. And in Hebrew it's called Satan [sah-tahn], that's where you get the word Satan from. It means the one who goes against all the purposes of God. So you have this being, this entity, which that is the full thing to stop the purpose of God. At the same time, God creates a people who are there to fulfill the purposes of God, and that is the Jewish people. And they exist for that reason. They exist to bear witness of God and fulfill His purpose, to bring God

into the world, to bring His word into the world, to bring Messiah into the world, and to bring the kingdom into the world that's yet to come.

So what happens when the two come together is you're going to have a war. And so if you want to understand what's happened with Jewish history, you want to understand what's happened in the last year? It is part of an ancient war. There is a real force. You cannot explain the war against the Jewish people and what we've just seen in the world by any natural means. This is supernatural. It goes back to an angelic being. And that's why it never ends because the enemy doesn't die. And it's no accident that the most opposed, hated, persecuted people in the world are the Jewish people. It has to be that way because there is something Satanic. And not only do the Jewish people there's a history, bear witness of God, it bears witness of the enemy because of what we have been through. So there's a big war going on. It's been going on for 4,000 years. We have just in this last year seen the eruption of it. But this is part of an ancient mystery that we've all been in.

**Sid Roth:** Okay, you talk about in the title of the book, the dark resurrection and who are the sea peoples?

**Jonathan Cahn:** Yeah. This is going to open up a whole thing here, Sid, that people will never hear on CNN, they'll never hear on the news. And that is there's a mystery we've been witnessing, and that is that the enemy is a mimic. He imitates God. He is the imitator. So he's always going to do that. God resurrects the nation of Israel, the ancient nation says, "I'm going to raise the dry bones." It's going to become a nation. So we've watched prophecy fulfilled. God has resurrected the nation of Israel. But the enemy is going to mimic that.

And so he's going to have his own resurrection. It's going to be a resurrection of an ancient enemy. What were the ancient enemies of Israel? The arch enemies? They were the Philistines. They were called the sea peoples. They swept over the ancient world and they invaded. And the amazing thing, Sid, is when the very moment that the word Israel is first recorded, it's in Egyptian Pharaoh's inscriptions, about 1300 BC. Right after that comes the first inscription of the Philistines. So you have one, then you have the other. So they're a continual war, continual thorn.

Well, so when Israel comes back, the enemy is going to resurrect another people. Now here's the thing. As soon as Israel starts coming back into the world, the other people start resurrecting, and I'm going to say what this is. And the word that they are called today, and it's not about them because we've got to pray for all people. They're called the Palestinians. Palestinian means the Philistines.

**Sid Roth:** The ancient enemy.

**Jonathan Cahn:** An ancient enemy. It means it. Not that they know it. No, means it. In fact, you know what the word is in Arabic for what they call themselves Palestinian, the word is Philistine. That's how you say Palestine. Philistine. So at the very moment that Israel starts coming back in the world, the name Philistine starts coming back in Arabic. And then the moment that Israel is resurrected in 1948, the same thing happens there to these other people. Where were the ancient Philistines? They were in a place called Philistia and it's also called Plistim. Today, you know what that place is called? The Gaza Strip.

And so the thing is, and the moment, people don't realize, the moment Israel comes back in 1948, the Gaza Strip emerges in 1948 the same time. So as the Jew becomes the Israeli, it goes back in 1948, these Arab peoples become the ancient Philistines. That's their name. They're called the Philistines. And they

don't realize it but there's an ancient mystery that is transforming them and using them to oppose the nation of Israel. And once you see these things, Sid, you can't unsee it. Because what's behind the real world and the current events of our world is actually spiritual and is actually a mystery.

**Sid Roth:** Is there a secret in the Book of Revelation that reveals what is taking place right now and the mysteries behind the end of the age? It's unfolding before our very eyes. Be right back.

**Jonathan Cahn:** *Whether you know it or not, you are part of an ancient mystery and an ancient war. It's affecting your life, it's affecting the world, it's affecting Israel. Everything we've witnessed, from what happened in October 7th to what's happening in campuses across America, it's part of the Book of Revelation. I've never made a resource like the Dragon's Prophecy Uncensored, eight one-hour DVDs that so opens up the mysteries of end-time prophecy. What we have witnessed in the world, they'll never tell you in the media, is actually part of this ancient war that begins in the Bible. I have never had so much warfare, ever. I have no doubt the enemy, all the forces of hell, does not want this out and does not want God's people to see it to overcome in the days ahead. God's people need to know all the keys and secrets and revelations of the last days, the spiritual mysteries, and entities behind it.*

*And one of them is called the mystery of the secret Israelis. There is a connection and a revelation between what's happening in Israel and what's happening to God's people. In the last days, God's people, Israel and God's people, the followers of Messiah, have to come together in power. You see, the world is going to be against both. And the dragon, the enemy, is going to war against both, as it says in Revelation. So we need to become strong. One of the secrets is you are a spiritual Israeli, and as the Israelis miraculously became among the greatest fighters in the world, you are called to become the greatest fighter, in the Spirit, on Earth. We're going to need to fight because the days ahead are going to be challenging. But this is our hour and we have the power.*

**Sid Roth:** What happened on October 7th shocked the world. But Rabbi Jonathan Cahn says that it was all part of an ancient biblical supernatural mystery.

**Jonathan Cahn:** Yeah, well, taking this forward. Now if you have a people who are actually called, and the world doesn't realize it, actually Philistine, they're going to be used to fight Israel. And what did the ancient Philistines do? They actually raided Israel. They launched raids on the villages of Israel and they launched it from what is now the Gaza Strip and again and again. And when they did it, actually they took captives when they did that. The Bible says it. And the Bible actually, one of the prophets in the Bible, condemns one particular city for taking the captives of Israel, villages from Israel captive. And you know what the city is? Gaza. The same. It's a replaying. And actually this mystery even ordained exactly where it would take place because the Bible actually gives a place, it's where the Negev and a place called the Shephelah converge. And when you draw that on a map, it's the exact place of October 7th, exact. The villages, the festival, exactly.

And there's so many mysteries, but I'm just going to do one. We all grew up being told the story of Samson and the whole thing. Well, think about the story of Samson. There's a replay here. Samson is an Israeli taken captive to Gaza. And what happens at the end of that? At the end of that, he pulls down the

temple of Dagon and the Bible says about 3000 Gazans were struck down on that day. Okay, now think back about the dragon and how we use it. And that is what if there was a revenge for that? They don't know about it, but the dragon does. The enemy does. Well, what happened on October 7th? Were the Gazans coming back to Israel? How many? The IDF said about 3000. The return of the 3000. There are so many mysteries here, Sid. What we were watching was an ancient mystery from the Bible. It's amazing.

**Sid Roth:** This is so, I mean everything in your books and your tapes show revelation that maybe it was just waiting for such a time as this.

**Jonathan Cahn:** It's the only book I've ever written where as I'm writing the book, things are coming true in the world and I have to keep on rewriting it because it's happening.

**Sid Roth:** Okay.

**Jonathan Cahn:** Yeah.

**Sid Roth:** Does Hamas appear in the Bible?

**Jonathan Cahn:** Yes. Amazingly, yes. Hamas is an acronym of meaning the Islamic resistance movement. But it's actually an Arabic word that means like zeal and fervor. But it's actually a strange word because it's not just Arabic, it's actually Hebrew, and it's actually Hebrew in the Bible. So to them it means zeal. But in the Bible it means evil, violence, and destruction. And the thing is, so when the Bible, I just give you a taste.

**Sid Roth:** The world would say coincidence, but he can do this all day and all night and never stop. The Bible is so filled with proof. There is a living God. Go ahead.

**Jonathan Cahn:** It's amazing. And the thing is that, and I could just give a little taste. This is what the book opens up. But for instance, in the Bible it says that, listen, this is a quote, "Hamas has risen up," in the Hebrew, "Hamas has risen up as a rod of violence." It says, "Bloodshed covered the land and Hamas fills the city." Hamas would always hide in the tunnels and they do everything in darkness. It says Hamas dwells in the dark places of the Earth. In one place it says to Israel, "Rid Hamas from the land." And at another place it says, when the Messiah comes in the Kingdom, it says, "And Hamas shall no longer be heard in your land."

**Sid Roth:** I want to know how the mystery of Jubilee is manifesting in our day and how it tells us exactly what is in the near future.

**Jonathan Cahn:** Yeah. One of the things about the dragon, the enemy, is that he's a desecrator. He desecrates holy things of God. And it's no accident that what happened in the world on October 7th it was a holy day of Israel. It was the Sabbath. And actually there's a chapter we can't go into it called the Black Sabbath, but also it was a holy day of Israel. But on top of it, it's actually more than one holy day. There's the mystery of the Jubilee. Jubilee is every 50th year, whatever you lost, you get it back. And the amazing thing is God has restored Israel. You know in the Jubilee, if you lost your land, you come back to your land. No people have lost their land like the Jewish people. So when they came back, God actually did it according to the mystery of the Jubilee. Every 50th year, something prophetic happens on the 50th year.

Example, we can't go into detail, but in 1867, it's actually a Jubilee year. It actually begins the release of the land which goes to the Jewish people. It starts in that year. Now if you go 50 years later, what's the 50th year? 1917. Anything happen? 1917, the Turks, the occupier, and the Jubilee has to leave, the Turks leave the land, and the Balfour Declaration, the land is given to the Jewish people. But they never got Jerusalem. But God says they have to have Jerusalem. He's not coming back until they do. What's the next Jubilee? 1917. 1967. Anything happen? Well, in 1967, 6 day war, the Jewish people first time enter the gates of Jerusalem, Jubilee. Now, the one thing they never got is they never got, in Jubilee, you get the legal right, the recognition. The nations of the world refused to give Israel the recognition of Jerusalem. But what's the next one? 2017, anything happen? 2017 comes the Jerusalem Declaration from Trump, from President, President of America.

First time since ancient times that actually recognizes Jerusalem. Everything happens that way. Now there's another part. There's more to it, Sid. We can't go into it. But actually the mystery of the Jubilee actually determined the exact day also on the other side when COVID came. And there's much more to that. But let me now take it to where we are. And that is the Jubilee goes from, there's blessing and blessing, but the enemy makes his own Jubilee because he copies God, but he takes it from calamity. We had the Six Day War, but then came the calamity. It was called the Yom Kippur War. And that was a calamity. It took Israel by surprise. It was an invasion. And it still rattled Israel to this day. What happens if you take the Yom Kippur War? When was it? 1973. Go 50 years. Where does it take you to? 2023. It takes you to October. It takes you to the first Saturday in October, to the exact day. So this was the enemy's, the Dragon's, Jubilee.

**Sid Roth:** Were recent events that unfolded in Israel supernaturally part of the end of days and the Book of Revelation?

**Jonathan Cahn:** It's amazing, Sid, because actually we know these things are coming, but actually these things that happened were prophetic foreshadows and prophetic links and connections to the day, to what the Bible speaks about, even in Revelation. But there's so much, I'll just give you little things on it. One, the Palestinian flag is red, black, white, and green. Now, it's interesting because when you open up the Book of Revelation, you look and it talks about the four horsemen. What are they? Red, white, black, and green. Every flag that has red, white, black and green of the apocalypse is an enemy of Israel. Every one of them.

Now, let me say, so there's so much, so I'm just giving you a little taste. Another thing there is that in the Book of Revelation, you have this dragon. And the dragon is persecuting a woman. Who's the woman? Israel. Has the 12 stars. And how does he persecute her? Says he sends a flood to try to flood her away. From his mouth, flood. So the flood is the key in this thing. He tries to overwhelm the Jewish people. Well, on October 7th, actually, it was named by the people who planned it. They gave it a code name. The code name in Arabic was Operation Tufan. You know what that means? It means Operation Tufan means the flood.

**Sid Roth:** It should after all these years being a believer, astound me. But I have to tell you, it astounds me the revelation that God has entrusted to this Rabbi. What is the Sar Paras?

**Jonathan Cahn:** Yeah, this is, and this mystery lies behind what happened on October, lies behind Hamas, Hezbollah. Even lies behind what is yet to come because there's a link, we'll get into it, I'm sure of, Ezekiel 38 and 39, which is yet to come. There is even things here. But the Sar Paras is an ancient entity. It's mentioned in the Book of Daniel. And it's an entity. It's not a good entity. It's an angelic, fallen

angelic entity, that is opposes Israel, wars against Israel specifically, and wars against the end time purposes of Israel.

So the interesting thing is when Israel is resurrected in the end times, it's like this entity gets activated in our world right now and is behind things that are happening. The Sar Paras: Sar means ruler or prince or ruler, Paras means Iran.

**Sid Roth:** Really?

**Jonathan Cahn:** Yes. Yes.

**Sid Roth:** The ruler of Iran.

**Jonathan Cahn:** Of Iran. And so it's no accident that Iran, Iran was originally not against Israel, but as the time goes on, it becomes the arch enemy of Israel. It's no accident because the Bible says in the heavenlies, there is a war against Israel from this entity Sar Paras. And the thing is, that's why the nations can never, they never can deal with Iran because they're not dealing with a nation. They're dealing with an entity. And that's why Iran is bent on the destruction of Israel. It's all in the Bible and it's all spiritual. It's in the spiritual realm. Explains everything.

**Sid Roth:** I want you to explain the dragon's other war and the mystery of the secret Israelis.

**Jonathan Cahn:** That even what happened in October actually went, there's a secret that all had to do with the Temple Mount, even the Antichrist and the beast, if you can believe it. It actually goes back to that.

**Sid Roth:** Do you believe that this is all connected with acceleration?

**Jonathan Cahn:** Yes.

**Sid Roth:** The soon return of Jesus?

**Jonathan Cahn:** Yes. Yes. What's the kind of ground zero prophecy? It's all that Temple Mount. That's where it's all going to happen. That's where the desecration, Antichrist. That's why the enemy keeps that. And if any Jewish person tries to go up there and pray-

**Sid Roth:** I've noticed.

**Jonathan Cahn:** Well, this is a secret, we won't go into now, but the fact is that it was that actually that caused October 7th. It all went to the Temple Mount. And even, let me say, it was even behind, it was even behind 9/11, the Temple Mount. We can't go into it now. So the dragon says that he also made war with the rest of her children. Israel's children, but they're not Israel. The believers are. It says those who follow the ways of Messiah. So the dragon is not just against Israel, he's against the people of God, the church.

**Sid Roth:** So the church and Israel are in the same boat.

**Jonathan Cahn:** They're in the exact same boat. And as time goes on, in the end times, they're going to get more in the same boat, because the world's going to turn more against each of them. And so the

thing is that, so we are in the same boat. So one of the things is that there's a link between us and Israel, between believers and Israel. And that is a believer might say, "Well, yeah, I know I'm a spiritual Israelite." You're not just a spiritual Israelite, you're a spiritual Israeli. Now think about it, and the Israelis, and we know this as Jewish people, Jewish people weren't known for fighting. But as soon as they went back in the land, they learned that if they didn't fight, they would be wiped out. So they had to become fighters and God anointed them to be fighters. They are fighters because of the dragon. That's why the Israeli is tough. Well, if they are fighters in the earthly realm, that means at the end times all believers have to become fighters, powerful fighters, in the spiritual realm. And there's going to be an anointing on that as we become spiritual Israelis.

**Sid Roth:** My goodness. It's all coming together.

**Jonathan Cahn:** Yes.

**Sid Roth:** But how about you? Do you really want God's mark on your life? Of course you do. Say this prayer with me and mean it to the best of your ability. Dear Jesus.

Dear Jesus.

**Sid Roth:** Forgive me for all of my sins.

Forgive for all of us and sins.

**Sid Roth:** Thank you for your blood.

**Jonathan Cahn:** Yeah.

Thank you for your blood.

**Sid Roth:** I'm washed clean.

I'm washed clean.

**Sid Roth:** And now that I'm clean.

And now that I'm clean.

**Sid Roth:** Jesus, come and live inside of me.

Jesus come and live inside of me.

**Sid Roth:** I make you my Savior and my Lord.

I make you my Savior and my Lord.

**Sid Roth:** Amen.

Amen.

**Sid Roth:** Jonathan, pray, please.

**Jonathan Cahn:** Okay. Lord, we ask Your blessing, I ask Your blessing, on everyone watching right now. Father, I ask You turn the page from any defeat, Lord the embattlement, you know this, Lord, into victory. Father, I ask Your hand upon each one and all of us that we would rise up and become the people You've called us to be for such a time as this. We thank You so much that You called us for this hour, Lord, which is the call for those who will become great in God. May it be all of us, Lord. Your power, Your Spirit be upon us. In Yeshua, Messiah, Jesus' mighty name. Amen.

**Sid Roth:** Now we are adding a special extended segment. Go to [SidRoth.org/con](http://SidRoth.org/con) once this show ends. Could the events of October 7th be connected to one of the most controversial end time biblical prophecies? Jonathan says yes. And it foretells the next prophetic event. And this also includes greater miracles than even found in the Book of Acts.

*Jonathan Cahn says his new Dragon's Prophecy book is different from all his previous eight New York Times bestsellers. Keep watching and see how you can also get Jonathan's eight-part DVD album filled with Revelation so fresh it's not even in the book, only for Sid Roth viewers.*

**Sid Roth:** *You said this is the first time ever that you're opening up end time prophecy to reveal the mysteries behind the end of the age.*

**Jonathan Cahn:** *The Dragon's Prophecy is unlike any book I've done before. The past books are prophetic, but I have never written a book specifically opening up end time prophecy. When I was writing the book, events were happening in the world that I had to rewrite, had to keep coming back to it. Never happened before.*

**Sid Roth:** *When they read the full book, listen to the full, full revelation. What difference is it going to make in their life?*

**Jonathan Cahn:** *You're going to see God behind it. You're going to see mysteries that are so specific they foretell specific events down to the days.*

**Sid Roth:** *I believe that by the time they finish the book and listen to the brand new and exclusive eight-part DVD series, The Dragon's Prophecy Uncensored, the events that you're talking about will happen before their very eyes.*

**Jonathan Cahn:** *We are part of a war that is ancient, that is happening now. We're not on Earth just to watch what's happening. We're on Earth to be part of God's purposes and to overcome and have victory.*

**Sid Roth:** *I believe that you will be the head and not the tail if you know what's going to happen, what's going on in the world. Everything that can shake is going to be shaken right now except you, because of your understanding of the dragon's prophecy.*
